This Tender Amendment No. Two (2) is raised to include the following Addendum No. Two (2).

The following Addendum to the tender is effective immediately. This addendum shall form part of the contract documents.

All other terms and conditions remain the same.

Addendum No. 2

1. QUESTIONS AND ANSWERS

Q1: I am having an issue identifying specifications on certain hardware as referenced on drawing # A2 for the Springhill Institution Door Modifications.

The hardware in question is referenced as 'new countersunk screws, aligned with existing plate' for building # 50 & 51 doors, and 'new countersunk screws, aligned with existing face plate holes' for building # 52 doors.

I cannot find any dimensions or specifications on these screws. Can you provide this information?

A1: The existing screws are 6-32 x 1/4" security Torx FHMS . The new screws will need to be 6-32 x 1/2" security Torx FHMS.

Q2: How firm is the completion date?

A2: Work is to be completed within 5 weeks after award of the contract.

Q3: What are the welding precautions required?

A3: Refer to Section 05 50 00, subsection 1.7.1 Site Requirements.

Q4: What are the hours of work?

A4: Contractors could access the Springhill Institution between 7:00 am and 7:30 am for an earlier start. Contractors could leave the site between 4:00 pm and 4:30 pm.

Q5: Who will verify if the doors worked on are secure at the end day?

A5: PWGSC/CSC will have a designaed representative to certify.

2. CLARIFICATIONS

- 1. Painting requirements:** Work to keep painting to a minimum, touch-up paint to be dry to touch when inmate returns (blow dried if required).
- 2. Tap in Doors:** Screw in tap, adjust distances for proper door closure and use high strength Loctite to secure in place.
- 3. Usage of Building # 52:** Building #52 will not be used as swing space for the clients that are housed in Building #50 and #51.
