MEDIUM RANGE RADAR (MRR) ACQUISITION AND IN-SERVICE SUPPORT (ISS) CONTRACTS

GSIN: N5840

DESCRIPTION: ACQUISITION OF UP TO TEN (10) MEDIUM RANGE RADAR AND THE IN-SERVICE SUPPORT TO MAINTAIN THEM FOR UP TO TWENTY (20) YEARS

After exploring all avenues for conducting a hybrid Direct Commercial Sales/Foreign Military Sales (DCS/FMS) bid process, it was determined that it was not possible to utilize such a process.

As a result, Canada will now be using a standard competitive approach to tender this requirement.

At this stage Canada is not accepting any bids in response to this tender notice. A formal RFP will follow in late February 2014.

A detailed description of the MRR systems specifications and required services are part of this NPP. Industry feedback is requested no later than February 26, 2014. All feedback must be sent to the Contracting Authority identified in this notice.

The Statements of Work (SOWs) are currently under review and are subject to change, which may be as a result of information provided by industry or information otherwise obtained by Canada.

Procurement Process and Contractor Selection

After receipt of proposals to the formal RFP, selection of a contractor will follow standard bid evaluation processes.

This requirement will be subject to a two-step evaluation process.

In this instance, "Highest Combined Rating of Technical Merit and Price" will be used for contractor selection.
