

Part 1 General

1.1 EXISTING SERVICES

- .1 Before commencing work, establish location and extent of service lines in area of Work and notify the Architect of findings.
- .2 Remove abandoned service lines within 2m (6'-7") of structures. Cap or otherwise seal lines at cut-off points as directed by the Architect.

1.2 LOCATION OF EQUIPMENT AND FIXTURES

- .1 Location of indicated or specified equipment, fixtures and outlets are to be considered as approximate.
- .2 Locate equipment, fixtures and distribution systems to provide minimum interference and maximum usable space and in accordance with manufacturer's recommendations for safety, access and maintenance.
- .3 Inform the Architect of impending installation and obtain approval for actual location.
- .4 Submit field drawings to indicate relative position of various services and equipment when required by the Architect and Consultants.

1.3 RECORDS

- .1 Record locations of maintained, re-routed and abandoned equipment and service lines.
