## **PART 1 - GENERAL INFORMATION**

### **1. Security Requirement**

There is no security requirement associated with this bid solicitation.

### **2. Requirement**

The requirement is detailed under Article 2 of the resulting contract clauses.

### **3. Debriefings**

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days of receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

---

## PART 2 - BIDDER INSTRUCTIONS

### 1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2013-06-01) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

### 2. Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

### 3. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than ten (10) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

### 4. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Alberta.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

---

## PART 3 - BID PREPARATION INSTRUCTIONS

### 1. Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (1 hard copy)  
Section II: Financial Bid (1 hard copy)  
Section III: Certifications (1 hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement

(<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

#### Section I: Technical Bid

In their technical bid, bidders should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

#### Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Basis of Payment. The total amount of Applicable Taxes must be shown separately.

##### 1.1 Exchange Rate Fluctuation

C3011T (2010-01-11), Exchange Rate Fluctuation

#### Section III: Certifications

Bidders must submit the certifications required under Part 5.

## PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

### 1. Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

#### 1.1 Technical Evaluation

##### 1.1.1 Mandatory Technical Criteria

Failure to meet any of the following mandatory criteria at solicitation closing will render your submission non-compliant and given no further consideration.

- a) Ability to meet the Requirement and the Minimum Specifications as described in Annex A.

##### 1.1.2 Point Rated Technical Criteria

Only bids that meet the mandatory criteria will be subject to point rating. Rated criteria are used to assess various elements of the technical bid so that the relative merits of each bid can be determined. The maximum points that can be achieved for each rated criterion are specified in Annex A - Requirement .

The table below illustrates an example where all three bids are responsive and the selection of the contractor is determined by lowest cost per point criteria.

	<b>Bidder 1</b>	<b>Bidder 2</b>	<b>Bidder 3</b>
Rated Criteria Score	300/320	240/320	200/320
Bid Evaluated Price	\$45,000	\$55,000	\$40,000
Calculation	\$45,000/300	\$55,000/240	\$40,000/200
Cost per Point	\$150/point	\$229.17/point	\$200.00/point
Ranking/Rating	<b>1st</b>	<b>3rd</b>	<b>2nd</b>

#### 1.2 Financial Evaluation

- 1.2.1 The line item will be used to determine the overall bid price.

*SACC Manual* Clause A0220T (2013-04-25), Evaluation of Price

### 2. Basis of Selection

- 2.1 To be declared responsive, a bid must:
- comply with all the requirements of the bid solicitation; and
  - meet all mandatory technical evaluation criteria; and
  - obtain the required minimum of 200 points overall for the technical evaluation criteria which are subject to point rating. The rating is performed on a scale of 320 points.
- 2.2 Bids not meeting (a) or (b) or (c) will be declared non-responsive. Neither the responsive bid that receives the highest number of points nor the one that proposed the lowest price will necessarily be accepted. The responsive bid with the lowest evaluated price per point will be recommended for award of a contract.

---

## PART 5 - CERTIFICATIONS

Bidders must provide the required certifications and documentation to be awarded a contract.

The certifications provided by bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default, if any certification made by the Bidder is found to be untrue whether during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply with this request will also render the bid non-responsive or will constitute a default under the Contract.

### 1. Mandatory Certifications Required Precedent to Contract Award

#### 1.1 Code of Conduct and Certifications - Related documentation

By submitting a bid, the Bidder certifies that the Bidder and its affiliates are in compliance with the provisions as stated in Section 01 Code of Conduct and Certifications - Bid of Standard Instructions 2003. The related documentation therein required will assist Canada in confirming that the certifications are true.

#### 1.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)" list ([http://www.labour.gc.ca/eng/standards\\_equity/eq/emp/fcp/list/inelig.shtml](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)) available from [Human Resources and Skills Development Canada \(HRSDC\)](#) - Labour's website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](#)" list at the time of contract award.

---

## PART 6 - RESULTING CONTRACT CLAUSES

### 1. Security Requirement

There is no security requirement applicable to this Contract.

### 2. Requirement

The Contractor must provide the items detailed under the "Requirement" at Annex A.

### 3. Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

#### 3.1 General Conditions

2010A (2013-04-25), General Conditions - Goods (Medium Complexity), apply to and form part of the Contract.

### 4. Term of Contract

#### 4.1 Delivery Date

All the deliverables must be received on or before March 31, 2014.

### 5. Authorities

#### 5.1 Contracting Authority

The Contracting Authority for the Contract is:

Name: Ian Taylor  
Title: Supply Specialist  
Public Works and Government Services Canada  
Acquisitions Branch  
Directorate: Western Region  
Address: 5th Floor, Telus Plaza North, 10025 Jasper Avenue, Edmonton, AB T5J 1S6  
Telephone: 780-497-3621  
Facsimile: 780-497-3510  
E-mail address: Ian.Taylor@pwgsc-tpsgc.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

Solicitation No. - N° de l'invitation

01R11-140191/B

Amd. No. - N° de la modif.

