ECSVT-RFP-14-0147

Part 1. General Information

1.1 Code of Conduct for Procurement

- 1.1.1 To comply with the Code of Conduct for Procurement, bidders must respond to RFPs in an honest, fair and comprehensive manner, accurately reflect their capacity to satisfy the requirements stipulated in the RFP, which includes the resulting Contract, submit proposals and enter into contracts only if they will fulfill all obligations of those contracts.
- 1.1.2 Bidders acknowledge that, to ensure fairness, openness and transparency in the procurement process, the commission of certain acts or offences will render them ineligible to be awarded a contract. Elections Canada will declare non-responsive any proposal in respect of which the information herein requested is missing or inaccurate, or in respect of which the information contained in the certificates contemplated in this Section 1.1 is found to be untrue, in any respect, by Elections Canada. If it is determined, after Contract award, that the bidder made a false declaration or certification, Elections Canada will have the right to terminate for default the resulting Contract. The bidder and any of the bidder's Affiliates will also be required to remain free and clear of any acts or convictions specified herein during the period of any contract arising from this solicitation. Elections Canada may verify the information provided by the bidder, including the information relating to the acts or convictions specified herein, through independent research, use of any government resources or by contacting third parties.
- 1.1.3 By submitting a proposal, the bidder certifies that no one convicted under any of the provisions under Paragraphs 1.1.3(a) or (b) is to receive any benefit under a contract arising from this solicitation. In addition, the bidder certifies that except for those offences where a criminal pardon or a record suspension has been obtained or capacities restored by the Governor in Council, neither the bidder nor any of the bidder's Affiliates has ever been convicted of an offence under any of the following provisions:

- (a) Criminal Code of Canada, R.S.C. 1985, c. C-46:
- i. section 121 (Frauds on the government and contractor subscribing to election fund);
 - ii. section 124 (Selling or Purchasing Office);
 - iii. section 380 (Fraud committed against Her Majesty);
 - iv. section 418 (Selling defective stores to Her Majesty);
 - v. section 462.31 (Laundering proceeds of crime);
 - vi. section 467.11 to 467.13 (Participation in activities of criminal organization);

- (b) Financial Administration Act, R.S.C. 1985, c. F-11:
 - i. paragraph 80(1)(d) (False entry, certificate or return);
 - ii. subsection 80(2) (Fraud against Her Majesty);
 - iii. section 154.01 (Fraud against Her Majesty);
- (c) Competition Act, R.S.C. 1985, c. C-34:
 - i. section 45 (Conspiracies, agreements or arrangements between competitors);
 - ii. section 46 (Foreign directives);
 - iii. section 47 (Bid Rigging);
 - iv. section 49 (Agreements or arrangements of federal financial institutions);
 - v. section 52 (False or misleading representation);
 - vi. section 53 (Deceptive notice of winning a prize);
- (d) Income Tax Act, R.S.C. 1985, c-1:
 - i. section 239 (False or deceptive statements);
- (e) Excise Tax Act, R.S.C. 1985, c. E-15:
 - i. section 327 (False or deceptive statements);
- (f) Corruption of Foreign Public Officials Act, S.C. 1998, c-34:
 - i. section 3 (Bribing a foreign public official);
- (g) Controlled Drugs and Substance Act, S.C. 1996, c-19:
 - i. section 5 (Trafficking in substance);
 - ii. section 6 (Importing and exporting);
 - iii. section 7 (Production of substance).

1.1.4 In circumstances where a criminal pardon or a record suspension has been obtained or capacities restored by the Governor in Council, the bidder must provide with its proposal a certified copy of confirming documentation from an official source. If such documentation has not been received by the time the evaluation of proposals is completed, Elections Canada will inform the bidder of a time frame within which to provide the documentation. Failure to comply will render the proposal non-responsive.

1.1.5 Bidders understand that Elections Canada may contract outside of the present solicitation process with a supplier who has been convicted of an offence enumerated under Paragraphs 1.1.3 (c) to (g), or with an Affiliate who has been convicted of an offence enumerated under Paragraphs 1.1.3 (c) to (g), when required to do so by law or legal proceedings, or when Elections Canada considers it necessary to the public interest for reasons which include, but are not limited to:

- (a) only one person is capable of performing the Contract;
- (b) emergency;

- (c) national security;
- (d) health and safety; or
- (e) economic harm.

Elections Canada reserves the right to impose additional conditions or measures to ensure the integrity of the procurement process.

- 1.1.6 By submitting a proposal, the bidder certifies that neither the bidder nor any of the bidder's Affiliates have directly or indirectly paid or agreed to pay, and will not directly or indirectly pay a contingency fee to any individual for the solicitation, negotiation or obtaining of the Contract if the payment of the fee would require the individual to file a return under section 5 of the *Lobbying Act*.
- 1.1.7 For the purposes of this RFP, an Affiliate means a business concern, organization or individual that, directly or indirectly, 1) either one controls or has the power to control the other, or 2) a third party has the power to control both. Indicia of control, include, but are not limited to, interlocking management or ownership, identity of interests among family members, shared facilities and equipment, common use of employees, or a business entity created following the charges or convictions contemplated in this Section which has the same or similar management, ownership, or principal employees as the bidder that is charged or convicted, as the case may be.
- 1.1.8 The bidder acknowledges and agrees that the certifications contemplated must remain valid during the period of the Contract arising from this RFP.

1.2 Definitions

Unless the context requires otherwise, the capitalized terms used in this RFP shall have the definitions assigned to them in the Contract.

1.3 Summary

The Chief Electoral Officer of Canada ("CEOC"), an agent of Parliament, exercises general direction and supervision over the conduct of elections and referendums at the federal level. The CEOC heads the Office of the Chief Electoral Officer, commonly known as Elections Canada.

1.3.1 The Requirement

- (a) Background

For the DQCS, electors are contacted to confirm their information on the NRoE. Data from the study is used to produce measures of the quality of the NRoE and to update its information. These independent measures from the study are used to benchmark the measures from the Quality Model.

The first national implementation took place in June 2006. That study used a sample of 30,800 electors selected from the NRoE. The strategy was to search for a phone number and call everyone possible, then to send letters from the CEO by Registered Mail if we could not find a phone number or they did not answer the phone. Respondents were given the option to complete an interview by phone or to answer a questionnaire on the Web. All returned mail from Canada Post was collected, since it provided additional information for this study. Overall results confirmed that some 94% of all eligible electors in Canada are in the Register (coverage) and that some 83% of them are listed in the Register at the correct residential address (currency). These are essentially identical to the quality measures published from the quality model.

The second and third national implementation followed the same methodology as the 2006 study, with two exceptions: larger samples of electors were used to improve estimates at the ED level; and, in the event of a general election being called during the study periods, the national studies would have been terminated.

For this iteration the sample will be increased to 42,250 and an Introduction Letter will be mailed out to everyone in the sample before the contact phase of the study begins. Data collection will take place from early October to mid-November. Results will be analyzed and integrated with estimates from the quality model in November 2014.

(b) Brief Description

The objective of this study is to provide an independent assessment of the quality of information in the NRoE. In addition to coverage and currency, the study provides information about deceased, duplicate electors and non-Canadian citizens, as well as electors who have moved.

The quality model was designed to measure the quality of the NRoE. Presently, three measures of the quality of the NRoE are produced; coverage: the percentage of people in the electoral population who are on the list, currency: the percentage of people in the electoral population who are on the list and at the correct address, and accuracy: the percentage of registered electors listed at their correct address.

The need for an independent source of data to benchmark the quality model estimates was identified: a mechanism to tie the quality estimates to reality.

