Questions and Answers:**Question #4**

We are a translation agency headquartered in Rome (Italy). We have over 11 years of experience in the field of translation and employ over 80 000 freelance translators from many countries around the world.

We would be interested in the above-mentioned RFP, but would like to know if our company meets all the conditions required to present an offer.

Last October, we received a procurement business number (PBN) from the government of Canada. Moreover, to provide the services required in this RFP, we would use the services of freelance professional translators living in Canada.

We already work for the European Commission, the Court of Justice of the European Union and many other public and private sector clients and are the official contractor of many United Nations agencies.

I will be awaiting your reply and will be at your disposal if you require any further information.
