*As defined in the official websites of each geographical area, unless otherwise indicated.

Offerors must submit one offer for each work stream covering a standing offer.

2.2.2 Predefined Area – Work Streams on the Offeror's Premises

For training that will take place on the Offeror's premises, the Offeror's facilities must be located within a predefined area in accordance with clause 10 – Training Location of Students, Section I – Requirements of the Annex A1, A2 and A3 – Statement of Work. However, if, at no additional

cost to Canada in accordance with the Basis of Payment in Annex B, the Offeror is able to provide language training services outside the specified geographical areas specified while remaining in the province of Quebec, the Offeror must so indicate in its offer at Part 2 of Annex "C".

Facilities proposed by the Offeror that are located outside the predefined area will not be evaluated for the selection of the Offeror, in accordance with Parts 3 and 4 of the Request for Standing Offers (RFSO).

Canada reserves the right to issue call-ups to the Offeror for facilities located outside the specified geographical areas only if the Offeror was awarded a standing offer in one of the geographical areas specified in article 10.0 of Section 1 – Requirements of Annexes A1, A2 and A3.

2.2.3 Predefined Area – Work Streams at a Federal Institution

If, at no additional cost to Canada in accordance with the Basis of Payment in Annex B, the Offeror is able to provide language training services outside the specified geographical areas specified while remaining in the province of Quebec, the Offeror must so indicate in its offer at Part 2 of Annex "C".

Canada reserves the right to issue call-ups to the Offeror for the specified geographical areas only if the Offeror was awarded a standing offer in one of the geographical areas specified in article 10.0 of Section 1 – Requirements of Annexes A1, A2 and A3.

3. Security Requirement (applies only to training at a Federal Institution)

There is a security requirement associated with the requirement of the Standing Offer. For additional information, see Part 6 - Security, Financial and Insurance Requirements, and Part 7 - Standing Offer and Resulting Contract Clauses. *Offerors should consult the "[Security Requirements for PWGSC Bid Solicitations - Instructions for Bidders](http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html#a31)"*(<http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html#a31>) document on the [Departmental Standard Procurement Documents](#) Web site.

4. Debriefings

Offerors may request a debriefing on the results of the request for standing offers process. Offerors will have to make the request to the Standing Offer Authority within 15 working days of receipt of the results of the request for standing offers process. The debriefing may be in writing, by telephone or in person.

5. Code of Conduct

Offerors must submit a list of names, or other related information as needed, pursuant to section 01 of Standard instructions 2006.

6. Offerors in receipt of a pension

For services requirements, Offerors in receipt of a pension or a lump sum payment must provide the required information as detailed in article 3 of Part 2 of the Request for Standing Offers (RFSO).

PART 2 - OFFEROR INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the Request for Standing Offers (RFSO) by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Offerors who submit an offer agree to be bound by the instructions, clauses and conditions of the RFSO and accept the clauses and conditions of the Standing Offer and resulting contract(s).

The 2006 (2013-06-01) Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the RFSO.

Subsection 5.4 of 2006, Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days
Insert: one hundred eighty (180) business days

2. Submission of Offers

Offers must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the Request for Standing Offers.

Due to the nature of the Request for Standing Offers, transmission of offers by facsimile to PWGSC will not be accepted.

3. Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts with FPS, offerors must provide the information required below before the issuance of a standing offer.

Definitions

For the purposes of this clause,

"former public servant" is any former member of a department as defined in the [Financial Administration Act](#) R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;

- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the [Public Service Superannuation Act](#) (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the [Supplementary Retirement Benefits Act](#), R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the [Canadian Forces Superannuation Act](#), R.S., 1985, c. C-17, the [Defence Services Pension Continuation Act](#), 1970, c. D-3, the [Royal Canadian Mounted Police Pension Continuation Act](#), 1970, c. R-10, and the [Royal Canadian Mounted Police Superannuation Act](#), R.S., 1985, c. R-11, the [Members of Parliament Retiring Allowances Act](#), R.S. 1985, c. M-5, and that portion of pension payable to the [Canada Pension Plan Act](#), R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Offeror a FPS in receipt of a pension? **YES () NO ()**

If so, the Offeror must provide the following information, for all FPS in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Offerors agree that the successful Offeror's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with [Contracting Policy Notice: 2012-2](#) and the [Guidelines on the Proactive Disclosure of Contracts](#).

Work Force Adjustment Directive

Is the Offeror a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **YES () NO ()**

If so, the Offeror must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;

- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

4. Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than fifteen (15) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by Offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that Offerors do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all Offerors. Enquiries not submitted in a form that can be distributed to all Offerors may not be answered by Canada.

5. Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Quebec.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Offerors.

6. Offerors' Conference

An offerors' conference will be held at PWGSC, Place Bonaventure, 800 de la Gauchetière Street West, South-East portal, 7th floor, Montreal, Quebec, H5A 1L6, Friday December 20 2013. The conference will begin at 1:30 PM, in room Nunavut. The scope of the requirement outlined in the Request for Standing Offers (RFSO) will be reviewed during the conference and questions will be answered. It is recommended that offerors who intend to submit an offer attend or send a representative.

Offerors are requested to communicate with the Standing Offer Authority before the conference to confirm attendance. Offerors should provide, in writing, to the Standing Offer Authority, the name of the person(s) who will be attending and a list of issues they wish to table at least five (5) working days before the scheduled conference.

Any clarifications or changes to the RFSO resulting from the offerors' conference will be included as an amendment to the RFSO. Offerors who do not attend will not be precluded from submitting an offer.

PART 3 - OFFER PREPARATION INSTRUCTIONS

1. Offer Preparation Instructions

The Offeror must submit one offer for each work stream covering the standing offer. In addition, the Offeror may not submit one offer as an individual and another as a joint venture for the same standing offer. If more than one offer is received from an Offeror (or, in the case of a joint venture, from the persons or entities), all such offers shall be rejected and no further consideration shall be given.

Offerors may propose rates for one, several or all the geographical areas identified in article 10.0 – Learner training location in Section I – Requirements of Annexes A1, A2 and A3 - Statement of Work.

Each offer must be considered to separate and will be evaluated individually, without regard to the other geographical areas for which an offer was submitted by the Offeror.

Canada requests that Offerors provide their offer in separately bound sections as follows:

Section I: Technical Offer (four (4) hard copies and one (1) electronic copy on CD)

Section II: Financial Offer (one (1) hard copy)

Section III: Certifications (one (1) hard copy)

If there is a discrepancy between the wording of the soft copy and the hard copy, the wording of the hard copy will have priority over the wording of the soft copy.

Fixed hourly rates must appear in the financial offer only. No prices must be indicated in any other section of the offer. The electronic file entitled "Financial evaluation for the Quebec region" attached to this request for standing offer should be used for the input of the all-inclusive fixed hourly rates per learner (see attachment 1 of part 3 – Pricing schedule for more details). The volumetric data included in the electronic file on the annual estimates of the number of learners are provided solely for evaluation purposes (to calculate the price of each offer). They are not to be considered a contract guarantee.

Canada requests that Offerors follow the format instructions described below in the preparation of their offer.

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to that of the Request for Standing Offers.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, Offerors should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Offer

It is recommended that the following statement be used and inserted in the first or second page of a technical offer responding to this RFSO.

THIS OFFER IS BEING SUBMITTED FOR GEOGRAPHICAL AREA(S) (Insert the name(s) of the geographical area(s) for which you are submitting an offer) ____ - _____ and please provide the information requested at Parts 1 and 2 of Annex "C" directly on the form.

In their technical bid, Offerors should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Offerors should demonstrate their capability in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria under the same headings. For each geographical area, please provide the information requested in the evaluation criteria using the Attachment 2 to Part 4. To avoid duplication, Offerors may refer to different sections of their offer by identifying the specific paragraph and page number where the subject topic has already been addressed.

This RFSO will issue Standing Offers based on an evaluation that will not evaluate the teaching staff in view of the high turnover of teaching resources in the private sector. However, it will assess the pedagogical advisers proposed by the Offeror. The résumés of the proposed individuals may be submitted with the offer, but the offer shall nevertheless present topics in the order of the evaluation criteria, as requested in the previous paragraph.

Part 4, Evaluation Procedures, contains other instructions that bidders should consider when they prepare their technical offer.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers, including the technical and financial evaluation criteria.
- b) An evaluation team composed of representatives of Canada will evaluate the offers.

1.1 Technical Evaluation

1.1.1 Mandatory Technical Criteria

See Attachment 1 to Part 4.

1.1.2 Point-rated Technical Criteria

See Attachment 1 to Part 4.

1.1.3 Predefined Area – Work Streams on the Offeror's Premises Only

If the Offeror indicates in its offer that it is able to provide language training services at its premises outside the predefined area at clause 10.0 – Training Location of Students, Section I – Requirements of the Annex A1, A2 and A3 – Statement of Work, under no circumstances is it to consider these classrooms or facilities to meet the mandatory and point-rated technical criteria, as they will not be taken into account in the technical evaluation of the offer by Canada.

1.2 Financial Evaluation

For offers deemed technically responsive, as defined in clause 2 of Part 4 Evaluation Procedures, financial offers submitted in response to this RFSO will be evaluated for each geographical area(s) for which the offers were submitted.

1.2.1 The estimates included in the pricing schedule(s) detailed in Attachment 1 to Part 3 Pricing Schedule on the annual estimate of the number of learners are provided for bid evaluation price determination purposes only. They are not to be considered a contract guarantee.

1.2.2 For offer evaluation and Offeror selection purposes, the calculated price of an offer will be determined in accordance with the detailed pricing schedule in Attachment 1 to Part 3.

1.2.3 Step-by-step Financial Evaluation

PWGSC will conduct a financial evaluation using the method described below based on the firm all-inclusive hourly rates proposed by the Offeror.

- (1) For offers deemed technically responsive, the financial offers submitted in response to this RFSO will be evaluated individually for each geographical area(s) for which an offer was submitted.

- (2) The following steps will be followed for each geographical area for which the offer has been submitted:

Step 1: The firm all-inclusive hourly rate per learner indicated for the initial period and for the two (2) extension periods of the Standing Offer must be indicated at column C of each table of the attachment 2 to Part 3 entitled "Financial evaluation for the Quebec region" for each geographical area in question. The calculation method indicated in the relevant table will be used.

Step 2: The total price of each offer will be calculated for each geographical area, in accordance with the table corresponding to the geographical area for which the offer has been submitted, as indicated in the pricing schedule in Attachment 1 to Part 3.

2. Basis of Selection

2.1 Basis of Selection – Lowest Evaluated Price per Point

2.1.1 To be declared responsive, a bid must:

- (a) comply with all the requirements of the Request for Standing Offers;
- (b) meet all mandatory evaluation criteria; and
- (c) for geographical area 2, obtain the required minimum number of points specified in Attachment 1 to Part 4 for the point-rated technical criteria.

2.1.2. Offers not meeting requirements (a) or (b) or (c) will be declared non-responsive. Neither the responsive offer that receives the highest number of points nor the one with the lowest evaluated price will necessarily be accepted.

2.1.3. The evaluated price per point of each responsive offer will be determined by dividing the responsive offer (for each geographical area(s) and for each work streams applicable to each geographical area(s)) evaluated price by the overall score obtained by the responsive offer for all the point-rated technical criteria in Attachment 1 to Part 4.

2.1.4. Responsive offers will be ranked in ascending order by evaluated price per point; the responsive offer with the lowest evaluated price per point being ranked first. The compliant offer or offers, as applicable, classified at the highest rank by ascending order of the price evaluated by point will be recommended for award of a standing offer. If two or more responsive offers have the same lowest evaluated price per point, they will be ranked in descending order on the basis of the overall score obtained for all the point-rated technical criteria, the responsive offer with the highest overall score being ranked the highest.

ATTACHMENT 1 TO PART 4

Evaluation Procedures

1. Mandatory Technical Criteria (MTC)

The offers must meet all the mandatory technical criteria listed below. The Offeror must provide the required documentation to demonstrate that it meets this requirement.

Offers that fail to meet the mandatory technical evaluation criteria will be declared non-responsive. In such a case, Canada will not evaluate the rated criteria, or the financial proposal of the Offeror.

Each mandatory technical criterion should be addressed separately.

- 1.1. Please provide the information requested in the evaluation criteria using Attachment 2 to Part 4.

MTC 1	Offeror's Capacity
To meet this criterion, the Offeror must at least provide the following information:	
<p>1. Offeror's volume capacity ((overall capacity of groups or learners (for individual training) which the Offeror intends to train concurrently during the Standing Offers period, including extension periods)). For its offer to be considered responsive, an Offeror must have a minimum capacity as follows:</p> <p>Montreal One group for full-time training, five groups for part-time training, five learners for part-time individual training and one learner for full-time individual training.</p> <p>Quebec One group for full-time training, three groups for part-time training, two learners for part-time individual training and one learner for full-time individual training.</p> <p>For all other geographical areas One group for full-time training, two groups for part-time training, two learners for part-time individual training and one learner for full-time individual training.</p> <p>Note: Not all work streams apply to all geographical areas. The Offeror should consult article 2.2.1 of Part 1 to determine which work streams are applicable for each geographical area. The Offeror's volume capacity must correspond to the requirements identified above for each work stream that is applicable to a geographical area.</p> <p>In addition to point 1 above, for training on the Offeror's Premises, the Offeror must provide in their offer the following information:</p> <p>2. Number of classrooms offered. The number of classrooms must correspond to the capacity (volume) stipulated by the Offeror to meet item 1 listed above and comply with the requirements described in clause 10.0, The Offeror's Facilities, in Section II, of Annexes A1, A2 and A3 – Statement of Work. For example, if the Offeror indicates that it has capacity for 2 full-time groups, there must also be 2 classrooms.</p> <p>3. Full civic address of classrooms and the number of classrooms for each address.</p> <p>The Offeror shall indicate in its offer its capacity for each of the work streams for the geographical area</p>	

(s) for which it is presenting an offer.

MTC 2	Offeror's Pedagogical Advisers
2.1	<p>Proposed Primary Pedagogical Adviser and Backup Pedagogical Adviser</p> <p>The Offeror must propose one (1) primary pedagogical adviser and one (1) backup pedagogical adviser. If in response to Mandatory Technical Criteria MTC 1 the Offeror has the capacity to train more than 10 groups at the same time, the Offeror must propose one additional primary pedagogical adviser for every 10 groups.</p> <p>A primary pedagogical adviser cannot be proposed as a backup pedagogical adviser (and vice versa) <u>in the same work stream</u>.</p> <p>An Offeror can propose the same pedagogical adviser for more than one work stream as long as the ratios listed below are adhered to:</p> $\begin{aligned} &\text{number of full-time groups} \div 10 \\ &+ (\text{number of full-time individuals} \div 30) \\ &+ (\text{number of part-time groups} \div 50) \\ &+ (\text{number of part-time individuals} \div 100) \\ &= 1 \text{ for the maximum workload of a full-time pedagogical adviser} \end{aligned}$ <p>For example, to have a capacity of 15 full-time groups, the Offeror must propose a primary pedagogical adviser for the first 10 groups and a second primary pedagogical adviser for the remaining 5 groups. The second primary pedagogical adviser could also be assigned responsibility for up to 15 full-time individual Learners, 25 part-time groups or 50 Learners taking part-time individual training.</p> <p>If the pedagogical adviser is proposed for more than one work stream, the offer must clearly indicate the total workload, taking into account all the work streams the pedagogical adviser has been proposed for. In order for the bid to be deemed responsive, the <u>total</u> workload for all the work streams the pedagogical adviser has been proposed for must meet the ratio specified in MTC 2.1, even if the Offeror is not awarded all of the RFSOs for which pedagogical adviser was proposed. The Offeror who proposes the same pedagogical adviser for several work streams and who does not comply with the ratio stated in MTC 2.1 for the pedagogical adviser's total workload for all the work streams for which he or she is proposed will be declared non-responsive for all the work streams for which that pedagogical adviser is proposed. All the bids in which that pedagogical adviser is proposed will therefore be rejected.</p> <p>The Offeror must propose one backup pedagogical adviser for every three primary pedagogical advisers.</p>
2.2	<p>Names of Proposed Pedagogical Advisers</p> <p>The offer must include the names of each of the proposed primary and backup pedagogical advisers.</p>
2.3	<p>Competencies and Qualifications of the Proposed Pedagogical Advisers</p> <p>2.3.1 All pedagogical advisers (primary and backup) proposed by the Offeror must have at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed in an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalences will be accepted. These institutions include the credential assessment services of the federal or provincial governments</p>

and the International Credential Assessment Service of Canada, as well as others recognized as credential assessment services for comparing degrees and diplomas to Canadian standards and identified on the Canadian Information Centre for International Credentials Web site:

PART 5 - CERTIFICATIONS

Offerors must provide the required certifications and documentation to be issued a standing offer.

The certifications provided by Offerors to Canada are subject to verification by Canada at all times. Canada will declare an offer non-responsive, will have the right to set-aside a standing offer, or will declare a contractor in default, if any certification is found to be untrue whether during the offer evaluation period, during the Standing Offer period, or during the contract period.

The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications. Failure to comply with this request will also render the Offer non-responsive or may result in the setting aside of the Standing Offer or will constitute a default under the Contract.

1. Mandatory Certifications Required Precedent to Issuance of a Standing Offer

1.1 Code of Conduct and Certifications - Related documentation

By submitting an offer, the Offeror certifies that the Offeror and its affiliates are in compliance with the provisions as stated in Section 01 Code of Conduct and Certifications - Offer of Standard Instructions 2006. Canada will have the right to declare an offer non-responsive, or to set-aside a Standing Offer, if the Offeror, or any member of the Offeror if the Offeror is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of issuing of a Standing Offer or during the period of the Standing Offer.

2. Additional Certifications Precedent to Issuance of a Standing Offer

The certifications listed below should be completed and submitted with the offer, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Standing Offer Authority will so inform the Offeror and provide the Offeror with a time frame within which to meet the requirement. Failure to comply with the request of the Standing Offer Authority and meet the requirement within that time period will render the offer non-responsive.

2.1 Status and Availability of Resources

The Offeror certifies that, should it be issued a Standing Offer as a result of the Request for Standing Offer, every individual proposed in its offer will be available to perform the Work resulting from a Call-up against the Standing Offer, as required by Canada's representatives, at the time specified in the Call-up or agreed to with Canada's representatives. If for reasons beyond its control, the Offeror is unable to provide the services of an individual named in its offer, the Offeror may propose a substitute with similar qualifications and experience. The Offeror must advise the Technical Authority and the Standing Offer Authority in writing of the reason for the substitution and provide the name, education and experience of the proposed replacement as

In each session, the six (6) steps² of the PFL₂ and CEWP training programs will be offered. However, the Offeror may form a group outside the predefined dates of the training schedule, with the prior approval of the Technical Authority, as indicated in the Statements of Work – Annexes A1 and A2.

8.1.2.2 The link to the Internet site where suppliers and client departments can consult the training schedule will be provided when the Standing Offers are issued.

¹ A session is defined as a specific period with a start date and an end date, during which language training services are offered.

8.3 Right of First Refusal

8.3.1 The IU shall, when it makes its request for availability, indicate the geographic area, work stream(s) and the language required for the training (see Part 3 of Annex C).

The only authorized method of allocation of call-ups against the standing offer is described below:

The method of allocation is based on the "right of first refusal." IU's must place call-ups to the highest ranked Offeror. The IU may place a call-up with an Offeror other than the highest ranked Offeror identified in clause 8.3.3 below solely for geographical reasons (Offeror's proximity) as long as the IU documents its procurement file accordingly, specifying the reason for deviating from the process outlined in this clause further to a business case analysis and the added value of the deviation.

8.3.2 Requirements under \$25,000

For requirements up to \$25,000, the Identified User's Project Authority will have two choices: it can select an Offeror in accordance with the work allocation methods described above in clause 8.3.1 or it can issue a Call-up to any of the Offerors listed under any Standing Offers in clause 8.3.3 below (regardless of their ranking).

8.3.3 Order of Ranking

The order of ranking is used to issue Call-ups as per the Call-up procedures described in article 8.0.

If a single Standing Offer is issued for a geographical area, this clause does not apply.

9. Call-up Instrument

16. Competencies of Primary and Backup Staff

Clause 10.0, section II, Annexes A1, A2 and A3 Education and Experience requirements - resources, outlines the minimum qualifications required for pedagogical advisers and teaching resources.

After the Standing Offer has been authorized, the Canada School of Public Service (CSPS) will provide familiarization sessions for training programs PFL₂ and CEWP to pedagogical advisers and teaching resources. These familiarization sessions must be taken before services are to be delivered, except in the event of unforeseen absences or owing to reasons listed in clause 7.1 Familiarization sessions, section II, Annexes A1, A2 and A3.

The Offeror will provide the services of pedagogical advisers who have taken the required familiarization sessions and received a written document provided by the CSPS confirming that they have indeed taken the familiarization session required.

Upon the issuance of a Standing Offers and throughout the duration of the standing offers, the Offeror must provide the Technical Authority with the names of the teaching resources it intends to use to deliver the language training services and their qualifications, in accordance with clause 10.2 Teaching resources, Section II, Annexes A1, A2 and A3. This procedure is required to give the Technical Authority enough time to review the qualifications of the teaching resources and more effectively plan the mandatory familiarization sessions that must be taken before the start of the training, except in the event of unforeseen absences or for any of the reasons listed in clause 7.1 Familiarization sessions, Section II, Annexes A1, A2 and A3.

The Offeror must provide replacement staff (pedagogical advisers and teaching resources) should a pedagogical adviser or teaching resource be unable to perform the Work. The Offeror must provide replacement staff within a 24-hour period.

The Offeror must provide constant monitoring of its resources to ensure satisfactory performance and satisfactory progression of the Work as required by the IU and the Technical Authority.

17. Offerors Facilities

The Offeror must provide the number of classrooms indicated in the offer in response to the mandatory criterion MTC 1 – Offeror's Capacity, throughout the duration of the Standing Offer and resulting call-ups.

18. Setting Aside of a Standing Offer and/or Termination of a Call-up for Default

Any default on the part of the Contractor shall be first addressed with the Technical Authority identified in clause 4.3 of Part 7A.

- 18.1** If, during the validity period of the Standing Offers or of any Call-up, the Technical Authority and/or Standing Offer Authority identifies one or more deficiencies or problems with the delivery of the services, it must systematically provide the Contractor with written warning to enable the Contractor to resolve the deficiencies or problems within the timeframe indicated in the notice by the Technical Authority.

The warning could require the following, at the expense of the Contractor, but is not limited to:

- The withdrawal and replacement of individuals who do not meet the qualifications, as per the requirements stated in the Statement of Work by qualified resources, as described in clauses 10.1 AND 10.2 of the Statement of Work;
- The production of one or more deliverables in clause 11.0 of Section II of the Statement of Work;

- An analysis of the temperature and air quality of the Offeror's facilities;
- The termination of all complementary activities that do not meet the training objectives of PFL₂ and/or CEWP and have not received the approval of the TA.

