PART 1 - GENERAL INFORMATION

1. Introduction

The Request for Standing Offers (RFSO) is divided into seven parts plus attachments and annexes, as follows:

Part 1 General Information: provides a general description of the requirement;

Part 2 Offeror Instructions: provides the instructions applicable to the clauses and conditions of the RFSO;

Part 3 Offer Preparation Instructions: provides offerors with instructions on how to prepare their offer to address the evaluation criteria specified;

Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria which must be addressed in the offer, and the basis of selection;

Part 5 Certifications: includes the certifications to be provided;

Part 6 Security, Financial and Insurance Requirements: includes specific requirements that must be addressed by offerors; and

Part 7 7A, Standing Offer, and 7B, Resulting Contract Clauses:

7A, includes the Standing Offer containing the offer from the Offeror and the applicable clauses and conditions;

7B, includes the clauses and conditions which will apply to any contract resulting from a call-up made pursuant to the Standing Offer.

The Annexes include the Requirement , the Basis of Payment , Insurance, Security and Statement of Contractor's Requirement.

2. Summary

To establish a Regional Master Standing Offer to provide experienced marine electricians, parts and equipment necessary to carry out miscellaneous repairs to electrical equipment and associated machinery onboard various government vessels located in the Halifax/Dartmouth, Nova Scotia area on an as and when requested basis, during the period of 01 August 2014 to 31 July 2017.

The requirement is exempt from the provisions of the World Trade Organization Agreement on Government Procurement (WTO-AGP), Annex 4 and the North American Free Trade Agreement (NAFTA), Chapter Ten Annex 1001.2b Paragraph 1(a), however, it is subject to the Agreement on Internal Trade (AIT) and will be limited to suppliers in Nova Scotia, in accordance with Shipbuilding, Refit, Repair and Modernization Policy (1996-12-19).

Delivery: Urgent one (1) hour from receipt of call-up document. Routine: three (3) hours from receipt of call-up document.

The Contractor will be responsible to ensure that all work is carried out in accordance with DND Statement of Contractor Requirements (SOCR) and DFO / CCG Safety Annex for those items that are pertinent to the contractor's operation.

3. Security Requirement

There is a security requirement associated with the requirement of the Standing Offer. For additional information, see Part 6 - Security, Financial and Insurance Requirements, and Part 7 - Standing Offer and Resulting Contract Clauses.

4. Debriefings

After issuance of a standing offer, offerors may request a debriefing on the results of the request for standing offers process. Offerors should make the request to the Standing Offer Authority within 15 working days of receipt of the results of the request for standing offers process. The debriefing may be in writing, by telephone or in person.

PART 2 - OFFEROR INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the Request for Standing Offers (RFSO) by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Offerors who submit an offer agree to be bound by the instructions, clauses and conditions of the RFSO and accept the clauses and conditions of the Standing Offer and resulting contract(s).

The 2006 (2014-03-01) Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the RFSO.

2. Submission of Offers

Offers must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the Request for Standing Offers. Do not submit your proposal by email.

3. Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than five (5) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that offerors do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all offerors. Enquiries not submitted in a form that can be distributed to all offerors may not be answered by Canada.

4. Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Nova Scotia

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

PART 3 - OFFER PREPARATION INSTRUCTIONS

1. Offer Preparation Instructions

Canada requests that offerors provide their offer in separately bound sections as follows:

Section I Financial Offer (one hard copy)
Section II: Certifications (two hard copies)

Prices must appear in the financial offer only. No prices must be indicated in any other section of the offer.

Canada requests that offerors follow the format instructions described below in the preparation of their offer.

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to that of the Request for Standing Offers.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, offerors should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Financial Offer

Offerors must submit their financial offer in accordance with Annex B, Basis of Payment. The total amount of Goods and Services Tax or Harmonized Sales Tax must be shown separately, if applicable.

