

AMENDMENT 1

Project Title: Inspections and testing of the sprinkler systems
Central Experimental Farm (CEF), Ottawa (Ontario)

Solicitation No: 14-2021

June 24, 2014

Amendment 1 is raised to do the following:

- Revise the Statement of Work; and
 - Answer question(s) from bidder(s) (Q&A).
-

1. At Appendix B “Statement of Work”, Article 5 “Scope of Work”, sub-article 5:

Delete in its entirety

Insert: Inspection and testing of the backflow preventers located at the main water entry of buildings 20, 22, 57, 59, 76 and 94 (6 backflow preventers total)

Q&A

Q1. At Appendix B “Statement of Work”, Article 5 “Scope of Work”, sub-article 5, it is indicated that only one backflow preventer needs annual inspection. Could you confirm the exact number of backflow preventers to be inspected and tested?

A1. The inspection and testing of the backflow preventers of buildings 22, 57, 59, 76 and 94 will be required in addition to the one at building 20 for a total of 6 backflow preventers for inspection and testing. See above amendment to the Statement of Work.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