- 18.2** If, during the validity period of the Standing Offers or of any call-up, the Technical Authority (TA) finds that the services provided by the pedagogical advisors, teaching resources or the Contractor do not comply with or do not meet the requirements indicated in the Statement of Work, the Offeror must provide:

- (a) a satisfactory remedial plan to the Standing Offer Authority within the timeframe indicated in the notice;
- (b) make the corrections within the timeframe indicated in the notice.

No other Call-up will be issued or authorized until a remedial plan has been accepted by the Technical Authority and/or the Standing Offer Authority.

- 18.3** If the Offeror does not correct one or more deficiencies/issues relating to the delivery or performance of the services or fails to submit a satisfactory remedial plan or fails to implement the terms of such a plan, the Standing Offer Authority may set aside the Offeror's Standing Offer for a period of time that he/she will determine or terminate all existing call-ups for default in compliance with section 29 (Default by the Contractor) of General Conditions 2035 – Higher Complexity - Services.

After three (3) warnings over a period not exceeding twelve (12) consecutive months, the Standing Offer Authority will automatically set aside the Offeror's Standing Offer for a period ranging from three (3) months to the entire term of the Standing Offer, including any extensions, if applicable, depending on the severity or frequency of the defaults or deficiencies identified in the delivery of services.

- 18.4** Article 4.0 of Section II, Annexes A1, A2 and A3 refers to the Second Language Evaluation (SLE) test which can be administered to test a learner's language proficiency. The SLE test content is confidential, protected by the Public Service Commission, and is subject to Crown copyrights. - Asking a third party, which may or may not be a student, to collect SLE test content on rough notes, by pictures, or any other medium for any purpose;
- Asking a student who has taken an SLE test to share content or information from the test;
- Encouraging cheating on the SLE tests;
- Neglecting to take appropriate action as described below in response to any improper practices including cheating in any form and improper collection or dissemination of test content, observed among your students;
- Using the SLE test content for commercial gain in any form;
- Using the SLE test content or test information to further any activity that may be unlawful, misleading or malicious, and;
- Facilitating or encouraging any violation of these terms.

19 Green Procurement

- 19.1** Canada is committed to greening its supply chain. In compliance with the federal government's Policy on Green Procurement, which became effective in April 2006, federal departments and agencies must take the appropriate measures to procure goods and services that have a lesser or reduced impact on the environment than that of previous products and services.
- 19.2** Environmentally preferable goods and services are those that have a lesser or reduced impact on the environment over the life cycle of the good or service, when compared with competing goods or services serving the same purpose. Environmental performance considerations include, among other things: the reduction of greenhouse gas emissions and air contaminants; improved energy and water efficiency; reduced waste and support reuse and recycling; the use of renewable resources; reduced hazardous waste; and reduced toxic and hazardous substances.
- 19.3** Regarding clause 6.5 – Environmental requirements, Section II – Work Streams of Annexes A1, A2 and A3 – Statement of Work, the Offeror can use its current equipment until the end of life of that equipment. However, the replacement equipment must meet the requirements of this clause.

ANNEX A1 - SECTION I - REQUIREMENTS

1.0 Background

Second language training in Canada's official languages is provided for federal employees in compliance with the provisions of the *Official Languages Act*.

1.1 General mandate of the Canada School of Public Service (CSPS) through its Language Training Directorate:

- 1.1.1 Ensure quality language training through input and participation in the selection of second-language training offerors.
- 1.1.2 Participate in the development of the offerors' language training capacity in response to demand from the federal government.
- 1.1.3 Design and provide access to learning products (integrated learning), such as the computerized MyAccount Integrated Learning Management System (ILMS).

2.0 Training

The purpose of this Statement of Work is to define the French and English second language training services required based on the CSPS's training programs. The Offeror must provide full-time group training* for federal employees (learners) designated by the Identified User (IU) at levels A, B and C of the Qualification Standards in Relation to Official Languages described in Appendix 1, upon request by federal institutions, as indicated in the call-up.

*See Section II for a full definition of each mode of training.

2.1 Training format

The training is structured as follows:

FULL-TIME GROUP TRAINING

Work stream 1A: Full-time group training in French at the Offeror's facilities

Work stream 1B: Full-time group training in English at the Offeror's facilities

2.2 Delivery method

The Offeror must provide in-class teaching using the CSPS training programs for the work streams identified in Section II. In addition, the Offeror is obligated to provide the deliverables indicated in Annex A1, Section II and Section III.

The Offeror must also ensure that the requirements of this Statement of Work are not modified further to a request from learners; for example, a request to receive training outside the business days listed in Section II of this document.

The Offeror must use the teacher's version of the CSPS programs (PFL2 and CEWP), which are installed on the CSPS ILMS computer platform (MyAccount).

3.0 Type of learner

Learners receiving learning services have the following objectives:

- to acquire skills to meet the language requirements of their positions
- to develop their second language skills

4.0 Language of communication with learners

The training welcome session, during which instructions are given to learners, will be held in the first language (English or French) of those present.

For matters associated with facilitating the communication and understanding of the learner's learning capacity, the Offeror must communicate with the learner in the official language (English or French) of the learner's choice.

5.0 CSPS training programs

Every CSPS training program referred to in work streams 1A and 1B includes specific objectives and/or modules. A descriptive list of these objectives can be found in Appendix 4 of this Annex.

6.0 Qualification standards in relation to official languages (OLs)

Once the training is finished, a learner who needs to meet the language requirements of a position must demonstrate, through a second language evaluation test administered by the Public Service Commission (PSC) of Canada, that he or she is proficient in the language at the target level (A, B or C) for the following language skills: reading, writing and oral proficiency. Tests are administered by the PSC or a federal institution that has obtained a delegation of authority from the Commission to administer them.

For the purposes of this document, the "qualification standards" are synonymous with "proficiency levels" or "proficiency level standards" and are identified in Appendix 1 of this Annex. They can also be found at the following Web site address: <http://www.tbs-sct.gc.ca/gui/squn03-eng.asp>.

7.0 Learner language learning plan

Language learning plans are developed by the CSPS's Language Learning Plan Unit at the request of federal institutions and are mandatory for full-time training.

The CSPS will provide the federal institution with the learner's language learning plan. The federal institution can then enroll the employee in the recommended step.

Language learning plans are developed in accordance with the standards prescribed by the CSPS. For full-time group training, they include the following information:

- target language
- target level
- recommended initial step
- learning pace
- estimated duration required to reach the target level
- recommended program: short or long
- steps required to reach the target level

The plan may include a recommendation for the learner to review certain concepts before the start of training.

In developing the learning plan, the CSPS will prepare a pedagogical recommendations document which the Technical Authority (TA) will send to the Offeror at the beginning of the learner's first training session. The Offeror must take these recommendations into account when delivering the training.

8.0 Course loading activities

There will be two (2) course loading options. The first will be a fixed date registration system. The second option will allow the Offeror to begin a course between the scheduled dates when at least two (2) registration requests have been received, in order to meet immediate requirements.

Scheduled courses

Courses will begin on fixed dates, as follows: the third Monday in September, the third Monday in January and the third Tuesday in May. The Offeror must create a group when at least two (2) requests have been received for the same date in the course schedule, for learners at the same step of the program. The Offeror must consider all registrations received at least 20 business days before the start of the course.

When at least two (2) requests have been received, the Offeror must submit, within 48 hours, the composition of these groups to the TA for approval along with the list of learners who have not been placed in a group, if any, and then inform the IU's Project Authority.

The Offeror must place between two (2) and five (5) learners in each group. Wherever possible, the Offeror must place all the candidates in groups. For example, if 11 learners register, the Offeror cannot create two (2) groups of five (5) learners and not place one candidate, but rather must create two (2) groups of four (4) and one (1) group of three (3) learners.

If the Offeror receives a request for training less than twenty (20) business days before the start of the session, the Offeror may accept it and add the candidate to an existing group, or refuse the registration if all of the existing groups are full. In both cases the Offeror must inform the TA.

Requests received between scheduled dates

If, between scheduled course dates, an Offeror receives a minimum of two (2) requests for learners at the same step of the program, including at least one request from a statutory candidate,* the Offeror may begin a course after discussion with the TA. The Offeror will then have five (5) business days following receipt of the second request to submit the composition of the group to the TA for approval. The Offeror must begin the course within 20 business days from when the TA approves the group.

Call-ups:

The IU must consult PWGSC web site entitled "Official languages training services of Canada" at this address <http://www.tpsgc-pwgsc.gc.ca/app-acq/sflo-olts/index-eng.html> to find out which Offeror has been selected for each geographic area..

If an IU issues a call-up to an offeror other than the one identified by PWGSC, the IU may be removed from the list of IUs having access to the SO and PWGSC may take performance corrective measures or other action against the Offeror.

**Definition of a statutory candidate: Following a non-imperative appointment, re-identification of a position from unilingual to bilingual or the raising of the position's language profile, the employee does not meet the language requirements of the position and must receive language training.*

9.0 SLE test scheduling

For learners who must take SLE tests, the IU will make the necessary arrangements with the PSC or its representatives and provide the learner and the Offeror with the test date.

10.0 Learner training location

Training must be provided at the Offeror's facilities, with or without accommodation.* The Offeror's facilities must be located:

Language Training		
Location of Service Delivery		
Region	Region	Region
Quebec	Quebec, excluding the National Capital Region	Quebec City (including its boroughs)
		Greater Montreal (including the North Shore and the South Shore)
		Saguenay (including its boroughs)
		Shawinigan, including (including its boroughs)
		Saint-Jean-sur-Richelieu
		CFB Bagotville
		CFB Valcartier

Facilities must meet the requirements set out in the Standing Offer. The Offeror is responsible for providing all the necessary tools to deliver training programs as specified in Annex A1 - Statement of Work, Section II, article 6.0.

*For the purposes of this Standing Offer, the applicable accommodations are those that enable persons with limited mobility to access the premises where the training will take place, the room, the sanitary facilities and other areas made available to all learners. An Offeror that identifies itself in this category must accept all call-ups requiring accommodations.

Apart from these measures, the Offeror will not be asked to provide auxiliary services or adaptive technology. Such requirements will be the responsibility of the learner's federal institution.

ANNEX A1 - Section II

Work streams 1: Full-time group training in French at the Offeror's facilities
Work streams 2: Full-time group training in English at the Offeror's facilities

If the Offeror's facilities provide accommodations, as defined in article 10.0 of Section 1, all stipulations relating to accommodations at the Offeror's facilities apply to the Offeror.

1.0 Type of training provided

Full-time group training must be delivered thirty-five (35) hours per week from Monday to Friday, except on federal government statutory holidays.*

*See glossary in Appendix 3.

A language learning plan is required (see details in Section I).

2.0 Training delivery days

The Offeror must be prepared to deliver training services up to 240 days per year.

The Offeror must provide learners with seven (7) hours of training services per day for a total of thirty-five (35) hours per week, between 7:30 a.m. and 5:00 p.m., from Monday to Friday, except on federal government statutory holidays.

The Offeror must allow learners a 15-minute break in the morning and a 15-minute break in the afternoon. Learners will also have one (1) hour for lunch, outside the seven (7) hour training period. Training hours do not include breaks or the lunch hour.

The pedagogical advisor and teaching resources must be ready to begin class on time, every day.

Training must not be delivered on federal government statutory holidays and on provincial holidays in the province where the training is being given.

Training must not be delivered between December 25 and January 1. This pedagogical break may be subject to TA approval.

3.0 CSPA training programs

The training methods, course configurations and related material designed by the CSPA and referred to below are defined as "training programs," "programs" or "CSPA training programs."

Offerors must use one of the CSPA training programs listed below. CSPA programs are based on a communicative approach and adult education principles. The Offeror can use additional activities to supplement or enhance those of the CSPA and meet the learners' needs. The complementary activities may be subject to TA approval. They must not replace the programs and must be consistent with the training objectives.

The Offeror must use the following teaching practices:

1. . Communicative approach
 - Encourage learners to communicate in the language being taught

- Maximize the learners' speaking time
 - Have the learners practice the taught matter in communication situations that are relevant to them
 - Choose varied activities relevant to the learners
 - Use authentic documents
 - Adjust the correction of errors on the basis of activity objectives and learner needs
2. Adult education principles
- Provide plans for group activities and self-directed learning
 - For each activity, give instructions and describe the process by specifying:
 - what the learners must do
 - the duration of the activity
 - the anticipated outcome
 - the materials and tools to be used
 - For each activity, indicate the objective by specifying:
 - the knowledge or know-how that the activity is intended to develop
 - the link between the objective of the activity and the training objective
 - Provide learners with regular feedback on their strengths and the areas that need work in relation to the targeted objectives
 - Take into account the needs, interests and experience of learners, as well as different learning styles, while conducting the activities

The following are the CSPS training programs:

- For French: Programme de français langue seconde, Levels A and B (PFL2 A and B), Programme de français langue seconde, Level C (PFL2 C)
- For English: Communicative English at Work Program (CEWP), Levels A, B and C

3.1 The PFL2 programs

The CSPS PFL₂ A and B and PFL₂ C are the programs for language training in French. They cover proficiency levels A, B and C and enable learners to acquire the skills necessary to interact in French in the workplace and in everyday situations.

PFL2 A and B consist of forty (40) training objectives and are designed to ensure that the learner achieves level B proficiency.

PFL2 C includes two (2) preparatory sessions and four (4) modules, and is designed to ensure that the learner achieves level C proficiency.

The programs include self-directed learning material for developing listening, reading, writing and speaking skills.

Should a learner fail to meet his or her language objectives on SLE tests (see Annex A1, Section II, article 4.0), the learner may receive 210 hours (six (6) weeks) of additional training in a second language evaluation preparation (pre-SLE) consolidation group, more than once if necessary. During the first week of pre-SLE consolidation group training, the Offeror must assess the needs of learners by evaluating their communication skills in the target language based on the target level (B or C) and prepare personalized work plans with them, targeting the areas to be improved. The Offeror must give the plans to the learners and, upon request, to the TA, and follow up.

3.2 The CEWP program

The CSPS CEWP is the program for language training in English. It covers proficiency levels A, B and C and enables learners to acquire the necessary skills to interact in English in the workplace and in everyday situations.

More specifically, the program material is entitled:

- “Interface Canada” for levels A and B; and
- “Interaction Canada” for level C.

“Interface Canada” consists of seventy-six (76) main objectives grouped into eight (8) workbooks: 1 to 3 for level A and 4 to 8 for level B.

“Interaction Canada” consists of twenty (20) main objectives and twenty (20) specific objectives, grouped into four (4) sessions for level C.

The program includes self-directed learning material for developing listening, reading, writing and speaking skills.

CSPS is working on updating the CEWP program. Once the program has been updated, the Offeror will be required to use the new version of the program.

Should a learner fail to meet his or her language objectives on SLE tests (see Annex A1, Section II, article 4.0), the learner may receive 210 hours (six (6) weeks) of additional training in a second language evaluation preparation (pre-SLE) consolidation group, more than once if necessary. During the first week of pre-SLE consolidation group training, the Offeror must assess the needs of learners by evaluating their communication skills in the target language based on the target level (B or C) and prepare personalized work plans with them, targeting the areas to be improved. The Offeror must give the plans to the learners and, upon request, to the TA, and follow up.

3.3 PFL2 and CEWP program steps and modes

Programs: PFL2 A, B and C and CEWP A, B and C		
Duration of steps		
Program Levels A & B	Step 1	420 hours (12 weeks)
	Step 2	420 hours (12 weeks)
	Step 3	420 hours (12 weeks)
	Step 4	420 hours (12 weeks)
Program Level C	Step 5	420 hours (12 weeks)
	Step 6	420 hours (12 weeks)
Make-up sessions	210 hours (6 weeks)	

Should a learner require a second language evaluation (SLE) test, the IU must set a date and make the necessary arrangements so that the learner can take the SLE tests.

For the test of oral proficiency (TOP), this date will come at the end of step 4 for learners targeting level B and at the end of step 6 for learners targeting level C, or at a time chosen by the IU. For the reading tests and the test of written expression (RT and TWE) this date will be at the start of step 4 for learners in the level B program and at the end of the preparatory sessions for learners in the level C program, or at a time chosen by the IU.

The tests are administered by the Public Service Commission of Canada or by institutions that have received a delegation of authority from the Commission to administer them. The IU must inform the Offeror and the learner when the test date has been scheduled.

5.0 Training materials

The Offeror is responsible for acquiring all hard copy and/or electronic materials for the CSPS training programs and any additional CSPS program materials it deems necessary.

Should the Offeror elect to provide CSPS training program materials in hard copy format, it must distribute all original materials to the teaching resources, pedagogical advisors and learners. Materials given to learners must be their property. The Offeror may provide photocopies only if the original material is not available from Government of Canada Publications and only by obtaining prior authorization from the TA.

Should the Offeror elect to provide CSPS training program materials in electronic format, it must for that purpose equip each classroom with computers for the teaching resource and each learner.

The following CSPS training program materials must be ordered from the Government of Canada Publications Web site, at <http://publications.gc.ca>:

Required materials for levels A and B in French:

- OFs 1 to 40 (40 workbooks)
- Consolidations 1 to 4 (4 workbooks)
- Auto-évaluations 1 to 4 (4 workbooks)

Required materials for level C in French:

- Sessions préparatoires 1 and 2 (2 workbooks)

Required materials for levels A and B in English:

- Interface Canada, Student's Books 1 to 8

Required materials for level C in English: none

The Offeror is not obligated to purchase the four (4) PFL₂ C modules or the CEWP C, as they are not available in print format through Government of Canada Publications. However, they are available on MyAccount and the four (4) PFL₂ C modules are available for purchase from Government of Canada Publications in DVD format. Learners can print them, in whole or in part, if they wish to do so.

Learners must ensure that they have access to MyAccount. If they have not registered, they can do so at the following page: <http://www.cspc-efpc.gc.ca/acc/index-eng.asp>.

In addition to the training program materials available on the Government of Canada Publications Web site, the Offeror's teaching resources and pedagogical advisors must have access to MyAccount so they can use supplementary materials and teaching materials, including videos. To obtain free access to MyAccount for its resources, the Offeror must contact the TA.

6.0 Offeror's facilities

For each group training session, the Offeror must provide training at facilities that meet the requirements set out herein. If the Offeror is required to change facilities or classrooms, it must immediately notify the SO Authority and the TA, and the new facilities and classrooms must meet the requirements set out under clause 6.1 of this section and be fitted with the same computer equipment.

The Offeror must ensure that facilities meet the requirements of applicable municipal, provincial and federal statutes, policies and standards. The Offeror understands and agrees that the TA and/or the SO Authority may inspect the Offeror's facilities at any time without prior notice.

The Offeror must respond to all complaints regarding the facilities or classrooms filed in writing by the SO Authority or the TA. The Offeror must respond no later than 48 hours after a notice of a complaint has been given to the Offeror.

It is preferable for the Offeror's facilities to be located near a public transportation stop.

It is preferable for learners to have access to free parking at the Offeror's facilities.

6.1 Classrooms

For each group training session, the Offeror must provide a reasonably soundproofed classroom that is at least 300 square feet (91.44 square meters) and has all the furnishings and materials needed for language training, i.e., a wall chart, tables, chairs for the learners and the teaching resource, lighting, heating and a space to store notebooks and coats. The classroom will be a distinct closed room. It is preferable that the classrooms have windows with direct access to daylight. Offerors that have facilities with accommodations must provide classrooms consistent with the accommodations required for a learner, as indicated in the call-up. If the Offeror's classrooms are being used for a first time under this SO, they must be ready at least five (5) business days before the start of training.

The Offeror can consult the TA for any questions pertaining to the selection or appropriate layout of classrooms for language training.

6.1.1 Computer equipment

Each classroom must have one computer and operational equipment that meets the following minimum technical requirements:

- PC-compatible Pentium 2 GHz computer with mouse and keyboard
- Windows 2000, XP or Vista
- 500 MB of RAM for 2000 and XP / 2 GB of RAM for Vista
- 60-GB hard drive
- Video card with minimum 800 X 600 resolution
- 16-bit sound card with speakers
- Quick Time Player®
- Flash Player®
- Java
- DVD drive
- Internet access, Internet Explorer 6.x or later or Firefox 3.x or later
- 2200- to 3500-lumen XGA multimedia projector or equivalent, or a flat-screen television to which a computer can be connected

- 70 X 70 wall screen
- Printer, ink and paper (however, it is also acceptable for the Offeror to have one printer with sufficient ink and paper to serve a number of classrooms, possibly located outside the classrooms)

In addition, the Offeror may provide the learners with the following additional tools:

- Wireless internet access, allowing learners to use their mobile devices to access the CSPS's training programs
- A separate closed room for computer-assisted learning located in the same facilities

as the classrooms. The room must have at least five (5) operational workstations separated by partitions at least four (4) feet high to ensure the privacy of each learner, and operational equipment meeting the minimum technical requirements of points 1 to 12 above.

6.2 Individual meeting room

For every three (3) groups, the Offeror must provide one (1) meeting room. This room will be used by teaching resources and learners for individual meetings or interviews.

All meeting rooms must be closed and located in the same facilities as the classes. During interviews, the Offeror must equip all meeting rooms in such a way that enables learners to listen to the training program recordings.

6.3 Photocopier

A black and white photocopier must be made available to learners, at no additional cost to Canada.

Learners should not be required to print the materials which the Offeror is required to make available to them as part of the training program.

6.4 Learner printing

At their discretion, learners may print information in black and white using the computers in the Offeror's facilities.

Learners should not be required to print the materials which the Offeror is required to make available to them as part of the training program.

The Offeror can, by giving learners advance notice, limit the number of photocopies and print-offs to a maximum of 50 pages per learner per month. Anything exceeding that number could be charged to the learners using this service, at a rate determined by the Offeror. These costs must be clearly indicated at the beginning of the training.

6.5 Environmental requirements

In support of the green procurement effort, the Offeror must ensure that:

- all printers and photocopiers used for the purposes of this SO are programmed by default to print in black and white on both sides of the paper, and preferably meet ENERGY STAR or equivalent standards regarding energy efficiency.
- the paper used contains at least 30% recycled materials and/or is certified as originating from a sustainably managed forest.
- environmentally friendly ink or recycled ink cartridges are used in printers, fax machines and photocopiers. It is strongly recommended that the used ink cartridges can be returned to the manufacturer for reuse or recycling.
- recycling bins for paper, newsprint and plastic and aluminum containers are available to learners and are emptied regularly, where this service is available, in compliance with the local recycling programs.

In addition, it is preferable that cleaning products used with this equipment be biodegradable and not harmful to the environment.

The federal government reserves the right to conduct inspections by visiting the Offeror's facilities, if necessary, to ensure that efforts in environmental matters are maintained.

6.6 Dining area

Preferably, the Offeror will provide learners with access to an area where they can take their meals, furnished accordingly, outside the classrooms.