Buyer ID - Id de l'acheteur

EDM-3-36187

CCC No./N° CCC - FMS No/ N° VME

**5.2 Project Authority**

The Project Authority for the Contract is:

(will be released at contract award)

Name: \_\_\_\_\_

Title: \_\_\_\_\_

Organization: \_\_\_\_\_

Address: \_\_\_\_\_

Telephone : \_\_\_\_\_

Facsimile: \_\_\_\_\_

E-mail address: \_\_\_\_\_

The Project Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority, however the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

**5.3 Contractor's Representative** (To be completed by the contractor and submitted at time of bid.)

Name: \_\_\_\_\_

Organization: \_\_\_\_\_

Address: \_\_\_\_\_

Telephone : \_\_\_\_\_

Facsimile: \_\_\_\_\_

E-mail address: \_\_\_\_\_

**6. Payment**

**6.1 Basis of Payment**

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm unit price, as specified in Annex B for a cost of \$ \_\_\_\_\_ insert the amount at contract award). Customs duties are excluded and Applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

**6.2 Limitation of Price**

*SACC Manual* clause C6000C (2011-05-16) Limitation of Price

**6.3 Single Payment**

*SACC Manual* clause H1000C (2008-05-12) Single Payment

## 6.4 SACC Manual Clauses

C2000C (2007-11-30), Taxes - Foreign-based Contractor  
 C2002C (2010-01-11), Duties and Taxes - Foreign-based Contractor - State of California  
 C2605C (2008-05-12), Canadian Customs Duties and Sales Tax - Foreign-based Contractor  
 C2608C (2010-08-16), Canadian Customs Documentation  
 H5201C (2008-05-12), Prepaid Transportation Costs

## 7. Invoicing Instructions

7.1 The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed.

7.2 Invoices must be distributed as follows:

- a. The original and two (2) copies must be forwarded to the following address for certification and payment.

Agriculture & Agri-Food Canada  
 Attention: Michelle Bruce  
 300 - 2010 12th Ave  
 Regina, SK S4P 0M3

## 8. Certifications

### 8.1 Compliance

Compliance with the certifications and related documentation provided by the Contractor in its bid is a condition of the Contract and subject to verification by Canada during the term of the Contract. If the Contractor does not comply with any certification, provide the related documentation or if it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for default.

## 9. Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Alberta

## 10. Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- (a) the Articles of Agreement;
- (b) the general conditions 2010A (2013-04-25), General Conditions - Goods (Medium Complexity);
- (c) Annex A, Requirement;
- (d) Annex B, Basis of Payment;

## **ANNEX B**

### **BASIS OF PAYMENT**

**- Please see attached document -**

## **ANNEX A - REQUIREMENT**

Agriculture & Agri-Food Canada has a requirement for the supply of a Used 6x4, Heavy Diesel Truck to be delivered to their location at Swift Current, Saskatchewan.

### PART 1 - GENERAL

#### 1.1 Description of System

- a) A 6x4, Used, Heavy Diesel Truck, 26,950 kg (59,300 lbs) minimum is required. Unit to be delivered ready for immediate use, with all specified equipment installed.
- b) Unit must have no more than 450,000 km on it.
- c) Truck must be a 2005 model or newer

#### 1.2 Operating Conditions

- a) Vehicle to be capable of satisfactory operating in ambient temperatures ranging from 45 degrees C. down to minus 40 degrees C.

#### 1.3 Requirements of Regulatory Agencies

- a) Vehicle must comply in all respects with the Highway Act regulations of the Provinces of Sask.
- b) Vehicle must comply with all applicable Canadian Motor Vehicle Safety Standards.

#### 1.4 Maintenance and Warranty

- a) Provide a shop service manual and service parts manual accurately identifying all components of the equipment.
- b) Provide an operators manual for the truck and all applicable attachments.
- c) Manufacturer must have a dealership located within 300 km of the delivery location for any maintenance and repairs. Manufacturer should indicate the name of their dealership location in their bid document.
- d) Warranty, minimum of 30 days on the drive train.

#### 1.5 Delivery

- a) Lubricate and service unit prior to delivery with all lubricants and associated products suitable for the climatic conditions in which the vehicle will operate.
- b) Provide a minimum of 45 litres of fuel.

#### **1.6 Certification**

Bid documents must include proof that the Heavy Truck offered has passed a Provincial Safety Inspection by a provincially accredited mechanic/garage and the certificate must be dated within a forty (40) day period of the Solicitation Closing Date.

The bidder hereby certifies that the product being offered will meet the requirements identified above in Part 1 – General.

