This amendment 005 has been raised to amend and incorporate the following information into Solicitation No. 21120-143978/A:

QUESTIONS AND ANSWERS

Q1. Under section 9. (pg 23) of the RFP, it states that the device should “Be water resistant and comply with IP65 testing”, would CSC accept a device that is IP64 rated instead of IP65? as both ratings offer water resistance and would still afford CSC the best rugged scale.

A1. CSC accepts both IP64 and IP65 device for ruggedized handheld inventory scanner.

Q2. Under section 9. (pg 23) of the RFP per Amendment #1, it states that the device must “Scan barcodes from a distance of 2.5 inches to 10 feet”. Due to the construction of the long range requirements, would CSC accept the revision of read up to a minimum of 6.5 inches to 6 feet, or greater?

A2. CSC would like to change one of the mandatory criteria for ruggedized handheld inventory scanner to “Scan barcodes from a distance of six (6) inches to ten (10) feet.

In Annex “A” - Statement of Work, Section 9. Mandatory equipment specifications:

For Ruggedized Handheld Inventory Scanner

DELETE: Be water resistant and comply with IP65 testing.

REPLACE: Be water resistant and comply with IP64 or IP65 testing.

DELETE: Scan barcodes from a distance of 2.5 inches to 10 feet.

REPLACE: Scan barcodes from a distance of 6 inches to 10 feet.

All other terms and conditions remain the same.