7.0 CSPA support to Offeror

7.1 Familiarization sessions

Following the authorization of the SO, the Offeror must provide the TA with the names of the pedagogical advisors and teaching resources designated to perform the work in response to one or more call-ups, as well as written confirmation from the Offeror that the teaching resources meet the requirements set out in clause 10.2, Section II of Annex A1, Statement of Work. These resources must attend, at the Offeror's expense, Part 1 of the familiarization sessions, as detailed in clause 7.1.1 of this section. In order to be able to administer assessment tools (OIV), all pedagogical advisors must take familiarization session Part 2 below (with the TA's approval, teaching resources with experience in CSPA language training programs may also attend the familiarization session). When the TA considers it necessary, pedagogical advisors must also attend Part 3, in addition to Parts 1 and 2, to become familiar with their roles and responsibilities.

The purpose of these sessions is to enable the teaching resources and pedagogical advisors to use CSPA training programs and assessment tools in order to meet the requirements of the SO for providing training services. Only the CSPA will provide these familiarization sessions, and the decision to provide them is solely the responsibility of the CSPA. The Offeror must register the resources for each session through the TA. The CSPA must offer these sessions at no cost to the Offeror. However, the Offeror must assume any other expenses related to the participation of its resources in familiarization sessions, such as compensation for the resources.

Teaching resources and pedagogical advisors must attend the familiarization sessions, unless the TA feels that they already have the necessary familiarity with the programs and/or assessment tools in question. If a resource is used to deliver English and French programs, the resource must attend the applicable familiarization sessions for each program.

Only duly trained teaching resources and pedagogical advisors, i.e. those who have taken the familiarization sessions on CSPA training programs and have received the written confirmation from the TA, can deliver training services, except under the following circumstances, with prior written approval from the TA:

- the Offeror's capacity to provide teaching resources and pedagogical advisors who have been trained in CSPA training programs is exhausted because of the extreme procurement demand imposed by the IU or other IUs in other call-ups pursuant to this or other SOs in the same region in response to RFSO EN578-093429/A;
- a call-up is issued before the familiarization sessions have been provided; or
- there is an unforeseen need to replace a teaching resource or a pedagogical advisor.

In these three (3) cases, the teaching resources and pedagogical advisors can deliver training services only up until the day prior to the scheduled start date of the next familiarization session, i.e. Part 1 for teaching resources and pedagogical advisors who have not attended any familiarization sessions, Part 2 for pedagogical advisors who have already attended Part 1 (Part 1 is a pre-requisite to Part 2) or Part 3 for pedagogical advisors who have attended Parts 1 and 2.

However, the pedagogical advisor must provide an in-house session about the program(s) before

the teaching resource goes to the classroom. The minimum content to be covered in this session is listed in Appendix 6. The Offeror must inform the TA of the dates scheduled for the training session provided by the pedagogical advisor. The TA may attend this session. The Offeror must register the teaching resource(s) and pedagogical advisor(s) for the next familiarization session given by the CSPS in order to continue to provide training services thereafter.

7.1.1 Part 1 – Familiarization sessions on the PFL2 A and B, PFL2 C and CEWP training programs

The duration of the familiarization sessions offered on CSPS training programs must be as follows: five (5) days for Part 1.1, for training program levels A and B (prerequisites to the level C familiarization session), and one (1) day for Part 1.2 for the level C training program. The TA can change the duration of the sessions at any time.

These sessions must be provided for all teaching resources and pedagogical advisors who meet the requirements set out in Annex A1, Section II, article 10.0.

The sessions are expected to be given by the CSPS in class or virtually. The TA is the only Authority who can establish the schedule for the sessions; the TA can also alter their mode of delivery at any time.

At the end of each familiarization session, the CSPS will provide each participant with a document confirming their completion of the session (level A and B program or level C program). After receiving this document, the teaching resource will be able to deliver CSPS training programs, and the pedagogical advisor may attend familiarization session Part 2.

After the familiarization sessions, the TA may assess the teaching to verify whether the Offeror's resources are complying with the instructions given at the sessions. If the observed teaching does not comply with these instructions, the Offeror must conduct a follow-up, which may include registering the teaching resource to take the familiarization session again in whole or in part. If the teaching is still not consistent with the instructions at a second evaluation by the TA, the teaching resource will no longer be able to teach under this Standing Offer. If three (3) or more teaching resources are withdrawn from the CSPS programs for this reason during a 12-month period, the TA, together with the Standing Offer Authority, may take corrective measures against the Offeror, even up to suspending the SO for one or more sessions.

7.1.2 Part 2 – Familiarization session on assessment tools: Oral Interaction Verification (OIV)

The CSPS will give a session on assessment tools (OIV) to pedagogical advisors to provide them with greater insight into how to administer the tools, and the importance of providing learners with feedback. Upon TA approval, teaching resources with experience with CSPS language training programs can also take this familiarization session.

The duration of the session is one (1) day. The TA can change session length at any time.

The session must be offered in class or virtually. The TA reserves the right to determine the training schedule in order to respond to requirements appropriately and may change the manner in which the session is delivered at any time.

After the familiarization session, the TA may assess the administration of OIVs to verify whether the Offeror's resources are complying with the instructions given at the sessions. A follow-up can be performed if necessary, at the TA's sole discretion.

The contents of the OIVs will be shared with the Offeror's pedagogical advisors who attended

the OIV familiarization session. However, the Offeror and its resources must ensure that the content of the OIVs is not disclosed to learners, IUs or other Offeror resources. The TA can access evaluation grids and feedback sheets at any time, upon the request of the TA.

7.1.3 Part 3 - Familiarization session on the roles and responsibilities of the Offeror's pedagogical advisors, with respect to this SO

The CSPS will, where it deems it necessary, provide a familiarization session on the roles and responsibilities of the Offeror's pedagogical advisors. The session would be no more than one day in length and the CSPS reserves the right to determine the session schedule in order to meet the requirement in a timely manner. The session may be provided in-class or virtually through the mode chosen by the TA.

7.1.4 Location of familiarization sessions

At the discretion of the Technical Authority (TA), the familiarization sessions for teaching resources and pedagogical advisors will be held at CSPS facilities or virtually and may be provided at the Offeror's facilities. Participants will still have the option to attend the sessions virtually to minimize travel costs for the Offeror. The CSPS will not charge offerors any fees for the familiarization sessions. The Offeror will be responsible for all of its resources' travel expenses (meals, travel, etc.), at no additional cost to Canada.

7.2 Pedagogical sessions

Pedagogical sessions may be provided by the TA for teaching resources and pedagogical advisors if the TA deems it necessary. Teaching resources and pedagogical advisors must attend these sessions. The sessions will be scheduled during class time and may be up to one day in length. The Offeror must replace the teaching resources, unless otherwise indicated by the TA. If the teaching resources are not replaced during the pedagogical sessions, learners will work independently during these sessions. Teaching resources must therefore assign learners work, which will be checked when they return from the pedagogical session

The TA is under no obligation to deliver additional pedagogical sessions with a view to correcting the Offeror's shortcomings.

The sessions will be held at the Offeror's or the CSPS's facilities, or virtually, as determined by the TA. The Offeror is responsible for all of its resources' travel expenses, at no additional cost to Canada.

8.0 Specific resource services

8.1 Pedagogical advisors

The Offeror must assign dedicated primary pedagogical advisors. "Dedicated" refers to the assignment of resources on the basis of the ratios shown below.

The Offeror must assign at least one (1) primary pedagogical advisor for every ten (10) class groups. With the approval of the TA, teachers may perform a percentage of their work as a pedagogical advisor for courses other than theirs. If the Offeror is issued more than one standing offer for a number of work streams, the Offeror may assign a primary pedagogical advisor to more than one work stream in accordance with the ratios listed below:

$$\begin{aligned} & \text{number of full-time groups} \div 10 \\ & + \text{number of full-time individuals} \div 30 \\ & + \text{number of part-time groups} \div 50 \end{aligned}$$

$$\begin{aligned}
 &+ \text{number of part-time individuals} \div 100 \\
 &= 1 \text{ for one pedagogical advisor's maximum load}
 \end{aligned}$$

For example, if the Offeror sets up training for 15 full-time groups, one primary pedagogical advisor will have to be assigned for the first 10 groups and a second primary pedagogical advisor for the remaining 5 groups. The second pedagogical advisor could also be assigned responsibility for up to 15 full-time learners in individual training, 25 part-time groups or 50 part-time learners in individual training.

The Offeror must adhere to the ratios for all the work streams for which it was issued a standing offer against which call-ups have been issued.

The Offeror must also assign one (1) backup pedagogical advisor for every three (3) primary pedagogical advisors. A primary pedagogical advisor cannot be proposed as a backup pedagogical advisor and vice versa, whether in the same work stream or in another work stream. With the approval of the TA, teachers may perform a percentage of their work as a backup pedagogical advisor for courses other than theirs.

8.1.1 Supervision by the pedagogical advisor

8.1.1.1 Teaching evaluation report (Appendix 5 – Annex A1)

Each pedagogical advisor assigned to a group will visit with the learners in the classroom to ensure that the courses are being delivered in accordance with training program requirements and that teaching methods are consistent with adult education principles. The pedagogical advisor must also be available to meet with the learner on request.

The pedagogical advisor must plan classroom teaching observation sessions. With the approval of the TA, virtual (remote) observation sessions may be used when courses are held in regions that are far from the pedagogical advisor's place of work. For each visit or remote observation session, the pedagogical advisor must record his or her observations in a written report and submit it to the TA no later than thirty-five (35) business days after the start of the session. The TA may require classroom visits or virtual observation sessions on request if the TA feels that the teaching resources or learners need specific support. For virtual teaching observation sessions, the TA may request additional information as needed (e.g., photos of the facilities).

The following items must be addressed in each report:

- Effective use of training programs
 - clear presentation of the training objectives
 - choice of activities meeting the needs of the group
- Corrections consistent with adult education principles
- Clear, concise explanations
- Group dynamics conducive to learning
 - learner participation

The TA can, at its discretion, verify the report and ensure that the Offeror has taken appropriate corrective measures.

When pedagogical shortcomings are observed or pointed out, the Offeror must perform a follow-up with the teaching resource, including an evaluation, using the Teaching Evaluation Report template (Appendix 5 of Annex A1, Statement of Work), followed by:

- i. Feedback for the teaching resource following in-class observation
- ii. Implementation of an action plan to improve teaching techniques for all the Report criteria for which the rating obtained is less than 3. The action plan could include, but is not limited to:
 - training sessions given by a pedagogical advisor
 - pairing with an experienced teaching resource
 - coaching
- iii. Verification that action plan objectives have been met

8.1.1.2 Pedagogical advisor's action in response to a complaint or for an intervention with learners

The pedagogical advisor must conduct all learner interventions, upon the request of a learner, the TA or the IU's Project Authority, and must submit an intervention report to the IU's Project Authority and, where applicable, to the TA, on the business day following the request.

The pedagogical advisor must intervene when a learner's behaviour (e.g. absenteeism, tardiness or difficulty with other learners or teaching resources) disrupts the group. The advisor must also ensure that classroom pedagogical practices are suited to learners' needs and that the CSPS pedagogical recommendations are followed.

Following a complaint, the pedagogical advisor must provide the IU's Project Authority and, on request, the TA, with a detailed report on the teaching practices and proposed interventions. The report must be provided no later than two (2) business days after the pedagogical advisor becomes aware of the complaint, unless otherwise indicated by the TA.

8.1.1.3 Planning, individual work plans and reports

The pedagogical advisor must ensure that weekly planning, individual work plans and reports prepared by teaching resources meet requirements and learner needs. In the event of shortcomings or mistakes in the documents, the pedagogical advisor must assist the teaching resources to help them prepare satisfactory plans and reports. If requested by the TA or the IU's Project Authority, the pedagogical advisor must submit the plans and individual work plans, no later than two (2) business days following the request.

8.1.1.4. Learner training file

The pedagogical advisor must maintain a training file for each learner. These files are to be kept in a locked cabinet and sent to the TA upon request.

8.1.1.5 Welcome session for new learners

At the beginning of the learners' training, the pedagogical advisor must prepare and facilitate a welcome session. This session must cover at least the following: introduction to the training program delivery and the roles and responsibilities of the teaching resource and pedagogical advisor. For full-time group training, the pedagogical advisor must participate in the welcome session. Only with the TA's approval can the pedagogical advisor take part remotely if the courses are given in areas far from the advisor's place of work. The teaching resource should attend in person.

8.1.1.6 Replacement of pedagogical advisors

If a pedagogical advisor needs to be replaced, the Offeror must provide a backup pedagogical advisor who has completed the familiarization sessions listed in article 7 of this section, except in the three (3) cases set out in clause 7.1. The backup pedagogical advisor must be the first person considered for the replacement. If this is not possible, another pedagogical advisor will be considered for the replacement, with the approval of the TA. The proposed advisor must meet the requirements set out in clause 10.1 of this section and attend Parts 1, 2 and 3 of the next familiarization session, if they have not already done so.

8.2 Teaching resources

The Offeror must ensure that teaching resources are ready to begin class on time, every day.

8.2.1 Replacement of teaching resources

In the event that a teaching resource must take an unexpected leave of absence, the Offeror must ensure an immediate replacement. Only teaching resources or pedagogical advisors who already meet the education and experience requirements set out in clause 10.2 of this section and who have already been trained by the TA on the use of the CSPS products applicable to the training programs listed in article 4 of this section can be backup teaching resources, as stipulated in clause 7.1.

However, if the teaching resource has not yet attended familiarization session Part 1, the Offeror must register the teaching resource for the next session offered by the CSPS in order to continue to provide training services.

The teaching resource will also be responsible for monitoring learners' learning performance and preparing session reports, as indicated in article 9.0 of this section.

The Offeror must inform the TA of any teaching resource replacements.

8.2.2 Preparation time

The Offeror must ensure that teaching resources devote one (1) hour to course preparation for every six (6) hours of teaching time, that is, one (1) hour of preparation time per seven (7) hour training day, at the Offeror's facilities. During that hour, the learners must perform self-directed learning activities. In order to allow the learners to benefit fully from the training, it is strongly recommended that the teaching resource's daily preparation time take place between 10:00 a.m. and 3:30 p.m.

8.2.3 One-on-one meetings

The teaching resource must meet with each learner individually once per week for 30 minutes. During this time, the learners who are not in the meeting must perform self-directed learning activities. In order to allow learners to benefit fully from the training, it is strongly recommended that the one-on-one meetings take place between 10:00 a.m. and 3:30 p.m. The teaching resource must meet with a maximum of two (2) learners per day. Learners must therefore perform one and a half (1.5) to two and a half (2.5) hours of self-directed learning per week to allow for one-on-one meetings. These hours of self-directed learning must be added to those taking place during the preparation time (clause 8.2.2 of this section), for a total of six and a half (6.5) to seven and a half (7.5) hours of self-directed learning per week.

9.0 Quality assurance and specific performance measurements

For all reports referred to in this part and under Deliverables, (article 11 of this section), templates and familiarization sessions will be provided for the Offeror's teaching resources and pedagogical advisors.

9.1 Absence report

The teaching resource must record learner absences in the monthly absence report. All partial- and full-day absences must be recorded. Monthly absence reports must be initialled by the learners at the end of each week and submitted to the IU's Project Authority within five (5) business days following the end of each training month.

In addition, the Offeror must contact the IU's Project Authority if a learner has repeated absences, late arrivals or early departures that could impede his or her learning. The Offeror must provide the IU's Project Authority with a written notice no later than forty-eight (48) hours after determining that there have been such absences, late arrivals or early departures.

9.2 End-of-step report (Annex A1 – Appendix 8)

At the end of a step, the teaching resource must prepare a report reflecting the learner's progress and containing pedagogical observations. The Offeror's pedagogical advisor must keep this report in the learner's file for consultation by the TA.

9.3 Learner learning performance

9.3.1 Oral Interaction Verification (OIV)

OIVs for learners in group language training may be administered by the pedagogical advisor or by a teaching resource who has completed the OIV familiarization session (clause 7.1.2 of this section), at the end of steps 1, 2, 3 and 4 for levels A and B, and at the end of the preparatory sessions and of modules 2 and 4 for level C.

Each OIV consists in a targeted interview designed to verify that training objectives have been met. The pedagogical advisor must give the feedback sheet to the learner and keep a copy in the learner's file for consultation by the TA.

Following the OIV, the Offeror's pedagogical advisor must send the TA a report on the learner's achievement of the training objectives no later than two (2) business days following the OIV. If the step objectives are not fully achieved, the pedagogical advisor must also send the TA a report stating the measures that will be taken to help the learner achieve these objectives.

OIVs are to be used by the Offeror only in connection with this Standing Offer and contracts stemming from this Standing Offer, for which the TA is the CSPA.

9.3.2 Predictive test, Reading Comprehension and Writing Expression

The Offeror must administer the predictive test at the start of step 3 of the program.

This test evaluates the likelihood that the learner will reach his or her objectives at the SLE reading comprehension and written expression tests and determines whether specific support is needed to prepare for these tests.

The Offeror's pedagogical advisor must provide the TA with the results of the learner's predictive test no later than two (2) business days after the test has been administered.

9.4 Learning performance monitoring and teaching quality assessment

9.4.1 In-class monitoring of teaching

The TA must conduct random in-class observations in order to ensure that the training is consistent with the requirements and adult education principles set out in this Standing Offer. If the observed teaching does not comply with these requirements, the Offeror must conduct a follow-up, which may include registering the teaching resource to take the familiarization session described in clause 7.1.1 of this section again, in whole or in part. If the teaching is still not consistent with the instructions at a second evaluation by the TA, the teaching resource will no longer be able to teach under this Standing Offer. If three (3) or more teaching resources are withdrawn from the CSPA programs for this reason during a 12-month period, the TA, together with the Standing Offer Authority, may take corrective measures against the Offeror, even up to suspending the SO for one or more sessions.

9.4.2 Language training Quality Assurance Measurement Tool (QAMT)

At the end of each program step, the Offeror must have the learners fill out, electronically or on paper, as requested by the TA, the CSPA language training Quality Assurance Measurement Tool (QAMT) questionnaire with regard to their degree of satisfaction with the training received. The Offeror must inform the TA by email when all group members have completed it electronically or, if the QAMT has been completed on paper, must send the questionnaires to the TA.

The Offeror must build this activity into the language training and ensure that it is completed in an environment and setting that ensures learner anonymity and confidentiality.

The TA will inform the Offeror of any points that require intervention.

This measurement tool will be used to evaluate the teaching resources (teaching resources and pedagogical advisors), training program and teaching methods.

The feedback and results obtained from this measurement tool will serve as a point of reference in order to take corrective measures to offset shortcomings identified by the QAMT and to deal with pedagogical issues having an impact on learner learning during the pedagogical sessions (see clause 7.2 of this section).

10.0 Education and experience requirements – Resources

All resources proposed by the Offeror must have mastered the language being taught and be sufficiently proficient in the other official language to explain basic concepts of the language being taught. The pedagogical advisor must be able to deliver the welcome session (see clause 8.1.1.5 of this section) and discuss with learners issues relating to their training in their first official language.

10.1 Pedagogical advisors

For all training modes, the TA (and the SO Authority, if applicable) is the only Authority who can verify and approve the qualifications of a pedagogical advisor.

The resources proposed to replace primary and backup pedagogical advisors must meet the mandatory qualification requirements set out below. The TA reserves the right to conduct an interview and perform any other verification necessary to evaluate the proposed resources, at no additional cost to Canada. The Offeror must not assign any proposed resource to perform the work before receiving written authorization from the TA.

The mandatory qualification requirements for pedagogical advisors do not include Parts 1, 2 and 3 of the familiarization sessions on CSPS language training programs.

10.1.1 Primary and backup pedagogical advisors – Mandatory qualifications

All primary and backup pedagogical advisors must have at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed at an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalencies will be accepted. These institutions include the credential assessment services of the federal or provincial governments and the International Credential Assessment Service of Canada, as well as others recognized as credential assessment services for comparing certificates and diplomas against Canadian standards, identified on the Canadian Information Centre for International Credentials Web site:

<http://www.cicic.ca/413/assessment-of-credentials-for-employment-in-canada.canada>

and one of the following qualifications:

- a. at least 600 hours of experience since January 2007 supervising at least two (2) teaching resources at the same time, delivering full-time and/or part-time English or French as a second language courses to adults, on an individual or group basis.
- b. at least 1,800 hours of experience as a teaching resource since January 2007, delivering full-time and/or part-time English or French as a second language courses to adults, using one or more of the following training programs:
 - PBFT
 - PFL₂ A and B or PFL₂ C
 - CEWP
 - a program used by a recognized Canadian post-secondary institution
 - any other English or French as a second language adult education program.

As proof of education, an original document or a copy of the original certified true by the Offeror or a commissioner of oaths must be submitted by the Offeror, confirming each pedagogical advisor's level of education. If an original document is submitted, a copy must be made by the TA and returned to the Offeror after the offer evaluation process has been completed.

The Offeror must provide the following information to confirm the pedagogical advisor's experience: name of the client organization, name and telephone number of a contact person, number of hours of experience as a pedagogical advisor or teaching resource, and the start and end dates of the experience.

10.2 Teaching resources

The TA (and the Standing Offer Authority, if applicable) is the only Authority who can verify and approve the qualifications of a teaching resource. Only proposed teaching resources who meet the mandatory qualification requirements below will be considered acceptable.

The mandatory qualification requirements for teaching resources do not include the familiarization sessions on CSPS language training programs.

10.2.1 Teaching resources proposed for the first time and replacements - Mandatory qualifications

All teaching resources must hold at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed at an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalencies will be accepted. These institutions include the credential assessment services of the federal and provincial governments and the International Credential Assessment Service of Canada, as well as others recognized as credential assessment services for comparing degrees and diplomas to Canadian standards, identified on the Canadian Information Centre for International Credentials Web site:

<http://www.cicic.ca/413/assessment-of-credentials-for-employment-in-canada.canada>

Teaching resources meeting requirement **10.2.1** fall into one of the following categories:

10.2.1.1. Teaching resources

- PBFT
- PFL₂ A and B or PFL₂ C
- CEWP
- a program used by a recognized Canadian post-secondary institution
- any other English or French as a second language adult education program.

10.2.1.2. Teaching resources in training

A teaching resource who does not have the experience described in **10.2.1.1** or who is in his or her last year of a bachelor's degree program at a recognized Canadian university will be considered a teaching resource in training. Teaching resources in training must be paired with experienced teaching resources until they have met the requirements of **10.2.1.1** and attended the familiarization sessions. Their progress will be constantly monitored by a pedagogical advisor. When the requirements of **10.2.1.1** have been met, the Offeror must inform the TA.

All teaching resources proposed for this SO must be evaluated by the Offeror's pedagogical advisor during the first month on the job, and a detailed report (see Appendix 5 – Teaching Evaluation Report) must be submitted to the TA on the first business day of the following month for review and approval of the teaching resource's qualifications.

When teaching resources are proposed for the first time, the Offeror must provide the Technical Authority with proof of education in the form of a document confirming the level of education of the teaching resource. The SO Authority may at any time require an original document or a true copy of the original certified by a commissioner of oaths.

The Offeror must also provide a certificate confirming each main teaching resource's experience. The certificate must provide the following information: name of the client organization, name and telephone number of a contact person, number of hours of experience as a teaching resource, and the start and end dates of the experience.

