This amendment is raised to address the following:

- To respond to questions received during the solicitation period:

QUESTIONS AND ANSWERS

Question 1:

My question is do we need to have our Nomex III Polar Fleece retested?

Answer 1:

The testing requirements in Appendix A must be provided by the manufacturer. If the company has independent testing confirming the materials meets the requirement and the testing was performed no more than 18 months ago, they can submit this testing. The test reports must show they meet or exceed each of our requirements and are performed to the test methods as stated in the specification.
