SOLICITATION AMENDMENT No. 007
RFP No. BPPT1-130344/A

The following solicitation amendment 7 is raised to provide an answer to a question received from a potential bidder.

Q1   M.2 for the Tester resource requests "A minimum of five (5) years of experience, within the last ten (10) years, in automated test script development."

R.3 also requests "Experience in automated test script development."

Scoring
1 to 3 years: 10 points
3+ years to 6 years: 15 points
More than 6 years: 20 points"

Given the requirements of M.2, the scoring for R.3 seems to be inaccurate and ineffective as all bidders would automatically be granted 15 points if M.2 was met. It makes more sense for R.3 to measure experience over and above the requirement for M.2, but allow for that experience to be gained outside of the 10 year window. We would like to suggest amending R.3 to the following:

"Experience in automated test script development over and above the requirements of M.3.

Scoring
6 to 8 years: 5 points
8+ years to 11 years: 15 points
More than 11 years: 20 points

*Experience for this criterion may be demonstrated outside of the last 10 years"

A1.   *See attached revised Attachment B - Bid Evaluation criteria and revised Appendix 2 to Annex D (Revision 3).*

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.

Technical proposals will be evaluated and scored in accordance with the following evaluation criteria (Mandatory and Rated Requirements).

For each resource proposed, an up to date resume must be included.