1.3.2 Period of the Contract

The term of the contract will be from the effective date of the contract to August 31, 2016. The Bidder grants to Elections Canada the irrevocable option to extend the Term of the Contract by three

additional periods of up one year each under the same terms and conditions.

1.3.3 Security Requirement

There is a security requirement associated with the requirement. For additional information, consult Part 5 – Security, Financial and other Requirements, and Part 6 – Resulting Contract.

1.3.4 Trade Agreements

The requirement is not subject to any trade agreements.

1.4 **Communications Notification**

As a courtesy, Elections Canada requests that the successful bidder notify the Contracting Authority in advance of its intention to make public announcements related to the award of a contract.

1.5 **Debriefings**

Once the successful bidder has been announced, bidders may request a debriefing on the results of the RFP process. Bidders should make the request to the Contracting Authority within 20 calendar days of receipt of the results of the RFP process. The debriefing may be in writing, by telephone or in person.

Part 2. Bidders Instructions

2.1 Instructions and Conditions

Bidders who submit a proposal agree to be bound by the terms and conditions of this RFP and accept the clauses and conditions of the resulting Contract attached as Part 6 to this RFP.

2.2 Procurement Business Number

Canadian suppliers are required to have a Procurement Business Number (PBN) before the Effective Date of the Contract. Suppliers may register for a PBN in the Supplier Registration Information system, on the buyandsell.gc.ca Web site (<https://buyandsell.gc.ca/for-businesses/for-businesses-guide/register-as-a-supplier>). For non-Internet registration, suppliers may contact the InfoLine at 1-800-811-1148 to obtain the telephone number of the nearest Supplier Registration Agent.

2.3 Definition of Bidder

For the purposes of this RFP, “bidder” means the person or entity (or, in the case of a joint venture, the persons or entities) submitting a proposal to perform a contract for goods, services or both. It does not include the parent, subsidiaries or other Affiliates of the bidder, or its subcontractors.

2.4 Submission of Proposals

2.4.1 Elections Canada requires that the bidder or the authorized representative of the bidder complete and sign the first page of the RFP and submit such page with its proposal at the RFP closing date and time. If a proposal is submitted by a joint venture, it must be in accordance with Section 2.16. If the first page of the RFP is not provided with the bidder's proposal, the Contracting Authority will request it and the bidder must provide it within the delay prescribed in such request.

2.4.2 It is the bidder's responsibility to:

- (a) obtain clarification of the requirements contained in the RFP, if necessary, before submitting a proposal;
- (b) prepare its proposal in accordance with the instructions contained in the RFP;
- (c) submit by the RFP closing date and time a complete proposal;
- (d) send its proposal only to Elections Canada Proposal Receiving Unit specified on page 1 of this RFP ("Proposal Receiving Unit"). The Proposal Receiving Unit is open from 8:00 a.m. to 4:00 p.m. Monday to Friday and closed on all statutory holidays;
- (e) ensure that the bidder's name, return address, the RFP number, and RFP closing date and time are clearly visible on the envelope or the parcel(s) containing the proposal; and,
- (f) provide a comprehensible and sufficiently detailed proposal, including all requested pricing details, that will permit a complete evaluation in accordance with the criteria set out in the RFP.

2.4.3 If Elections Canada has provided bidders with multiple formats of a document that forms part of the RFP (for example, a document may be downloaded through the Government Electronic Tendering Service (GETS) but may also be made available on CD-ROM through GETS), the format downloaded through GETS will take precedence. If Elections Canada posts an amendment to the RFP revising any documents provided to bidders in multiple formats, Elections Canada will not necessarily update all formats to reflect these revisions. It is the bidder's responsibility to ensure that revisions made through any RFP amendment issued through GETS are taken into account in those alternate formats that were not revised as a result of an amendment.

2.4.4 Proposal will remain open for acceptance for a period of not less than 60 calendar days from the RFP closing date. Elections Canada reserves the right to seek an extension of the proposal validity period from all responsive bidders in writing, within a minimum of three (3) calendar

days before the end of the proposal validity period. If the extension is accepted by all responsive bidders, Elections Canada will continue with the evaluation of the proposals. If the extension is not accepted by all responsive bidders, Elections Canada will, at its sole discretion, either continue with the evaluation of the proposals of those who have accepted the extension or cancel the RFP.

- 2.4.5 Proposal documents and supporting information may be submitted in either English or French.
- 2.4.6 Proposals received on or before the stipulated RFP closing date and time will become the property of Elections Canada and will not be returned. All proposals will be treated as confidential, subject to the provisions of the *Access to Information Act*, R.S. 1985, c. A-1 and the *Privacy Act*, R.S. 1985, c. P-21.
- 2.4.7 Unless specified otherwise in the RFP, Elections Canada will evaluate only the documentation provided with a bidder's proposal. Elections Canada will not evaluate information such as references to Web site addresses where additional information can be found, or technical manuals or brochures not submitted with the proposal.
- 2.4.8 A proposal cannot be assigned or transferred in whole or in part.

2.5 Transmission by Facsimile and Email

- 2.5.1 Proposals transmitted by facsimile or electronic mail to Elections Canada will not be accepted.

2.6 Late Proposals

Elections Canada will return proposals delivered after the stipulated RFP closing date and time, unless they qualify as a delayed proposal as described in Section 2.7.

2.7 Delayed Proposals

- 2.7.1 A proposal delivered to the Proposal Receiving Unit after the RFP closing date and time but before the announcement of the successful bidder or before a contract is entered into may be considered, provided the bidder can prove the delay is due solely to a delay in delivery that can be attributed to the Canada Post Corporation (CPC) (or national equivalent of a foreign country). Purolator Inc. is not considered to be part of CPC for the purposes of delayed proposals. The only pieces of evidence relating to a delay in the CPC system that are acceptable to Elections Canada are:

- (a) a CPC cancellation date stamp;
- (b) a CPC Priority Courier bill of lading; or

(c) a CPC Xpresspost label,

that clearly indicates that the proposal was mailed before the RFP closing date.

2.7.2 Misrouting, traffic volume, weather disturbances, labour disputes or any other causes for the late delivery of proposals are not acceptable reasons for the proposal to be accepted by Elections Canada.

2.7.3 Postage meter imprints, whether imprinted by the bidder, the CPC or the postal authority outside Canada, are not acceptable as proof of timely mailing.

2.8 Customs Clearance

It is the responsibility of the bidder to allow sufficient time to obtain customs clearance, where required, before the RFP closing date and time. Delays related to the obtaining of customs clearance cannot be construed as “undue delay in the mail” and will not be accepted as a delayed proposal under Section 2.7.

2.9 Legal Capacity

The bidder must have the legal capacity to contract. If the bidder is a sole proprietorship, a partnership or a corporate body, the bidder must provide, if requested by the Contracting Authority, a statement and any requested supporting documentation indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business. This also applies to bidders submitting a proposal as a joint venture.

2.10 Rights of Elections Canada

Elections Canada reserves the right to:

- (a) reject any or all proposals received in response to the RFP;
- (b) enter into negotiations with bidders on any or all aspects of their proposals;
- (c) accept any proposal in whole or in part without negotiations;
- (d) cancel the RFP at any time;
- (e) reissue the RFP;
- (f) if no responsive proposals are received and the requirement is not substantially modified, reissue the RFP by inviting only the bidders that had submitted a proposal to resubmit proposals within a period designated by Elections Canada; and

(g) negotiate with the sole responsive bidder to ensure best value to Elections Canada.

