## AMENDMENT 008

# REQUEST FOR PROPOSAL FOR REAL PROPERTY - 1 PROPERTY MANAGEMENT AND PROJECT DELIVERY SERVICES (RP-1) FOR PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

**THIS AMENDMENT HAS BEEN RAISED TO EFFECT THE FOLLOWING CHANGE:**

### **SECTION A: QUESTIONS AND ANSWERS**

**Q35:**

Will PWGSC please provide all National Call Centre Service Reports in MS Excel format? Can PWGSC append these MS Excel reports to provide Preventative Maintenance work order counts by location and asset? Please confirm, "Alternative Form of Delivery," service calls are those performed by the incumbent Service Provider(s) or their subcontractors and "Leased Service Delivery," service requests were performed by Landlord employees or Landlord Subcontractors at leased locations

**A35:**

As indicated in 16. under Section B of this amendment 008, the technical information referred to at SI10 Real Property 1 - Technical Information is now available for download in ZIP file format under the attachment section of the EP008-112560/D tender notice on [buyandsell.gc.ca/procurement-data/tenders](http://buyandsell.gc.ca/procurement-data/tenders).

The National Service Call Centre Reports will be provided in MS Excel Format in the zip files available in the attachment section of the EP008-112560/D tender notice on [buyandsell.gc.ca/procurement-data/tenders](http://buyandsell.gc.ca/procurement-data/tenders). It should be noted that the numbers in these new reports supersede and replace those initially issued as part of the Technical information (SI10) 15E & 15F due to different production dates. PWGSC confirms that "Alternative Form of Delivery" service calls are performed by the incumbent Service Provider and or their sub-contractors, and "Leased Service Delivery" service requests were performed by Landlord employees or their subcontractors at Leased locations.

PWGSC cannot append Preventative Maintenance Work Order counts to the National Service Call Centre Report. Attached to this amendment is a report for fiscal year 2012/13 which identifies available supplementary information on the total number of maintenance activities carried out
