Question # 1:

With regards to the Pricing Schedule, Tables 1, 2 and 3 item # 6 - Provision of Barge

The description for this item includes all equipment and labour necessary to operate the barge and to perform the task, but does not mention the mobilization cost of the barge. It is typical that the mobilization of a barge is a greater cost than the hourly rate of a barge on a work site. To include the mobilization in item 6 would not accurately portray the hourly costs for that barge to be at the work site as the barge would be mobilized once, but may stay at a site for an extended period of time.

How should offerors proceed to include the mobilization costs of the barge?

Answer # 1:

See updated Attachment 1 to Part 3 - Pricing Schedule below.

Question # 2:

If a vessel is required to operate (push) the barge, should the price for that vessel be applied again into item # 6 or would item # 5 cover it?

Answer # 2:

If a boat is required for the barge include it in the barge fee Item 6.

Question # 3:

With regards to the Mandatory Technical Criteria, MT2.1 - proof of 50 hours dive experience.

It is required to have a minimum of 50 hours of dive time to qualify for an unrestricted surface supplied certificate from the Diving Certification Board of Canada (DCBC). Therefore, will producing a DCBC certificate for each personnel resource be proof enough of the 50 hours of diving time required or should offerors still include copies of 50 hours of dive time from their log books?

Answer # 3:

Since we do not limit the certification to DCBC, an unrestricted surface supplied certificate from any recognized diving body will be accepted for the 50 hrs as you cannot obtain the unrestricted surface supplied certificate until you have completed 50hrs of bottom time diving per Table 4 of the CSA competency standard for diving, hyperbaric chamber, and remotely operated vehicles.

Question # 4:

What location was used in estimating the number of hours required for mobilization/demobilization?

Please see updated Pricing Schedule below. Changed from asking Offerors to provide a Firm All Inclusive Hourly rate to a Firm All Inclusive Rate based on Frequency per sector.

Question # 5:

Is a map of all locations available?

Answer # 5:

Yes. See Annex F below.

Question # 6:

Should the unit price for SCUBA diver be per diver or for a two-man SCUBA crew?

Answer # 6:

Unit price per diver.

Question # 7:

Does the owner have minimum requirements or specifications for boats and barges required?

Answer # 7:

A boat or barge will have to be large enough to safely operate a working dive team.

Question # 8:

Can the tender submission be made electronically?

Answer # 8:

Offers can be submitted as per:

The 2006 (2013-06-01) Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, that are referenced under Part 2 – Offeror Instructions.

Update # 1:

Delete Attachment 1 to Part 3 - Pricing Schedule in its entirety.

Insert the following:
