Amendment #5 - WN536-140197/A

The above referenced solicitation is amended as follows:

**Annex A - Statement of Work
Mandatory Technical Specifications**

Delete:

The proposed printer must fit within a space of 100" W

Insert:

The proposed printer must fit within a space of 110" W

The amendment is raised to also provide clarification for the following:

Questions and Responses:

- Q17.** Would you consider 100" to include the finishing components and the mainframe of the Colour Production Device?
- R17.** That is correct the space includes all components. Due to space limitations being a problem for some, CFC has found a little extra space for the device to fit into. The specification is being changed to **110" W x 32" D.**

All other terms and conditions remain unchanged.