2.11 Rejection of Proposal

2.11.1 Elections Canada may reject a proposal where any of the following circumstances is present:

- (a) the bidder is bankrupt or where, for whatever reason, its activities are rendered inoperable for an extended period;
- (b) evidence, satisfactory to Elections Canada, of fraud, bribery, fraudulent misrepresentation or failure to comply with any law protecting individuals against any manner of discrimination, has been received with respect to the bidder, any of its employees or any subcontractor included as part of the proposal;
- (c) evidence, satisfactory to Elections Canada, that based on past conduct or behavior, the bidder, a subcontractor or a person who is to perform the Work is unsuitable or has conducted himself/herself improperly;
- (d) Elections Canada has exercised its contractual remedies of suspension or termination for default with respect to a contract with the bidder, any of its employees or any subcontractor included as part of the proposal; and
- (e) Elections Canada determines that the bidder's performance on other contracts, including the efficiency and workmanship as well as the extent to which the bidder performed the Work in accordance with those contracts, is sufficiently poor to jeopardize the successful completion of the requirement of this RFP.

2.11.2 Where Elections Canada intends to reject a proposal pursuant to a provision of Subsection 2.11.1, the Contracting Authority will so inform the bidder and provide the bidder ten (10) calendar days within which to make representations, before making a final decision on the rejection of the proposal.

2.11.3 Elections Canada reserves the right to apply additional scrutiny, in particular, when multiple proposals are received in response to a solicitation from a single bidder or a joint venture. Elections Canada reserves the right to:

- (a) reject any or all of the proposals submitted by a single bidder or joint venture if their inclusion in the evaluation has the effect of prejudicing the integrity and fairness of the process; or
- (b) reject any or all of the proposals submitted by a single bidder or joint venture if their inclusion in the procurement process would distort the solicitation evaluation, and would cause a result that would not reasonably have been expected under prevailing market conditions and/or would not provide good value to Elections Canada.

2.12 Communication – Solicitation Period

- 2.12.1 To ensure the integrity of the competitive procurement process, enquiries and other communications regarding the RFP must be directed only to the Contracting Authority identified in the RFP. Failure to comply with this requirement may result in the proposal being declared non-responsive.
- 2.12.2 To ensure consistency and quality of information provided to bidders, and subject to Section 2.19, enquiries received and the replies to such enquiries that result in clarifications or modifications to the requirement or that provide additional information related to the requirement will be provided simultaneously to bidders to which the RFP has been sent, without revealing the sources of the enquiries.

2.13 Price Justification

- 2.13.1 In the event that the bidder's proposal is the sole responsive proposal received, the bidder must provide, on Elections Canada's request, a fair price certification, in the form prescribed by Elections Canada, whereby the bidder certifies that the price offered to Elections Canada for the goods or services:
- (a) is not in excess of the lowest price charged to anyone else, including the bidder's most favoured customer, for the like quality and quantity of the goods, services or both;
 - (b) does not include an element of profit on the sale in excess of that normally obtained by the bidder on the sale of goods, services or both of like quality and quantity; and
 - (c) does not include any provision for discounts to selling agents.
- 2.13.2 Bidders must submit the fair price certification as well as any documentation supporting the fair price certification within the delay prescribed in the request issued pursuant to Subsection 2.13.1. Failure to comply with the request within such delay may result in the proposal being declared non-responsive.

2.14 Proposal Costs

No payment will be made for costs incurred in the preparation and submission of a proposal in response to the RFP. Costs associated with preparing and submitting a proposal, as well as any costs incurred by the bidder associated with the evaluation of the proposal, are the sole responsibility of the bidder.

2.15 Conduct of Evaluation

2.15.1 In conducting its evaluation of the proposals, Elections Canada may, but will have no obligation to, do the following:

- (a) seek clarification or verification from bidders regarding any or all information provided by them with respect to the RFP;
- (b) contact any or all references supplied by bidders to verify and validate any information submitted by them;
- (c) request, before the award of any contract, specific information with respect to bidders' legal status;
- (d) conduct a survey of bidders' facilities and/or examine their technical, managerial, and financial capabilities to determine if they are adequate to meet the requirements of the RFP;
- (e) correct any error in the extended pricing of proposals by using unit pricing and any error in quantities in proposals to reflect the quantities stated in the RFP; in the case of error in the extension of prices, the unit price will govern;
- (f) verify any information provided by bidders through independent research, use of any government resources or by contacting third parties; and
- (g) interview, at the sole costs of bidders, any bidder and/or any or all of the resources proposed by bidders to fulfill the requirement of the RFP.

2.15.2 Bidders must comply with any request related to any of the items listed in Subsection 2.15.1 within the delay prescribed in such request. Failure to comply with the request may result in the proposal being declared non-responsive.

2.16 Joint Venture

2.16.1 A joint venture is an association of two or more parties who combine their money, property, knowledge, expertise or other resources in a single joint business enterprise, sometimes referred as a consortium, to submit together a proposal on a requirement. Bidders who submit a proposal as a joint venture must indicate clearly that it is a joint venture and provide the following information:

- (a) the name of each member of the joint venture;
- (b) the PBN of each member of the joint venture;
- (c) the name of the representative of the joint venture, i.e. the member chosen by the other members to act on their behalf, if applicable; and

(d) the name of the joint venture, if applicable.

2.16.2 If the information is not clearly provided in the proposal, the bidder must provide the information on request from the Contracting Authority within the delay prescribed in such request.

2.16.3 The first page of the RFP and the Contract must be signed by all the members of the joint venture unless one member has been appointed to act on behalf of all members of the joint venture. The Contracting Authority may, at any time, require each member of the joint venture to confirm that the representative has been appointed with full authority to act as its representative for the purposes of the RFP and the Contract. If a contract is awarded to a joint venture, all members of the joint venture will be jointly and severally liable for the performance of the Contract.

2.17 Conflict of Interest – Unfair Advantage

2.17.1 In order to protect the integrity of the procurement process, bidders are advised that Elections Canada may reject a proposal in the following circumstances:

(a) if the bidder, any of its subcontractors, any of their respective employees or former employees was involved in any manner in the preparation of the RFP or in any situation of conflict of interest or appearance of conflict of interest;

(b) if the bidder, any of its subcontractors, any of their respective employees or former employees had access to information related to the RFP that was not available to other bidders and that would, in Elections Canada's opinion, give the bidder an unfair advantage.

2.17.2 The experience acquired by a bidder who is providing or has provided the goods and services described in the RFP (or similar goods or services) will not, in itself, be considered by Elections Canada as conferring an unfair advantage or creating a conflict of interest, subject however, if such bidders trigger any of the circumstances identified in Paragraphs 2.17.1(a) and (b).

2.17.3 Where Elections Canada intends to reject a proposal under this Section, the Contracting Authority will inform the bidder and provide the bidder an opportunity to make representations before making a final decision. Bidders who are in doubt about a particular situation should contact the Contracting Authority before the RFP closing date. By submitting a proposal, the bidder represents that it does not consider itself to be in conflict of interest nor to have an unfair advantage. The bidder acknowledges that it is within Elections Canada's sole discretion to determine whether a conflict of interest, unfair advantage or an appearance of conflict of interest or unfair advantage exists.

2.18 Entire Requirement

The RFP contains all the relevant information relating to the requirement. Any other information or documentation provided to or obtained by a bidder from any source are not relevant to this RFP. Bidders should not assume that practices used under previous contracts will continue, unless they are described in the RFP. Bidders should also not assume that their existing capabilities meet the requirements of the RFP simply because they have met previous requirements.

2.19 Enquiries

2.19.1 All enquiries must be submitted in writing to the Contracting Authority no later than **5** calendar days before the RFP closing date. Enquiries received after that time may not be answered.

