PART 2 - OFFEROR INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the Request for Standing Offers (RFSO) by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Offerors who submit an offer agree to be bound by the instructions, clauses and conditions of the RFSO and accept the clauses and conditions of the Standing Offer and resulting contract(s).

The 2006 (2013-06-01) Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the RFSO.

Subsection 5.4 of 2006, Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days
Insert: one hundred and twenty (120) days

2. Submission of Offers

Offers must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the Request for Standing Offers.

Due to the nature of the Request for Standing Offers, transmission of offers by facsimile to PWGSC will not be accepted.

3. Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than seven (7) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that offerors do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all offerors. Enquiries not submitted in a form that can be distributed to all offerors may not be answered by Canada.

4. Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

5. Improvement of Requirement During Solicitation Period

Should Offerors consider that the Purchase Description contained in the RFSO could be improved technically or technologically, Offerors are invited to make suggestions, in writing, to the Standing Offer Authority named in the RFSO. Offerors must clearly outline the suggested improvement as well as the reason for the suggestion. Suggestions that do not restrict the level of competition nor favour a particular Offeror will be given consideration provided they are submitted to the Standing Offer Authority at least **seven (7) calendar days** before the RFSO closing date and time. Canada will have the right to accept or reject any or all suggestions.

6. Environmental Considerations

Canada is committed to greening its supply chain. In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to acquire products and services that have a lower impact on the environment than those traditionally acquired. Environmental performance considerations include, among other things: the reduction of greenhouse gas emissions and air contaminants; improved energy and water efficiency; reduced waste and support reuse and recycling; the use of renewable resources; reduced hazardous waste; and reduced toxic and hazardous substances. In accordance with the Policy on Green Procurement, for this solicitation:

The successful Offeror will be requested, after issuance of a Standing Offer, to provide all correspondence including (but not limited to) documents, reports and invoices in electronic format unless otherwise specified by the Standing Offer Authority, the Technical Authority or the Identified User, thereby reducing printed material.

Offeror should recycle (shred) unneeded copies of non-classified/secure documents (taking into consideration the Security Requirements).

Product components used in performing the services should be recyclable and/or reusable, whenever possible.

7. Design Data List (DDL) Request

To order a copy of the DDL, drawings, and specifications, offerors must contact the Standing Offer Authority by email and provide their full mailing address. If offerors have not received the documents at least ten (10) calendar days prior to bid closing date, offerors should communicate with the Standing Offer Authority.

1. Formula for the adjustment of the firm prices for the extended periods.

$$P_{(e)} = P \times \frac{AVE_{(e)}}{AVE}$$

Where : $P_{(e)}$ = Firm Price for the extension period;

P = Firm Price of the initial period of the standing offer;

$AVE_{(e)}$ = Index annual average is calculated with the data of the latest twelve (12) months period available thirty (30) calendar days before the end of the initial or the extended period, as applicable. The $AVE_{(e)}$ calculated will not be modified as a result of any revision to the Index.

AVE = Index annual average is calculated with the data of the latest twelve (12) months period at time of closing of the Request for Standing Offer.

The adjustment derived from the ratio $AVE_{(e)} / AVE$ cannot be lower than 1. If the ration $AVE_{(e)} / AVE$ would be lower than 1, the firm prices for the extended period will correspond to the firm prices of the initial period.

2. Example

For the purpose of this example,

The request for standing offer closed on November 17, 2010.

The initial period of the standing offer was from January 25, 2011 to January 24 2012.

$$AVE = \frac{105.7 + 105.8 + 105.9 + 105.9 + 105.9 + 105.8 + 104.8 + 104.5 + 104.5 + 104.4 + 103.0 + 103.0}{12}$$

$$AVE = \frac{1\,259.2}{12} = 104.93$$

The Index annual average (AVE) calculated is 104.93 in accordance with the data of the twelve (12) months period available at closing date of the Request for Standing Offer.

The firm price for the first extended period of the item would be \$202.06.

2.3 AVE_(e) Determination for the second extended period

In accordance with the definition of AVE_(e) above, the data of the latest twelve (12) months period available thirty (30) calendar days before the end of the initial which is December 25, 2011 will be the period of December 2011 to November 2012.

$$AVE = \frac{105.3 + 104.8 + 104.1 + 103.1 + 103.7 + 103.4 + 103.6 + 103.6 + 103.1 + 103.1 + 103.0 + 103.3}{12}$$

$$AVE = \frac{1\,244.1}{12} = 103.68$$

The Index annual average (AVE_(e)) calculated is 103.68 in accordance with the data of the latest twelve (12) months period available thirty (30) calendar days before the end of the first extended period.

2.3.1 Firm price determination for the second extended period

$$P_{(e)} = P \times \frac{AVE_{(e)}}{AVE} = 200\$ \times \frac{103.68}{104.93} = 200\$ \times 0.988 = 197.62\$$$

Because the ratio $AVE_{(e)} / AVE$ cannot be lower than 1, the firm price for the second extended period of item will be the firm price of the initial period which is \$200.
