Solicitation Amendment No.: 002

This amendment is raised to address the following:

- Questions and Answers;

Solicitation Amendment No.: 002

This amendment is raised to address the following:

- Questions and Answers

TITLE: Safe preparation and removal of fuel drums located at the Baker Lake Airport, Baker Lake, Nunavut.

SOLICITATION AMENDMENT 002

QUESTIONS AND ANSWERS

Q4:

The crushed drums and the related waste cannot be stored on site; the contractor is responsible to find storage space until the sealift arrives in Baker Lake? Is this correct?

A4:

Yes. Contractor is responsible to find storage space at Baker Lake until the sealift arrives.

Q5:

The RFP specifies that there are 4-55 gallon drums full of Jet B fuel on site to be disposed of; are the drums already in certified TDGA Shipping Drums?

A5:

The estimated 4 full drums would be the anticipated waste generated from the drums.

Q6:

The first cut off for sealift into Baker Lake is June 6th, 2014. Does PWGSC anticipate the requirement of two shipping seasons if unable to award a contract prior to the June 6th, 2014 NEAS cutoff?

A6:

It is our intent to award a contract prior to June 6th, so bidders are requested to bid accordingly. In the event that date is missed, PWGSC may consider a re-tender for this requirement.