11.0 Deliverables

All the deliverables identified in Section III must be prepared and submitted in the language being taught or in the other official language, if requested by the IU, and emailed, in a format compatible with MS Word, Excel or Adobe Acrobat Reader, to the IU's Project Authority identified in the call-up and/or to the TA, as specified in this section. ANNEX A1 – APPENDIX 1

Qualification Standards in Relation to Official Languages

<http://www.tbs-sct.gc.ca/gui/squn03-fra.asp>

Introduction

These qualification standards apply to positions requiring the use of both official languages – English and French. They define the levels of proficiency for each of the three (3) language skills:

- written comprehension in the second official language
- written expression in the second official language
- oral proficiency in the second official language

There are two (2) types of language qualifications for bilingual positions:

- general second official language qualifications—A, B or C
- specific language qualifications requiring code P

Official language qualifications are identified objectively and are relevant to the duties and responsibilities of the position as it relates to communications with and services to the public and language of work.

The Web-based tool, [Determining the Linguistic Profile of Bilingual Positions](#), is available to help managers establish the linguistic profile of positions. A printable final report presents the profile and the functions associated with a particular position.

Application

These standards apply to all institutions subject to Schedules I and IV of the *Financial Administration Act*.

Related requirements

Institutions also apply the following requirements:

- *Policy on Official Languages for Human Resources Management* – for institutions subject to Parts IV, V and VI as well as section 91 of the *Official Languages Act*
- *Directive on the Staffing of Bilingual Positions* – for institutions subject to the *Public Service Employment Act*
- *Directive on the Linguistic Identification of Positions or Functions* – for institutions subject to Schedules I and IV of the *Financial Administration Act*

General second official language qualifications

Second official language qualifications and proficiency levels are identified objectively and are relevant to the duties and responsibilities of the position as it relates to communications with and services to the public and language of work.

Tests used to assess proficiency levels for general second language qualifications—A, B, or C—in written comprehension, written expression and oral proficiency are prescribed by the Public Service Commission.

These tests and standards apply to all occupational groups.

There are three (3) levels of proficiency for general second official language qualifications:

- A (lowest)
- B
- C (highest)

They are cumulative:

Level	A	B	C
Can accomplish:	Tasks at level A	Tasks at level A Tasks at level B	Tasks at level A Tasks at level B Tasks at level C

When a skill is not required, a dash ("-") is used in the linguistic profile instead of a proficiency level.

There are also two (2) additional possible language test results: X and E.

Individuals obtaining an X are demonstrating that their performance does not meet the minimum requirements for Level A for this ability.

Individuals obtaining an E are exempted indefinitely from further language testing for this ability. It is granted to persons whose second language test performance indicates that they can be expected to maintain their second language proficiency at Level C indefinitely.

An exemption is not a proficiency level and is not listed in the linguistic profile of bilingual positions.

- give simple instructions
- give uncomplicated directions related to routine work situations

People at this level make many errors and have deficiencies in grammar, pronunciation, vocabulary and fluency, which may interfere with the clarity of the message. A person at this level would have a limited ability to deal with situations involving hypothetical ideas.

A person at this level should not be expected to cope with situations that are sensitive or that require the understanding or expression of subtle or abstract ideas.

Examples

A person at this level can carry out the activities of level A and can also:

- give and follow straightforward instructions or explanations about how work is to be done, what information is needed and what steps or alternatives are to be followed
- give factual accounts of actions taken or events that have occurred
- handle requests for routine information from other employees or members of the public, either by telephone or in face-to-face conversations (e.g. about such things as services, publications or staffing actions)
- take part in departmental or interdepartmental meetings regarding factual, concrete and non-routine topics, and/or informal meetings or work sessions
- deliver presentations on concrete topics, and answer factual follow-up questions
- answer the telephone, understand simple requests, redirect calls as appropriate, and/or explain to others how to complete a form

Oral proficiency in the second official language – Level C

Standard description

A person speaking at this level can:

- support opinions; and
- discuss hypothetical and conditional ideas

A person at this level will not have the ease and fluency of a native speaker and may have deficiencies in pronunciation, grammar, and vocabulary. These deficiencies rarely interfere with communication.

Examples

A person at this level can carry out activities at levels A and B and can also:

- give and understand explanations and descriptions involving complicated details, hypothetical questions, or complex and abstract ideas
- give and understand detailed accounts of events, actions taken, or procedures to be followed
- discuss and explain policies, procedures, regulations, programs and services relating to an area of work
- deal with situations requiring persuasion/negotiation and complex arguments, and/or the seamless exchange of ideas in both official languages
- deliver presentations on complex topics, and answer follow-up questions and/or conduct training sessions
- counsel and give advice to employees or clients on sensitive or complex issues
- participate as a member of a selection board, interview board, or assessment team as an integral part of the job functions

The purpose of this Statement of Work is to define the French and English second language training services required based on the CSPS's training programs. The Offeror must provide part-time group training* for federal employees (learners) designated by the Identified User (IU), in all regions other than the National Capital Region (NCR), at levels A, B and C of the Qualification Standards in Relation to Official Languages described in Appendix 1, upon request by federal institutions, as indicated in the call-up.

* See the appropriate Section II for a full definition of each mode of training.

2.1 Training format

The training is structured as follows:

PART-TIME GROUP TRAINING

Work stream 3: Part-time group training in French at the Offeror's facilities

Work stream 4: Part-time group training in French at a federal institution

Work stream 5: Part-time group training in English at the Offeror's facilities

Work stream 6: Part-time group training in English at a federal institution

2.2 Delivery method

The Offeror must provide in-class teaching using the CSPS training programs for the work streams identified in Section II. In addition, the Offeror is obligated to provide the deliverables indicated in Annex A2, Section II and Section III.

The Offeror must also ensure that the requirements of this Statement of Work are not modified further to a request from learners; for example, a request to receive training outside the business days listed in Section II of this document.

The Offeror must use the teacher's version of the CSPS programs (PFL2 and CEWP), which are installed on the CSPS ILMS computer platform (MyAccount).

3.0 Type of learner

Learners receiving learning services have the following objectives:

- to develop their second language skills
- to retain their second language skills

4.0 Language of communication with learners

The training welcome session, during which instructions are given to learners, will be held in the first language (English or French) of those present.

For matters associated with facilitating the communication and understanding of the learner's learning capacity, the Offeror must communicate with the learner in the official language (English or French) of the learner's choice.

5.0 CSPS training programs

Every CSPS training program referred to in work streams 3 includes specific objectives and/or modules. A descriptive list of these objectives can be found in Appendix 4 of this Annex.

6.0 Qualification standards in relation to official languages (OLs)

Once the training is finished, the learner must demonstrate, if required, through a second language evaluation test administered by the Public Service Commission (PSC) of Canada, that he or she is proficient in the language at the target level (A, B or C) for the following language skills: reading, writing and oral proficiency. Tests are administered by the PSC or a federal institution that has obtained a delegation of authority from the Commission to administer them.

For the purposes of this document, the "qualification standards" are synonymous with "proficiency levels" or "proficiency level standards" and are identified in Appendix 1 of this Annex. They can also be found at the following Web site address: <http://www.tbs-sct.gc.ca/gui/squn03-eng.asp>.

7.0 Learner language learning plan

A language learning plan is not required. The IU determines the learning level on the basis of any SLE test results and the candidate's self-assessment. At the request of the federal institution, CSPS can evaluate the candidate's knowledge in order to determine his or her learning level.

8.0 Course loading activities

There will be two (2) course loading options. The first will be a fixed date registration system. The second option will allow the IU to create its own custom groups, in compliance with the requirements of this SO.

1. By registration: Courses will begin on fixed dates, as follows: the third Monday in September, the third Monday in January and the third Tuesday in May. The Offeror must create a group when at least four (4) requests have been received for the same date in the course schedule, for learners at the same learning level.

The IU must register its employee(s) in the desired learning level (beginner, intermediate or advanced) following the employee(s)' assessment or self-assessment, by issuing a call-up. The Offeror must receive the call-up no later than ten (10) business days before the start of the session.

The Offeror must create a group when at least four (4) requests have been received for the same date in the course schedule, for learners at the same learning level of the program. The Offeror must create groups that meet the requirements of article 3 of Annex

A2 – Statement of Work. The TA reserves the right to verify the composition of the groups.

The Offeror must place between four (4) and eight (8) learners in each group. Wherever possible, the Offeror must place all the candidates in groups. For example, if seventeen (17) learners register, the Offeror cannot create two (2) groups of eight (8) learners and not place one candidate, but rather must create two (2) groups of five (5) and one group of seven (7) learners.

If the Offeror receives a call-up less than ten (10) business days before the start of the session, the Offeror may accept it and add the candidate to an existing group, or refuse the registration. In both cases the Offeror must inform the TA.

2. Custom: the IU may create its own groups and register them with the Offeror at the desired training start step or based on a training schedule determined by the IU.

When the Offeror receives a request, the Offeror must submit, within 48 hours, the composition of these groups to the TA for approval along with the list of learners who have not been **placed** in a group, if any, and then inform the IU's Project Authority.

Offerors are responsible for course loading for Option 1, but the TA reserves the right to verify the composition of the groups. The TA must be informed of all changes made during the session.

Call-ups

The IU must consult PWGSC web site entitled "Official languages training services of Canada" at this address <http://www.tpsgc-pwgsc.gc.ca/app-acq/sflo-olts/index-eng.html> to find out which Offeror has been selected for each geographic area..

If an IU issues a call-up to an offeror other than the one identified by PWGSC, the IU may be removed from the list of IUs having access to the SO and PWGSC may take performance corrective measures or other action against the Offeror.

9.0 SLE test scheduling

For learners who must take SLE tests, the IU will make the necessary arrangements with the PSC or its representatives and will provide the learner and the Offeror with the test date.

10.0 Learner training location

Training must be provided at the Offeror's facilities, with or without accommodation, or at federal institutions. Facilities must meet the requirements set out in the Statement of Work. The Offeror is responsible for providing all the necessary tools to deliver training programs as specified in Annex A2 – Statement of Work, Section II, article 6. For training delivered at the Offeror's facilities, the facilities must be located:

Language Training		
Location of Service Delivery		
Region	Provinces or Territories Covered	Geographic Areas
Quebec	Quebec, excluding the National Capital Region	Quebec City (including its boroughs)
		Greater Montreal (including the North Shore and the South Shore)
		Saguenay (including its boroughs)
		Shawinigan, including (including its boroughs)
		Saint-Jean-sur-Richelieu
		CFB Bagotville
		CFB Valcartier

*For the purposes of this Standing Offer, the applicable accommodations are those that enable persons with limited mobility to access the premises where the training will take place, the room, the sanitary facilities and other areas made available to all learners. An Offeror that identifies itself in this category must accept all call-ups requiring accommodations.

Apart from these measures, the Offeror will not be asked to provide auxiliary services or adaptive technology. Such requirements will be the responsibility of the learner's federal institution.

PART-TIME GROUP TRAINING

Work stream 3: Part-time group training in French at the Offeror's facilities

Work stream 4: Part-time group training in French at a federal institution

Work stream 5: Part-time group training in English at the Offeror's facilities

Work stream 6: Part-time group training in English at a federal institution

ANNEX A2 – SECTION II

Work stream 3: Part-time group training in French at the Offeror's facilities

Work stream 4: Part-time group training in French at a federal institution

Work stream 5: Part-time group training in English at the Offeror's facilities

Work stream 6: Part-time group training in English at a federal institution

If the Offeror's offer includes training services at a federal institution, none of the requirements relating to the Offeror's facilities apply and vice versa. The same applies to the Offeror's facilities that provide accommodations, i.e. if the Offeror's offer includes training services at its facilities, and these facilities provide accommodations, as defined in article 10.0 of Section 1, all stipulations relating to accommodations at the Offeror's facilities apply to the Offeror.

1.0 Type of training provided

There will be two (2) possible options for part-time training. The first will be to register for scheduled sessions. The second option will allow the IU to create a group and determine the schedule and number of hours required, not exceeding 14 hours per week.

Part-time group training must be delivered from Monday to Friday, except on federal government statutory holidays* and on provincial holidays in the province where the training is being given. Training must not be delivered between December 25 and January 1. This pedagogical break may be subject to TA approval.

For scheduled courses, SOWs provide for three (3) sessions per year, in two (2) types of sessions:

- three (3) hours per week
- six (6) hours per week, divided into two (2) sessions of three (3) hours each, delivered on two (2) different days.

For groups created by the IU, the number of hours and sessions per week will be defined in the call-up, complying with the following parameters:

- sessions of a minimum of two (2) consecutive hours
- maximum of fourteen (14) hours of training per week

*See glossary in Appendix 3.

2.0 Training delivery days

The Offeror must be prepared to deliver training services up to 240 days per year.

For scheduled courses, the Offeror must provide 3-hour training sessions, between 7:30 a.m. and 5:00 p.m., with a 15-minute break per session. This training does not include any self-directed learning (SDL) period.

For groups created by the IU, the schedule will be stated in the call-up. The training must take place between 7:30 a.m. and 5:00 p.m.

The pedagogical advisor and teaching resources must be ready to begin class on time, every day.

3.0 CSPS training programs

The training methods, course configurations and related material designed by the CSPA and referred to below are defined as "training programs," "programs" or "CSPA training programs."

Offerors must use one of the CSPA training programs listed below. CSPA programs are based on a communicative approach and adult education principles. The Offeror can, however, use additional activities to supplement or enhance those of the CSPA and meet the learners' needs. The complementary activities may be subject to TA approval. They must not replace the programs and must be consistent with the training objectives and may be subject to TA approval.

The Offeror must use the following teaching practices:

1. Communicative Approach
 - Encourage learners to communicate in the language being taught
 - Maximize the learners' speaking time
 - Have the learners practice the taught matter in communication situations that are relevant to them
 - Choose varied activities relevant to the learners
 - Use authentic documents
 - Adjust the correction of errors on the basis of activity objectives and learner needs
2. Adult education principles
 - Provide plans for group activities and self-directed learning
 - For each activity, give instructions and describe the process by specifying:
 - what the learners must do
 - the duration of the activity
 - the anticipated outcome
 - the materials and tools to be used
 - For each activity, indicate the objective by specifying:
 - the knowledge or know-how that the activity is intended to develop
 - the link between the objective of the activity and the training objective
 - Provide learners with regular feedback on their strengths and the areas that need work in relation to the targeted objectives
 - Take into account the needs, interests and experience of learners, as well as different learning styles, while conducting the activities

The following are the CSPA training programs:

- For French: Programme de français langue seconde, Levels A and B (PFL2 A and B), Programme de français langue seconde, Level C (PFL2 C)
- For English: Communicative English at Work Program (CEWP), Levels A, B and C

3.1 The PFL2 programs

The CSPA PFL₂ A and B and PFL₂ C are the programs for language training in French. They cover proficiency levels A, B and C and enable learners to acquire the skills necessary to interact in French in the workplace and in everyday situations.

PFL2 A and B consist of forty (40) training objectives and are designed to ensure that the learner achieves level B proficiency.

PFL2 C includes two (2) preparatory sessions and four (4) modules, and is designed to ensure that the learner achieves level C proficiency.

The programs include self-directed learning material for developing listening, reading, writing and speaking skills. These materials are available on the MyAccount platform. Learners can use self-directed learning materials as needed outside training hours.

3.2 The CEWP program

The CSPA CEWP is the program for language training in English. It covers proficiency levels A, B and C and enables learners to acquire the necessary skills to interact in English in the workplace and in everyday situations.

More specifically, the program material is entitled:

- “Interface Canada” for levels A and B; and
- “Interaction Canada” for level C.

“Interface Canada” consists of seventy-six (76) main objectives grouped into eight (8) workbooks: 1 to 3 for level A and 4 to 8 for level B.

“Interaction Canada” consists of twenty (20) main objectives and twenty (20) specific objectives, grouped into four (4) sessions for level C.

The program includes self-directed learning material for developing listening, reading, writing and speaking skills. These materials are available on the MyAccount platform. Learners can use self-directed learning materials as needed outside training hours.

CSPS is working on updating the CEWP. Once the program has been updated, the Offeror will be required to use the new version of the program.

The training objectives of the PFL2 and CEWP programs are identified in Appendix 4 of this Annex.

3.3 Learning levels

Program: PFL2 A, B and C and CEWP A, B and C Learning levels		Number of learners per group
Beginner level	Step 1	4 to 8 (PFL2)
	Step 2	
Intermediate level	Step 3	
	Step 4	
Advanced level	Step 5	4 to 8 (CEWP)
	Step 6	

The duration of the sessions will be 12 weeks, or 36 or 72 hours. For groups created by the IU, the duration of the sessions will be stated in the call-up.

4.0 Second language evaluation (SLE) tests

Should a learner require a second language evaluation (SLE) test, the IU must set a date and make the necessary arrangements so that the learner can take the SLE tests.

For the test of oral proficiency (TOP), this date will come at the end of step 4 for learners targeting level B and at the end of step 6 for learners targeting level C, or at a time chosen by the IU. For the reading tests and the test of written expression (RT and TWE) this date will be at the start of step 4 for learners in the level B program and at the end of the preparatory sessions for learners in the level C program, or at a time chosen by the IU.

The tests are administered by the Public Service Commission of Canada or by institutions that have received a delegation of authority from the Commission to administer them. The IU must inform the Offeror and the learner when the test date has been scheduled.

5.0 Training materials

The Offeror is responsible for acquiring all hard copy and/or electronic materials for the CSPS training programs and any additional CSPS program materials it deems necessary.

Should the Offeror elect to provide CSPS training program materials in hard copy format, it must

distribute all original materials to the teaching resources, pedagogical advisors and learners. Materials given to learners must be their property. The Offeror may provide photocopies only if the original material is not available from Government of Canada Publications and only by obtaining prior authorization from the TA.

Should the Offeror elect to provide CSPS training program materials in electronic format, the Offeror must for that purpose equip each classroom with at least one computer with internet access and a projector or flat-screen television connected to it.

The following CSPS training program materials must be ordered from the Government of Canada Publications Web site, at <http://publications.gc.ca>:

Required materials for levels A and B in French:

- OFs 1 to 40 (40 workbooks)
- Consolidations 1 to 4 (4 workbooks)
- Auto-évaluations 1 to 4 (4 workbooks)

Required materials for level C in French:

- Sessions préparatoires 1 and 2 (2 workbooks)

Required materials for levels A and B in English:

- Interface Canada, Student's Books 1 to 8

Required materials for level C in English: none

The Offeror is not obligated to purchase the four (4) PFL₂ C modules or the CEWP C, as they are not available in print format through Government of Canada Publications. However, they are available on MyAccount and the four (4) PFL₂ C modules are available for purchase from Government of Canada Publications in DVD format. Learners can print them, in whole or in part, if they wish to do so.

Learners must ensure that they have access to MyAccount. If they have not registered, they can do so at the following page: <http://www.cspsefpc.gc.ca/acc/index-eng.asp>.

6.0 Facilities

6.1 Federal institution facilities

Federal institutions are responsible for providing appropriate facilities for training, with characteristics similar to those mentioned in the following clause (6.2).

6.2 The Offeror's facilities

For each group, the Offeror must provide training at facilities that meet the requirements set out herein. If the Offeror is required to change facilities or classrooms, it must immediately notify the SO Authority and the TA, and the new facilities and classrooms must meet the requirements set out under clause 6.2 of this section.

The Offeror must ensure that facilities meet the requirements of applicable municipal, provincial and federal statutes, policies and standards. The Offeror understands and agrees that the TA and/or the SO Authority may inspect the Offeror's facilities at any time without prior notice.

The Offeror must respond to all complaints regarding the facilities filed in writing by the SO Authority or the TA. The Offeror must respond no later than 48 hours after a notice of a complaint has been given to the Offeror.

It is preferable for the Offeror's facilities to be located near a public transportation stop.

It is preferable for learners to have access to free parking at the Offeror's facilities.

6.2.1 Classrooms

For each part-time group, the Offeror must provide a reasonably soundproofed classroom that is at least 300 square feet (91.44 square meters) and has all the furnishings and materials needed for language training, i.e., a wall chart, tables, chairs for the learners and the teaching resource, lighting, heating and a space to store notebooks and coats. The classroom will be a distinct closed room. Offerors that have facilities with accommodations must provide classrooms consistent with the accommodations required for a learner, as indicated in the call-up. If the Offeror's classrooms are being used for a first time under this SO, they must be ready at least five (5) business days before the start of training.

The Offeror can consult the TA for any questions pertaining to the selection or appropriate layout of classrooms for language training.

6.2.2 Photocopier

A black and white photocopier must be made available to learners, at no additional cost to Canada. However, the Offeror can, by giving learners advance notice, limit the number of photocopies to a maximum of 20 pages per learner per month. Anything exceeding that number could be charged to the learners using this service. These costs must be clearly indicated at the beginning of the training.

Learners should not be required to print the materials which the Offeror is required to make available to them as part of the training program.

6.2.3 Environmental requirements

In support of the green procurement effort, the Offeror must ensure that:

- all printers and photocopiers used for the purposes of this SO are programmed by default to print in black and white on both sides of the paper, and preferably meet ENERGY STAR or equivalent standards regarding energy efficiency.
- the paper used contains at least 30% recycled materials and/or is certified as originating from a sustainably managed forest.
- environmentally friendly ink or recycled ink cartridges are used in printers, fax machines and photocopiers. It is strongly recommended that the used ink cartridges can be returned to the manufacturer for reuse or recycling.
- recycling bins for paper, newsprint and plastic and aluminum containers are available to learners and are emptied regularly, where this service is available, in compliance with the local recycling programs.

In addition, it is preferable that cleaning products used with this equipment be biodegradable and not harmful to the environment.

The federal government reserves the right to conduct inspections by visiting the Offeror's facilities, if necessary, to ensure that efforts in environmental matters are maintained.

7.0 CSPS support to Offeror

7.1 Familiarization sessions

Following the authorization of the SO, the Offeror must provide the TA with the names of the pedagogical advisors and teaching resources designated to perform the work in response to one or more call-ups, as well as written confirmation from the Offeror that the teaching resources meet the requirements set out in clause 10.2, Section II of Annex A2, Statement of Work. These resources must attend Part 1 of the familiarization sessions, as detailed in clause 7.1.1 of this

section (on approval of the TA, teaching resources with experience in CSPS language training programs may also attend the familiarization session). When the TA considers it necessary, pedagogical advisors must also attend Part 3, in addition to Parts 1 and 2, to become familiar with their roles and responsibilities.

The purpose of these sessions is to enable the teaching resources and pedagogical advisors to use CSPS training programs and assessment tools in order to meet the requirements of the SO for providing training services. Only the CSPS will provide these familiarization sessions, and the decision to provide them is solely the responsibility of the CSPS. The Offeror must register the resources for each session through the TA. The CSPS must offer these sessions at no cost to the Offeror. However, the Offeror must assume any other expenses related to the participation of its resources in familiarization sessions, such as compensation for the resources.

Teaching resources and pedagogical advisors must attend the familiarization sessions, unless the TA feels that they already have the necessary familiarity with the programs in question. If a resource is used to deliver English and French programs, the resource must attend the applicable familiarization sessions for each program.

