

**Question and Answers #1
Pharmaceutical Services
50400-14-2017270
Regional Psychiatric Centre (RPC)**

Date: June 10, 2014

Q1. Are we correct in interpreting that the RPC currently has pharmacy services provided by the Correctional Service Canada New Pharmacy Program in Saskatoon and that this RFP is for emergency service only estimated at 2-3 prescriptions, 3 times per week with an on-site clinical requirement of 7.5 hours per week?"

A1. Yes, RPC currently has pharmacy services provided via the CSC-Regional Pharmacy. The emergency pharmacy services required are accurate as stated, however the on-site clinical requirement of 7.5 hours per week is not required.
