Amendment 001 has been raised to address questions being asked by vendors.

Please review the attached Addendums #1a and #1b provided by the consultant that answers the majority of questions.

Another question

Would it be possible to obtain approximate weights/pictures of the two trailer holding cells, and weights of the 4 pallets of connection parts that will be transported from Salmon Arm, BC?

Answer

Trailers weigh 33640 kgs each and the four pallets are under 100 kgs each. Attached you will find a photograph of the trailers – Photo #1. Transportation will be directly from Salmon Arm, BC to Wabowden, MB. However, there is a breakdown in pricing Salmon Arm, BC to Winnipeg, MB and then Winnipeg, MB to Wabowden, MB for internal accounting purposes only.

Clarification

Questions are coming in from suppliers/manufacturers of Trailers. Please note that these trailers are already manufactured. The RCMP is asking for the transportation of these units to be included in this tender as they will be used to provide temporary support in order for the Detachment to remain operational.

All other terms and conditions to remain the same.