2.19.2 Bidders should reference as accurately as possible the numbered item of the RFP to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Elections Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked “proprietary” at each relevant item. Items identified as “proprietary” will be treated as such except where Elections Canada determines that the enquiry is not of a proprietary nature. Elections Canada may edit the questions or may request that the bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Elections Canada.

2.20 Applicable Laws

2.20.1 The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario, subject always to any paramount or applicable federal laws.

2.20.2 Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their proposal, by indicating in their proposal the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the laws of Ontario are acceptable to the bidder.

2.21 Basis for Canada’s Ownership of Intellectual Property

Elections Canada has determined that any intellectual property rights arising from the performance of the Work under the resulting Contract will belong to Elections Canada, on the following grounds:

[insert one or more of the following grounds]:

- (a) national security;

- (b) statutes, regulations or previous obligations of Elections Canada to a third party or parties preclude Contractor ownership of the Intellectual Property Rights in Foreground Information (as such terms are defined in Annex [insert] – Supplemental Conditions of Part 6 – Resulting Contract);
- (c) the bidder, by submitting a proposal, declares that it is not interested in owning the Intellectual Property Rights in Foreground Information (as such terms are defined in Annex [insert] – Supplemental Conditions of Part 6 – Resulting Contract);
- (d) the main purpose of the Contract, or of the deliverables contracted for, is to generate knowledge and information for public dissemination;
- (e) the main purpose of the Contract, or of the deliverables contracted for, is to augment an existing body of Elections Canada’s background information as a prerequisite to the transfer of the augmented background to the private sector, through licensing or assignment of ownership (not necessarily to the original Contractor), for the purposes of commercial exploitation;
- (f) the main purpose of the Contract, or of the deliverables contracted for, is to deliver a component or subsystem that will be incorporated into a complete system at a later date, as a prerequisite to the planned transfer of the complete system to the private sector, through licensing or assignment of ownership, for purposes of commercial exploitation;

where the material developed or produced consists of material subject to copyright, with the exception of computer software and all documentation pertaining to that software.

Part 3. Proposal Preparation Instructions

3.1. Proposal Preparation Instructions

3.1.1 Elections Canada requests that bidders provide their proposal in separately bound sections as follows:

Section I: Technical Proposal – Four hard copies

Section II: Financial Proposal - One hard copy

Section III: Certifications - One hard copy

3.1.2 Prices must appear in the financial proposal only. No prices must be indicated in any other section of the proposal.

- 3.1.3 Elections Canada requests that bidders follow the format instructions described below in the preparation of their proposal:
- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper; and
 - (b) use a numbering system that corresponds to the RFP.
- 3.1.4 In the event that a bidder fails to provide the numbers of copies required pursuant to Subsection 3.1.1, the Contracting Authority will contact the bidder and provide the bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the proposal non-responsive.
- 3.1.5 To assist in reaching the objective set out in the Policy on Green Procurement, bidders are encouraged to:
- (a) use paper containing fibre certified as originating from a sustainably managed forest and/or containing a minimum 30% recycled content; and
 - (b) use an environmentally preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

3.2. Section I – Technical Proposal

- 3.2.1 In their technical proposal, bidders should demonstrate their understanding of the requirements contained in the RFP and explain how they will meet the requirements of the SOW and carry out the Work in a thorough, concise and clear manner.
- 3.2.2 The technical proposal should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the proposal will be evaluated which are set out in Part 7 – Technical Evaluation Criteria. Simply repeating the statement contained in the RFP is not sufficient. In order to facilitate the evaluation of the proposal, Elections Canada requests that the bidder address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, bidders may refer to different sections of their proposal by identifying the specific paragraph and page number where the subject topic has already been addressed.

3.3. Section II – Financial Proposal

Bidders must submit their financial proposal in accordance with Part 8 – Financial Evaluation Criteria. The total amount of applicable sales tax must be shown separately, if applicable.

3.4. Section III – Certificates

- 3.4.1. The certificates under Part 9 must be completed by the bidder in accordance with this Section 3.4. Bidders must provide the required certifications to be awarded a contract. Elections Canada will declare a proposal non-responsive if the required certifications are not completed and submitted as requested.
- 3.4.2. Bidders' compliance with the certifications provided to Elections Canada is subject to verification by Elections Canada during the proposal evaluation period and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify bidders' compliance with the certifications before award of a contract. The proposal will be declared non-responsive if any certification made by the bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the proposal non-responsive.
- 3.4.3. The certificates under Part 9 should be completed and submitted with the proposal but may be submitted afterwards. If any of these required certificates is not completed and submitted as requested, the Contracting Authority will so inform the bidder and provide the bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the proposal non-responsive.

Part 4. Evaluation Procedures and Basis of Selection

4.1. General Evaluation Procedures

- 4.1.1 Proposals will be assessed in accordance with the entire requirement of the RFP including the technical and financial evaluation criteria.
- 4.1.2 An evaluation team composed of representatives of Elections Canada will evaluate the proposals.

4.2. Technical Evaluation

- 4.2.1 Mandatory and point rated technical evaluation criteria are set out in Part 7 – Technical Evaluation Criteria.

4.3. Financial Evaluation

- 4.3.1 The mandatory financial evaluation criteria are set out in Part 8 – Financial Evaluation Criteria.

4.4. Basis of Selection

4.4.1 A proposal must comply with all the requirements of the RFP. If it is determined that a proposal does not comply with any of the requirements of the RFP, such proposal will be deemed non-responsive and will not be given further consideration.

4.4.2 The evaluation and selection process will be conducted in the following phases:

Phase 1 – Mandatory Technical Evaluation

Phase 2 – Rated Technical Evaluation

Phase 3 – Financial Evaluation

Phase 4 – Determination of Highest Ranked Bidder

In the event evaluators are made aware of information in one Phase that contradicts information contained in a previous Phase, evaluators reserve the right to re-evaluate that portion of the previous Phase and adjust the previously adjudicated score accordingly. If such re-evaluation results in the bidder's proposal being non-responsive for the re-evaluated Phase, the proposal will be assessed as non-responsive and given no further consideration.

4.4.3 Phase 1 – Mandatory Technical Evaluation

In Phase 1, all proposals will be evaluated for their compliance with the mandatory technical evaluation criteria set out in Section A of Part 7 – Technical Evaluation Criteria. Any proposal that fails to meet any of the mandatory technical evaluation criteria will be deemed non-responsive and will not be given further consideration.

4.4.4 Phase 2 – Rated Technical Evaluation

In Phase 2, the proposals that are deemed responsive in Phase 1 will be evaluated against the rated technical evaluation criteria set out in Section B of Part 7 – Technical Evaluation Criteria (the "Phase 2 Proposal").

If any Phase 2 Proposal does not obtain the required minimum of 65 percent overall of the points for the technical evaluation criteria which are subject to point rating, such proposal will be deemed non-responsive and will not be given further consideration. The rating is performed on a scale of 70 points.

4.4.5 Phase 3 – Financial Evaluation

4.4.6 In Phase 3, the proposals that are deemed responsive in Phases 1 and 2 will be evaluated against the mandatory financial evaluation criteria set out in Part 8 – Financial Evaluation Criteria.

4.4.7 The price of the proposal will be evaluated in Canadian dollars. Applicable sales tax must be excluded. Canadian customs duties and excise taxes are, where applicable, to be included.

