Is it possible to remove this category from the RISO or the allow us to obtain the table from a furniture manufacturer not included in the list of approved manufacturer?
- A1. Refer to section 2 of this revision.
- Q2. It would also be necessary to specify if:  
- The table is made of wood or laminate.  
- The tests must have been done only on the legs and before the submittal of the RISO.
- A2. Refer to section 2 of this revision.
