AMENDMENT NO. 2

This amendment is issued to reflect the following.

1. Closing Date

Delete: June 16, 2014 2:00 pm ADT

Insert: June 23, 2014 2:00 p.m. ADT

2. Annex A, Requirement, Item 5, Section 3.2

Question: The soft seating is asked to meet or exceed all applicable ANSI/BIFMA performance standards, including ANSI/BIFM X5.1-2011 Lounge and Public Seating. ANSI/BIFM X 5.1-2011 is the standard for General Purpose Office Chairs and does not cover Lounge and/or Public Seating. Should not the Performance standard required be ANSI/BIFMA X5.4 Lounge Seating?

Answer: Lounge Seating Items C10, C20, and SS20 to conform to ANSi/BIFM X5.4 Lounge Seating.

3. Annex A - Requirement, Item 6, Sections 1.2 and 1.7

Question: Section 1.2 notes that the tower is to have one (1) adjustable shelf contained within the storage cupboard portion of the tower. Section 1.7, however, notes that the tower is to have two (2) adjustable shelves contained within the storage cupboard portion of the tower. Please confirm how many adjustable shelves are to be provided.

Answer: The tower is to have one adjustable shelf.

4. Annex A - Requirement, Item 7, Sections 1.2 and 3.6

Question: Section 1.2 notes that the surface material is to be MDF. Section 3.6, however, notes that the surface material that the testing is to be of the particleboard. Please confirm that particle board construct is an acceptable material for the coffee table surface.

Answer: The design intent is to have a minimalist edge that integrates seamlessly with the table top surface. An obvious change of material at the edge is not preferred. Particle board construction is acceptable pending the edge design substantially meets this intent.

5. Annex A - Requirement, Item 8 & 9 - Section 4.1

Question: Please confirm that this section does not belong as it contains no chairs.

Answer: Item AT20 and AT30 Adjustable Height Tables. Warranty to be amended to read as follows:

1. Warranty

- 1.1 Manufacturer must offer a lifetime warranty that product shall be free from defects in materials and workmanship (includes shippings, parts and labor for the repair or replacement of defective item).
- 1.2 Height adjustable mechanism shall have a minimum 5 year warranty.
- 1.3 A copy of the manufacturer's standard warranty shall be included with the submission showing compliance to the warranty requirements.

6. Height Adjustable Tables

Question: Are the following specifications acceptable?

- 1.5 Load bearing capacity - 150 lbs (table is standard 130 lbs, heavy duty kit available as add on to increase to 160 lbs.)
- Height range 26-47" - our table is 27"-47"
- Lift shall be concealed in a centered telescopic column - Float mechanism concealed underneath the work surface eliminating the obstruction of a column which hinders leg clearance and encourages negative postures.
- 1.1.1 All metal components to be available in a minimum of 4 powder coat paint options, we have three: Black, White & Silver

Answer: Yes, this is acceptable

All other terms and conditions remain unchanged.
