**NOTIFICATION OF REVISION**

Public Works and Government Services Canada  
Giant Mine Project

Project Name: Interim Underground Stabilization Activities, Giant Mine, Yellowknife, NT  
Project Number: R.014204.300

Date: Monday, June 9, 2014

To All Bidders:

The following changes, additions, and/or deletions are hereby made a part of the Solicitation Documents. The addendum will form part of the Contract Documents.

**1. Request for Proposal**

1. In the Request for Proposal, *DELETE* the following section:

**SECTION 3: TECHNICAL EVALUATION**

2.1	<p><b><u>Proponent's Team Accomplishments - Underground Mine Access Refurbishment and Development Projects:</u></b></p> <p>Identify 2 project summaries (1 for contractor(s) and 1 for designer engineer(s)) that describe the proponent's team accomplishments, achievements and experience in the refurbishment and development of new access to support underground work (mining, backfilling, etc.) Reference projects should be of similar scope and greater than \$1.0 million in value. <b>Note that reference projects which are of similar scope but less than \$1.0 million in value will not be able to obtain the maximum score for the project.</b> Emphasis should be on projects that have been completed within the last five years and extended over a minimum 12 month duration. Note that example projects where the contractor and design engineer have successfully worked together will be given more points in the evaluation. In addition, if the contractor and design engineer have worked together on a project, this project can be used for both project summaries. (25)</p> <p>How delivery of the project met budget, schedule, quality targets and overall client objectives (10)</p> <p>The Bidder's Project Team Members in Project Summaries and relate to Proposed Project Team for this contract. (5)</p> <p>Provide Client References - name, address, phone and email of client contact at working level. The Evaluation Board reserves the right to contact the references to verify the information provided in the bid.</p>	40
-----	---	----

2.2	<p style="text-align: center;"><b><u>Proponent's Team Accomplishments – Underground Mine Backfilling Projects:</u></b></p> <p>Provide 3 project summaries (2 for contractor(s) and 1 for designer engineer(s)) that describe the proponent's team accomplishments, achievements, and experience in the preparation of cemented tailing paste backfill material in a cold semi-isolated environment through excavation, scraping/ripping, water management, sorting, screening and final preparation (including quality control) of source material, as well as distribution and placement of backfill materials, remote barricades, paste mix variations, and installation of underground remote monitoring (such as cameras and other methods). Reference projects <b>should</b> be of similar scope and <b>greater than \$5 million in value. Note that reference projects which are of similar scope but less than \$5 million in value will not be able to obtain the maximum score for the project.</b> Emphasis on projects that have been completed within the last five years and extended over a minimum 12 month duration. Note that example projects where the contractor and design engineer have successfully worked together will be given more points in the evaluation. In addition, if the contractor and design engineer have worked together on a project, this project can be used for both project summaries.</p> <ul style="list-style-type: none"> <li>•Project summary for design engineer(s) (35)</li> <li>•Project summaries for contractor (20x2)</li> </ul> <p>Provide information on how delivery of the project met budget, schedule and quality targets and overall client objectives (15)</p> <p>Identify Project Team Members in Project Summaries and relate to Proposed Project Team for this contract (10)</p> <p>Provide Client References - name, address, phone and email of client contact at working level. The Evaluation Board reserves the right to contact the references to verify the information provided in the bid.</p>	100

a minimum 12 month duration. Note that example projects where the contractor and design engineer have successfully worked together will be given more points in the evaluation. In addition, if the contractor and design engineer have worked together on a project, this project can be used for both project summaries.

- Project summary for design engineer(s) (35)
- Project summaries for contractor (20x2)

Provide information on how delivery of the project met budget, schedule and quality targets and overall client objectives (15)

Identify Project Team Members in Project Summaries and relate to Proposed Project Team for this contract (10)

Provide Client References - name, address, phone and email of client contact at working level. The Evaluation Board reserves the right to contact the references to verify the information provided in the bid.

## 2. Responses to RFI's

**Q.1:** Would the crown consider changing the requirements of the technical proposal project references to read "...emphasis on projects that have been completed within the last 10 TEN years and extended over a minimum of 12 month duration..." for Proponents team accomplishments-Construction projects in the underground workings of an underground mine?

**A. 1:** Refer to Section 1.1 above.

**Q. 2:** Would the crown consider changing the requirements of the technical proposal project references to read "...emphasis on projects that have been completed within the last 10 TEN years and extended over a minimum of 12 month duration..." for Proponents team accomplishments-Underground Mine Backfilling Project

**A. 2:** Refer to Section 1.1 above.
