Amendment #001 - The following questions have been submitted for W0114-14P061/A

1. Will there be a viewing or showing of the sites and equipment?

- It is recommended that the Bidder or a representative of the Bidder visit the work site. Arrangements have been made for a tour of the work site. The site visit will be held on 09 July 2014, CFB Kingston, Construction Engineering, 6 Moro Street, Building (MH36) ground floor at the Canteen. Bidders are requested to communicate with the Contracting Authority three (3) business day(s) before the scheduled visit to confirm attendance and provide the name(s) of the person(s) who will attend. Bidders may be requested to sign an attendance form. Bidders who do not attend or send a representative will not be given an alternative appointment but they will not be precluded from submitting a bid. Any clarifications or changes to the bid solicitation resulting from the site visit will be included as an amendment to the bid solicitation.

2. Will there be drawings made available for the sites and equipment?

No, there will not be any drawings provided.

3. Should contractors not be NADCA certified for this type of work?

NADCA is not required; it isn't applicable with regards to this contract. We do require a Contractor that is experienced, with skilled personnel, also meeting the requirements of the necessary tools and equipment from the list that was previously provided to successfully complete the tasks required.
