**MARINE FENDERS
DEPARTMENT OF NATIONAL DEFENCE**

This amendment is being raised to extend the closing date to **28 February 2014 at 2:00 PM AST**, and to address the following:

Q1. Under Amendment 002, A3:

In the second amendment to Solicitation No. W010C-13C757/A, section A3. states;

“Vendor shall supply a copy of fender design specifications complete with calculations to show conformance with requirements for review by technical authority with proposal. The calculations shall have been certified to be reviewed by a Professional Engineer. Prior to shipment of order, the successful vendor shall be required to submit same stamped and signed by a Professional Engineer accredited by a Provincial Licensing Body.”

We request this engineering requirement be removed and a proof that the goods have been tested to conform be substituted.

A1. Under Amendment 002, A3:

Delete: In its entirety

Insert:

Vendor to supply a copy of their catalogue cut sheet that shows that the fenders to be supplied are a commercial, off the shelf item that meets the requirements of the specification.

All other terms and conditions remain the same.