Payment by Credit Card

Canada requests that offerors complete one of the following:

- (a) ☐ Government of Canada Acquisition Cards (credit cards) will be accepted for payment of call-ups against the standing offer.

The following credit card(s) are accepted:

VISA _____

Master Card _____

- (b) ☐ Government of Canada Acquisition Cards (credit cards) will not be accepted for payment of call-ups against the standing offer.

The Offeror is not obligated to accept payment by credit card.

Acceptance of credit cards for payment of call-ups will not be considered as an evaluation criterion.

Section II: Certifications

Offerors must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.

- (b) An evaluation team composed of representatives of Canada will evaluate the offers.

2. Basis of Selection

A bid must comply with all requirements of the bid solicitation to be declared responsive. The responsive bid with the lowest evaluated price, as calculated in Annex B for an Evaluation total, will be recommended for award of a contract.

PART 5 - CERTIFICATIONS

Offerors must provide the required certifications and related documentation to be issued a standing offer. Canada will declare an offer non-responsive if the required certifications and related documentation are not completed and submitted as requested.

Compliance with the certifications offerors provide to Canada is subject to verification by Canada during the offer evaluation period (before issuance of a standing offer) and after issuance of a standing offer. The Standing Offer Authority will have the right to ask for additional information to verify offerors' compliance with the certifications before issuance of a standing offer. The offer will be declared non-responsive if any certification made by the Offeror is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications, to provide the related documentation or to comply with the request of the Standing Offer Authority for additional information will also render the offer non-responsive.

1. Mandatory Certifications Required Precedent to Issuance of a Standing Offer

1.1 Code of Conduct and Certifications - Related documentation

By submitting an offer, the Offeror certifies as per section 01 of Standard Instructions 2006, for himself and his affiliates, to be in compliance with the Code of Conduct and Certifications clause of the Standard instructions. The related documentation therein required will help Canada in confirming that the certifications are true.

2. Additional Certifications Precedent to Issuance of a Standing Offer

The certifications listed below should be completed and submitted with the offer, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Standing Offer Authority will so inform the Offeror and provide the Offeror with a time frame within which to meet the requirement. Failure to comply with the request of the Standing Offer Authority and meet the requirement within that time period will render the offer non-responsive.

2.1 Worker's Compensation - Letter of Good Standing

It is mandatory that the bidder has an account in good standing with the Provincial Workers Compensation Board/Commission

Before contract award, and within 24 hours of written notification by the Contracting Authority the successful bidder must submit a certificate or letter of good standing from the applicable Worker's Compensation Board/Commission. Failure to provide this information will render the bid as non-responsive.

2.2. Controlled Goods

1. As the resulting Contract will require the production of or access to controlled goods that are subject to the Defence Production Act, R.S. 1985, c.D-1, bidders are advised that within Canada only persons who are registered, exempt or excluded under the Controlled Goods Program (CGP) are lawfully entitled to examine, possess or transfer controlled goods. Details on how to register under the GCP are available at: <http://www.cgp.gc.ca>, and registration is carried out as follows:

(a) When the bid solicitation includes controlled goods information or technology, the Bidder must be registered, exempt or excluded under the CGP before receiving the bid solicitation. Requests for technical data packages or specifications related to controlled goods should be made in writing to the Contracting Authority identified in the bid solicitation and must contain the CGP registration number or written proof of exemption or exclusion of the Bidder and of any other person to whom the Bidder will give access to the controlled goods.

(b) When the bid solicitation does not include controlled goods information or technology but the resulting Contract requires the production of or access to controlled goods, the successful Bidder and any subcontractor who will be producing or accessing controlled goods must be registered, exempt or excluded under the CGP before examining, possessing or transferring controlled goods.

(c) When the successful Bidder and any subcontractor proposed to examine, possess or transfer controlled goods are not registered, exempt or excluded under the CGP at time of contract award, the successful Bidder and any subcontractor must, within seven (7) working days from receipt of written notification of contract award, ensure that the required application(s) for registration or exemption are submitted to the CGP. No examination, possession or transfer of controlled goods must be performed until the successful Bidder has provided proof, satisfactory to the Contracting Authority,

that the successful Bidder and any subcontractor are registered, exempt, or excluded under the CGP.

