This amendment is raised to respond to the questions received from the industry.

Question no 1:

Due to the changes in specifications and six amendments, we respectfully request an extension of one week on the submission of the standing offer as we will require further documentation from the manufacturer mills to submit a compliant offer. This will require extended time to gather.

Response no 1:

There were no substantial changes to the requirement with the exception of the lowering of the minimum agriwaste fiber content specification from 75% to 60%. This is in fact a more "lenient" requirement.

PWGSC does not feel this warrants an extension.

Question no 2:

On Column J of the EFOT file, you have protected the cells so that the only options for 'Pack per Box' are 5, 8 or 10. One of the products we are specifying has 4 packs per box. Would you be able to release an updated EFOT with 4 as an option in Column J as well or could you advise how we should enter this price on the current EFOT file.

Response no 2:

The EFOT file remains unchanged.

The pack per box quantities are set as 5,8 and 10 as follows:

5 pack per box is for tabloid (11x17) 20 lb. Paper

8 pack per box in the event bidders offer 24lb. paper in the legal and letter formats (Health and safety requirements related to box weight)

10 pack per box is for the 20lb. papers

All other terms and conditions remains unchanged
