AMENDMENT #001

The intent of this amendment is to answer questions from potential bidders and make some revisions to the Request for Standing Offer document.

PLEASE NOTE:

#1. A revised version of Annex B-1 Pricing Basis (Excel file) will be uploaded soon after this amendment appears.

Should any further revisions be required over the tendering period, PWGSC will make note of these changes in the amendment(s) and upload a revised spreadsheet, incorporating all changes, immediately after the enquiry deadline has expired. This approach is intended to avoid possible confusion caused by issuing multiple revisions to Annex B-1, Excel file.

#2. Region #6 has been added for equipment delivery to Northern Canada. The main destinations in Northern Canada are Iqaluit, Yellowknife, Rankin Inlet and Inuvik with specific addresses of locations to be provided at the time of call-up.

CFS Alert and Eureka will remain in Region #3 since all equipment must be sent to CFB Trenton, who is responsible for delivery to the final destination.

QUESTIONS & ANSWERS

Q1. Could you confirm if on page 22 you are looking for pricing on all three size units both gas and electric (6, 10 and 20 Sheetpan configurations)?

A1. Yes, prices for all three sizes are required. I.E. (1)half size 6 pan, (2)half size 10 pan and (3)full size 20 pan roll in configuration. Annex B-1 has been revised to include the additional configurations.

Q2. There are dozens of configurations. Just so I understand it right, if I take the kettle for example, you'd like 12 different kettles quoted, electric and gas from 6 to 80 gallons, correct?

A2. The configurations on the spreadsheet are all inclusive in order to provide flexibility and price per size to the Identified Users. The breakdown can be found in the excel spreadsheets attached with the tender. <https://buyandsell.gc.ca/procurement-data/tender-notice/PW-KIN-650-6306>

Q3. "Refrigerator/Freezer"

Q3.1 In XXXX's best end user value, we use a round analog temperature dial, your specifications asks for a LED temperature read out. Would the analog temperature gauge disqualify the XXXX single, double and triple door models.

A3.1 To ensure that the item is not subject to disqualification the item must meet all the mandatory criteria which includes the LED temperature indicator. Only options from the value added options aren't necessarily needed to qualify for the item.

Q3.2 The XXXX models use an all metal high usage door handle that is not recessed. Could these be considered if this is the only specification not met?

Q3.2 To ensure that the item is not subject to disqualification the item must meet all the mandatory criteria which include recessed door handles. Only options from the value added options aren't necessarily needed to qualify for the item.

Q4. "Mobile Sandwich / Salad Serving Station"

The specification reads "maximum 28 D x 36" H. If the XXXX units are 30 1/8" deep, would this be within spec?

A4. To ensure that the item is not subject to disqualification the item must meet all the mandatory criteria which include have a maximum of 711 mm (28") Depth. Only options from the value added options aren't necessarily needed to qualify for the item.

Q5. Regarding delivery of goods for this RFSO. As I understand it, equipment is to be delivered dock to dock with no uncrate, assembly or set in place on the part of the kitchen supplier. Is this correct.

A5. Yes, that is correct. Delivery terms are DDP – Delivered Duty Paid (named place of destination) Seller is responsible for delivering the goods to the named place in the country of the buyer, and pays all costs in bringing the goods to the destination including import duties and taxes. The seller is not responsible for unloading.

Q6. Relating to combi ovens: For the table top units, (6 and 10 pan size) no stands are requested. Can you confirm that stands are NOT required for the SOA?

A6. The table top units, (6 and 10 pan size) may include a stand, if required by the Identified User in the call-up. The specification in Annex "A" will be revised to add the stand as a value added option.

DELETIONS & INSERTIONS:

#1. Under: PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

Within: 2. Basis of Selection – delete in its entirety & insert:

An offer must comply with the requirements of the Request for Standing Offers and meet all mandatory technical evaluation criteria to be declared responsive. The responsive offer with the lowest evaluated price on an aggregate basis will be recommended for issuance of a standing offer. Up to 6 standing offers could be issued.

#2. UNDER: ANNEX "A" - REQUIREMENT

#2a. Within: 1.1 General Requirements – Insert:

Confirmation of Measurements

On site, final measurements for equipment such as (but not limited to) shelving are the responsibility of the Offeror. Within 5 days of receipt of the callup, the Offeror must contact the Identified User (and Standing Offer Authority) to set up a mutually acceptable date and time.

#2b. Within: Electric and Gas Combi-Oven

Configuration

Delete: The unit must be available in 6, 10 and 20 pans

Insert: The unit must be available in half size 6 pan, half size 10 pan and 20 pans

Value Added Options

Insert: Stand for table top unit
