3. Former Public Servant

Former Public Servant - Competitive Requirements

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPS, bidders must provide

the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the Financial Administration Act, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the Public Service Superannuation Act (PSSA), R.S., 1985, c.P-36, and any increases paid pursuant to the Supplementary Retirement Benefits Act, R.S., 1985, c.S-24 as it affects the PSSA. It does not include pensions payable pursuant to the Canadian Forces Superannuation Act, R.S., 1985, c.C-17, the Defence Services Pension Continuation Act, 1970, c.D-3, the Royal Canadian Mounted Police Pension Continuation Act, 1970, c.R-10, and the Royal Canadian Mounted Police Superannuation Act, R.S., 1985, c.R-11, the Members of Parliament Retiring Allowances Act, R.S., 1985, c.M-5, and that portion of pension payable to the Canada Pension Plan Act, R.S., 1985, c.C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension?

Yes () No ()

If so, the Bidder must provide the following information, for all FPS in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2012-2 and the Guidelines on the Proactive Disclosure of Contracts.

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive?

Yes () No ()

If so, the Bidder must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

4. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than seven (7) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

5. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in **Prince Edward Island**.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

NOTE: Your attention is particularly drawn to the Article in regards to the Taking Over of Personnel included in the French Collective Tariff Agreement, which has to be adhered to.

6. Mandatory Site Visit

It is mandatory that the Bidder or a representative of the Bidder visit the work sites. Arrangements have been made for site visits to be held as follows:

Tuesday, 04 March 2014 at 10:00 (CET) Central European Time

Vimy Ridge National Historic Site of Canada
Route départementale 55, 62580 Vimy, France.

and

Tuesday, 04 March 2014 at 13:00 (CET)
Beaumont-Hamel Newfoundland Memorial
Rue de l'église (route D73), 80300 Beaumont-Hamel, France

Bidders must communicate with the Contracting Authority before the scheduled visit to confirm attendance and provide the names of the person(s) who will attend. **Bidders will be required to sign an attendance form - Annex E.** Bidders should confirm in their bids that they have attended the site visit. Bidders who do not attend or send a representative will not be given an alternative appointment and their bids will be rejected as non-compliant. Any clarifications or changes to the bid solicitation resulting from the site visit will be included as an amendment to the bid solicitation.

PART 3 - BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (3 hard copies)
 Section II: Financial Bid (2 hard copies)
 Section III: Certifications (1 hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Bid

In their technical bid, bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

Section II: Financial Bid

1.1 Bidders must submit their financial bid in accordance with the Basis of Payment in Annex "B". The total amount of Applicable Taxes must be shown separately.

1.2 Exchange Rate Fluctuation

1.2.1 SACC Manual Clause

A0222T (2013/04/25), Evaluation of Price

2. Basis of Selection

Basis of Selection - Minimum Point Rating

- (c) obtain the required minimum points for the technical evaluation criteria which are subject to point rating.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications and documentation to be awarded a contract.

The certifications provided by bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default, if any certification made by the Bidder is found to be untrue whether during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply with this request will also render the bid non-responsive or will constitute a default under the Contract.

1. Mandatory Certifications Required Precedent to Contract Award

1.1 Code of Conduct and Certifications - Related documentation

By submitting a bid, the Bidder certifies that the Bidder and its affiliates are in compliance with the provisions as stated in Section 01 Code of Conduct and Certifications - Bid of Standard Instructions 2003. 2. Additional Certifications Precedent to Contract Award

The certifications listed below should be completed and submitted with the bid but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

2.1 Status and Availability of Resources

The Bidder certifies that, should it be awarded a contract as a result of the bid solicitation, every individual proposed in its bid will be available to perform the Work as required by Canada's

representatives and at the time specified in the bid solicitation or agreed to with Canada's representatives. If for reasons beyond its control, the Bidder is unable to provide the services of an individual named in its bid, the Bidder may propose a substitute with similar qualifications and experience. The Bidder must advise the Contracting Authority of the reason for the substitution and provide the name, qualifications and experience of the proposed replacement. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Bidder: death, sickness, maternity and parental leave, retirement, resignation, dismissal for cause or termination of an agreement for default.

If the Bidder has proposed any individual who is not an employee of the Bidder, the Bidder certifies that it has the permission from that individual to propose his/her services in relation to the Work to be performed and to submit his/her résumé to Canada. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability. Background

Veterans Affairs Canada operates 14 memorial sites in Europe, two of which are the Canadian National Vimy Memorial and the Beaumont-Hamel Newfoundland Memorial. In order to maintain the security at these two sites, VAC relies on the services of a local security service agency.

Provision of Materials / Training

The successful bidder will be required to provide personnel with the necessary expertise to carry out security services duties. This includes the provision of all labour, equipment, material, tools, supervision, knowledge and expertise necessary to provide security services at the Canadian National Vimy Memorial and the Beaumont-Hamel Newfoundland Memorial, in France.

All staff must possess the minimum level of training and/or experience as detailed in the Specific Tasks Required section below. Should a requirement for additional training be identified by VAC, the provision and cost of same will be determined prior to delivery of the training.

Work Schedules

All personnel are expected to complete their shift according to the schedule agreed upon by the successful bidder and the Senior Managers, Commemorative Sites (Vimy and Beaumont-Hamel). Some overtime may be expected, particularly in preparation for and /or following special events and ceremonies taking place on site. Public holidays will be observed in accordance with French law. It is the responsibility of the successful bidder to ensure that all shifts are covered and that back up personnel are in place to cover sick leave and annual holidays.