Failure to provide proof, satisfactory to the Contracting Authority, that the successful Bidder and any subcontractor are registered, exempt or excluded under the CGP, within thirty (30) days from receipt of written notification of contract award, will be considered a default under the resulting Contract except to the extent that Canada is responsible for the failure due to delay in processing the application.

2. Bidders are advised that all information on the Application for Registration (or exemption) Form will be verified and errors or inaccuracies may cause significant delays and/or result in denial of registration or exemption.

PART 6 - SECURITY, FINANCIAL AND INSURANCE REQUIREMENTS

6.1.1 Security Requirements Check List . Security Requirements (DND Requirements only)

At the RFSO closing date, the following conditions must be met:

SECURITY REQUIREMENT FOR CANADIAN SUPPLIER:

INSURANCE REQUIREMENTS

C1 Ship Repairers' Liability Insurance

The Contractor must obtain Ship Repairer's Liability Insurance and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but for not less than \$10,000,000 per accident or occurrence and in the annual aggregate.

The Ship Repairer's Liability insurance must include the following:

Additional Insured: Canada is added as an additional insured, but only with respect to liability arising out of the Contractor's performance of the Contract. The interest of Canada as additional insured should read as follows: Canada, represented by Public Works and Government Services Canada.

Waiver of Subrogation Rights: Contractor's Insurer to waive all rights of subrogation against Canada as represented by Fisheries and Oceans Canada and Public Works and Government Services Canada for any and all loss of or damage to the vessel, however caused.

Notice of Cancellation: The Insurer will endeavor to provide the Contracting Authority thirty (30) days written notice of cancellation.

Contractual Liability: The policy must, on a blanket basis or by specific reference to the contract, extend to assumed liabilities with respect to contractual provisions.

Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.

G5001C (2008-05-12)

C2 Commercial General Liability Insurance

The Contractor must obtain Commercial General Liability Insurance, and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but for not less than \$2,000,000 per accident or occurrence and in the annual aggregate.

The Commercial General Liability policy must include the following:

Additional Insured: Canada is added as an additional insured, but only with respect to liability arising out of the Contractor's performance of the Contract. The interest of

Canada should read as follows: Canada, as represented by Public Works and Government Services Canada.

Bodily Injury and Property Damage to third parties arising out of the operations of the Contractor.

Products and Completed Operations: Coverage for bodily injury or property damage arising out of goods or products manufactured, sold, handled, or distributed by the Contractor and/or arising out of operations that have been completed by the Contractor.

Personal Injury: While not limited to, the coverage must include Violation of Privacy, Libel and Slander, False Arrest, Detention or Imprisonment and Defamation of Character.

Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.

Blanket Contractual Liability: The policy must, on a blanket basis or by specific reference to the Contract, extend to assumed liabilities with respect to contractual provisions.

Employees and, if applicable, Volunteers must be included as Additional Insured.

Employers' Liability (or confirmation that all employees are covered by Worker's compensation (WSIB) or similar program)

Broad Form Property Damage including Completed Operations: Expands the Property Damage coverage to include certain losses that would otherwise be excluded by the standard care, custody or control exclusion found in a standard policy.

Notice of Cancellation: The Insurer will endeavor to provide the Contracting Authority thirty (30) days written notice of policy cancellation.

If the policy is written on a claims-made basis, coverage must be in place for a period of at least 12 months after the completion or termination of the Contract
G2001C (2008-05-12)

C3 Limitation of Contractor's Liability for Damages to Canada

This section applies despite any other provision of the Contract and replaces the section of the general conditions entitled "Liability". Any reference in this section to damages caused by the Contractor also includes damages caused by its employees, as well as its subcontractors, agents, and representatives, and any of their employees.

