Solicitation Amendment #4 is issued (1) to introduce questions and answers into the solicitation package.

(1) ADD: the following questions and answers to the solicitation package.

Solicitation Amendment #4 is issued (1) to introduce questions and answers into the solicitation package.

(1) ADD: the following questions and answers to the solicitation package.

15 QUESTION:

The Canadian DISP only recognises these certification bodies (ABS, BV, DNV, GL, and LR). Our partners, the CRS (IACS member) does not appear to be credited. For our production procedures / approvals, CRS is the only entity with which we can achieve this certification, but unfortunately does not seem to be recognized by the Canadian Ministry of Transport. Can you check if there is opportunity to participate with CRS certification.

ANSWER:

I see that the CRS (Croatian Register of Shipping) is IACS certified, but as we have gone to DSIP it is preferred that we stay within one of these five (now four) Classification Societies.

CCG is having greater difficulty with TCMS with regards to crane certification if it not marine type approved. DND has the ability to purchase as they want as they are not bound by a classification society or TCMS. CCG also has this option, but we voluntarily comply with the rules laid down by the IMO and enforced by TCMS.

16 QUESTION

It is common to provide Hydraulic Power Units with a CSA approved motor and no starter panel. In these cases the starter panel is included as part of the installation. In order to provide a complete HPU system approved by the Classification Society or CSA, the power unit should be complete with a starter panel. Is the starter panel required on each of the HPU's ?

ANSWER:

Yes.