The price used in the evaluation will be the Total Evaluated Cost which is calculated as follows:

The cost of the initial period plus the cost of the option

4.4.8 Phase 4 – Determination of Highest Ranked Bidder

In Phase 4, a combined evaluation score for those proposals deemed responsive in Phases 1, 2 and 3 (the “Phase 4 Proposals”) will be determined in accordance with the following formula:

$$\frac{\text{TECHNICAL PROPOSAL SCORE X 70}}{\text{MAXIMUM NUMBER OF POINTS}} + \frac{\text{LOWEST PRICE X 30}}{\text{BIDDER'S PRICE}} = \text{COMBINED EVALUATION SCORE}$$

The bidder with the Phase 4 Proposal with the highest combined evaluation score will be considered for the award of a contract.

4.4.9 If more than one bidder is ranked first because of identical scores, then the bidder with the best financial score will become the highest ranked bidder and will be considered for the award of a contract.

Data Quality Confirmation Study

ANNEX A

Statement of Work (SOW)

For the DQCS, electors are contacted to confirm their information on the NRoE. Data from the study is used to produce measures of the quality of the NRoE and to update its information. These independent measures from the study are used to benchmark the measures from the Quality Model.

The first national implementation took place in June 2006. That study used a sample of 30,800 electors selected from the NRoE. The strategy was to search for a phone number and call everyone possible, then to send letters from the CEO by Registered Mail if a phone number could not be found or they did not answer the phone. Respondents were given the option to complete an interview by phone or to answer a questionnaire on the Web. All returned mail from Canada Post was collected, since it provided additional information for this study. Overall results confirmed that some 94% of all eligible electors in Canada are in the Register (coverage) and that some 83% of them are listed in the Register at the correct residential address (current). These are essentially identical to the quality measures published from the quality model.

The second and third national implementation followed the same methodology as the 2006 study, with two exceptions: larger samples of electors were used to improve estimates at the ED level; and, in the event of a general election being called during the study periods, the national studies would have been terminated.

For this iteration the sample will be increased to 42,250 and an Introduction Letter will be mailed out to everyone in the sample before the contact phase of the study begins. Data collection will take place from early October to mid-November. Results will be analyzed and integrated with estimates from the quality model in November 2014.

3.2. OBJECTIVE

The objective of this study is to provide an independent assessment of the quality of information in the NRoE. In addition to coverage and currency, the study provides information about deceased, duplicate electors and non-Canadian citizens, as well as electors who have moved.

The quality model was designed to measure the quality of the NRoE. Presently, three measures of the quality of the NRoE are produced; coverage: the percentage of people in the electoral population who are on the list, currency: the percentage of people in the electoral population who are on the list and at the correct address, and accuracy: the percentage of registered electors listed at their correct address.

The need for an independent source of data to benchmark the quality model estimates was identified: a mechanism to tie the quality estimates to reality.

4. SCOPE OF WORK

4.1 COLLECTION STRATEGY

- 4.1.01 EC approved collection strategy to be used by the Contractor to conduct the 2014 DQCS.
- 4.1.02 EC will provide a sample of 42,250 elector's records in a machine-readable format (text, tab-delimited). The sample will contain the following information:
- i. Unique identifier linked to EC's elector ID – record must retain the unique identifier to allow correct re-integration into NRoE
 - ii. Full name, parsed – first, middle, last
 - iii. Mailing label
 - iv. Mailing address, parsed – suite number, street address number, street name, street direction, street type, place name, province, postal code, service type code, service type id, installation type code, installation type id, route type code, route type id, route qualifier, lot number, concession number, township number, range number, meridian number, section number.
 - v. Physical address, parsed – suite number, street address number, street name, street direction, street type, place name, province, postal code, lot number, concession number, township number, range number, meridian number, section number.
- 4.1.03 For every individual included in the 42,250 records sample, provided by EC the Contractor will research phone numbers and indicate the type of match for each telephone number found: exact match, name only, or address only.
- 4.1.04 The Contractor will develop a bilingual application to support and administer the web-based questionnaire, bilingual telephone questionnaire, and bilingual registered letter contents.
- 4.1.05 The Contractor will contact each individual for whom a telephone number was found and administer a bilingual telephone interview or provide an option to fill out a bilingual web-based questionnaire.
- 4.1.06 For those calls where there is no answer, the Contractor will maximize the number of call backs to ensure maximum success of contacting individuals.
- 4.1.07 For individuals with no phone number, wrong number or no response from telephone calls, the Contractor will create a database of these records and send it back to EC. EC will then generate a sample from these records and return it to the Contractor so that they may send a bilingual, explanatory letter by registered mail to the electors in the sample. The registered mail letterhead and envelopes will be provided by EC, however the explanatory letter is to be personalized, printed and delivered to Canada Post by the Contractor. Stationery is to be

