Annex B: Basis of Payment

Q3) It appears that Annex B is a duplication of the information requested in Section C Financial Evaluation. Please provide clarification on the information you are seeking in Annex B.

Bidders should complete both Annex B and the Financial Evaluation as instructed. Where the same information is being requested in both sections, Bidders are asked to ensure the information they provide is consistent. However, as stated on page 1 of Annex B, in the case of duplication pricing for certain items, the lowest price will apply.
