Amendment No. 004 to the solicitation is hereby raised to provide a Question (Q) and Answer (A) received from the Industry, to revise Annex "A" and Appendix 1 to the Bid Solicitation document and Change the Bid Solicitation closing date as follows:

DELETE: Solicitation Closes 2014-02-11
INSERT: Solicitation Closes **2014-02-18**

Amendment to the Bid Solicitation

DELETE: Annex "A" and Appendix 1, dated 3 February 2014 **in its integrity**
INSERT: **New revision** of Annex "A" and Appendix 1, dated **6 February 2014**

Question (Q) and Answer (A) received from the Industry

Q.14

With addendum #3 you have clearly identified your needs as a 20,000lb trailer.

The industry standard for cross members on a 20,000lb trailer is 3" at 4.1lbs of steel per foot. Not the 4" Crossmember identified in the tender.

In order to get a min 4" cross member you will be getting a 30,000LB trailer and I suspect the F550 truck will have difficulty pulling it and you may have a licensing issue.

We would like to supply the industry standard Frame material on this trailer including 3"@ 4.1# cross members .

Is this acceptable?

A.14

Yes, please provide the industry standard frame material that is road legal in Ontario.

All other terms and conditions remain unchanged.

**PURCHASE DESCRIPTION
FOR
VEHICLE TRANSPORT TRAILER**

SCOPEScope

This Purchase Description describes the requirements for vehicle transport trailer.

Primacy of Requirements

The requirements in this Purchase Description are for a vehicle transport trailer. This vehicle transport trailer will primarily be used in conjunction with a 2012 Ford F550 with a custom body.

Instructions

The following instructions and definitions apply to the interpretation of this purchase description:

- (a) Requirements, which are identified by the word “shall”, are mandatory. Deviations will not be permitted;
- (b) In this document "provided" shall mean "provided and installed";
- (c) Metric measurements shall be used to define the requirement. Other measurements are for reference only and may not be exact conversions; and
- (d) Dimensions stated as nominal shall be treated as approximate dimensions. Nominal dimensions reflect a method by which materials or products are generally identified for sale commercially, but which differ from the actual dimensions.

Definitions

The following definitions apply to the interpretation of this Purchase Description:

- (a) “Technical Authority” - The government official responsible for technical content of this requirement;
- (b) “Trailer” is defined as a Vehicle Transport Trailer ;
- (c) “Road legal” - are the characteristics that a vehicle requires so that it can be legally operated on all Canadian highways and secondary roads, not having special restrictions, without requiring overweight or dimensional permits; and

- (d) The abbreviation “GVWR” represents gross vehicle weight rating;

Technical Information Questionnaire

The following applies:

- (a) The bidder shall complete a Technical Information Questionnaire for the Trailer the vehicle configuration offered. Failure to provide specified brochures, performance analysis, drawings, curves or tables may render the proposal non-compliant; and
- (b) A nil response to a Technical Information Questionnaire question may be considered non-compliant.

REQUIREMENTS – The Trailer Shall:

- (a) Be new, not used, and contain new materials only;
- (b) Have a minimum overall length of 6.45 m (21.2 ft) consisting of a minimum 4.95 m (16.2 ft) flat deck, and a 1.5 m (5ft) dovetail (also known as a beavertail) ramp;
- (c) Have a flat deck capable of supporting a damaged vehicle with a mass of 6,655 kg (15,000 lbs)
- (d) Have an adjustable gooseneck coupler;
- (e) Have a minimum GVWR of 8,873 kg (20,000 lbs);
- (f) Have a retractable drop leg jack with a minimum capacity of 4,436 kg (10,000 lbs);
- (g) Be provided with a new spare tire and rim securely mounted;
- (h) Have a deck with 2 inches pressure treated pine 2 inches thick at a minimum;
- (i) Be painted dark colours (Black, Brown, Navy Blue, Dark Grey are acceptable);
- (j) Have electric breaks with an operational breakaway on the trailer;
- (k) Have LED lighting;
- (l) Use a standard commercial connector, and a 12 pin NATO standard connector;
- (m) Have tie down rings on the side, to enable the safe transport of the damaged vehicle;
- (n) Have one (1) year parts and labour warranty; and
- (o) Be road-legal in Ontario.

DELIVERABLES

- (a) Quantity: One (1) Trailer.
- (b) Maintenance and Operational Manual:
- i. One (1) hard copy; and
 - ii. One (1) electronic copy, compatible with either Microsoft Office 2003 (.doc) or Adobe Acrobat Reader 9.0 (.pdf).
- (c) Delivery Location – Location will be disclosed upon contract award.

	NOTICE
	This documentation has been reviewed by the technical authority and does not contain controlled goods.
	AVIS
	Cette documentation a été révisée par l'autorité technique et ne contient pas de marchandises contrôlées.

COMPLIANCE MATRIX VEHICLE TRANSPORT TRAILER

NOTE:

1. **IT IS THE BIDDERS RESPONSIBILITY TO CLARIFY OUTSTANDING TECHNICAL ISSUES, BY WRITTEN REQUEST, TO THE CONTRACTING OFFICER PRIOR TO BID SUBMISSION.**
2. **BIDDERS RESPONSE IS TO BE TYPED.**

1.0 GENERAL**1.1 Instructions**

Bidders shall be assessed in accordance with the following instructions and criteria as detailed within this document. The following instructions shall apply to the bidder evaluation:

1.1.1 Mandatory requirements are identified by the word shall. All mandatory requirements must be met in order to meet compliance; and

1.1.2 Bid submissions shall address all criteria identified in the bid evaluation plan with complete supporting detail. Insufficient information to substantiate compliance or a nil response may result in the rejection of a response and may result in the bid submission rated as non-compliant.

2.0 MANDATORY CRITERIA

The following table details the mandatory criteria which must be met in order to meet compliance

DESCRIPTION	COMPLIANT		Details (Please provide details and measurements or reference information)
