AMEND NO. 2 - Formal Questions and Answers

Q1 - The Goodyear tire you are requesting information on is it 10 ply? The only one found is part number 06-01070. Please advise if this is the correct part number?

A1 - P/N 5000444 is for wheel assy (rim only) and is not for a tire. It is mandatory that P/N 5000444 be supplied as per the RFP document.

Q2 - P/N 5000444 is replaced by 5000444-3 - Minimum order is qty 5 -

A2 - DND is at end of fiscal year, DND want to buy New Surplus condition 5000444. The 5000444-3 wheel assy is deemed beyond budgeted funding.

Q3 - P/N is not recognized in our system – could be because:

- a) Part number is incorrect – ensure p/n is correct;
- b) Has never sourced or sold this part before and requires pricing from Mfg;
- c) This part number is no longer valid

A3 - Wheels part number 5000444 is no longer available from the OEM, but some suppliers might have P/N 5000444 available in new surplus condition

Q4 – The OEM mentioned the 500044 is no longer available and the replacement is 5000444-3 – why is DND not accepting the 5000444-3 – when the only difference is the steel disk drive ring instead of the aluminum disk drive ring?

A4 - See Q&A 2