PART 2 - MINIMUM PERFORMANCE SPECIFICATIONS

**Instructions to bidders:**

- Bidders must address any concerns with the Minimum Performance Specifications in written detail to the Contracting Authority before bid closing as outlined in the Request for Proposal.
- Indicate where in your proposal that the product offered addresses each item in the Reference column.
- The bidder is requested to provide documentation such as a brochure or specification sheet to support their claim.
- In the case where no documentation is available, the bidder is requested to mark "Not Available".
- Where no such information is available, the bidder may describe how that specification is met.
- All Line Items are mandatory with the exception of items that are identified by *(Rated Criteria)*

Item	Description	Meets	Does Not Meet	Reference
2.1	<u>Chassis</u>			
1	The gross vehicle weight rating (GVWR) is to be a minimum of 26,950 kg (59,300 lbs)			
2	Wheelbase of minimum 190 in.			
3	Minimum 13,300 lbs. front axle with matching steel leaf suspension.			
4	Matching front shock absorbers.			
5	Minimum 46,000 lbs. tandem rear axle with a driver controlled four way lockers differential.			
6	Rear suspension rated at a minimum 20,866 kg. (46,000 lbs).			
7	Power assisted steering capable of manual steering in the event of a power failure.			
8	Tilt fibreglass hood and fenders with fixed position grill.			
9	Spray suppressant mud flaps, mounted in front and behind rear wheels.			
10	Fifth wheel hitch with air slide 24 inches. Air supply trailer brakes and 7 pin electrical connections			
11	Wet kit / PTO to operate hydraulic rams on trailer.			
12	Minimum 40 qt. oil capacity.			
13	<i>Should have Front axle equipped with visible cap oil. (Rated Criteria)</i>			
14	<i>Should have Heavy Duty front mounted tow points (Rated Criteria)</i>			
2.2	<u>Rustproofing</u>			
1	Sheet metal areas of cab, firewall, doors (inside and out) and undercarriage are to be treated with a rust preventative coating.			
2.3	<u>Painting</u>			
1	Must have manufactures paint			
2	Frame rails painted to manufactures spec.			

2.4	<u>Engine</u>			
1	Liquid cooled, turbocharged diesel engine			
2	Minimum horsepower (400 HP)			
3	Oil filter, full flow type with replaceable element.			
4	1500 watt block heater			
5	Primary and secondary replacement element type fuel filters.			
6	Spin On fuel/water separator.			
7	Anti-freeze for minus 40 degrees C.			
8	Vertical exhaust with curved spout and metal perforated heat shield.			
9	Viscous, maintenance free, temperature controlled cooling fan.			
10	Engine compression brake, 3 position switch.			
11	<i>Should have 75 watt oil pan heater on a common receptacle (Rated Criteria)</i>			
2.5	<u>Transmission and Final Drive</u>			
1	Manual shift with a minimum 13 speed transmission.			
2	Transmission Oil Cooler.			
3	Rear axle ratio 3.70 to 3.90.			
2.6	<u>Brakes</u>			
1	Full air system.			
2	Positive, automatic moisture removing device			
3	An auxiliary air tank to release spring activated safety brakes.			
4	Air dryer frame mounted.			
5	Automatic front axle limiting valve.			
6	All lines, components and fittings to meet SAE Standards.			
7	Minimum 15 CFM Compressor.			
8	4-Channel ABS/Traction Control.			
2.7	<u>Wheels and Tires</u>			
1	Steel belted, steel cord, radial tires.			
2	Front tires – 12R x 22.5 or 24.5 – highway tread on steering.			
3	Rear tires – 12R x 22.5 or 24.5 – mud and snow.			
2.8	<u>Fuel</u>			
1	Fuel tank or tanks with a total minimum capacity of 450 L.			
2.9	<u>Instruments and Controls</u>			
1	Low oil pressure/high coolant temperature with audible warning device.			
2	Fuel level gauge.			
3	Tachometer.			
4	Speedometer/odometer in kilometers.			
5	Low air pressure warning device.			
6	Must come with Clearance Lights.			
7	<i>Electric engine hour meter. (Rated Criteria)</i>			

8	<i>Coolant temperature gauge. (Rated Criteria)</i>			
9	<i>Engine oil pressure gauge. (Rated Criteria)</i>			
10	<i>Exhaust manifold pyrometer. (Rated Criteria)</i>			
11	<i>Rear axle oil temperature gauge. (Rated Criteria)</i>			
12	<i>Transmission oil temperature gauge. (Rated Criteria)</i>			
2.10	<b>Electrical System</b>			
1	Must have Switch, indicator and wiring for beacon light.			
2	Turn signals with steering mounted control switch.			
3	Stop/turntail lights with separate back up lights.			
4	Heavy duty battery/batteries, minimum of 2500 CCA (cold cranking amps)			
2.11	<b>Cab and Accessories</b>			
1	Day cab			
2	Cab air conditioning and defroster.			
3	Windshield wipers, variable, constant speed.			
4	Retractable, three point seat belts.			
5	Drivers seat to be a three way adjustable, high back.			
6	Standard Passenger Seat.			
7	Interior must be free from defects having no rips, tears and cigarette burns.			
8	Two exterior type extendible, anti-glare rear view mirrors, left and right side mounted. Heated with clearance lights.			
9	Cab entry/egress handles, left and right sides.			
10	Must have air operated horn.			
11	Headache rack for chains and boomers.			
12	Rotating dual beacons.			
13	<i>Adjustable tilt steering column. (Rated Criteria)</i>
