Amendment 004 is raised to answer the following questions, to revise the Basis of Selection clause and to extend the closing date as follows:

**Question 2:** For drawing 9379855 please confirm that the only modification required is identified as per detail "A" plus the Zinc Plate while all the other dimensions are for reference only, as they are as supplied as part EB-255.

**Answer 2:** The EB-255 is a commercial Swing Bolt and the drawing shows the modification to fit the Mount.

The drawing shows a section that must be cut off and then Detail A is completed so a Circlip can be fitted and then the zinc coating is applied.

In the end the bolt should end up 62.5 mm from the center of the hole to end of the bolt.

**Question 3:** Regarding the options items 21 - 31: The quantity listed is 1 . How do we price this? In unit price or lot price?

**Answer 3:** The options should be priced as firm unit price.

**Question 4:** On Part 6 para 2.2 : Regarding the options items 21 - 31: Can the price quoted be different than the price appearing in the first section? For example: Does the price on item 28 have to be the same as the items 14 and 15?

**Answer 4:** All items with identical NSN's (including options) will be awarded together. The unit pricing does not have to be the same. For evaluation purposes, the unit pricing for identical NSN's will be calculated by using the average evaluated unit price.

## **Basis of Selection**

### **INSERT:**

## **2. Basis of Selection**

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest average evaluated price on an identical NSN basis will be recommended for award of a contract.