Only duly trained teaching resources and pedagogical advisors, i.e. those who have taken the familiarization sessions on CSPS training programs and have received the written confirmation from the TA, can deliver training services, except under the following circumstances, with prior written approval from the TA:

- the Offeror's capacity to provide teaching resources and pedagogical advisors who have been trained in CSPS training programs is exhausted because of the extreme procurement demand imposed by the IU or other IUs in other call-ups pursuant to this or other SOs in the same region in response to RFSO EN578-093429/A;
- a call-up is issued before the familiarization sessions have been provided; or
- there is an unforeseen need to replace a teaching resource or a pedagogical advisor.

In these three (3) cases, the teaching resources and pedagogical advisors can deliver training services only up until the day prior to the scheduled start date of the next familiarization session, i.e. Part 1 for teaching resources and pedagogical advisors who have not attended any familiarization sessions, or Part 2 for pedagogical advisors who have already attended Part 1.

However, the pedagogical advisor must provide an in-house session about the program(s) before the teaching resource goes to the classroom. The minimum content to be covered in this session is listed in Appendix 6. The Offeror must inform the TA of the dates scheduled for the training session provided by the pedagogical advisor. The TA may attend this session. The Offeror must register the teaching resource(s) and pedagogical advisor(s) for the next familiarization session given by the CSPS in order to continue to provide training services thereafter.

7.1.1 Part 1 – Familiarization session on the PFL2 A and B, PFL2 C and CEWP training programs

The duration of the familiarization sessions offered on CSPS training programs must be as follows: five (5) days for Part 1.1, for training program levels A and B (prerequisites to the level C familiarization session), and one (1) day for Part 1.2 for the level C training program. The TA can change the duration of the sessions at any time.

These sessions must be provided for all teaching resources and pedagogical advisors who meet the requirements set out in Annex A2, Section II, article 10.0.

The sessions are expected to be given by the CSPA in class or virtually. The TA is the only Authority who can establish the schedule for the sessions; the TA can also alter their mode of delivery at any time.

At the end of each familiarization session, the CSPA will provide each participant with a written document confirming their completion of the session (level A and B program or level C program). After receiving this document, the teaching resource will be able to deliver CSPA training programs, and the pedagogical advisor may attend familiarization session Part 2.

After the familiarization sessions, the TA may assess the teaching to verify whether the Offeror's resources are complying with the instructions given at the sessions. If the observed teaching does not comply with these instructions, the Offeror must conduct a follow-up, which may include registering the teaching resource to take the familiarization session again in whole or in part. If the teaching is still not consistent with the instructions at a second evaluation by the TA, the teaching resource will no longer be able to teach under this Standing Offer. If three (3) or more teaching resources are withdrawn from the CSPA programs for this reason during a 12-month period, the TA, together with the Standing Offer Authority, may take corrective measures against the Offeror, even up to suspending the SO for one or more sessions.

7.1.2 Part 2 – Familiarization session on the roles and responsibilities of the Offeror's pedagogical advisors, with respect to this SO

The CSPA will, where it deems it necessary, provide a familiarization session on the roles and responsibilities of the Offeror's pedagogical advisors. The session would be no more than one day in length and the CSPA reserves the right to determine the session schedule in order to meet the requirement in a timely manner. The session may be provided in class, virtually or through another mode chosen by the TA.

7.1.3 Location of familiarization sessions

At the discretion of the Technical Authority (TA), the familiarization sessions for teaching resources and pedagogical advisors will be held at CSPA facilities or virtually and may be provided at the Offeror's facilities. Participants will still have the option to attend the sessions virtually to minimize travel costs for the Offeror. The CSPA will not charge offerors any fees for the familiarization sessions. The Offeror will be responsible for all of its resources' travel expenses (meals, travel, etc.), at no additional cost to Canada.

7.2 Pedagogical sessions

Pedagogical sessions may be provided by the TA for teaching resources and pedagogical advisors if the TA deems it necessary. Teaching resources and pedagogical advisors must attend these sessions. The sessions will be scheduled in the morning and/or afternoon and be up to 7 hours in length. If the sessions are scheduled during class time, the Offeror must replace the teaching resources, unless otherwise indicated by the TA. If the teaching resources are not replaced during the pedagogical sessions, learners will work independently during these sessions. Teaching resources must therefore assign learners work, which will be checked when they return from the pedagogical session.

The TA is under no obligation to deliver additional pedagogical sessions with a view to correcting the Offeror's shortcomings.

The sessions will be held at the Offeror's or a federal institution's facilities or virtually, as determined by the TA. The Offeror is responsible for all of its resources' travel expenses, at no additional cost to Canada.

8.0 Specific resource services

8.1 Pedagogical advisors

The Offeror must assign dedicated primary pedagogical advisors. “Dedicated” refers to the assignment of resources on the basis of the ratios shown below.

The Offeror must assign one (1) primary pedagogical advisor for every ten (10) part-time groups. With the approval of the TA, teachers may perform a percentage of their work as an advisor for courses other than theirs. If the Offeror is issued more than one standing offer for a number of work streams, the Offeror may assign a primary pedagogical advisor to more than one work stream in accordance with the ratios listed below:

$$\begin{aligned} & \text{number of full-time groups} \div 10 \\ & + \text{number of full-time individuals} \div 30 \\ & + \text{number of part-time groups} \div 50 \\ & + \text{number of part-time individuals} \div 100 \\ & = 1 \text{ for one full-time pedagogical advisor's maximum load} \end{aligned}$$

For example, if the Offeror sets up training for 75 part-time groups, one primary pedagogical advisor will have to be assigned for the first 50 groups and a second primary pedagogical advisor for the remaining 25 groups. The second pedagogical advisor could also be assigned responsibility for up to 5 full-time groups, 15 full-time learners in individual training or 50 part-time learners in individual training.

The Offeror must adhere to the ratios for all the work streams for which it was issued a standing offer against which call-ups have been issued.

The Offeror must also assign one (1) backup pedagogical advisor for every three (3) primary pedagogical advisors. A primary pedagogical advisor cannot be proposed as a backup pedagogical advisor and vice versa, whether in the same work stream or in another work stream. With the approval of the TA, teachers may perform a percentage of their work as a backup advisor for courses other than theirs.

8.1.1 Supervision by the pedagogical advisor

8.1.1.1 Teaching evaluation report (Appendix 5 – Annex A2)

The pedagogical advisor must conduct at least one (1) observation per session for each teaching resource under the pedagogical advisor's responsibility to ensure that courses are being delivered in accordance with training program requirements and that teaching methods are consistent with adult education principles.

The pedagogical advisor must plan classroom teaching observation sessions. With the approval of the TA, virtual (remote) observation sessions may be used when courses are held in regions that are far from the pedagogical advisor's place of work. The pedagogical advisor can conduct additional observations if necessary.

For each visit or remote observation session, the pedagogical advisor must record his or her observations in a written report and submit it to the TA, no later than three (3) business days after the visit. The TA may require two (2) or more classroom visits, or remote observation sessions, per session if the TA feels that the teaching resource requires specific support. For virtual teaching observation sessions, the TA may request additional information as needed (e.g., photos of the facilities).

The following items must be addressed in each report:

- Effective use of training programs
 - clear presentation of the training objectives
 - choice of activities meeting the needs of the group
- Corrections consistent with adult education principles
- Clear, concise explanations
- Group dynamics conducive to learning
 - learner participation

The TA can, at its discretion, verify the report and ensure that the Offeror has taken appropriate corrective measures.

When pedagogical shortcomings are observed or pointed out, the Offeror must perform a follow-up with the teaching resource, including an evaluation, using the Teaching Evaluation Report template (Appendix 5 of Annex A2, Statement of Work), followed by:

- i. Feedback for the teaching resource following in-class observation
- ii. Implementation of an action plan to improve teaching techniques for all the Report criteria for which the rating obtained is less than 3. The action plan could include, but is not limited to:
 - training sessions given by a pedagogical advisor
 - pairing with an experienced teaching resource
 - coaching
- iii. Verification that action plan objectives have been met

8.1.1.2 Pedagogical advisor's action in response to a complaint or for an intervention with learners

The pedagogical advisor must conduct all learner interventions, upon the request of a learner, the TA or the IU's Project Authority, and must submit an intervention report to the IU's Project Authority and, where applicable, to the TA, on the business day following the request.

The pedagogical advisor must intervene when a learner's behaviour (e.g. absenteeism, tardiness or difficulty with other learners or teaching resources) disrupts the group. The advisor must also ensure that classroom pedagogical practices are suited to learners' needs.

Following a complaint, the pedagogical advisor must provide the IU's Project Authority and, on request, the TA, with a detailed report on the teaching practices and proposed interventions. The report must be provided no later than two (2) business days after the pedagogical advisor becomes aware of the complaint, unless otherwise indicated by the TA.

8.1.1.3 Planning and reports

The pedagogical advisor must ensure that the plans and reports prepared by teaching resources meet requirements and learner needs. In the event of shortcomings or mistakes in the documents, the pedagogical advisor must assist the teaching resources to help them prepare satisfactory plans and reports. If requested by the TA or the IU's Project Authority, the pedagogical advisor must submit the plans, no later than two (2) business days following the request.

8.1.1.4 Welcome session for new learners

At the beginning of the learners' training, the pedagogical advisor must prepare and facilitate a welcome session. This session must cover at least the following: introduction to the training program delivery and the roles and responsibilities of the teaching resource and pedagogical advisor. This welcome session can be delivered by the pedagogical advisor or the teaching resource.

8.1.1.5 Replacement of pedagogical advisors

If a pedagogical advisor needs to be replaced, the Offeror must provide a backup pedagogical advisor who has completed the familiarization sessions listed in article 7 of this section, except in the three (3) cases set out in clause 7.1. The backup pedagogical advisor must be the first person considered for the replacement. If this is not possible, another pedagogical advisor will be considered for the replacement, with the approval of the TA. The proposed advisor must attend Parts 1 and 2 of the next familiarization session, if they have not already done so.

8.2 Teaching resources

The Offeror must ensure that teaching resources are ready to begin class on time, every day.

8.2.1 Replacement of teaching resources

In the event that a teaching resource must take an unexpected leave of absence, the Offeror must ensure an immediate replacement. Only teaching resources or pedagogical advisors who already meet the education and experience requirements set out in clause 10.2 of this section and who have already been trained by the TA on the use of the CSPS products applicable to the training programs listed in article 4 of this section can be backup teaching resources, as stipulated in clause 7.1.

However, if the teaching resource has not yet attended familiarization session Part 1, the Offeror must register the teaching resource for the next session offered by the CSPS in order to continue to provide training services.

The teaching resource will also be responsible for monitoring learners' learning performance and preparing end-of-session reports, as indicated in article 9.0 of this section.

The Offeror must inform the TA of any teaching resource replacements.

9.0 Quality assurance and specific performance measurements

For all reports referred to in this part and under Deliverables, (article 13 of this section), templates and familiarization sessions will be provided for the Offeror's teaching resources and pedagogical advisors.

9.1 Absence report

The teaching resource must record learner absences in the monthly absence report. All partial- and full-day absences must be recorded. Monthly absence reports must be initialled by the learners and submitted to the IU's Project Authority no later than five (5) business days after the end of each training month.

In addition, the Offeror must contact the IU's Project Authority if a learner is absent for three (3) consecutive classes. The Offeror must submit written notice to the IU's Project Authority the week following the third (3rd) consecutive absence.

9.2 End-of-session report (Annex A2 – Appendix 7)

The teaching resource must track the learners' performance in order to complete a learner performance assessment at the end of each session.

The pedagogical advisor must ensure that the learner end-of-session report duly completed and prepared by the teaching resource is sent to the IU's Project Authority and, if requested, to the TA, no later than ten (10) business days after the end of the session.

9.3 Learning performance monitoring and teaching quality assessment

9.3.1 In-class monitoring of teaching

The TA must conduct random in-class observations in order to ensure that the training is consistent with the requirements and adult education principles set out in this Standing Offer. If the observed teaching does not comply with these requirements, the Offeror must conduct a follow-up, which may include registering the teaching resource to take the familiarization session described in clause 7.1.1 of this section again, in whole or in part. If the teaching is still not consistent with the instructions at a second evaluation by the TA, the teaching resource will no longer be able to teach under this Standing Offer. If three (3) or more teaching resources are withdrawn from the CSPS programs for this reason during a 12-month period, the TA, together with the Standing Offer Authority, may take corrective measures against the Offeror, even up to suspending the SO for one or more sessions.

9.3.2 Language training Quality Assurance Measurement Tool (QAMT)

At the end of each session, the Offeror must have the learners fill out, electronically or on paper, as requested by the TA, the CSPS language training Quality Assurance Measurement Tool (QAMT) questionnaire with regard to their degree of satisfaction with the training received. The Offeror must inform the TA by email when the group members have completed it electronically or, if the QAMT has been completed on paper, must send the questionnaires to the TA.

The TA will inform the Offeror of any points that require intervention.

This measurement tool will be used to evaluate the teaching resources (teaching resources and pedagogical advisors), training program and teaching methods. The feedback and results obtained from this measurement tool will serve as a point of reference in order to take corrective measures to offset shortcomings identified by the QAMT and to deal with pedagogical issues having an impact on learner learning during the pedagogical sessions (see clause 7.2 of this section).

9.4 Recomposition of groups at the beginning of the session

In order to have more homogenous groups, the Offeror can modify the composition of groups after the training has started, but the maximum number of candidates defined in clause 3.3 of this section must be respected. The Offeror will base this decision on the in-class observations of the teaching resource and, as needed, on an assessment of the learners' acquired skills. The Offeror must inform the TA before any changes are made.

In addition, if, within the first two (2) weeks of the training, a learner informs the Offeror that the level of his or her group is not appropriate, the Offeror must, within two (2) training days, inform the TA and then the learner if a change of group is possible. This decision will be based on the in-class observations of the teaching resource and, as needed, on an assessment of the learners' acquired skills.

The TA will provide the Offeror with tools to assess the learners' acquired skills.

10.0 Education and experience requirements – Resources

All resources proposed by the Offeror must have mastered the language being taught and be sufficiently proficient in the other official language to explain basic concepts of the language being taught. The pedagogical advisor must be able to deliver the welcome session (see clause 8.1.1.5 of this section) and discuss with learners issues relating to their training in their first official language.

10.1 Pedagogical advisors

For all training modes, the TA (and the SO Authority, if applicable) is the only Authority who can verify and approve the qualifications of a pedagogical advisor.

The resources proposed to replace primary and backup pedagogical advisors must meet the mandatory qualification requirements set out below. The TA reserves the right to conduct an interview and perform any other verification necessary to evaluate the proposed resources, at no additional cost to Canada. The Offeror must not assign any proposed resource to perform the work before receiving written authorization from the TA.

The mandatory qualification requirements for pedagogical advisors do not include Parts 1 and 2 of the familiarization sessions on CSPA language training programs.

10.1.1 Primary and backup pedagogical advisors – Mandatory qualifications

All primary and backup pedagogical advisors must have at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed at an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalencies will be accepted.  - any other English or French as a second language adult education program.

As proof of education, an original document or a copy of the original certified true by the Offeror or a commissioner of oaths must be submitted by the Offeror, confirming each pedagogical advisor's level of education. If an original document is submitted, a copy must be made by the TA and returned to the Offeror after the offer evaluation process has been completed.

The Offeror must provide the following information to confirm the pedagogical advisor's experience: name of the client organization, name and telephone number of a contact person, number of hours of experience as a pedagogical advisor or teaching resource, and the start and end dates of the experience.

10.2 Teaching resources

The TA (and the Standing Offer Authority, if applicable) is the only Authority who can verify and approve the qualifications of a teaching resource. Only proposed teaching resources who meet the mandatory qualification requirements below will be considered acceptable.

The mandatory qualification requirements for teaching resources do not include Part 1 of the familiarization sessions on CSPS language training programs.

10.2.1 Teaching resources proposed for the first time and replacements – Mandatory qualifications

All teaching resources must hold at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed at an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalencies will be accepted. These institutions include the credential assessment services of the federal and provincial governments and the International Credential Assessment Service of Canada, as well as others recognized as credential assessment services for comparing degrees and diplomas to Canadian standards, identified on the Canadian Information Centre for International Credentials Web site:

10.2.1.2. Teaching resources in training

A teaching resource who does not have the experience described in **10.2.1.1** or who is in his or her last year of a bachelor's degree program at a recognized Canadian university will be considered a teaching resource in training. Teaching resources in training must be paired with experienced teaching resources until they have met the requirements of **10.2.1.1** and attended the familiarization sessions. Their progress will be constantly monitored by a pedagogical advisor. When the requirements of **10.2.1.1** have been met, the Offeror must inform the TA.

All teaching resources proposed for this SO must be evaluated by the Offeror's pedagogical advisor during the first month on the job, and a detailed report (see Appendix 5 – Teaching Evaluation Report) must be submitted to the TA on the first business day following month for review.

When teaching resources are proposed for the first time, the Offeror must provide the TA with proof of education in the form of a document confirming the level of education of all the teaching resources. The SO Authority may at any time require an original document or a true copy of the original certified by a commissioner of oaths.

The Offeror must also provide a certificate confirming each main teaching resource's experience. The certificate must provide the following information: name of the client organization, name and telephone number of a contact person, number of hours of experience as a teaching resource, and the start and end dates of the experience.

ANNEX A2 – APPENDIX 1

Qualification Standards in Relation to Official Languages

<http://www.tbs-sct.gc.ca/gui/squn03-eng.asp>

Introduction

These qualification standards apply to positions requiring the use of both official languages – English and French. They define the levels of proficiency for each of the three (3) language skills:

- written comprehension in the second official language
- written expression in the second official language
- oral proficiency in the second official language

There are two (2) types of language qualifications for bilingual positions:

- general second official language qualifications—A, B or C
- specific language qualifications requiring code P

Official language qualifications are identified objectively and are relevant to the duties and responsibilities of the position as it relates to communications with and services to the public and language of work.

The Web-based tool, Determining the Linguistic Profile of Bilingual Positions, is available to help managers establish the linguistic profile of positions. A printable final report presents the profile and the functions associated with a particular position.

Application

These standards apply to all institutions subject to Schedules I and IV of the *Financial Administration Act*.

Related requirements

Institutions also apply the following requirements:

- Policy on Official Languages for Human Resources Management – for institutions subject to Parts IV, V and VI as well as section 91 of the *Official Languages Act*
- Directive on the Staffing of Bilingual Positions – for institutions subject to the *Public Service Employment Act*
- Directive on the Linguistic Identification of Positions or Functions – for institutions subject to Schedules I and IV of the *Financial Administration Act*

General second official language qualifications

Second official language qualifications and proficiency levels are identified objectively and are relevant to the duties and responsibilities of the position as it relates to communications with and services to the public and language of work.

Tests used to assess proficiency levels for general second language qualifications—A, B, or C—in written comprehension, written expression and oral proficiency are prescribed by the Public Service Commission.

These tests and standards apply to all occupational groups.

There are three (3) levels of proficiency for general second official language qualifications:

- A (lowest)
- B
- C (highest)

They are cumulative:

Level	A	B	C
Can accomplish:	Tasks at level A	Tasks at level A Tasks at level B	Tasks at level A Tasks at level B Tasks at level C

When a skill is not required, a dash ("-") is used in the linguistic profile instead of a proficiency level.

There are also two (2) additional possible language test results: X and E.

Individuals obtaining an X are demonstrating that their performance does not meet the minimum requirements for Level A for this ability.

Individuals obtaining an E are exempted indefinitely from further language testing for this ability. It is granted to persons whose second language test performance indicates that they can be expected to maintain their second language proficiency at Level C indefinitely.

An exemption is not a proficiency level and is not listed in the linguistic profile of bilingual positions.

ANNEX A3 - SECTION I - REQUIREMENTS

1.0 Background This section applies to all work streams.

Second language training in Canada's official languages is provided for federal employees in compliance with the provisions of the *Official Languages Act*.

1.1 General mandate of the Canada School of Public Service (CSPS) through its Language Training Directorate:

- 1.1.1 Ensure quality language training through input and participation in the selection of second-language training offerors.
- 1.1.2 Participate in the development of the offerors' language training capacity in response to demand from the federal government.
- 1.1.3 Design and provide access to learning products (integrated learning), such as the computerized MyAccount Integrated Learning Management System (ILMS).

2.0 Training

The purpose of this Statement of Work is to define the French and English second language training services required based on the CSPS's training programs. The Offeror must provide full-time and part-time* training for federal employees (learners) designated by the Identified User (IU), in all regions other than the National Capital Region (NCR), at levels A, B and C of the Qualification Standards in Relation to Official Languages described in Appendix 1, upon request by federal institutions, as indicated in the call-up.

*See Section II for a full definition of each format and mode of training.

2.1 Training format

The training is divided in to two (2) main work streams.

Each main work stream is subdivided as follows:

FULL-TIME INDIVIDUAL TRAINING

Work stream 7A: Full-time individual training in French at the Offeror's facilities
Work stream 7B: Full-time individual training in French at a federal institution
Work stream 8A: Full-time individual training in English at the Offeror's facilities
Work stream 8B: Full-time individual training in English at a federal institution

PART-TIME INDIVIDUAL TRAINING

Work stream 9A: Part-time individual training in French at the Offeror's facilities
Work stream 9B: Part-time individual training in French at a federal institution
Work stream 10A: Part-time individual training in English at the Offeror's facilities
Work stream 10B: Part-time individual training in English at a federal institution

2.2 Delivery method

The Offeror must provide in-class teaching using the CSPS training programs for the work streams identified in Section II. In addition, the Offeror is obligated to provide the deliverables indicated in Annex A3, Section II, relevant to the work stream for which the Offeror is providing Training Services, and Section III.

The Offeror must also ensure that the requirements of this Statement of Work are not modified further to a request from learners; for example, for full-time training, a request to receive training outside the business days listed in Section II of this document.

The Offeror must use the teacher's version of the CSPA programs (PFL2 and CEWP), which are installed on the CSPA ILMS computer platform (MyAccount).

3.0 Type of learner

Learners receiving learning services have the following objectives:

- to acquire skills to meet the language requirements of their positions
- to develop their second language skills
- to retain their second language skills

4.0 Language of communication with learners

The training welcome session, during which instructions are given to learners, will be held in the first language (English or French) of those present.

For matters associated with facilitating the communication and understanding of the learner's learning capacity, the Offeror must communicate with the learner in the official language (English or French) of the learner's choice.

5.0 CSPA training programs

Every CSPA training program referred to in work streams 2 and 4 includes specific objectives and/or modules. A descriptive list of these objectives can be found in Appendix 4 of this Annex.

6.0 Qualification standards in relation to official languages (OLs)

Once the training is finished, a learner who needs to meet the language requirements of a position must demonstrate, through a second language evaluation test administered by the Public Service Commission (PSC) of Canada, that he or she is proficient in the language at the target level (A, B or C) for the following language skills: reading, writing and oral proficiency. Tests are administered by the PSC or a federal institution that has obtained a delegation of authority from the Commission to administer them.