Whether the claim is based in contract, tort, or another cause of action, the Contractor's liability for all damages suffered by Canada caused by the Contractor's

performance of or failure to perform the Contract is limited to \$10,000,000.00 . This limitation of the Contractor's liability does not apply to:

any infringement of intellectual property rights; or
any breach of warranty obligations.

Each Party agrees that it is fully liable for any damages that it causes to any third party in connection with the Contract, regardless of whether the third party makes its claim against Canada or the Contractor. If Canada is required, as a result of joint and several liability, to pay a third party in respect of damages caused by the Contractor, the Contractor must reimburse Canada for that amount.

ANNEX E**STATEMENT OF CONTRACTOR REQUIREMENTS (SOCR)****1. Management System Overview**

1.1 Fleet Maintenance Facility Cape Scott is dedicated to providing high quality engineering and maintenance services to our customers. Our highly trained, skilled and mobile workforce will achieve this through continuous improvement of all our processes. We have the ability to adapt to the customers needs to ensure fleet readiness in any situation. We are committed to meeting all relevant regulations and legislation and preventing pollution.

1.2 The objectives of the Fleet Maintenance Facility Cape Scott Management System are:

- § Customer satisfaction;
- § Providing a safe workplace; and
- § Protecting the environment.

1.3 The Fleet Maintenance Facility Cape Scott Management System is based upon the following standards:

- § Quality Management System - ISO 9001: 2008
- § Environmental Management System - ISO 14001: 2004
- § DND General Safety Program
- § C-23-VIC-000/AM-001, QA for Safety in Subs

The Contractor shall be responsible for implementing a quality system appropriate to the scope of the work to be performed. It is recommended that the quality system be based on ISO 9001:2008 - Quality Management Systems - Requirements. It is not the intent to require that the Contractor be registered to the applicable standard, however, the Contractor's quality management system must address each requirement contained in the standard.

1.5 The Contractor's Quality Management System should include, at a minimum, processes to:

- § identify when work they perform or material they produce does not conform to their/our standards;
- § Ensure that any nonconformance is recorded and is corrected;
- § Maintain a method for analyzing nonconformance data and initiating corrective and preventive action;
- § Ensure all corrective action is recorded and effectively implemented to improve their practices;
- § Control all documentation related to their practices;
- § Continually review and audit their practices to ensure they adhere with accepted standards;
- § Manage and monitor the performance of their sub-contractors;
- § Ensure their management reviews the findings of any evaluation or audit to assist with continuous improvement, including the findings of any evaluation conducted by FMF Cape Scott;
- § Manage employee awareness and competence through certification and training as part of process management.

- 1.6 Fleet Maintenance Facility Cape Scott reserves the right to verify conformance and compliance with this requirement. This verification may be accomplished by monitoring the provision of services or by having Fleet Maintenance Facility Cape Scott audit the contractor's processes or systems.

2. Contractor Requirements - General

- 2.1 The Contractor's personnel, employed in the provision of contracted services, shall be required to attend worksite orientation meetings for the purpose of informing their personnel of health, safety and/or environmental hazards at the work site prior to the commencement of any contracted work, as requested by Fleet Maintenance Facility Cape Scott.
- 2.2 Fleet Maintenance Facility Cape Scott retains the right to stop work temporarily if, in the opinion of Fleet Maintenance Facility Cape Scott, the work is not being performed in accordance with all applicable safety and environmental regulations and legislation or is being performed in a manner that is contrary to the specified requirements. The purpose of the stop work will be resolve any problems identified so to enable work to progress properly.

