

## RFRE Amendment 004

This RFRE amendment 004 is raised to answer questions.

---

### Q24. Question

**Clause 6.3.6, Requires that Respondent (collectively the Respondent Team, in turn collectively the Prime Team Members plus Other Team Members) each provide a Guarantor Letter. Is this required of both Prime Team Members as well as Other Team Members? It would seem that just the Prime Team Members, who will be in the contractual relationship with the government and thus most able to provide a guarantee, would satisfy this provision. Please clarify.**

*A24. Answer*

*Other Team Members are not required to have Guarantors. With respect to the requirements for Prime Team Members, please refer to the definition of Guarantor in clause 1.5.3.*

### Q25. Question

**Clause 6.3.6 Letter from Guarantors. What exactly is the Government looking for in a guarantee letter at this stage? The RFRE does not specifically detail the nature of the guarantees that they are to provide, which of course, will be conditional upon the terms and conditions of the contract. Is it just a letter indicating who the Guarantor will be, and their understanding of the need for such, should the contract be of a nature that the Respondent will proceed fully through the RFP?**

*A25. Answer*

*The letter of support from each Guarantor at the RFRE stage should confirm its intention to comply with the elements set out in clause 6.3.6.*

**All other Terms and Conditions remain the same.**
