This Amendment 001 is raised to respond to a question from a potential Proponent.

Question 1

What types of projects are anticipated?

What were typical projects that were done previously?

Would most work likely involve land development (i.e. servicing for building developments)?

Answer 1

The RS section of the RFSO provides an outline of the types of services that are required. At this time, we are unsure of what projects are anticipated.

The typical projects done previously were 1) Civil water and sewer utilities for up to 50-bed living units. 2) Water treatment plant upgrade. 3) Small sewage treatment. 4) Fencing projects. 5) Water main replacement.

No land development; however, there may be servicing for building developments. Please see typical jobs above.

Question 2

Regarding the Senior Planner:

- Is a description of the planning projects and a Senior Planner C.V. required?

The previous Civil Engineering DISO (2012) stated that "No description of planning projects is required. No Senior Planner c.v. is required."

Will this be the case for the current DISO?

Answer 2

No description of planning projects is required. No Senior Planner c.v. is required.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