For the purposes of this document, the "qualification standards" are synonymous with "proficiency levels" or "proficiency level standards" and are identified in Appendix 1 of this Annex. They can also be found at the following Web site address: <http://www.tbs-sct.gc.ca/gui/squn03-eng.asp>.

7.0 Learner language learning plan

Language learning plans are developed by the CSPA's Language Learning Plan Unit at the request of federal institutions and are mandatory for full-time training.

The CSPA will provide the federal institution with the learner's language learning plan. The federal institution can then enroll the employee in the recommended training objective (TO).

Language learning plans are developed in accordance with the standards prescribed by the CSPA. For full-time group training, they include the following information:

- target language
- target level

- recommended initial step
- learning pace
- estimated duration required to reach the target level
- recommended program: short or long
- steps required to reach the target level

The plan may include a recommendation for the learner to review certain concepts before the start of training.

In developing the learning plan, the CSPA will prepare a pedagogical recommendations document which the Technical Authority (TA) will send to the Offeror at the beginning of the learner's first training session. The Offeror must take these recommendations into account when delivering the training.

For part-time training, a learning plan is not required. The IU determines the learning level on the basis of any SLE test results and the candidate's self-assessment. At the request of the federal institution, CSPA can evaluate the candidate's knowledge in order to determine his or her learning level.

8.0 Course loading activities

The IU will determine the training start date for its employees and enroll them in a training course provided by the selected Offeror.

The IU must consult PWGSC web site entitled "Official languages training services of Canada" at this address <http://www.tpsgc-pwgsc.gc.ca/app-acq/sflo-olts/index-eng.html> to find out which Offeror has been selected for each geographic area.

If an IU issues a call-up to an offeror other than the one identified by PWGSC, the IU may be removed from the list of IUs having access to the SO and PWGSC may take performance corrective measures or other action against the Offeror.

9.0 SLE test scheduling

For learners who must take SLE tests, the IU will make the necessary arrangements with the PSC or its representatives and provide the learner and the Offeror with the test date.

10.0 Learner training location

Training must be provided at the Offeror's facilities, with or without accommodation, or at federal institutions. Facilities must meet the requirements set out in the Statement of Work. The Offeror is responsible for providing all the necessary tools to deliver training programs as specified in Annex A3 – Statement of Work, Section II, article 6. For training delivered at the Offeror's facilities, the facilities must be located:

Language Training		
Location of Service Delivery

*For the purposes of this Standing Offer, the applicable accommodations are those that enable persons with limited mobility to access the premises where the training will take place, the room, the sanitary facilities and other areas made available to all learners. An Offeror that identifies itself in this category must accept all call-ups requiring accommodations.

Apart from these measures, the Offeror will not be asked to provide auxiliary services or adaptive technology. Such requirements will be the responsibility of the learner's federal institution.

The Offeror must provide learners with up to seven (7) hours of training services per day for a total of fifteen (15) to thirty-five (35) hours per week, from Monday to Friday, except on federal government statutory holidays. The number of daily and weekly training hours, as well as course start and end times if there are fewer than seven (7) hours of training per day, must be indicated in the call-up.

For a seven (7) hour training day, the Offeror must allow learners a 15-minute break in the morning and a 15-minute break in the afternoon. Learners will also have one (1) hour for lunch, outside the seven (7) hour training period.

For a training day of fewer than seven (7) hours, the Offeror must provide the learners with a 15-minute break every two (2) consecutive hours. After a second two-hour period, the Offeror must provide the learners with a 30- to 60-minute meal break. If the training exceeds four (4) hours, an additional break must be provided after the third two-hour period.

Training hours do not include breaks or the lunch hour.

The pedagogical advisor and teaching resources must be ready to begin class on time, every day.

Training must not be delivered on federal government statutory holidays and on provincial holidays in the province where the training is being given.

Training may be delivered between December 25 and January 1, excluding statutory holidays. A pedagogical break may be subject to TA approval.

Leave authorized by the IU's Project Authority will be accepted and must be indicated in the call-up. This leave can vary from one call-up to another. The training delivered must correspond to the call-up period. No additional training may be delivered without officially amending the call-up. For example, training days or hours missed during the call-up period cannot be delivered after the call-up period.

3.0 CSPS training programs

The training methods, course configurations and related material designed by the CSPS and referred to below are defined as "training programs," "programs" or "CSPS training programs."

Offerors must use one of the CSPS training programs listed below. CSPS programs are based on a communicative approach and adult education principles. The Offeror can use additional activities to supplement or enhance those of the CSPS and meet the learners' needs. The complementary activities may be subject to TA approval. They must not replace the programs and must be consistent with the training objectives and may be subject to TA approval.

The Offeror must use the following teaching practices:

1. Communicative approach
 - Encourage learners to communicate in the language being taught
 - Maximize the learners' speaking time
 - Have the learners practice the taught matter in communication situations that are relevant to them
 - Choose varied activities relevant to the learners
 - Use authentic documents
 - Adjust the correction of errors on the basis of activity objectives and learner needs
2. Adult education principles
 - Provide plans for group activities and self-directed learning
 - For each activity, give instructions and describe the process by specifying:
 - what the learners must do
 - the duration of the activity
 - the anticipated outcome
 - the materials and tools to be used
 - For each activity, indicate the objective by specifying:
 - the knowledge or know-how that the activity is intended to develop
 - the link between the objective of the activity and the training objective
 - Provide learners with regular feedback on their strengths and the areas that need work in relation to the targeted objectives
 - Take into account the needs, interests and experience of learners, as well as different learning styles, while conducting the activities

The following are the CSPS training programs:

- For French: Programme de français langue seconde, Levels A and B (PFL2 A and B), Programme de français langue seconde, Level C (PFL2 C)
- For English: Communicative English at Work Program (CEWP), Levels A, B and C

3.1 The PFL2 programs

The CSPS PFL₂ A and B and PFL₂ C are the programs for language training in French. They cover proficiency levels A, B and C and enable learners to acquire the skills necessary to interact in French in the workplace and in everyday situations.

PFL2 A and B consist of forty (40) training objectives and are designed to ensure that the learner achieves level B proficiency.

PFL2 C includes two (2) preparatory sessions and four (4) modules, and is designed to ensure that the learner achieves level C proficiency.

The programs include self-directed learning material for developing listening, reading, writing and speaking skills. These materials are available on the MyAccount platform. Learners can use self-directed learning materials as needed outside training hours.

3.2 The CEWP program

The CSPS CEWP is the program for language training in English. It covers proficiency levels A, B and C and enables learners to acquire the necessary skills to interact in English in the workplace and in everyday situations.

More specifically, the program material is entitled:

- “Interface Canada” for levels A and B; and
- “Interaction Canada” for level C.

“Interface Canada” consists of seventy-six (76) main objectives grouped into eight (8) workbooks: 1 to 3 for level A and 4 to 8 for level B.

“Interaction Canada” consists of twenty (20) main objectives and twenty (20) specific objectives, grouped into four (4) sessions for level C.

The program includes self-directed learning material for developing listening, reading, writing and speaking skills.

CSPS is working on updating the CEWP program. Once the program has been updated, the Offeror will be required to use the new version of the program.

The training objectives of the PFL2 and CEWP programs are identified in Appendix 4 of this Annex.

The Offeror must ensure that learners follow and complete the objectives of these language training programs.

3.3 Estimated training duration

For a learner starting his or her training at training objective 1, the training duration can be up to 1,605 hours for level B and up to 2,170 hours for level C. These hours do not include breaks and lunch hours.

The recommended duration of training and the learner’s review needs, if applicable, will be included in the learner’s language learning plan.

4.0 Second language evaluation (SLE) tests

Should a learner require a second language evaluation (SLE) test, the IU must set a date and make the necessary arrangements so that the learner can take the SLE tests.

For the test of oral proficiency (TOP), this date will come at the end of step 4 for learners targeting level B and at the end of step 6 for learners targeting level C, or at a time chosen by the IU. For the reading tests and the test of written expression (RT and TWE), this date will be at the start of step 4 for learners in the level B program and at the end of the preparatory sessions for learners in the level C program, or at a time chosen by the IU.

The tests are administered by the Public Service Commission of Canada or by institutions that have received a delegation of authority from the Commission to administer them. The IU must inform the Offeror and the learner as soon as the test date has been scheduled.

5.0 Training materials

The Offeror is responsible for acquiring all hard copy and/or electronic materials for the CSPS training programs and any additional CSPS program materials it deems necessary.

Should the Offeror elect to provide CSPS training program materials in hard copy format, it must distribute all original materials to the teaching resources, pedagogical advisors and learners. Materials given to learners must be their property. The Offeror may provide photocopies only if the original material is not available from Government of Canada Publications and only by obtaining prior authorization from the TA.

Should the Offeror elect to provide CSPS training program materials in electronic format, it must for that purpose equip each classroom with a computer for the teaching resource and the learners.

The following CSPS training program materials must be ordered from the Government of Canada Publications Web site, at <http://publications.gc.ca>:

Required materials for levels A and B in French:

- OFs 1 to 40 (40 workbooks)
- Consolidations 1 to 4 (4 workbooks)
- Auto-évaluations 1 to 4 (4 workbooks)

Required materials for level C in French:

- Sessions préparatoires 1 and 2 (2 workbooks)

Required materials for levels A and B in English:

- Interface Canada, Student's Books 1 to 8

Required materials for level C in English: none

The Offeror is not obligated to purchase the four (4) PFL₂ C modules or the CEWP C, as they are not available in print format through Government of Canada Publications. However, they are available on MyAccount and the four (4) PFL₂ C modules are available for purchase from Government of Canada Publications in DVD format. Learners can print them, in whole or in part, if they wish to do so.

Learners must ensure that they have access to MyAccount. If they have not registered, they can do so at the following page: <http://www.cspc-efpc.gc.ca/acc/index-eng.asp>.

In addition to the training program materials available on the Government of Canada Publications Web site, the Offeror's teaching resources and pedagogical advisors must have access to MyAccount so they can use supplementary materials and teaching materials, including videos. To obtain free access to MyAccount for its resources, the Offeror must contact the TA.

6.0 Facilities

6.1 Federal institution facilities

Federal institutions are responsible for providing appropriate facilities for training, with characteristics similar to those mentioned in the following clause (6.2).

6.2 The Offeror's facilities

For each individual training session, the Offeror must provide training at facilities that meet the requirements set out herein. If the Offeror is required to change facilities or classrooms, it must immediately notify the SO Authority and the TA, and the new facilities and classrooms must meet the requirements set out under clause 6.2 of this section and be fitted with the same computer equipment.

The Offeror must ensure that facilities meet the requirements of applicable municipal, provincial and federal statutes, policies and standards. The Offeror understands and agrees that the TA and/or the SO Authority may inspect the Offeror's facilities at any time without prior notice.

The Offeror must respond to all complaints regarding the facilities filed in writing by the SO Authority or the TA. The Offeror must respond no later than 48 hours after a notice of a complaint has been given to the Offeror.

It is preferable for the Offeror's facilities to be located near a public transportation stop.

It is preferable for learners to have access to free parking at the Offeror's facilities.

6.2.1 Classrooms

For each individual training session, the Offeror must provide a reasonably soundproof classroom that is at least 70 square feet (21.33 square meters) and has all the furnishings and materials needed for language training, i.e., a wall chart, tables, chairs, lighting, heating and a space to store notebooks and coats. The classroom will be a distinct closed room. It is preferable that the classrooms have windows with direct access to daylight. Offerors that have facilities with accommodations must provide classrooms consistent with the accommodations required for a learner, as indicated in the call-up. If the Offeror's classrooms are being used for a first time under this SO, they must be ready at least five (5) business days before the start of training.

The Offeror can consult the TA for any questions pertaining to the selection or appropriate layout of classrooms for language training.

6.2.1.1 Computer equipment

Each classroom must have one computer and operational equipment that meets the following minimum technical requirements:

- PC-compatible Pentium 2 GHz computer with mouse and keyboard
- Windows 2000, XP or Vista
- 500 MB of RAM for 2000 and XP / 2 GB of RAM for Vista
- 60-GB hard drive
- Video card with minimum 800 X 600 resolution

- 16-bit sound card with speakers
- Quick Time Player®
- Flash Player®
- Java
- DVD drive
- Internet access, Internet Explorer 6.x or later or Firefox 3.x or later
- Minimum 19-inch screen/monitor or a flat-screen television to which a computer can be connected
- Printer, ink and paper (however, it is also acceptable for the Offeror to have one printer with sufficient ink and paper to serve a number of classrooms, possibly located outside the classrooms)

In addition, the Offeror may provide the learners with wireless internet access, allowing learners to use their mobile devices to access the CSPS's training programs.

6.2.2 Photocopier

A black and white photocopier must be made available to learners, at no additional cost to Canada.

Learners should not be required to print the materials which the Offeror is required to make available to them as part of the training program. The costs must be clearly indicated at the beginning of the training.

6.2.3 Learner printing

At their discretion, learners may print information in black and white using the computers in the Offeror's facilities.

Learners should not be required to print the materials which the Offeror is required to make available to them as part of the training program.

The Offeror can, by giving learners advance notice, limit the number of photocopies and print-offs to a maximum of 50 pages per learner per month. Anything exceeding that number could be charged to the learners using this service, at a rate determined by the Offeror. These costs must be clearly indicated at the beginning of the training.

6.2.4 Environmental requirements

In support of the green procurement effort, the Offeror must ensure that:

- all printers and photocopiers used for the purposes of this SO are programmed by default to print in black and white on both sides of the paper, and preferably meet ENERGY STAR or equivalent standards regarding energy efficiency.
- the paper used contains at least 30% recycled materials and/or is certified as originating from a sustainably managed forest.
- environmentally friendly ink or recycled ink cartridges are used in printers, fax machines and photocopiers. It is strongly recommended that the used ink cartridges can be returned to the manufacturer for reuse or recycling.
- recycling bins for paper, newsprint and plastic and aluminum containers are available to learners and are emptied regularly, where this service is available, in compliance with the local recycling programs.

In addition, it is preferable that cleaning products used with this equipment be biodegradable and not harmful to the environment.

The federal government reserves the right to conduct inspections by visiting the Offeror's facilities, if necessary, to ensure that efforts in environmental matters are maintained.

6.2.5 Dining area

Preferably, the Offeror will provide learners with access to an area where they can take their meals, furnished accordingly, outside the classrooms.

7.0 CSPA support to Offeror

7.1 Familiarization sessions

Following the authorization of the SO, the Offeror must provide the TA with the names of the pedagogical advisors and teaching resources designated to perform the work in response to one or more call-ups, as well as written confirmation from the Offeror that the teaching resources meet the requirements set out in clause 10.2,

Section II of Annex A3, Statement of Work. These resources must attend Part 1 of the familiarization sessions, as detailed in clause 7.1.1 of this section (on approval of the TA, teaching resources with experience in CSPS language training programs may also attend the familiarization session). In order to be able to administer assessment tools (OIV), all pedagogical advisors must take familiarization session Part 2 below (teaching resources with experience in CSPS language training programs may also attend the familiarization session). When the TA considers it necessary, pedagogical advisors must also attend Part 3, in addition to Parts 1 and 2, to become familiar with their roles and responsibilities.

The purpose of these sessions is to enable the teaching resources and pedagogical advisors to use CSPS training programs and assessment tools in order to meet the requirements of the SO for providing training services. Only the CSPS will provide these familiarization sessions, and the decision to provide them is solely the responsibility of the CSPS. The Offeror must register the resources for each session through the TA. The CSPS must provide these sessions at no cost to the Offeror. However, the Offeror must assume any other expenses related to the participation of its resources in familiarization sessions, such as compensation for the resources.

Teaching resources and pedagogical advisors must attend the familiarization sessions, unless the TA feels that they already have the necessary familiarity with the programs and/or assessment tools in question. If a resource is used to deliver English and French programs, the resource must attend the applicable familiarization sessions for each program.

Only duly trained teaching resources and pedagogical advisors, i.e. those who have taken the familiarization sessions on CSPS training programs and have received the written confirmation from the TA, can deliver training services, except under the following circumstances, with prior written approval from the TA:

- the Offeror's capacity to provide teaching resources and pedagogical advisors who have been trained in CSPS training programs is exhausted because of the extreme procurement demand imposed by the IU or other IUs in other call-ups pursuant to this or other SOs in the same region in response to RFSO EN578-093429/A;
- a call-up is issued before the familiarization sessions have been provided; or
- there is an unforeseen need to replace a teaching resource or a pedagogical advisor.

In these three (3) cases, the teaching resources and pedagogical advisors can deliver training services only up until the day prior to the scheduled start date of the next familiarization session, i.e. Part 1 for teaching resources and pedagogical advisors who have not attended any familiarization sessions, Part 2 for pedagogical advisors who have already attended Part 1 (Part 1 is a pre-requisite to Part 2) or Part 3 for pedagogical advisors who have attended Parts 1 and 2.

However, the pedagogical advisor must provide an in-house session about the program(s) before the teaching resource goes to the classroom. The minimum content to be covered in this session is listed in Appendix 6. The Offeror must inform the TA of the dates scheduled for the training session provided by the pedagogical advisor. The TA may attend this session. The Offeror must register the teaching resource(s) and pedagogical advisor(s) for the next familiarization session given by the CSPS in order to continue to provide training services thereafter.

7.1.1 Part 1 – Familiarization sessions on the PFL2 A and B, PFL2 C and CEWP training programs

The duration of the familiarization sessions offered on CSPS training programs must be as follows: five (5) days for Part 1.1, for training program levels A and B (prerequisites to the level C familiarization session), and one (1) day for Part 1.2 for the level C training program. The TA can change the duration of the sessions at any time.

These sessions must be provided for all teaching resources and pedagogical advisors who meet the requirements set out in Annex A3, Section II, article 10.0.

The sessions are expected to be given by the CSPS in class or virtually. The TA is the only Authority who can establish the schedule for the sessions; the TA can also alter their mode of delivery at any time.

At the end of each familiarization session, the CSPS will provide each participant with a document confirming their completion of the session (level A and B program or level C program). After receiving this document, the teaching resource will be able to deliver CSPS training programs, and the pedagogical advisor may attend familiarization session Part 2.

After the familiarization sessions, the TA may assess the teaching to verify whether the Offeror's resources are complying with the instructions given at the sessions. If the observed teaching does not comply with these instructions, the Offeror must conduct a follow-up, which may include registering the teaching resource to take the familiarization session again in whole or in part. If the teaching is still not consistent with the instructions at a second evaluation by the TA, the teaching resource will no longer be able to teach under this Standing Offer. If three (3) or more teaching resources are withdrawn from the CSPS programs for this reason during a 12-month period, the TA, together with the Standing Offer Authority, may take corrective measures against the Offeror, even up to suspending the SO for one or more sessions.

7.1.2 Part 2 – Familiarization session on assessment tools: Oral Interaction Verification (OIV)

The CSPS will give a session on assessment tools (OIV) to pedagogical advisors to provide them with greater insight into how to administer the tools, and the importance of providing learners with feedback. Upon TA approval, teaching resources with in-depth experience with CSPS language training programs can also take this familiarization session.

The duration of the session is one (1) day. The TA can change session length at any time.

The session must be offered in class or virtually. The TA reserves the right to determine the training schedule in order to respond to requirements appropriately and may change the manner in which the session is delivered at any time.

After the familiarization session, the TA may assess the administration of OIVs to verify whether the Offeror's resources are complying with the instructions given at the sessions. A follow-up can be performed if necessary, at the TA's sole discretion.

The contents of the OIVs will be shared with the Offeror's resources who attended the OIV familiarization session. However, the Offeror and its resources must ensure that the content of the OIVs is not disclosed to learners, IUs or other Offeror resources. The TA can access evaluation grids and feedback sheets at any time, upon the request of the TA.

7.1.3 Part 3 – Familiarization session on the roles and responsibilities of the Offeror's pedagogical advisors, with respect to this SO

The CSPS will, where it deems it necessary, provide a familiarization session on the roles and responsibilities of the Offeror's pedagogical advisors. The session would be no more than one day in length and the CSPS reserves the right to determine the session schedule in order to respond to requirements appropriately. The session may be held in-class or virtually through the mode chosen by the TA.

7.1.4 Location of familiarization sessions

At the discretion of the Technical Authority (TA), the familiarization sessions for teaching resources and pedagogical advisors will be held at CSPS facilities or virtually and may be provided at the Offeror's facilities. Participants will still have the option to attend the sessions virtually to minimize travel costs for the

Offeror. The CSPS will not charge offerors any fees for the familiarization sessions. The Offeror will be responsible for all of its resources' travel expenses (meals, travel, etc.), at no additional cost to Canada.

7.2 Pedagogical sessions

Pedagogical sessions may be provided by the TA for teaching resources and pedagogical advisors if the TA deems it necessary. Teaching resources and pedagogical advisors must attend these sessions. The sessions may be up to one day in length. If the sessions are scheduled during class time, the Offeror must replace the teaching resources, unless otherwise indicated by the TA. If the teaching resources are not replaced during the pedagogical sessions, learners will work independently during these sessions. Teaching resources must therefore assign learners work, which will be checked when they return from the pedagogical session.

The TA is under no obligation to deliver additional pedagogical sessions with a view to correcting the Offeror's shortcomings.

The sessions will be held at the Offeror's or the CSPS's facilities or virtually, as determined by the TA. The Offeror is responsible for all of its resources' travel expenses, at no additional cost to Canada.

8.0 Specific resource services

8.1 Pedagogical advisors

The Offeror must assign dedicated primary pedagogical advisors. "Dedicated" refers to the assignment of resources on the basis of the ratios shown below.

The Offeror must assign at least one (1) primary pedagogical advisor for every ten (10) class groups. With the approval of the TA, teachers may perform a percentage of their work as an advisor for courses other than theirs. If the Offeror is issued more than one standing offer for a number of work streams, the Offeror may assign a primary pedagogical advisor to more than one work stream in accordance with the ratios listed below:

$$\begin{aligned} & \text{number of full-time groups} \div 10 \\ & + \text{number of full-time individuals} \div 30 \\ & + \text{number of part-time groups} \div 50 \\ & + \text{number of part-time individuals} \div 100 \\ & = 1 \text{ for one pedagogical advisor's maximum load} \end{aligned}$$

For example, if the Offeror sets up training for 45 full-time learners, one primary pedagogical advisor will have to be assigned for the first 30 learners and a second primary pedagogical advisor for the remaining 15 learners. The second pedagogical advisor could also be assigned responsibility for up to 5 full-time groups, 25 part-time groups or 50 part-time learners in individual training.

The Offeror must adhere to the ratios for all the work streams for which it was issued a standing offer against which call-ups have been issued.

The Offeror must also assign one (1) backup pedagogical advisor for every three (3) primary pedagogical advisors. A primary pedagogical advisor cannot be proposed as a backup pedagogical advisor and vice versa, whether in the same work stream or in another work stream. With the approval of the TA, teachers may perform a percentage of their work as a backup advisor for courses other than theirs.

