Title: Water & Sewage Analysis**Solicitation Amendment No. 02**

This solicitation is hereby amended to provide the following questions and answers:

Q1. In Annex A, Section 1.1.6: Maximum elapsed time between collection and the start of analysis is stated to be 24 hours. The Request for Proposal also states that samples may be up to 8 hours old before they can be collected. In order for CFB Gagetown to receive offers from multiple bidders, would there be flexibility in both the sampling schedule and pick up schedule presented in the RFP?

A1. First I would like to clarify a word that appears in the English Annex A Section 1.1.6. In the text we talk about samples may be eight hours old before they can be collected. The word collected should be picked-up. The sample will be already collected by DND employees.

Due to the nature of this parameter, these timings are critical when dealing with potable water issues which could result in adverse health effects for CFB Gagetown employees both civilian and military. Therefore the timings in this specification will stand.

If your bid has already been forwarded and you wish to revise same, this revision should be sent either in a sealed envelope and mailed to the above address or by facsimile (506) 851-6759 and reach the undersigned before the appropriate closing date. The solicitation number and the closing date are to be shown on the outside of the sealed envelope or on the facsimile transmission.

All other terms and conditions of the solicitation document remain unchanged.

All enquiries concerning this amendment are to be forwarded to:
