This amendment 001 is raised to provide a response to a supplier enquiry. The question and response are provided as follows:

Question: DND has requested that the cable shall be as per diagram 0175356 (item #1) and 0175400 (item #2). On these diagrams it indicates two different Cage codes 71102 (BIW) and 81625 (General Cable). Cage code 81625 does not meet the specifications of temperature range, (-40C vs -55C and 90C vs 105C) weight and number of strands per conductor that are indicated on cage code 71102. The diagram also indicates that the cable will have cable markings of (BIW Systems All-Temp Industrite Type W Portable Cable Portable Cable #6 AWG\5 Cond 2000V (ul) 90C Wet or dry P138-24-MSHA-CSA 90C to -50 FTI) printed on the cable. If a bidder would select the Cage Code of 81625 they would not be in compliance since it would be impossible to have the specifications requested on the diagram including the cable marking requirement.

We are requesting that DND amend the RFP and the diagrams to indicate which cable specification they require.

Response: The Cable Specification is amended to: Type "W" Cable, 5 Conductor, #6 AWG, 2000 V, 90C.

Cage codes 71102 (BIW) and 81625 (General Cable) are acceptable.

All clauses and conditions remain unchanged.
