Please see attached.**

## AMENDMENT 009

# REQUEST FOR PROPOSAL FOR REAL PROPERTY - 1 PROPERTY MANAGEMENT AND PROJECT DELIVERY SERVICES (RP-1) FOR PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

**THIS AMENDMENT HAS BEEN RAISED TO EFFECT THE FOLLOWING CHANGE:**

### **SECTION A: QUESTIONS AND ANSWERS**

#### Bidders' Conference Summary Report at Annex B, Question 1:

Subsequent to Canada's response to Question 1, posed during the Bidders' Conference (refer to Bidders' Conference Summary Report at Annex B), and Amendment 007 to the RP-1 RFP, the Ontario Contract Inventory has been amended to include all assets at the Pickering Land Site (PLS). To support this amendment, the attached reports entitled "Pickering Asset List" and "Pickering Leases" provide supplementary information on individual PLS assets and m<sup>2</sup> for which leases are in place.

The PLS is a Multi-building Site, for which Transport Canada is the custodian. Based on historical precedent, a single Building Management Plan (BMP) is prepared covering all the buildings and other assets located at the PLS. Many of the individual assets and land, as described in the PLS Spreadsheet, involve the administration and establishment of third-party leases for:

- a) housing,
- b) managed land, including farm and agricultural land, and
- c) buildings and infrastructure that supports various commercial tenants.

#### **Q36:**

Given the answer provided in response to question 33, could you confirm that the answer provided to question 4 is still accurate?

#### **A36:**

- 1) Question 4 is republished here:

Please confirm that the lease square metreage identified for each Resulting contract at BSF8, 2. Lease Administration and Third Party Leases is incremental to the square metreage identified at BSF8, 1. Management Services (also identified under BSF1 thru BSF6 as crown-owned inventory).

- 2) Canada is updating its response to question 4 as follows:

Canada confirms that the lease square metreage identified for each Resulting Contract at BSF8, 2. Lease Administration is incremental to the square metreage identified at BSF8, 1. Management Services but that the Third Party Leases for each Resulting Contract are not incremental to the square metreage identified at BSF8, 1. Management Services.

#### **Q37:**

In the bidders meeting we understood from PWGSC that you are firm on the bid page count restrictions. We recognize that the rationale for the limited page count is to avoid unnecessary marketing content. We recommend that you include this stipulation as part of the Bid Preparation Requirements to help manage this.

To ensure that all bidders have the opportunity to prepare a thorough response that meets all Technical Submission requirements, Evaluation Criteria, and solicitation requirements, we are requesting that you reconsider and extend the page restriction by 200 pages.

If we compare RP-2 and RP-1, the increase in the page limitation from RP-2 to RP-1 is not commensurate with the increase in the solicitation requirements of RP-1.

**A37:**

During the Request For Information (RFI), the subject of page count was discussed and the majority of firms had indicated that a page limitation of 475 pages would be sufficient for a quality response. PWGSC considered the bid proposals received in response to RP-2 (370 pages) as well as the solicitation requirements of RP-1 (475 pages) in determining the RP-1 page count. Both RP-1 and RP-2 are similar in terms of evaluation criteria. For RP2 there were a total of 23 measurable criteria. For RP1 there are a total of 22 measurable criteria.

While the scale of the RP-1 requirement as a whole relative to RP-2 is greater, the scope of the services is similar; thus, the size of the responses necessary to articulate how one would deliver Property Management and Project Delivery Services to one or all six resulting contracts should be relatively the same. The page limitation for RP-1 is 105 pages, which is greater than RP-2, and the font size is smaller than RP-2, which allows for approximately 15% more words in the space provided. Finally, there are an additional 2 sheets of 11x17 per Financial Bid Form that are excluded from the page limitation.

PWGSC remains confident that the 475 page count will provide ample space for Bidders to articulate a quality response to all criteria. If a more specific justification for an increased page count is provided by one or more bidders, then Canada will take the requests under consideration.

**Q38:**

Regarding section GC25.4 is it PWGSC's intent to audit management and overhead fees as well as allowable costs?

**A38:**

PWGSC has the right to audit all payment made under the contract and will exercise its rights as it deems necessary to ensure adherence to the terms of the contract. Where the contract's payment terms include payment of costs incurred and paid by the Contractor, Canada will audit, as Canada deems necessary, to determine the actual costs paid by the Contractor. Where the contract's payment terms include payment of contracted fee amounts or fee rates, Canada will audit, as Canada deems necessary, to ensure Fees invoiced/paid are in accordance with the contract.

**Q39:**

Employee salaries are considered private and confidential information and cannot be publicized. Please clarify the intent of the labour rate required on the Work Authorization form and the Labour Resources Plan. Is this rate an average labour rate per position which is then reconciled to actual costs incurred?

**A39:**

PWGSC's obligation with respect to the safeguarding of private information is delineated in the Privacy Act, R.S.C 1985. c.P-21. The provision of the salaries paid by the Contractor to its employees is required under the audit terms of the contract in order to allow PWGSC to confirm the actual costs of the work performed by the Contractor.

**Q40:**

Regarding TP 2-2: To allow the bidder to accurately allocate resources for the work involved in meeting the reasonableness requirement, could Canada please provide the intent of the clause on reasonable

cost in TP2-2, for example, when and how often will the Contractor be required to demonstrate reasonable costs and what specific information will be required.

**A40:**

The Contractor must be prepared to demonstrate that costs are reasonable before a Work Authorization is issued. If supporting information is required, the Contractor will be advised before the Work Authorization is issued and the Contractor must provide estimates and supporting information related to any costs to be incurred in the performance of the Work.

Further, as stated in paragraph 3. of WA01, Work Authorizations:

“The Contractor will not commence work until an approved Work Authorization has been received from the Technical Authority. The Contractor acknowledges that any and all Work performed in the absence of the above approved Work Authorization will be done at the Contractor's own risk, and that Canada will not be liable for payment therefore, unless or until an approved Work Authorization is provided by the Technical Authority.”

**Q41:**

Regarding TP3 1.1.1.3: Please confirm that these exclude legal proceedings in the resolution of formal disputes between Canada and the Contractor (e.g. arbitration, legal proceedings,) where typically costs are allocated as between the parties and should be excluded from the Fees. For example, if a ruling states that Canada must pay Contractor's legal fees, these are not included as part of the fee and will be paid to the Contractor.

**A41:**

Any costs awarded pursuant to an arbitral or court proceeding would be excluded from the fee in TP3 1.1.1.3 and would be paid to the Contractor in accordance with the award.

**SECTION B: CHANGES TO THE REQUEST FOR PROPOSAL**

17. At BSF 8, Information Regarding Volume of Work for All Resulting Contracts

**Delete:**

**Resulting Contract for Quebec Region**

1. Management Services

| Baseline Management Services Amount | Approximate Annual Area in Square Metres | Approximate Annual Number of Assets |
|-------------------------------------|--|-------------------------------------|
| \$34,256,751                        | 318,034                                  | 161                                 |

2. Lease Administration and Third Party Leases
