

UPDATE 1

1. Introduction

The Department of National Defence has received an enquiry in response to Request for Proposal (RFP) DND-14/0000708 – Adapted French Language Training

2. Question 2

“We are interested in tender DND-14/0000708. However, we would like to ask you one question: For criterion MT2, we understand that the information required for a, b, c will enable to demonstrate the experience of the resource teacher. Could you give an opportunity for resources that have less than 1,500 hours of experience in SMT to be considered as part of the criteria? Could you soften this criterion, please?”

3. Answer 2

The question has been reviewed by the Technical Authority and it has been concluded that criterion MT2 will remain as is.

All other terms and conditions remain the same.
