**AMENDMENT 003**

This amendment is issued to answer the following questions, and to make the following changes.

**Question 1**

Why has the Crown chosen to accept products with absolutely no testing to any ergonomic, durability or quality standards? The only standard bidders are being asked to comply to is ANSI/BIFMA's e3 Furniture Sustainability Standard.

**Answer 1**

No changes will be considered

**Question 2.**

Under Annex 'A', 6.1.4: The dimensions for the table tops are stated to be, 'at least 12.7mm (1/2") narrower but no greater than 50mm (2") narrower in width and at least 12.7mm (1/2") narrower but no greater than 25mm (1") narrower in depth.

These dimensions, given the layouts provided, would produce work stations with what Canada's National Standard for freestanding case goods, CAN/CGSB 44.227, would consider to be hazardous conditions regarding the pinching of hands. Should not the table top dimensions be compliant to this standard just as the height adjustable tables on the Federal Governments Supply Arrangement are mandated to be?

**Answer 2:**

Each top must be a minimum of 1/2" narrower in width and depth which would give us 1" clear space between tops.

**Question 3:**

Re: Annex B - Basis of Payment Section - Table II - Delivery: Does this section need to be filled out or just Table I?

**Answer 3:**

Table I, Table II, Table III and both Evaluation tables must be filled out.