The following are the anticipated requirements per site (excluding overtime). Both the number of staff and the number of hours per position may be subject to change:

Vimy

01 November - 31 March

Wednesday - Saturday: 1 guard 09h00 - 17h00

Sunday: 1 guard 09h00 – 17h00

The availability of extra personnel is required to complement the above during heavy traffic periods occurring usually on weekends and holidays, up to an estimated 400 hours per year. This will be at the discretion of the Director, European Operations.

Contract Duration

The initial contract issued will be for a duration of 6 months with four (4) options to extend by one year (12 month period) each for a maximum of 4 years 6 months total.

Rates for the first period of 18 months (initial 6 months and first option year) are firm and fixed. In the following years, the estimated cost per year does not include the annual minimum salary review mandated by the French Government (SMIC). In the event of an SMIC adjustment, the bidder must provide official documentation from the Government of France, advising of the required adjustment.

Security Clearance Requirements

Since all personnel may be required to access areas that are restricted from the public (i.e. VAC offices), individual security clearances must be obtained. VAC reserves the right to reject and/or terminate proposed personnel based on findings from, or incomplete security reliability checks.

Specific Tasks Required

The specific tasks required to be completed as a minimum are outlined below, however the list is not exhaustive.

- a. Routine security checks are to be carried out. The schedule for the rounds must not be at the same time it has to be varied and unpredictable (Canadian National Vimy Memorial only).
- b. Duties are to include monitoring activities within the sites by maintaining a highly visible appearance for crowd control and prevention of unauthorized activities.
- c. Personnel will be responsible for contacting the proper authorities in the event of an emergency.
- d. Personnel will be responsible for securing the various buildings and structures within the sites prior to closing the shift. Personnel may be requested to open or secure the tunnel at Vimy.
- e. Guards, like other employees on the site, have the responsibility to assist in maintaining a neat clean site, and are expected not only to enforce the rules with visitors, but to help with the control of rubbish.

ANNEX « A »
STATEMENT OF WORK

- f. During the absence of the shepherd, the guards are also responsible for ensuring that the sheep fencing is in good order. They will assist the shepherd in the performance of his duties by informing him of difficulties, either sheep that get out, or those injured.
- g. In the occasional absence of student guides, guards shall provide basic information to visitors (i.e. information on hours of operation) and accompany VAC staff during tunnel visitation as required.
- h. Duty personnel will keep a log book which will include all their activities, observations of incidents and their action taken regarding these incidents.
- i. Guards are responsible for ensuring that the signs and prefectorial order posted in various locations in the park are respected.
- j. At Beaumont-Hamel only, a guard must make regular rounds of the residence, garages and workshop.

Personnel proposed for the above mentioned operations shall be physically capable and present a neat and pleasing appearance at all times. Appropriate uniforms, subject to approval by the Senior Managers, Commemorative Sites (Vimy and Beaumont-Hamel) will be provided by the successful company and will be worn by the guards at all times. Personnel must maintain good relations and treat all visitors and guests of the Canadian Government in a professional and courteous manner. All personnel must have a minimum of one year of experience in a similar security environment and be in possession of a certificate or licence reflecting that they have completed security training with a professionally recognised agency. Whenever possible, the guards should be capable of providing services in English and French during core business hours.

Surveillance in close vicinity to the public washrooms is necessary, particularly when there are students or other groups. In such cases, the guard does rounds to ensure his/her presence is noted. Personnel working during silent hours will be responsible to conduct routine mobile security patrols and security checks on buildings. The schedule for the rounds must not be at the same time it has to be varied and unpredictable.

All guards will be introduced to the Senior Managers, Commemorative Sites (Vimy and Beaumont-Hamel).

Proof of a complete work history and a criminal check for all guards must be provided to VAC by the successful bidder prior to their taking on any responsibilities on the site.

All guards will be provided suitable training about the site prior to taking up responsibilities. The successful bidder is responsible to provide this training, however, if required, Government of Canada personnel can provide written material and expert advice to assist the company in the development of this training module.

ANNEX « A »
STATEMENT OF WORK

Service Vehicle (Vimy only)

The Contractor shall provide a neat, clean, reliable vehicle for use by their Security Personnel. In the event of a breakdown, a replacement vehicle shall always be available and on site within 3 hours. Marking of the vehicle must be approved by the Senior Manager, Commemorative Sites (Vimy). This vehicle is necessary because the two sectors are 1 kilometre apart. Guards are also required to intervene on the road connecting the two sectors, on the road to the two cemeteries and the circular road around the Monument. All of this travel makes the vehicle extremely necessary. When there is good weather on weekends and thus a great many visitors, the increased speed of intervention possible with the vehicle is necessary.

Communication Equipment

Suitable communication equipment such as cellular telephones and/or portable radio equipment shall be provided by the contractor in order to permit them to communicate with each other, the Chief of Security, the Senior Managers, Commemorative Sites (Vimy and Beaumont-Hamel), the Canadian Student Guide Staff and emergency organizations.

Ownership and Control

All information provided to the Contractor for the purposes of this contract, remains under the ownership and control of Veterans Affairs Canada (VAC). All applicable Federal legislation applies under all circumstances, even when such information is in the sole custody of the Contractor.

Access to Information

Records created by the Contractor, and under the control of Veterans Affairs Canada (VAC), are subject to the Access to Information (ATI) Act. The Contractor acknowledges the responsibilities of VAC under the ATI Act and must assist VAC in discharging these responsibilities.

Requests for Information

Should the Contractor receive a request for information from a third party, relating to information in their custody for the purposes of this contract, the Contractor will advise the Project/Contract Authority. Following consultation with the VAC Access to Information and Privacy Coordinator, the Project/Contract Authority will provide the Contractor with guidance and direction on handling the request.
