2. In the Request for Proposal, *DELETE* the following section:

**SI05 MANDATORY SITE VISIT AND BIDDERS CONFERENCE**

- 6) Each company can send two (2) representatives to the site visit; however, due to limited space and time only one (1) representative will be allowed to participate in the underground tour and both representatives can participate in the surface tour. Each company can send three (3) representatives to the Bidders Conference.

2. **Responses to RFI's**

**Q: 1.** Will the Contractor awarded the Interim Underground Stabilization contract be in a conflict of interest to bid and be successful on the Main Construction Management contract?

**A: 1.** Whoever is successful on the Interim Underground Design-Build contract will not be in conflict with being awarded the Main Construction Management contract.

**Q: 2.** This solicitation is complex and will require minimum two disciplines to see the site prior to recommendations to our corporate office to proceed.

a. We request two (2) individuals for the site visit and three for the Bidders conference

b. We request that the bidders conference be increased to three (3)

Please note that this requirement is not a request for additional information but a request to have the appropriate personnel view the site prior to proceeding with a 20-30 million dollar venture.

**A: 2.a.** Please refer to item 1.2 above. There will also be an additional optional site visit for further touring of the underground sites.

**A: 2.b.** Please refer to item 1.2 above.

The reference to this being "a 20-30 million dollar venture" is a projection put forward by this potential bidder and only included to provide full disclosure of the question as asked during the tender period.

**Q: 3.** Please provide details regarding the specific contract security requirements as referred to in IB19 of the RFP.
