INTOPLANE AVIATION FUEL

Page 3 of/de 4

Appendix B - BASIS OF PAYMENT

File No. - N° de
E60HL-4-0050-14-V

Weekly Price Adjustment Effective Day:

After the initial price adjustment, which comes into effect on June 01, 2014, all subsequent price adjustments will come into effect at 12:01 AM on _____ of each week. (*Standing Offer Authority will indicate the day of the week as selected by the offeror in Part 3, section 3, Unit Price Adjustment*)

An adjustment to the unit prices will be calculated as indicated hereunder.

a) Initial Adjustment: the unit price adjustments effective on June 01, 2014 will be equal to the applicable Reference Marker price for the week ending May 23, 2014 ('B' week value) minus the applicable Reference Marker price for the week ending on February 07, 2014 ('A' week value) plus the offer price;

b) Subsequent Weekly Adjustments: the unit price effective on day of the week identified above for every subsequent week will be equal to the Reference Marker price for the previous week minus the 'A' week value Reference Marker price plus the Offer price.

For Reference Markers, "NYH", "USGC" and "LA PIPELINE", the average weekly price will be:

a) converted from U.S. funds to Canadian funds using the week average of the Bank of Canada official exchange rate for the corresponding week and;

b) converted from U.S. gallon to litres using 3.785412 as the conversion factor.

The Reference Marker price converted to Canadian dollars per litre will be rounded to four decimal places to the nearest hundredth of a cent per litre (\$0.0001/litre). Not considering any resultant value in the sixth decimal place, the fifth decimal place will be rounded as follows; less than or equal to \$0.00004 rounded down, \$0.00005 - \$0.00009 rounded up.

Example calculation using the "LA PIPELINE" Marker:

(This is for example purposes only and does not commit the Crown to anything).

(All prices indicated are for example purposes only)

Related "LA PIPELINE" marker price for week ending November 25, 2011 = \$ 3.0608

Related "LA PIPELINE" marker price for week ending February 03, 2012 = \$ 3.0910

Bank of Canada official exchange rate for week ending November 25, 2011 = \$ 1.0438 per
U.S.dollar

Bank of Canada official exchange rate for week ending February 03, 2012 = \$ 0.9997 per
U.S.dollar

Offer Price = Cdn \$ 1.0254 per litre

Litres in a US gallon = 3.785412

a) $(\$ 3.0608 \times \$ 1.0438) / 3.785412 = \$ 0.843993$ rounded to Cdn.\$ 0.8440 per litre

b) $(\$ 3.0910 \times \$ 0.9997) / 3.785412 = \$ 0.816310$ rounded to Cdn.\$ 0.8163 per litre

c) b) minus a) = Cdn \$ -0.0277 per litre

d) c) + Offer Price = Cdn \$ 0.9977 per litre

UNIT PRICE ADJUSTMENT SCHEDULE

Unit prices shall only be adjusted on the relevant *Unit Price Adjustment Effective Date* and shall remain in effect until the next scheduled *Unit Price Adjustment Effective Date*.
