**Amendment 003** is raised to extend the closing date from December 19th, 2013 to January 16th, 2014, to make a modification and to answer a question.

All other terms and conditions of the solicitation remain the same.

A proposal already submitted may be amended prior to closing time by sending the amended correspondence to Bid Receiving, the envelope/fax bearing the Solicitation No. B8817-120110/B and the closing date of January 16th, 2014.

### **QUESTION:**

**Question:** The solicitation specifies that two small staples are to be placed on the back side of the sleeve as to not be visible from the front viewing side. Industry stapling equipment is designed to place staples in the front of the sleeve. A major retrofit would be required to reverse the position of the staples. Would client accept as in the historical past the staples placed in the front of the sleeve?

**Answer:** The staples may be placed either on the front or the backside of the sleeve as long as they are both placed on the same side and stapled one at the top and one at the bottom of the flag.