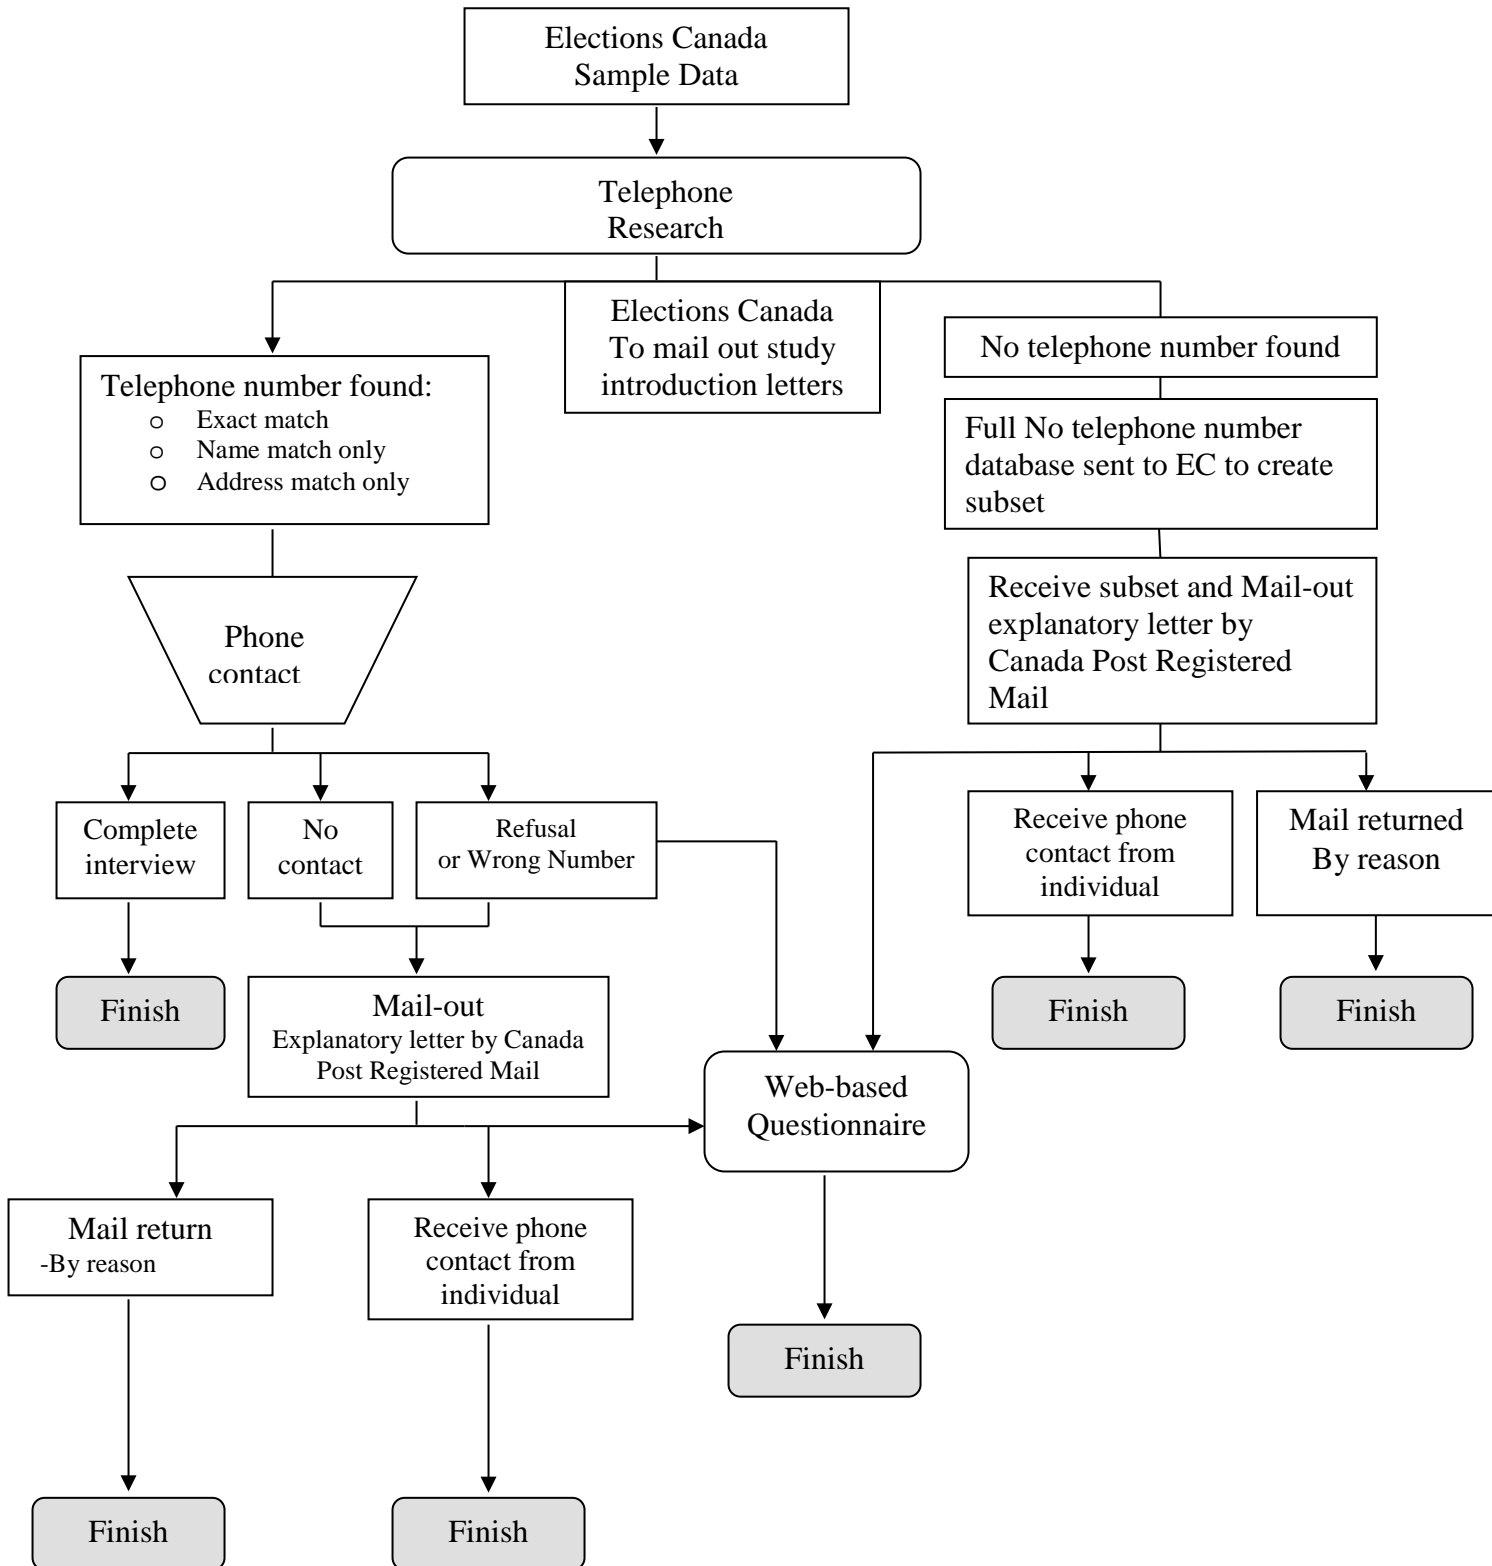

folded with a 'c' fold to minimize transparency and maximize security of the contents. EC will provide their postal meter indicia to cover the cost of postage.

- 4.1.08 The registered mail explanatory letter includes the option for the individual to call in to the Contractor to complete the interview or complete the web-based questionnaire.
- 4.1.09 Receive calls from individuals that were sent registered mail explanatory letter and complete interviews.
- 4.1.10 Collect and capture data from web-based questionnaire and telephone interviews.
- 4.1.11 The Contractor will provide an interim data set of the telephone interview responses that EC will assess for potential false telephone matches. EC will identify and return the information for these potential duplicates back to the Contractor to be included with the registered mail.
- 4.1.12 Capture tracking number from all Canada Post registered mail in a separate dataset for EC.
- 4.1.13 Collect and capture data from Canada Post registered mail returns and include reason for return in study database. Reasons for returned mail includes but is not limited to: refused, deceased, move no new address and incomplete address.
- 4.1.14 EC will be responsible for tracking outstanding letters after the close of collection.
- 4.1.15 If a federal or provincial election is called during the contract period, the study is to be stopped for that area. The Contractor will be compensated for work done up to that point.

If adjusting or striking the unenforceable provision would result in failure of an essential purpose of this agreement, the entire agreement is to be held unenforceable. After an unenforceable provision is adjusted or stricken in accordance with this Section 1.04, the rest of the Contract is to remain in effect as written and the unenforceable provision is to remain as written in any circumstances other than those in which the provision is held to be unenforceable.

The Contract constitutes the entire and only agreement between the Parties and supersedes all previous negotiations, communications and other agreements, whether written or oral, unless they are incorporated by reference in the Contract. There are no terms, covenants, representations, statements or conditions binding on the Parties other than those contained in the Contract.

Article 2 Conduct of the Work

Section 2.01 Representation and Warranties

- 2.01.01 The Contractor represents and warrants that:
- (a) it is competent to perform the Work;
 - (b) it has everything necessary to perform the Work, including the resources, facilities, labour, technology, equipment, and materials; and

- 2.01.04 The Contractor must provide all reports that are required by the Contract and any other information that Elections Canada may reasonably require from time to time.
- 2.01.05 The Contractor is fully responsible for performing the Work. Elections Canada will not be responsible for any negative consequences or extra costs if the Contractor follows any advice given by Elections Canada unless the Contracting Authority provides the advice to the Contractor in writing and includes a statement specifically relieving the Contractor of any responsibility for negative consequences or extra costs that might result from following the advice.

Article 3 Work

Section 3.01 Specification

- 3.01.01 All Specifications provided by Elections Canada or on behalf of Elections Canada to the Contractor in connection with the Contract belong to Elections Canada and must be used

by the Contractor only for the purpose of performing the Work.

- 3.01.02 If the Contract provides that Specifications furnished by the Contractor must be approved by Elections Canada, that approval will not relieve the Contractor of its responsibility to meet all requirements of the Contract.

Section 3.02 Condition of Material

Unless provided otherwise in the Contract, material supplied must be new and conform to the latest issue of the applicable drawing, specifications and part number that is in effect on the bid closing date or, if there was no bid solicitation, the date of the Contract.

