Solicitation Amendment No. 001 is being issued to reflect the following:

- A) Amend Part 1 General Information, Section 2 – Summary
- B) Amend Part 6 Resulting Contract Clauses, Section 4 – Term of Contract
- C) Amend Annex B, Basis of Payment
- D) Questions & Answers

A) At Part 1 General Information, Section 2 – Summary

Delete in its entirety;
Insert:

For the supply and delivery of a Mobile/Transportable Ka-Band Dual Polarization Radar System for research and operational emergency support operations to Environment Canada, Meteorological Services Canada (MSC), at Downsview, Ontario. The radar will be used to study the intensity and spatial variability of light snowfall and for consideration as future operational radar in regions such as the Arctic. It will also be used for hierarchical statistical validation of radar-gauge and radar-satellite retrieval of snowfall intensity and snow on the ground. The system may also be used for physical field studies of high impact weather in both warm season and cold season environments.

Delivery is required by March 31, 2015. A 1 year warranty is required.

MSC also requires the option to purchase up to three (3) one-year extended warranty packages, which may be exercised at any time during the period of the contract.

The contract period will be from the Date of Contract Award to March 30, 2019.

Bidders must submit a list of names, or other related information as need, pursuant to section 01 of Standard Instructions 2003.

The requirement is subject to the provisions of the World Trade Organization Agreement on Government Procurement (WTO-AGP), the North American Free Trade Agreement (NAFTA), and the Agreement on Internal Trade (AIT).

B) At Part 6, Resulting Contract Clauses, Section 4 – Term of Contract

Delete in its entirety;
Insert:

4. Term of Contract

4.1 Period of the Contract

The period of the Contract is from Date of Contract Award to March 30, 2019.

4.2 Delivery Date

Delivery for firm requirement must be received on or before delivery dates according to Delivery Schedule in Annex "B", but must be no later than March 31, 2015.

Delivery for optional service must begin immediately after the expiry date of the initial 12-month warranty after receipt of the contract amendment exercising the option.

D) Questions & Answers

Q1: Under Annex "A" Statement of Work, Section, 2.0 General Requirements, Subsection 2.1 Transportability and Housing it is stated that each radar must be delivered complete with a mountable compact trailer that can be hitched to a small truck or be transported via sea container. The trailer must weigh less than 3 tons.

Please clarify if the stated 3 tons is for only the trailer, or for the entire Mobile Radar System mounted on the trailer.

A1: The stated 3 tons is only for the trailer itself

Q2: Does the max weight of the trailer include the weight of the radar system.

A2: See A1 above.

Q3: Can you be more specified about what constitutes a "small truck"

A3: A truck such as or similar to a Ford F-150 or Ford Superduty that is capable of towing 5-10 tons of load.

Q4: Can you be more specific about the maximum dimensions of the compact trailer.

A4: There is flexibility here, the goal is to be able to drive on the highways in Canada. So, less than 3m in the length, 2.55m wide and 3.88m high with the radar is envisaged.

Q5: Do we need to submit an INTENT TO BID.

A5: Please refer to Part 2 Bidder Instructions, Article 2 – Submissions of Bids, in the RFP document.

Q6: Is the due date tied to the postmark on the bid envelope, or does it need to be in-hand by the due date.

A6: Please refer to Part 2 – Bidder Instructions, in the solicitation document.

Q7: Can we send via UPS or FedEx

A7: Either is acceptable.

Q8: Please confirm that bids cannot be submitted electronically.

A8: Yes, that is correct.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