8.1.1 Supervision by the pedagogical advisor

8.1.1.1 Teaching evaluation report (Appendix 5 – Annex A3)

The pedagogical advisor will visit with the learner in the classroom to ensure that the courses are being

delivered in accordance with training program requirements and that teaching methods are consistent with adult education principles. The pedagogical advisor must also be available to meet with the learner on request.

The pedagogical advisor must plan classroom teaching observation sessions. With the approval of the TA, virtual (remote) observation sessions may be used when courses are held in regions that are far from the pedagogical advisor's place of work. For each visit or remote observation session, the pedagogical advisor must record his or her observations in a written report and submit it to the TA no later than thirty (30) business days after the start of the session. The TA may require classroom visits or virtual observation sessions on request if the TA feels that the teaching resources or learners need specific support. For virtual teaching observation sessions, the TA may request additional information as needed (e.g., photos of the facilities).

The following items must be addressed in each monthly report:

- Effective use of training programs
 - clear presentation of the training objectives
 - choice of activities meeting the needs of the learner
- Corrections consistent with adult education principles
- Clear, concise explanations
- Classroom dynamics conducive to learning
 - learner participation

The TA can, at its discretion, verify the report and ensure that the Offeror has taken appropriate corrective measures.

When pedagogical shortcomings are observed or pointed out, the pedagogical advisor must perform a follow-up with the teaching resource, including an evaluation, using the Teaching Evaluation Report template (Appendix 5 of Annex A3, Statement of Work), followed by:

- i. Feedback for the teaching resource following in-class observation
- ii. Implementation of an action plan to improve teaching techniques for all the Report criteria for which the rating obtained is less than 3. The action plan could include, but is not limited to:
 - training sessions given by a pedagogical advisor
 - pairing with an experienced teaching resource
 - coaching,
- iii. Verification that action plan objectives have been met

8.1.1.2 Pedagogical advisor's action in response to a complaint or for an intervention with learners

The pedagogical advisor must conduct all learner interventions, upon the request of a learner, the TA or the IU's Project Authority, and must submit an intervention report to the IU's Project Authority and, where applicable, to the TA on the business day following the request.

The pedagogical advisor must intervene when a learner's behaviour (e.g. absenteeism, tardiness or difficulty with the teaching resource) disrupts the training. The advisor must also ensure that classroom pedagogical practices are suited to learners' needs and that the CSPA pedagogical recommendations are followed.

Following a complaint, the pedagogical advisor must provide the IU's Project Authority and, on request, the TA, with a detailed report on the teaching practices and proposed interventions. The report must be provided no later than two (2) business days after the pedagogical advisor becomes aware of the complaint, unless otherwise indicated by the TA.

8.1.1.3 Planning, individual work plans and reports

The pedagogical advisor must ensure that weekly planning, individual work plans and reports prepared by teaching resources meet requirements and learner needs. In the event of shortcomings or mistakes in the documents, the pedagogical advisor must assist the teaching resources to help them prepare satisfactory plans and reports. If requested by the TA or the IU's Project Authority, the pedagogical advisor must submit the plans and individual work plans, no later than two (2) business days following the request.

8.1.1.4. Learner training file

The pedagogical advisor must maintain a training file for each learner. These files are to be kept in a locked cabinet and sent to the TA upon request.

8.1.1.5 Welcome session for new learners

At the beginning of the learners' training, the pedagogical advisor must prepare a welcome session. This session must cover at least the following: introduction of the training program, the roles and responsibilities of the teaching resource and pedagogical advisor. This session can be delivered by the pedagogical advisor or the teaching resource.

8.1.1.6 Replacement of pedagogical advisors

If a pedagogical advisor needs to be replaced, the Offeror must provide a backup pedagogical advisor who has completed the familiarization sessions listed in article 7 of this section, except in the three (3) cases set out in clause 7.1. The backup pedagogical advisor must be the first person considered for the replacement. If this is not possible, another pedagogical advisor will be considered for the replacement, with the approval of the TA. The proposed advisor must meet the requirements set out in clause 10.1 of this section and attend Parts 1, 2 and 3 of the next familiarization sessions, if they have not already done so.

8.2 Teaching resources

The Offeror must ensure that teaching resources are ready to begin class on time, every day.

8.2.1 Replacement of teaching resources

In the event that a teaching resource must take an unexpected leave of absence, the Offeror must ensure an immediate replacement. Only teaching resources or pedagogical advisors who already meet the education and experience requirements set out in clause 10.2 of this section and who have already been trained by the TA on the use of the CSPS products applicable to the training programs listed in article 4 of this section can be backup teaching resources, as stipulated in clause 7.1.

However, if the teaching resource has not yet attended familiarization session Part 1, the Offeror must register the teaching resource for the next session offered by the CSPS in order to continue to provide training services.

The teaching resource will also be responsible for monitoring learners' learning performance and preparing monthly reports, as indicated in article 9.0 of this section.

The Offeror must inform the TA of any teaching resource replacements.

8.2.2 Preparation time

The Offeror must ensure that teaching resources devote one (1) hour to course preparation for every six (6) hours of teaching time, that is, one (1) hour of preparation time per seven (7) hour training day, at the Offeror's facilities. During that hour, the learner must perform self-directed learning activities. In order to allow the learner to benefit fully from the training, it is strongly recommended that the teaching resource's daily preparation time take place between 10:00 a.m. and 3:30 p.m.

9.0 Quality assurance and specific performance measurements

For all reports referred to in this part and under Deliverables, (article 11 of this section), templates and familiarization sessions will be provided for the Offeror's teaching resources and pedagogical advisors.

9.1 Training schedule (Annex A3 – Appendix 8)

Following the issuance of a call-up and before delivering training services, the pedagogical advisor must prepare the learner's training schedule. The duly completed schedule must be submitted to the TA and, on request, to the IU, no later than one business day before the training begins.

Templates for schedules to be completed by the Offeror are included in Appendix 8 of this Annex. The content of these templates must not be altered without prior approval from the TA

9.2 Absence report

The teaching resource must record learner absences in the monthly absence report. All partial- and full-day absences must be recorded. Monthly absence reports must be initialled by the learner at the end of each week and submitted to the IU's Project Authority within five (5) business days following the end of each training month.

Moreover, the Offeror must contact the IU's Project Authority if a learner has repeated absences, late arrivals or early departures that could impede his or her learning. The Offeror must provide the IU's Project Authority with a written notice no later than forty-eight (48) business hours after determining that there have been such absences, late arrivals or early departures.

9.3 Monthly learner progress report (Annex A3 – Appendix 7)

The teaching resource must track the learners' performance monthly.

The pedagogical advisor must ensure that the learner progress report duly completed and prepared by the teaching resource is sent to the IU's Project Authority and, if requested, to the TA, no later than five (5) business days following the month assessed.

9.4 Learner learning performance

9.4.1 Oral Interaction Verification (OIV)

OIVs for learners in individual language training may be administered by the pedagogical advisor or by a teaching resource who has completed the OIV familiarization session (clause 7.1.2 of this section), at the end of steps 1, 2, 3 and 4 for levels A and B, and at the end of steps 5 and 6 for level C.

Each OIV consists in a targeted interview designed to verify that training objectives have been met. The pedagogical advisor must give the feedback sheet, summarizing the main points that need work, to the learner and keep a copy in the learner's file for consultation by the TA.

Following the OIV, the Offeror's pedagogical advisor must send the TA a report on the learner's achievement of the training objectives no later than two (2) business days following the OIV. If the step

objectives are not fully achieved, the pedagogical advisor must also send the TA a report stating the measures that will be taken to help the learner achieve these objectives.

OIVs are to be used by the Offeror only in connection with this Standing Offer and contracts stemming from this Standing Offer, for which the TA is the CSPS.

9.4.2 Predictive test, Reading Comprehension and Writing Expression

The Offeror must administer the predictive test at the start of step 3 of the program.

This test evaluates the likelihood that the learner will reach his or her objectives at the SLE reading comprehension and written expression tests and determines whether specific support is needed to prepare for these tests.

The Offeror's pedagogical advisor must provide the TA with the results of the learner's predictive test no later than two (2) business days after the test has been administered.

9.5 Learning performance monitoring and teaching quality assessment

9.5.1 In-class monitoring of teaching

The TA must conduct random in-class observations in order to ensure that the training is consistent with the requirements and adult education principles set out in this Standing Offer. This also applies to training delivered on the department's premises. If the observed teaching does not comply with these requirements, the Offeror must conduct a follow-up, which may include registering the teaching resource to take the familiarization session described in clause 7.1.1 of this section again, in whole or in part. If the teaching is still not consistent with the instructions at a second evaluation by the TA, the teaching resource will no longer be able to teach under this Standing Offer. If three (3) or more teaching resources are withdrawn from the CSPS programs for this reason during a 12-month period, the TA, together with the Standing Offer Authority, may take corrective measures against the Offeror, even up to suspending the SO for one or more sessions.

9.5.2 Language training Quality Assurance Measurement Tool (QAMT)

At the end of each program step, the Offeror must have the learner fill out, electronically or on paper, as requested by the TA, the CSPS language training Quality Assurance Measurement Tool (QAMT) questionnaire with regard to his or her degree of satisfaction with the training received. The Offeror must inform the TA by email when the learner has completed it electronically or, if the QAMT has been completed on paper, must send the questionnaire to the TA.

The Offeror must build this activity into the language training and ensure that it is completed in an environment and setting that ensures learner anonymity and confidentiality.

The TA will inform the Offeror of any points that require intervention.

This measurement tool will be used to evaluate the teaching resources (teaching resources and pedagogical advisors), training program and teaching methods.

The feedback and results obtained from this measurement tool will serve as a point of reference in order to take corrective measures to offset shortcomings identified by the QAMT and to deal with pedagogical issues having an impact on learner learning during the pedagogical sessions (see clause 7.2 of this section).

10.0 Education and experience requirements – Resources

All resources proposed by the Offeror must have mastered the language being taught and be sufficiently proficient in the other official language to explain basic concepts of the language being taught. The pedagogical advisor must be able to deliver the welcome session (see clause 8.1.1.5 of this section) and discuss with learners issues relating to their training in their first official language.

10.1 Pedagogical advisors

For all training modes, the TA (and the SO Authority, if applicable) is the only Authority who can verify and approve the qualifications of a pedagogical advisor.

The resources proposed to replace primary and backup pedagogical advisors must meet the mandatory qualification requirements set out below. The TA reserves the right to conduct an interview and perform any other verification necessary to evaluate the proposed resources, at no additional cost to Canada. The Offeror must not assign any proposed resource to perform the work before receiving written authorization from the TA.

The mandatory qualification requirements for pedagogical advisors do not include Parts 1, 2 and 3 of the familiarization sessions on CSPA language training programs.

10.1.1 Primary and backup pedagogical advisors – Mandatory qualifications

All primary and backup pedagogical advisors must have at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed at an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalencies will be accepted. These institutions include the credential assessment services of the federal or provincial governments and the International Credential Assessment Service of Canada, as well as others recognized as credential assessment services for comparing certificates and diplomas against Canadian standards, identified on the Canadian Information Centre for International Credentials Web site:

<http://www.cicic.ca/413/assessment-of-credentials-for-employment-in-canada.canada>

and one of the following qualifications:

- a. at least 600 hours of experience since January 2007 supervising at least two (2) teaching resources at the same time, delivering full-time and/or part-time English or French as a second language courses to adults, on an individual or group basis.
- b. at least 1,800 hours of experience as a teaching resource since January 2007, delivering full-time and/or part-time English or French as a second language courses to adults, using one or more of the following training programs:
 - PBFT
 - PFL₂ A and B or PFL₂ C
 - CEWP
 - a program used by a recognized Canadian post-secondary institution
 - any other English or French as a second language adult education program.

As proof of education, an original document or a copy of the original certified true by the Offeror or a commissioner of oaths must be submitted by the Offeror, confirming each pedagogical advisor's level of education. If an original document is submitted, a copy must be made by the TA and returned to the Offeror after the offer evaluation process has been completed.

The Offeror must provide the following information to confirm the pedagogical advisor's experience: name of the client organization, name and telephone number of a contact person, number of hours of experience as a pedagogical advisor or teaching resource, and the start and end dates of the experience.

10.2 Teaching resources

The TA (and the Standing Offer Authority, if applicable) is the only Authority who can verify and approve the qualifications of a teaching resource. Only proposed teaching resources who meet the mandatory qualification requirements below will be considered acceptable.

The mandatory qualification requirements for teaching resources do not include Parts 1 and 2 of the familiarization sessions on CSPS language training programs.

10.2.1 Teaching resources proposed for the first time and replacements – Mandatory qualifications

All teaching resources must hold at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed at an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalencies will be accepted. These institutions include the credential assessment services of the federal and provincial governments and the International Credential Assessment Service of Canada, as well as others recognized as credential assessment services for comparing degrees and diplomas to Canadian standards, identified on the Canadian Information Centre for International Credentials Web site:

<http://www.cicic.ca/413/assessment-of-credentials-for-employment-in-canada.canada>

Teaching resources meeting requirement **10.2.1** fall into one of the following categories:

10.2.1.1. Teaching resources

Teaching resources must have acquired, since January 2007, a minimum of 500 hours of experience teaching English or French as a second language to adults, on an individual or group basis. In addition, these hours of training must have been delivered using one or more of the following programs:

- PBFT
- PFL₂ A and B or PFL₂ C
- CEWP
- a program used by a recognized Canadian post-secondary institution
- any other English or French as a second language adult education program.

10.2.1.2. Teaching resources in training

A teaching resource who does not have the experience described in **10.2.1.1** or who is in his or her last year of a bachelor's degree program at a recognized Canadian university will be considered a teaching resource in training. Teaching resources in training must be paired with experienced teaching resources until they have met the requirements of **10.2.1.1** and attended the familiarization sessions. Their progress will be constantly monitored by a pedagogical advisor. When the requirements of **10.2.1.1** have been met, the Offeror must inform the TA.

All teaching resources proposed for this SO must be evaluated by the Offeror's pedagogical advisor during the first month on the job, and a detailed report (see Appendix 5 – Teaching Evaluation Report) must be submitted to the TA on the first business day of the following month for review and approval of the teaching resources' qualifications.

When teaching resources are proposed for the first time, the Offeror must provide the TA with proof of education in the form of a document confirming the level of education of all the teaching resources. The SO Authority may at any time require an original document or a true copy of the original certified by a commissioner of oaths.

The Offeror must also provide a certificate confirming each main teaching resource’s experience. The certificate must provide the following information: name of the client organization, name and telephone number of a contact person, number of hours of experience as a teaching resource, and the start and end dates of the experience.

11.0 Deliverables

All the deliverables identified in Section III must be prepared and submitted in the language being taught or in the other official language, if requested by the IU, and emailed, in a format compatible with MS Word, Excel or Adobe Acrobat Reader, to the IU’s Project Authority identified in the call-up, and/or to the TA, as specified in this section. Section III contains a table summarizing all the deliverables specified in Section

ANNEX A3 – SECTION II – 2

PART-TIME INDIVIDUAL TRAINING

Work stream 9A: Part-time individual training in French at the Offeror's facilities
Work stream 9B: Part-time individual training in French at a federal institution
Work stream 10A: Part-time individual training in English at the Offeror's facilities
Work stream 10B: Part-time individual training in English at a federal institution

If the Offeror's offer includes training services at a federal institution, none of the requirements relating to the Offeror's facilities apply and vice versa. The same applies to the Offeror's facilities that provide accommodations, i.e. if the Offeror's offer includes training services at its facilities, and these facilities provide accommodations, as defined in article 10.0 of Section 1, all stipulations relating to accommodations at the Offeror's facilities apply to the Offeror.

1.0 Type of training provided

Part-time individual training must be delivered for fewer than fifteen (15) hours per week from Monday to Friday, between 7:30 a.m. and 5:00 p.m., except on federal government statutory holidays.*

*See glossary in Appendix 3.

2.0 Training delivery days

The Offeror must be prepared to deliver training services up to 240 days per year.

The Offeror must provide learners with a maximum of seven (7) hours of training services per day, totaling fewer than 15 hours per week. The number of daily and weekly training hours, as well as course start and end times, must be indicated in the call-up. This training does not include any self-directed learning (SDL) period.

For each period of two (2) consecutive hours, the trainer must provide the learners with a 15-minute break. After a second two-hour period, the trainer must provide the learners with a 30- to 60-minute meal break. If the training exceeds four (4) hours, resuming immediately after the meal break, an additional break must be provided after the third two-hour period. Training hours do not include breaks and meal times.

The pedagogical advisor and teaching resources must be ready to begin class on time, for every day of training.

Training must not be delivered on federal government statutory holidays and on provincial holidays in the province where the training is being given.

Training may be delivered between December 25 and January 1, excluding statutory holidays. A pedagogical break may be subject to TA approval.

Leave authorized by the IU's Project Authority will be accepted and must be indicated in the call-up. This leave can vary from one call-up to another. The training delivered must correspond to the call-up period. No additional training may be delivered without officially amending the call-up. For example, training days or hours missed during the call-up period cannot be delivered after the call-up period, unless these days or hours are added by officially amending the call-up.

3.0 CSPS training programs

The training methods, course configurations and related material designed by the CSPS and referred to below are defined as "training programs," "programs" or "CSPS training programs."

Offerors must use one of the CSPS training programs listed below. CSPS programs are based on a communicative approach and adult education principles. The Offeror can use additional activities to supplement or enhance those of the CSPS and to meet learners' needs. The complementary activities may be subject to TA approval. They must not replace the programs and must be consistent with the training objectives.

The Offeror must use the following teaching practices:

1. Communicative approach
 - Encourage learners to communicate in the language being taught
 - Maximize the learners' speaking time
 - Have the learners practice the taught matter in communication situations that are relevant to them
 - Choose varied activities relevant to the learners
 - Use authentic documents
 - Adjust the correction of errors on the basis of activity objectives and learner needs
2. Adult education principles
 - Provide plans for group activities and self-directed learning
 - For each activity, give instructions and describe the process by specifying:
 - what the learners must do
 - the duration of the activity
 - the anticipated outcome
 - the materials and tools to be used
 - For each activity, indicate the objective by specifying:
 - the knowledge or know-how that the activity is intended to develop
 - the link between the objective of the activity and the training objective
 - Provide learners with regular feedback on their strengths and the areas that need work in relation to the targeted objectives
 - Take into account the needs, interests and experience of learners while conducting the activities

The following are the CSPS training programs:

1. For French: Programme de français langue seconde, levels A and B (PFL2 A and B), Programme de français langue seconde, level C (PFL2 C).
2. For English: Communicative English at Work Program (CEWP), levels A, B and C.

3.1 The PFL2 programs

The CSPS PFL₂ A and B and PFL₂ C are the programs for language training in French. They cover proficiency levels A, B and C and enable learners to acquire the skills necessary to interact in French in the workplace and in everyday situations.

PFL₂ A and B include forty (40) TOs and are designed to ensure that the learner achieves or maintains level B proficiency.

PFL₂ C includes two (2) preparatory sessions and four (4) modules, and is designed to ensure that the learner achieves or maintains level C proficiency.

The programs include self-directed learning material for developing listening, reading, writing and speaking skills. These materials are available on the MyAccount platform. Learners can use self-directed learning materials as needed outside training hours.

3.2 The CEWP program

The CSPS CEWP is the program for language training in English. It covers proficiency levels A, B and C and enables learners to acquire the necessary skills to interact in English in the workplace and in everyday situations.

More specifically, the program material is entitled:

- “Interface Canada” for levels A and B; and
- “Interaction Canada” for level C.

“Interface Canada” consists of seventy-six (76) main objectives grouped into eight (8) workbooks: 1 to 3 for level A and 4 to 8 for level B.

“Interaction Canada” consists of twenty (20) main objectives and 20 specific objectives, grouped into four (4) sessions for level C.

The program includes self-directed learning material for developing listening, reading, writing and speaking skills. These materials are available on the MyAccount platform. Learners can use self-directed learning materials as needed outside training hours.

CSPS is working on updating the CEWP. Once the program has been updated, the Offeror will be required to use the new version of the program.

The training objectives of the PFL₂ and CEWP programs are listed in Appendix 4 of this Annex.

3.3 Learning levels

Program: PFL2 A, B and C and CEWP A, B and C Learning levels	
Beginner level	Step 1
	Step 2
Intermediate level	Step 3
	Step 4
Advanced level	Step 5
	Step 6

4.0 Second language evaluation (SLE) tests

Should a learner require an SLE test, the IU is responsible for setting a date and making the necessary arrangements. The tests are administered by the Public Service Commission of Canada or by institutions that have received a delegation of authority from the Commission to administer them. The IU must inform the Offeror and the learner as soon as the test date has been scheduled.

5.0 Training materials

The Offeror is responsible for acquiring all hard-copy materials for the CSPS training programs and any additional CSPS program materials it deems necessary.

The Offeror must provide CSPS training program materials in original hard-copy format for the teaching resources and pedagogical advisors. The Offeror must provide learners with photocopies of the classroom activity materials.

The following CSPS training program materials must be ordered from the Government of Canada Publications Web site, at <http://publications.gc.ca>:

Required materials for levels A and B in French:

- TOs 1 to 40 (40 workbooks)
- Consolidations 1 to 4 (4 workbooks)
- Self-assessments 1 to 4 (4 workbooks)

Required materials for level C in French:

- Preparatory sessions 1 and 2 (2 workbooks)

Required materials for levels A and B in English:

- Interface Canada, Student's Books 1 to 8

Required materials for level C in English: none.

The Offeror is not obligated to purchase the four (4) PFL₂ C modules or the CEWP C, as they are not available in print format through Government of Canada Publications. However, they are available on MyAccount and the four (4) PFL₂ C modules are available for purchase from Government of Canada Publications in DVD format.

In addition to the training program materials available on the Government of Canada Publications Web site, the Offeror's teaching resources and pedagogical advisors must have access to MyAccount so they can use supplementary materials. To obtain free access to MyAccount for its resources, the Offeror must contact the TA.

6.0 Facilities

6.1 Federal institution facilities

Federal institutions are responsible for providing appropriate facilities for training, with characteristics similar to those mentioned in the following clause (6.2).

6.2 The Offeror's facilities

For each learner, the Offeror must provide training at facilities that meet the requirements set out herein. If the Offeror is required to change facilities or classrooms, it must immediately notify the SO Authority and the TA, and the new facilities and classrooms must meet the requirements set out under clause 6.2 of this section.

The Offeror must ensure that facilities meet the requirements of applicable municipal, provincial and federal statutes, policies and standards. The Offeror understands and agrees that the TA and/or the Standing Offer Authority may inspect the Offeror's facilities at any time without prior notice.

The Offeror must respond to all complaints regarding the facilities or classrooms filed in writing by the SO Authority or the TA. The Offeror must respond no later than 48 hours after a notice of complaint has been given to the Offeror.

It is preferable for the Offeror's facilities to be located near a public transportation stop.

It is preferable for learners to have access to free parking at the Offeror's facilities.