The replacement must meet the criteria used in the selection of the Contractor and be acceptable to Elections Canada. The Contractor must, as soon as possible, give notice to the Contracting Authority of the reason for replacing the individual and provide:
- (a) the name, qualifications and experience of the proposed replacement; and

In such a case, the Contractor must immediately comply with the order and secure a further replacement in accordance with Subsection 3.03.02. Section 3.04 Inspection and Acceptance of the Work

- 3.04.01 All the Work is subject to inspection and acceptance by Elections Canada. Inspection and acceptance of the Work by Elections Canada do not relieve the Contractor of its

responsibility for defects or other failures to meet the requirements of the Contract. Elections Canada will have the right to reject any work that is not in accordance with the requirements of the Contract and require its correction or replacement at the Contractor's expense.

- 3.04.02 The Contractor must provide representatives of Elections Canada access to all locations where any part of the Work is being performed at any time during working hours. Representatives of Elections Canada may make examinations and such tests of the Work as they may think fit. The Contractor must provide all assistance and facilities, test pieces, samples and documentation that the representatives of Elections Canada may reasonably require for the carrying out of the inspection. The Contractor must forward such test pieces and samples to such person or location as Elections Canada specifies.
- 3.04.03 The Contractor must inspect and approve any part of the Work before submitting it for acceptance or delivering it to Elections Canada. The Contractor must keep accurate and complete inspection records that must be made available to Elections Canada on request. Representatives of Elections Canada may make copies and take extracts of the records during the performance of the Contract and for up to three years after the end of the Contract.

A subcontract includes a contract entered into by any subcontractor at any tier to perform any part of the Work.
- 4.01.02 The Contractor is not required to obtain consent for subcontracts specifically authorized in the Contract. The Contractor may also without the consent of the Contracting Authority:
- (a) purchase "off-the-shelf" items and any standard articles and materials that are ordinarily produced by manufacturers in the normal course of business;
 - (b) subcontract any portion of the Work as is customary in the carrying out of similar contracts; and,
 - (c) permit its subcontractors at any tier to make purchases or subcontract as permitted in Paragraphs (a) and (b).

Section 4.02 Subcontractor to be bound by Contract

- 4.02.01 In any subcontract other than a subcontract referred to in Paragraph 4.01.02(a), the Contractor must, unless the Contracting Authority agrees in writing, ensure that the subcontractor is bound by conditions compatible with and, in the opinion of the Contracting Authority, not less favourable to Elections Canada than the conditions of the Contract.
- 4.02.02 Even if Elections Canada consents to a subcontract, the Contractor is responsible for performing the Contract and Elections Canada is not responsible to any subcontractor. The Contractor is responsible for any matters or things done or provided by any subcontractor under the Contract and for paying any subcontractors for any part of the Work they perform.

Article 5 Harassment in the Workplace

Section 5.01 No Tolerance

The Contractor must not, either as an individual, or as a corporate or unincorporated entity, through its employees or subcontractors, harass, abuse, threaten, discriminate against or intimidate any employee, contractor or other individual employed by, or under contract with Elections Canada. The Contractor will be advised in writing of any complaint and will have the right to respond in writing. Upon receipt of the Contractor's response, the Contracting Authority will, at its entire discretion, determine if the complaint is founded and decide on any action to be taken which action may be termination of the Contract by reason of default by the Contractor.

Article 6 Payment

Section 6.01 Invoice Submissions

- 6.01.01 Invoices must be submitted in the Contractor's name. The Contractor must submit invoices for each delivery or shipment; invoices must only apply to the Contract. Each invoice must indicate whether it covers partial or final delivery.
- 6.01.02 Invoices must show:
- (a) the date, the name and address of Elections Canada, item or reference numbers, deliverable and/or description of the Work, contract number, Procurement Business Number (PBN), the Contractor's business number for tax remission purposes, and financial code(s);

6.01.04 By submitting an invoice, the Contractor certifies that the invoice is consistent with the Work delivered and is in accordance with the Contract.

Section 6.02 Payment Period

6.02.01 Provided that Elections Canada has received a duly signed original copy of the Contract, Elections Canada's standard payment period is 30 days. The payment period will commence the date the invoice, in acceptable form and content, is received in accordance with the Contract or the date the Work is delivered in acceptable condition as required in the Contract, whichever is later. A payment is considered overdue on the 31st day following that date and interest will be paid automatically in accordance with Section 6.04.

6.02.02 If the content of the invoice and its substantiating documentation are not in accordance with the Contract or the Work is not in acceptable condition, Elections Canada will notify the Contractor within 15 days of receipt. The 30-day payment period begins upon receipt of the revised invoice or replacement invoice or the Work being corrected. Failure by Elections Canada to notify the Contractor within 15 days will only result in the date specified in Subsection 6.02.01 to apply for the sole purpose of calculating interest on overdue accounts.

Section 6.03 Withholding of Payment

Where a delay referred to in Article 16 – Excusable Delay has occurred, Elections Canada may, at Elections Canada's discretion, withhold all or a portion of any payment due to the Contractor until a "work-around" plan approved by Elections Canada has been implemented in accordance with Section 16.01. Section 6.04 shall not apply to any amount withheld under this Subsection.

Section 6.04 Interest on Overdue Accounts

6.04.01 For the purpose of this Section:

"Average Rate" means the simple arithmetic mean of the Bank Rates in effect at 4:00 p.m. Eastern Time each day during the calendar month immediately before the calendar month in which payment is made;

“Bank Rate” means the rate of interest established from time to time by the Bank of Canada as the minimum rate at which the Bank of Canada makes short term advances to members of the Canadian Payments Association;

“date of payment” means the date of the negotiable instrument drawn by the Receiver General for Canada to pay any amount under the Contract; and

an amount becomes “overdue” when it is unpaid on the first day following the day on which it is due and payable according to the Contract.

- 6.04.02 Elections Canada will pay to the Contractor simple interest at the Average Rate plus 3 percent per year on any amount that is overdue, from the date that amount becomes overdue until the day before the date of payment, inclusive. The Contractor is not required to provide notice to Elections Canada for interest to be payable.
- 6.04.03 Elections Canada will pay interest in accordance with this Article only if Elections Canada is responsible for the delay in paying the Contractor. Elections Canada will not pay interest on overdue advance payments.

Article 7 Accounts and Audit

Section 7.01 Accounts and Audit

- 7.01.01 The Contractor must keep proper accounts and records of the cost of performing the Work and of all expenditures or commitments made by the Contractor in connection with the Work, including all invoices, receipts and vouchers. The Contractor must retain records, including bills of lading and other evidence of transportation or delivery, for all deliveries made under the Contract.
- 7.01.02 If the Contract includes payment for time spent by the Contractor, its employees, representatives, agents or subcontractors performing the Work, the Contractor must keep a record of the actual time spent each day by each individual performing any part of the Work.
- 7.01.03 Unless Elections Canada has consented in writing to its disposal, the Contractor must retain all the information described in this Article for six years after it receives the final payment under the Contract, or until the settlement of all outstanding claims and disputes, whichever is later. During this time, the Contractor must make this information available for audit, inspection and examination by the representatives of Elections Canada, who may make copies and take extracts. The Contractor must provide all reasonably required facilities for any audit and inspection and must furnish all the information as the representatives of Elections Canada may from time to time require to perform a complete audit of the Contract.
- 7.01.04 The amount claimed under the contract, calculated in accordance with the basis of payment provision in the Articles of Agreement, is subject to audit both before and after

payment is made. If an audit is performed after payment, the Contractor agrees to repay any overpayment immediately on demand by Elections Canada. Elections Canada may hold back, deduct and set off any credits owing and unpaid under this Article from any money that Elections Canada owes to the Contractor at any time (including under other contracts). If Elections Canada does not choose to exercise this right at any given time, Elections Canada does not lose this right.