3. Contractor Requirements - Quality

- 3.1 Contractor shall be responsible for performing or having performed all inspections and tests necessary to substantiate that the materiel or services provided conform to the drawings, specifications and contract requirements. The Contractor shall keep accurate and complete inspection records which shall, upon request, be made available to the authorized Department of National Defence (DND) representative, who may make copies thereof and take extracts there from during the performance of the Contract and for a period of three (3) years thereafter.
- 3.2 The Contracting Authority and DND shall have access to the Work at any time during working hours where any part of the Work is being carried out and may make examinations and such tests of the Work as they may think fit under the circumstances. Should the Work or any part thereof not be in accordance with the requirements of the Contract, the authorized DND representative shall have the right to reject the Work and require its correction or replacement at the Contractor's expense. DND shall inform the Contractor of the motives for any such rejection for non-conformance.
- 3.3 Withstanding the foregoing, all materiel is subject to verification and acceptance by DND at destination. The authorized DND representative at destination may either be the consignee(s), the Technical Authority, or a Quality Management representative.
- 3.4 The Contractor shall not enter into sub-contracts without prior permission of the Fleet Maintenance Facility Cape Scott, Contracts Office. In all cases, where sub-contracting is approved, the Contractor is responsible to verify that the sub-contractor's quality system meets the requirements as established herein.

4. Contractor Requirements - Environment

- 4.1 The Contractor shall notify the Fleet Maintenance Facility Cape Scott Contracts Office of all significant environmental aspects associated with contracted work that will be performed within CFB Halifax, prior to commencing work. The Contractor must specify how they intend to control activities, including the use of products and/or materials that

could potentially spill, cause contamination, or otherwise have an adverse impact upon the environment.

- 4.2 The Contractor shall ensure that any hazardous materials or products used in the performance of the work are supported at all times with Material Safety Data Sheets at the worksite. The Contractor's staff shall be trained in the Workplace Hazardous Materials Information System (WHMIS).
- 4.3 The Contractor shall ensure that any hazardous materials, products or wastes are not left unattended on worksites, jetties, laydown areas, synchrolift or other areas within CFB Halifax. Any Contractor who requires an exemption to this requirement shall submit requests to the Fleet Maintenance Facility Cape Scott Contracts Office in advance. Such requests must clearly identify the proposed containment used to contain the hazards, any emergency response plans in the event of a spill or damage to the containment system. Containment systems must clearly identify all hazardous materials, products or wastes to be held through the use of appropriate placarding. No requests for exemption will be approved unless all conditions above are met. In addition, Contractors must ensure that containers of paints, solvents or other hazards are properly secured when the product is not in use.
- 4.4 The Contractor shall remove and properly dispose of all such hazardous products and/or materials from the worksite and CFB Halifax upon completion of the work.
- 4.5 The Contractor shall provide copies of any applicable licenses of disposal or certificates of destruction for any hazardous materials and/or substances generated as a result of the work, upon completion of the work and subsequent disposal.

5. Contractor Requirements - Safety

- 5.1 The Contractor, and any approved sub-contractors, shall comply with any legislative requirements and industry standards within the appropriate health and safety jurisdiction and comply with the specified provincial and federal regulatory instruments, as appropriate.
- 5.2 The Contractor shall abide by all applicable Workers' Compensation legislation and coverage for all personnel employed in the provision of contracted services and any approved sub-contracted services.
- 5.3 The Contractor shall be required to provide all appropriate equipment, devices, tools and machinery, including proper Personal Protective Equipment (PPE) for their personnel employed in the provision of contracted services, and will ensure that all provided is maintained in proper working condition; and, is used in the prescribed manner (Canada Labour Code, Part II, Para 125(w) refers) as and when required.
- 5.4 The Contractor shall ensure all personnel engaged in the provision of services are properly trained in Confined Space Entry and Man-A-Loft procedures prior to the commencement of any work.
- 5.5 The Contractor is required to develop emergency response instructions for any contracted work that includes high-risk work they will be required to perform on-site. These instructions shall be provided to Fleet Maintenance Facility Cape Scott.

