## 6. Basis of Payment

**6.3** For the purpose of the bid solicitation, bidders with an address in Canada are considered Canadian-based bidders and bidders with an address outside of Canada are considered foreign-based bidders.

## 7. Delivery

Delivery is preferred as soon as possible. Bidders are required to specify their proposed delivery date in the Line Item Detail Delivery Offered column.

## 8. Description and Traceability

a) The description given in the line items may be a short description. The full description is available in the public domain. The NATO Stock Number may include a part number or numbers in addition to that listed in the description of a line item. It is the responsibility of the bidder to refer to the NATO Stock Number and to ascertain therefrom such other part number as may fulfil the requirements of the NATO Stock Number. Part numbers with a RNCC/RNVC code of 5-9, 6-9 or D-9 are not acceptable part numbers.

- b) **Traceability** - Items offered shall not be identified as being produced by a NATO Supply Code for Manufacturer (NSCM) unless produced by that manufacturer or its accredited manufacturer/supplier. **It is the bidder's responsibility** to ensure that they and/or their supplier are legally entitled to manufacture the parts which are being offered.

## 9. Assurance of Nato Supply Code for Manufacturer (NSCM) Traceability

For the purposes of this solicitation, the NSCM (one or more) specified in this Request for Proposal (RFP) is the only approved source(s) of supply for the part number it is referenced with.

When the specified part number is proposed for supply by the bidder, the related specified NSCM shall only be offered by the bidder if the material to be supplied as the specified part number can be traced with documentary evidence directly to the NATO approved source of supply.

In the event that the bidder proposes to supply, under the specified part number, material which can neither be demonstrated by the bidder as originating directly from the approved source of supply nor as supplied under the specified NSCM with the specific written permission of the approved source of supply, the bidder is obligated to specify the alternate manufacturer for the material proposed under the specified part number and not mention the specified NSCM.

Material supplied for the items specified in any subsequent contract will be subject to investigation by the Crown. Material which can neither be demonstrated by the Contractor as having originated directly from the NSCM specified for the item in the contract, nor as supplied with the specific written permission of this specified NSCM, will be subject to the following action by the Crown.

The Crown may either:

- a) terminate the contract for default with respect to that item, return the item to the Contractor at the Contractor's risk and expense, and demand and receive from the Contractor (who shall forthwith so pay) all reprourement and other costs incurred by the Crown, including any increased costs required for the purpose of expediting production; or
- b) retain the item, and demand and receive from the Contractor (who shall forthwith so pay) the difference between the Contractor's costs relating to the item, as determined by the Crown, and the costs which, in the Crown's opinion, the Contractor would have incurred had it obtained and supplied an item which did not differ in any way from that specifically required under the contract.

## 10. Foreign Suppliers (GST/HST)

Foreign Suppliers should be aware that Goods and Services Tax (GST) or Harmonized Sales Tax (HST) registration with Canada Revenue Agency is required in order to invoice for the Goods and Services Tax (GST) or Harmonized Sales Tax (HST). Any contracts awarded to foreign suppliers should not include the GST/HST.

## **PART 3 - EVALUATION PROCEDURES, BASIS OF SELECTION AND CERTIFICATION**

### **1. Evaluation Procedures**

Bids will be evaluated in accordance with the Basis of Selection specified below

### **2. Basis of Selection**

To be considered responsive, a bid must meet all of the following mandatory requirements of this solicitation:

1. Technical requirement (NSN, part number or substitute/equivalent)
2. All other clauses, terms and conditions stipulated in this RFP

Bids not meeting all of the mandatory requirements will be given no further consideration. The responsive bid with the lowest evaluated price on an item by item basis will be recommended for award of a contract.

For evaluation purposes bids submitted in foreign currencies will be converted into Canadian dollars at Bank of Canada rate of exchange applicable at bid closing.

### **3. Certifications**

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify the bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

### **4. Certifications Precedent to Contract Award**

The certifications listed below should be submitted with the bid, but may be completed and submitted afterwards. If any of these required certifications is not completed or submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

---

## 5. Code of Conduct Certifications - Certifications Required Precedent to Contract Award

Bidders should provide, with their bids or promptly thereafter, a complete list of names of all individuals who are currently directors of the Bidder. If such a list has not been received by the time the evaluation of bids is completed, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Bidders must submit the list of directors before contract award, failure to provide such a list within the required time frame will render the bid non-responsive.

The Contracting Authority may, at any time, request that a Bidder provide properly completed and Signed Consent Forms (Consent to a Criminal Record Verification form - PWGSC-TPSGC 229) for any or all individuals named in the aforementioned list within a specified delay. Failure to provide such Consent Forms within the delay will result in the bid being declared non-responsive.

## 6. Federal Contractors Program - Certification

### 6.1 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list ([http://www.labour.gc.ca/eng/standards\\_equity/eq/emp/fcp/list/inelig.shtml](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)) available from Human Resources and Skills Development Canada (HRSDC) - Labour's website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.