6.2.1 Classrooms

For each individual part-time training session, the Offeror must provide a reasonably soundproof classroom that is at least 70 square feet (21.33 square meters) and has all the furnishings and materials needed for language training, i.e., a wall chart, tables, chairs, lighting, heating and a space to store notebooks and coats. The classroom will be a distinct closed room. Offerors that have facilities with accommodations must provide classrooms consistent with the accommodations required for a learner, as indicated in the call-up. If the Offeror's classrooms are being used for a first time under this SO, they must be ready at least five (5) business days before the start of training.

The Offeror can consult the TA for any questions pertaining to the selection or appropriate layout of classrooms for language training.

6.2.2 Photocopier

A black and white photocopier must be made available to learners, at no additional cost to Canada. However, the Offeror can, by giving learners advance notice, limit the number of photocopies to a maximum of 20 pages per learner per week. Anything exceeding that number could be charged to the learners using this service. The costs must be clearly indicated at the beginning of the training.

Learners should not be required to print the materials which the Offeror is required to make available to them as part of the training program.

6.2.3 Environmental requirements

In support of the green procurement effort, the Offeror must ensure that:

- all printers and photocopiers used for the purposes of this SO are programmed by default to print in black and white on both sides of the paper, and preferably meet the ENERGY STAR or its equivalent standards regarding energy efficiency.
- the paper used contains at least 30% recycled materials and/or is certified as originating from a sustainably managed forest.
- environmentally friendly ink or recycled ink cartridges are used in printers, fax machines and photocopiers. It is strongly recommended that the used ink cartridges can be returned to the manufacturer for reuse or recycling.
- recycling bins for paper, newsprint and plastic and aluminum containers are available to learners and are emptied regularly, where this service is available, in compliance with the local recycling programs.

In addition, it is preferable that cleaning products used with this equipment be biodegradable and not harmful to the environment.

The federal government reserves the right to conduct inspections by visiting, if necessary, the Offeror's facilities to ensure that efforts in environmental matters are maintained.

7.0 CSPS support to Offeror

7.1 Familiarization sessions

Following the authorization of the SO, the Offeror must provide the TA with the names of the pedagogical advisors and teaching resources designated to perform the work in response to one or more call-ups, as well as written confirmation from the Offeror that the teaching resources meet the requirements set out in clause 10.2, Section II of Annex A3, Statement of Work. These resources must attend Part 1 of the familiarization sessions, as detailed in clause 7.1.1 of this

section. When the TA considers it necessary, pedagogical advisors must attend Part 3, in addition to Parts 1 and 2, to become familiar with their roles and responsibilities.

The purpose of these sessions is to enable the teaching resources and pedagogical advisors to use CSPS training programs and assessment tools in order to meet the requirements of the SO for providing training services. Only the CSPS will provide these familiarization sessions, and the decision to provide them is solely the responsibility of the CSPS. The Offeror must register the resources for each session through the TA. The CSPS must provide these sessions at no cost to the Offeror. However, the Offeror must assume any other expenses related to the participation of its resources in familiarization sessions, such as compensation for the

resources.

Teaching resources and pedagogical advisors must attend the familiarization sessions, unless the TA deems that they already have the necessary familiarity with the programs and/or assessment tools in question. If a resource is used to deliver English and French programs, the resource must attend the applicable familiarization sessions for each program.

Only duly trained teaching resources and pedagogical advisors, i.e. those who have taken the familiarization sessions on CSPS training programs and have received written confirmation from the TA, can deliver training services, except under the following circumstances, and only with prior written approval from the TA:

- the Offeror's capacity to provide teaching resources and pedagogical advisors who have been trained in CSPS training programs is exhausted because of the extreme procurement demand imposed by the IU or other IUs in other call-ups pursuant to this or other SOs in the same region in response to RFSO EN578-093429/A;
- a call-up is issued before the familiarization sessions have been provided; or
- there is an unforeseen need to replace a teaching resource or a pedagogical advisor.

In these three (3) cases, the teaching resources and pedagogical advisors can deliver training services only up until the day prior to the scheduled start date of the next familiarization session, i.e. Part 1 for teaching resources and pedagogical advisors who have not attended any familiarization sessions, Part 3 for pedagogical advisors who have already attended Part 1.

However, the pedagogical advisor must provide an in-house session about the program(s) before the teaching resource goes to the classroom. The minimum content to be covered in this session is listed in Appendix 6. The Offeror must inform the TA of the dates scheduled for the training session provided by the pedagogical advisor. The TA may attend this session. The Offeror must register the teaching resource(s) and pedagogical advisor(s) for the next familiarization session given by the CSPS in order to continue to provide training services thereafter.

7.1.1 Part 1 – Familiarization sessions on the PFL2 A and B, PFL2 C and CEWP training programs

The duration of the familiarization sessions provided on CSPS training programs must be as follows: five (5) days for Part 1.1, for levels A and B of the training program (prerequisites to the level C familiarization session), and one (1) day for part 1.2 for the level C training program. The TA can change the duration of the sessions at any time.

These sessions must be provided for all teaching resources and pedagogical advisors who meet the requirements set out in Annex A3, Section II, article 10.0.

The sessions are expected to be given by the CSPS in class or virtually. The TA is the only Authority who can establish the schedule for the sessions; the TA can also alter their mode of delivery at any time. At the end of each familiarization session, the CSPS will provide each participant with a document confirming their completion of the session (level A and B program or level C program). After receiving this document, the teaching resource will be able to deliver CSPS training programs, and the pedagogical advisor may attend familiarization session Part 3.

After the familiarization sessions, the TA may assess the teaching to verify whether the Offeror's resources are complying with the instructions given at the sessions. If the observed teaching does not comply with these instructions, the Offeror must conduct a follow-up, which may include registering the teaching resource to take the familiarization session again in whole or in part. If the teaching is still not consistent with the instructions at a second evaluation by the TA, the teaching resource will no longer be able to teach

under this Standing Offer. If three (3) or more teaching resources are withdrawn from the CSPS programs for this reason during a 12-m

onth period, the TA, together with the Standing Offer Authority, may take corrective measures against the Offeror, which may go so far as to suspend the SO for one or more sessions.

7.1.2 Part 3 – Familiarization session on the roles and responsibilities of the Offeror’s pedagogical advisors, with respect to this SO

The CSPS will, where it deems it necessary, provide a familiarization session on the roles and responsibilities of the Offeror’s pedagogical advisors. The session would be no more than one day in length and the CSPS reserves the right to determine the session schedule in order to meet the requirement in a timely manner. The session may be provided in class or virtually through the mode chosen by the TA.

7.1.3 Location of familiarization sessions

At the discretion of the Technical Authority (TA), the familiarization sessions for teaching resources and pedagogical advisors will be held at CSPS facilities or virtually and may be provided at the Offeror’s facilities. Participants will still have the option to attend the sessions virtually to minimize travel costs for the Offeror. The CSPS will not charge offerors any fees for the familiarization sessions. The Offeror will be responsible for all of its resources’ travel expenses (meals, travel, etc.), at no additional cost to Canada.

7.2 Pedagogical sessions

Pedagogical sessions may be provided by the TA for teaching resources and pedagogical advisors if the TA deems it necessary. Teaching resources and pedagogical advisors must attend these sessions. Sessions will be provided in the morning and/or afternoon up to a maximum of seven (7) hours. If the sessions are scheduled during class time, the Offeror must replace the teaching resources, unless otherwise indicated by the TA. If the teaching resources are not replaced during the pedagogical sessions, the learners must work independently. Teaching resources must assign learners work, which will be checked when they return from the pedagogical session.

The TA is under no obligation to deliver additional pedagogical sessions with a view to correcting the Offeror’s shortcomings.

The sessions will be held at the Offeror’s or the CSPS’s facilities or virtually, as determined by the TA. The Offeror is responsible for all of its resources’ travel expenses, at no additional cost to Canada.

8.0 Specific resource services

8.1 Pedagogical advisors

The Offeror must assign dedicated primary pedagogical advisors. “Dedicated” refers to the assignment of resources for all SOs made to the Offeror, in accordance with RFSO EN578-093429/A on the basis of the ratios shown below.

The Offeror must assign at least one (1) primary pedagogical advisor for every ten (10) group classes. With the approval of the TA, teachers may perform a percentage of their work as an advisor for courses other than theirs. If the Offeror is issued more than one standing offer for a number of work streams, the Offeror may assign a primary pedagogical advisor to more than one work stream in accordance with the ratios listed below:

number of full-time groups ÷ 10
+ number of full-time individuals ÷ 30
+ number of part-time groups ÷ 50

+ number of part-time individuals ÷ 100
= 1 for one pedagogical advisor's maximum load

For example, if the Offeror sets up training for 150 part-time individuals, one primary pedagogical advisor will have to be assigned for the first 100 groups and a second primary pedagogical advisor for the remaining 50 individuals. The second pedagogical advisor could also be assigned responsibility for up to 5 full-time groups, 15 full-time learners in individual training or 25 part-time groups.

The Offeror must adhere to the ratios for all the work streams for which it was issued a standing offer against which call-ups have been issued.

The Offeror must also assign one (1) backup pedagogical advisor for every three (3) primary pedagogical advisors. A primary pedagogical advisor cannot be proposed as a backup pedagogical advisor and vice versa, whether in the same work stream or in another work stream. With the approval of the TA, teachers may perform a percentage of their work as a backup advisor for courses other than theirs.

8.1.1 Supervision by the pedagogical advisor

8.1.1.1 Teaching evaluation report (Appendix 5 – Annex A3)

Each pedagogical advisor assigned to a group will visit with the learner in the classroom to ensure that the courses are being delivered in accordance with training program requirements and that teaching methods are consistent with adult education principles. The pedagogical advisor must also be available to meet with the learner on request.

The pedagogical advisor must plan classroom teaching observation sessions. With the approval of the TA, virtual (remote) observation sessions may be used when courses are held in regions that are far from the pedagogical advisor's place of work. For each visit or remote observation session, the pedagogical advisor must record his or her observations in a written report and submit it to the TA no later than thirty (30) business days after the start of the session. The TA may require classroom visits or virtual observation sessions on request if the TA feels that the teaching resources or learners need specific support. For virtual teaching observation sessions, the TA may request additional information as needed (e.g., photos of the facilities).

For each visit, the pedagogical advisor must record his or her observations in a written report and submit it to the TA no later than three (3) business days after the visit. The TA may require two (2) or more classroom visits per three-month period if the TA feels that the teaching resource needs specific support.

The following items must be addressed in each monthly report:

- Effective use of training programs
 - clear presentation of the training objectives
 - choice of activities meeting the needs of the learner
- Clear, concise explanations
- Corrections consistent with adult education principles
- Group dynamics conducive to learning
 - learner participation

The TA can, at its discretion, verify the report and ensure that the Offeror has taken appropriate corrective measures.

When pedagogical shortcomings are observed or pointed out, the pedagogical advisor must perform follow-up with the teaching resource, including an evaluation, using the Teaching Evaluation Report

template (Appendix 5 of Annex A3, Statement of Work), followed by:

- i. Feedback for the teaching resource following in-class observation
- ii. Implementation of an action plan to improve teaching techniques for all the Report criteria for which the rating obtained is less than 3. The action plan could include, but is not limited to:
 - training sessions given by a pedagogical advisor
 - pairing with an experienced teaching resource
 - coaching
- iii. Verification that action plan objectives have been met

8.1.1.2 Pedagogical advisor's action in response to a complaint or for an intervention with learners

The pedagogical advisor must conduct all learner interventions, upon the request of a learner, the TA or the IU's Project Authority, and must submit an intervention report to the IU's Project Authority and, where applicable, to the TA, on the business day following the request.

The pedagogical advisor must intervene when a learner's behaviour (e.g. absenteeism, tardiness or difficulty with the teaching resource) disrupts the training. The advisor must also ensure that classroom pedagogical practices are suited to the learner's needs.

Following a complaint, the pedagogical advisor must provide the IU's Project Authority and, on request, the TA, with a detailed report on the teaching practices and proposed interventions. The report must be provided no later than two (2) business days after the pedagogical advisor becomes aware of the complaint, unless otherwise indicated by the TA.

8.1.1.3 Planning and reports

The pedagogical advisor must ensure that plans and reports prepared by teaching resources meet requirements and learner needs. In the event of shortcomings or mistakes in the documents, the pedagogical advisor must assist the teaching resources to help them prepare satisfactory plans and reports. If requested by the TA or the IU's Project Authority, the pedagogical advisor must submit the plans no later than two (2) business days following the request.

8.1.1.4 Welcome session for new learners

At the beginning of the learners' training, the pedagogical advisor must prepare a welcome session. This session must cover at least the following: training program delivery and the roles and responsibilities of the teaching resource and pedagogical advisor. This session can be delivered by the pedagogical advisor or the teaching resource.

8.1.1.5 Replacement of pedagogical advisors

If a pedagogical advisor needs to be replaced, the Offeror must provide a backup pedagogical advisor who has completed the familiarization sessions listed in article 7 of this section, except in the three (3) cases set out in clause 7.1. The backup pedagogical advisor must be the first person considered for the replacement. If this is not possible, another pedagogical advisor will be considered for the replacement, with the approval of the TA. The proposed advisor must attend Parts 1 and 3 of the next familiarization sessions, if they have not already done so.

8.2 Teaching resources

The Offeror must ensure that teaching resources are ready to begin class on time, every day.

8.2.1 Replacement of teaching resources

In the event that a teaching resource must take an unexpected leave of absence, the Offeror must ensure an immediate replacement. Only teaching resources or pedagogical advisors who already meet the education and experience requirements set out in clause 10.2 of this section and who have already been trained by the TA on the use of the CSPS products applicable to the training programs listed in article 4.0 of this section can be backup teaching resources, as stipulated in clause 7.1.

However, if the teaching resource has not yet attended familiarization session Part 1, the Offeror must register the teaching resource for the next session provided by the CSPS in order to continue to provide training services.

The teaching resource will also be responsible for monitoring learners' learning performance and preparing monthly reports, as indicated in article 9.0 of this section.

The Offeror must inform the TA of any teaching resource replacements.

9.0 Quality assurance and specific performance measurements

For all reports referred to in this part and under Deliverables, (article 13 of this section), templates and familiarization sessions will be provided for the Offeror's teaching resources and pedagogical advisors.

9.1 Absence report

The teaching resource must record learner absences in the monthly absence report. All partial- and full-day absences must be recorded. Monthly absence reports must be initialled by the learner and submitted to the IU's Project Authority on the first day following the end of each training month.

In addition, the Offeror must contact the IU's Project Authority if a learner is absent for three (3) consecutive classes. The Offeror must submit written notice to the IU's Project Authority the week following the third (3rd) consecutive absence.

9.2 Learner progress report (Annex A3 – Appendix 7)

The teaching resource must track the learners' performance in order to do a learner performance assessment every three (3) months and/or at the end of the training.

The pedagogical advisor must ensure that the duly completed learner progress report prepared by the teaching resource is sent to the IU's Project Authority and, if requested, to the TA, no later than the 10th business day after the end of the assessed period.

9.3 Learning performance monitoring and teaching quality assessment

9.3.1 In-class monitoring of teaching

The TA must conduct random in-class observations in order to ensure that the training is consistent with the requirements and adult education principles set out in this Standing Offer. This also applies to training delivered on the department's premises. If the observed teaching does not comply with these requirements, the Offeror must conduct a follow-up, which may include registering the teaching resource to take the familiarization session described in clause 7.1.1 of this section again, in whole or in part. If the teaching is still not consistent with the instructions at a second evaluation by the TA, the teaching resource will no longer be able to teach under this Standing Offer. If three (3) or more teaching resources are withdrawn from the CSPS programs for this reason during a 12-month period, the TA, together with the Standing Offer

Authority, may take corrective measures against the Offeror, even up to suspending the SO for one or more sessions.

9.3.2 Language training Quality Assurance Measurement Tool (QAMT)

At the end of each three-month period and/or at the end of the training, the Offeror must have the learner fill out, electronically or on paper, as requested by the TA, the CSPS's language training Quality Assurance Measurement Tool (QAMT) questionnaire with regard to his or her degree of satisfaction with the training received. The Offeror must inform the TA by email when the learner has completed it electronically or, if the QAMT has been completed on paper, must send the completed questionnaire to the TA.

The Offeror must build this activity into the language training and ensure that it is completed in an environment and setting that ensures learner anonymity and confidentiality.

The TA will inform the Offeror of any points that require intervention.

This measurement tool will be used to evaluate the teaching resources (teaching resources and pedagogical advisors), training program and teaching methods.

The feedback and results obtained from this measurement tool will serve as a point of reference in order to take corrective measures to offset shortcomings identified by the language training QAMT and to deal with pedagogical issues having an impact on learner learning during the pedagogical sessions (see clause 7.2 of this section).

10.0 Education and experience requirements – Resources

All resources proposed by the Offeror must have mastered the language being taught and be sufficiently proficient in the other official language to explain basic concepts of the language being taught. The pedagogical advisor must be able to deliver the welcome session (see clause 8.1.1.5 of this section) and discuss with learners issues relating to their training in their first official language.

10.1 Pedagogical advisors

For all training modes, the TA (and the SO Authority, if applicable) is the only Authority who can verify and approve the qualifications of a pedagogical advisor.

The resources proposed to replace primary and backup pedagogical advisors must meet the mandatory qualification requirements set out below. The TA reserves the right to conduct an interview and perform any other verification necessary to evaluate the proposed resources, at no additional cost to Canada. The Offeror must not assign any proposed resource to perform the work before receiving written authorization from the TA.

The mandatory qualification requirements for pedagogical advisors do not include Parts 1, 2 and 3 of the familiarization sessions on CSPS language training programs.

10.1.1 Primary and backup pedagogical advisors – Mandatory qualifications

All primary and backup pedagogical advisors must have at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed at an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalencies will be accepted. These institutions include the credential assessment services of the federal or provincial governments and the International Credential Assessment Service of Canada, as well as others recognized as credential assessment services for comparing certificates and diplomas against Canadian standards, identified on the Canadian Information Centre for International Credentials Web site:

<http://www.cicic.ca/413/assessment-of-credentials-for-employment-in-canada.canada> and one of the following qualifications:

 - PFL₂ A and B or PFL₂ C
 - CEWP
 - a program used by a recognized Canadian post-secondary institution
 - any other English or French as a second language adult education program.

As proof of education, an original document or a copy of the original certified true by the Offeror or a commissioner of oaths must be submitted by the Offeror, confirming each pedagogical advisor's level of education. If an original document is submitted, a copy must be made by the TA and returned to the Offeror after the offer evaluation process has been completed.

The Offeror must provide the following information to confirm the pedagogical advisor's experience: name of the client organization, name and telephone number of a contact person, number of hours of experience as a pedagogical advisor or teaching resource, and the start and end dates of the experience.

10.2 Teaching resources

The TA (and the Standing Offer Authority, if applicable) is the only Authority who can verify and approve the qualifications of a teaching resource. Only proposed teaching resources who meet the mandatory qualification requirements below will be considered acceptable.

The mandatory qualification requirements for teaching resources do not include Parts 1 and 2 of the familiarization sessions on CSPA language training programs.

10.2.1 Teaching resources proposed for the first time and replacements – Mandatory qualifications

All teaching resources must hold at least a bachelor's degree from a recognized Canadian university. In cases where studies were completed at an institution outside Canada, only an equivalency certificate from an accredited institution recognizing the credentials as Canadian equivalencies will be accepted. These institutions include the credential assessment services of the federal and provincial governments and the International Credential Assessment Service of Canada, as well as others recognized as credential assessment services for comparing degrees and diplomas to Canadian standards, identified on the Canadian Information Centre for International Credentials Web site:

10.2.1.2. Teaching resources in training

A teaching resource who does not have the experience described in **10.2.1.1** or who is in his or her last year of a bachelor's degree program at a recognized Canadian university will be considered a teaching resource in training. Teaching resources in training must be paired with experienced teaching resources until they have met the requirements of **10.2.1.1** and attended the familiarization sessions. Their progress will be constantly monitored by a pedagogical advisor. When the requirements of **10.2.1.1** have been met, the Offeror must inform the TA. All teaching resources proposed for this SO must be evaluated by the Offeror's pedagogical advisor during the first month on the job, and a detailed report (see Appendix 5 – Teaching Evaluation Report) must be submitted to the TA on the first business day of the following month for review and approval of the teaching resources' qualifications.

When teaching resources are proposed for the first time, the Offeror must provide the TA with proof of education in the form of a document confirming the level of education of all the teaching resources. The SO Authority may at any time require an original document or a true copy of the original certified by a commissioner of oaths.

The Offeror must also provide a certificate confirming each main teaching resource's experience. The certificate must provide the following information: name of the client organization, name and telephone number of a contact person, number of hours of experience as a teaching resource, and the start and end dates of the experience.

ANNEX A3 – APPENDIX 1

Qualification Standards in Relation to Official Languages

<http://www.tbs-sct.gc.ca/gui/squn03-eng.asp>

Introduction

These qualification standards apply to positions requiring the use of both official languages—English and French. They define the levels of proficiency for each of the three (3) language skills:

- written comprehension in the second official language
- written expression in the second official language
- oral proficiency in the second official language

There are two (2) types of language qualifications for bilingual positions:

- general second official language qualifications—A, B or C
- specific language qualifications requiring code P

Official language qualifications are identified objectively and are relevant to the duties and responsibilities of the position as it relates to communications with and services to the public and language of work.

The Web-based tool, Determining the Linguistic Profile of Bilingual Positions, is available to help managers establish the linguistic profile of positions. A printable final report presents the profile and the functions associated with a particular position.

Application

These standards apply to all institutions subject to Schedules I and IV of the *Financial Administration Act*.

Related requirements

Institutions also apply the following requirements:

- *Policy on Official Languages for Human Resources Management* – for institutions subject to Parts IV, V and VI as well as section 91 of the *Official Languages Act*
- *Directive on the Staffing of Bilingual Positions* – for institutions subject to the *Public Service Employment Act*
- *Directive on the Linguistic Identification of Positions or Functions* – for institutions subject to Schedules I and IV of the *Financial Administration Act*

General second official language qualifications

Second official language qualifications and proficiency levels are identified objectively and are relevant to the duties and responsibilities of the position as it relates to communications with and services to the public and language of work.

Tests used to assess proficiency levels for general second language qualifications—A, B, or C—in written comprehension, written expression and oral proficiency are prescribed by the Public Service Commission.

These tests and standards apply to all occupational groups.

There are three (3) levels of proficiency for general second official language qualifications:

- A (lowest)
- B
- C (highest)

They are cumulative:

Level	A	B	C
Can accomplish:	Tasks at level A	Tasks at level A Tasks at level B	Tasks at level A Tasks at level B Tasks at level C

When a skill is not required, a dash ("-") is used in the linguistic profile instead of a proficiency level.

There are also two (2) additional possible language test results: X and E.

Individuals obtaining an X are demonstrating that their performance does not meet the minimum requirements for Level A for this ability.

Individuals obtaining an E are exempted indefinitely from further language testing for this ability. It is granted to persons whose second language test performance indicates that they can be expected to maintain their second language proficiency at Level C indefinitely.

An exemption is not a proficiency level and is not listed in the linguistic profile of bilingual positions.