- 5.6 Prior to removal of any substance or material (such as deck coatings, hull finishes, etc.) the contractor shall determine what hazards to health and/or environment might be involved. Prior to work commencement, the costs associated with protecting the environment and personnel from exposure to the hazards must be identified and approved. Fleet Maintenance Facility Cape Scott, Contracts Office, retains the right to terminate and/or re-schedule work dependant on the scope of hazard protection required.**

ANNEX G
Canadian Coast Guard Fleet
Safety, Security, Quality, and Environmental
Requirements and Expectations for Contractors.

1. Application:

This document is provided to outline the general requirements and expectations of contractors working onboard Canadian Coast Guard ships and stations that are under the care, custody and control of the CCG.

These arrangements shall be formalized and documented in writing to impart knowledge, comprehension, acknowledgement and compliance with the requirements stated in the **Guide on the Safety Responsibilities of DFO in Relation to Contractual Agreements, Partnering & Volunteers** and **CCG Fleet Safety and Security Manual (FSSM)**.

2. Objective:

To ensure compliance with all applicable federal and provincial laws concerning health and safety of employees; in particular *Part II of the Canada Labour Code*, and relevant regulations (*Canadian Occupational Health and Safety (COHS)* and *Maritime Occupational Health and Safety (MOHS)*).

CCG has implemented a Fleet Safety and Security Manual (FSSM) that provides guidance and takes every measure possible; to reduce risks, prevent accidents, near misses, and any incident that would potentially result in injury, loss of life, damage to property or the environmental, thereby ensuring CCG due diligence and compliance with these requirements.

3. Definitions:

Workplace under the control of the CCG:

When CCG employees are actively working on the site, the entire workplace is then considered to be the CCG's responsibility under *Part II of the Canada Labour Code*. The CCG's obligations in relation to the safety of the workplace under its control still apply when work is being performed by contractors and/or subcontractors. As a result, the activities of every contractor and subcontractor must not endanger the health and safety of CCG employees or the security of the vessel.

When the vessel is under the control of CCG, the CCG must ensure that contractors and subcontractors follow OHS procedures that are at a minimum equivalent to those described in the FSSM.

Workplace NOT under the control of CCG:

When the Contractor has custody and control of the vessel and CCG employees are only doing quality assurance (QA) work related to the contract, the worksite (vessel) is NOT considered a workplace under the control of the CCG for the purpose of the Canada Labour Code Part II.

4. Responsibilities:

Commanding Officer or the Competent Person Designated Responsible:

- is responsible, when the workplace is under the control of CCG, to disclose all pertinent information regarding known or foreseeable hazards at the worksite, to ensure all persons are aware of the CCG's responsibilities and to safeguard the health, safety and security, of all persons and the environment in accordance with applicable laws; and
- When the workplace is NOT of the control of the CCG, the Commanding Officer or the Competent Person Designated Responsible should be satisfied that the contractor has acceptable processes in place to prevent accidents and to reduce the risk of damage to the ship. If applicable, prior to contract start, the Contractor shall provide the CCG with documentation indicating processes for care and custody of the vessel or station, the protection of equipment, and the conduct of hazardous activities) e.g. burning and welding, confined space entry etc).

Contractors:

When work is completed aboard a CCG vessel under CCG control:

- shall ensure that they disclose any pertinent information, agree to follow all applicable laws, and comply with the requirements of the FSSM; and in particular
- that Contractor's employees and/or subcontractors engaged in general housekeeping, maintenance and/or repair activities must not commence work until they have received the familiarization contained in Annex B and completed a pre-job safety assessment (PJSA).

When work is complete at a station under CCG control:

- Contractor's employees and/or subcontractors engaged in general housekeeping, maintenance and/or repair activities must not commence work until they have received the familiarization contained in Annex B.

All persons including Contractors:

- have the responsibility to take all reasonable and necessary precautions including stopping the action immediately to ensure the health, safety, security of any person or damage to vessel or the environment.
- Must report any injury or infraction immediately to their supervisor (Note: the CCG and the Contractor must disclose immediately to each other any such report or infraction); and
- have a responsibility to communicate any potential hazards to their own safety, the safety of others and to the safety of the vessel as they arise.