Article 8 Taxes

Section 8.01 Municipal Taxes

Municipal Taxes do not apply.

Section 8.02 Provincial Taxes Exemption

8.02.01 Except as provided by law, Elections Canada is not required to pay any sales tax payable to the province in which the taxable goods or services are delivered. This exemption has been provided to federal government departments and agencies under the authority of one of the following:

(a) Provincial Sales Tax (PST) Exemption Licence Numbers, for the provinces of:

- i. British Columbia PST-1000-5001;
- ii. Manitoba 390-516-0;

(b) for Saskatchewan, the Yukon Territory, the Northwest Territories and Nunavut, an Exemption certification, which certifies that the goods or services purchased by Elections Canada are not subject to the provincial and territorial sales and consumption taxes because they are purchased by a federal government department or agency with Canada funds for the use of Elections Canada.

8.02.02 Currently, in Alberta, the Yukon Territory, the Northwest Territories and Nunavut, there is no general PST. However, if a PST is introduced in Alberta, the Yukon Territory, the Northwest Territories or Nunavut, PST will be payable unless an exemption certification is included in the purchasing document.

Section 8.03 Harmonized Sales Tax

Elections Canada must pay the HST in the participating provinces of Newfoundland and Labrador, Nova Scotia, New Brunswick, Ontario and Prince Edward Island.

Section 8.04 Quebec Sales Tax

Elections Canada must pay the Quebec Sales Tax in the province of Quebec.

Section 8.05 Provincial Taxes paid by the Contractor

The Contractor is not exempt from paying PST under the above Exemption Licence Numbers or Exemption Certification. The Contractor must pay the PST on taxable goods or services used or consumed in the performance of the Contract (in accordance with applicable provincial legislation), including material incorporated into real property.

Section 8.06 Changes to Taxes and Duties

8.06.01 If there is any change to any tax or duty payable to any level of government in Canada after the bid submission date that affects the costs of the Work to the Contractor, the Contract Price will be adjusted to reflect the increase or decrease in the cost to the Contractor.

8.06.02 However, there will be no adjustment for any change that increases the cost of the Work to the Contractor if public notice of the change was given before bid submission date in sufficient detail to have permitted the Contractor to calculate the effect of the change on its cost. There will be no adjustment if the change takes effect after the date required by the Contract for delivery of the Work.

Section 8.07 Applicable Sales Tax

The estimated amount of applicable sales tax is included in the total estimated cost on page 1 of the Contract. The applicable sales tax is not included in the Contract Price but will be paid by Elections Canada as provided in the Invoice Submission Section above. The Contractor agrees to remit to the appropriate government agency any amounts of applicable sales tax paid or due.

Section 8.08 Tax Withholding of 15 Percent

Pursuant to the Income Tax Act, 1985, c. 1 (5th Supp.) and the Income Tax Regulations, Elections Canada must withhold 15 percent of the amount to be paid to the Contractor in respect of services provided in Canada if the Contractor is a non-resident unless the Contractor obtains a valid waiver. The amount withheld will be held on account for the Contractor in respect to any tax liability which may be owed to Canada.

Article 9 Transportation

Section 9.02 Transportation Carriers' Liability

In light of the federal government's policy of underwriting its own risks, Elections Canada is precluded to pay for insurance or valuation charges for transportation beyond the point at which ownership of goods passes to it (determined by the FOB point or Incoterms). Where increased carrier liability is

available without charge, the Contractor must obtain the increased liability for shipment.

Article 10 Ownership

Section 10.01 Ownership

- 10.01.01 Unless provided otherwise in the Contract, the Work or any part of the Work belongs to Elections Canada after delivery and acceptance by or on behalf of Elections Canada.
- 10.01.02 However if any payment is made to the Contractor for or on account of any Work, either by way of progress or milestone payments, that Work paid for by Elections Canada belongs to Elections Canada upon such payment being made. This transfer of ownership does not constitute acceptance by Elections Canada of the Work or any part of the Work and does not relieve the Contractor of its obligation to perform the Work in accordance with the Contract.
- 10.01.03 Despite any transfer of ownership, the Contractor is responsible for any loss or damage to the Work or any part of the Work until it is delivered to Elections Canada in accordance with the Contract. Even after delivery, the Contractor remains responsible for any loss or damage to any part of the Work caused by the Contractor or any subcontractor.
- 10.01.04 Upon transfer of ownership to the Work or any part of the Work to Elections Canada, the Contractor must, if requested by Elections Canada, establish to Elections Canada's satisfaction that the title is free and clear of all claims, liens, attachments, charges or encumbrances. The Contractor must execute any conveyances and other instruments necessary to perfect the title that Elections Canada may require.

Article 11 Elections Canada Property

Section 11.01 EC Property

- 11.01.01 All EC Property must be used by the Contractor solely for the purpose of the Contract and remains the property of Elections Canada. The Contractor must maintain adequate accounting records of all EC Property and, whenever feasible, mark it as being the property of Elections Canada.
- 11.01.02 The Contractor must take reasonable and proper care of all EC Property while it is in its possession or subject to its control. The Contractor is responsible for any loss or damage resulting from its failure to do so other than loss or damage caused by ordinary wear and tear.
- 11.01.03 All EC Property, unless it is installed or incorporated in the Work, must be returned to Elections Canada on demand. All scrap and all waste materials, articles or things that are EC Property must, unless provided otherwise in the Contract, remain the property of Elections Canada and must be disposed of only as directed by Elections Canada.

- 11.01.04 At the time of completion of the Contract, and if requested by the Contracting Authority, the Contractor must provide to Elections Canada an inventory of all EC Property relating to the Contract.

Article 12 Liability

Section 12.01 Liability

The Contractor is liable for any damage caused by the Contractor, its employees, subcontractors, or agents to Elections Canada or any third party. Elections Canada is liable for any damage caused by Elections Canada, its employees or agents to the Contractor or any third party. The Parties agree that no limitation of liability or indemnity provision applies to the Contract unless it is specifically incorporated in full text in the Articles of Agreement or specifically provided for in a supplemental general conditions which forms part of the Contract. Damage includes any injury to persons (including injury resulting in death) or loss of or damage to property (including real property) caused as a result of or during the performance of the Contract.

Article 13 Confidentiality

Section 13.01 Confidentiality

- 13.01.01 The Contractor must keep confidential all information provided or made available to the Contractor by or on behalf of Elections Canada in connection with the Work, including any information that is confidential or proprietary to third parties, and all information conceived, developed or produced by the Contractor as part of the Work when copyright or any other intellectual property rights in such information belongs to Elections Canada under the Contract (collectively, the “EC Information”). The Contractor must not disclose any EC Information without the written permission of Elections Canada. The Contractor may disclose to a subcontractor any EC Information as long as the subcontractor agrees to keep such EC Information confidential and that it will be used only to perform the subcontract.
- 13.01.02 The Contractor agrees to use the EC Information only for the purpose of the Contract. The Contractor acknowledges that all EC Information remains the property of Elections Canada or the third party, as the case may be. Unless provided otherwise in the Contract, the Contractor must deliver to Elections Canada all such EC Information, together with every copy, draft, working paper and note that contains such information, upon completion or termination of the Contract or at such earlier time as Elections Canada may require.
- 13.01.03 Subject to the *Access to Information Act*, R.S.C. 1985, c. A-1, and to any right of Elections Canada under the Contract to release or disclose, Elections Canada must not release or disclose outside the Government of Canada any information delivered to Elections Canada under the Contract that is proprietary to the Contractor or a subcontractor.
- 13.01.04 The obligations of the Parties set out in this Article do not apply to any information if the information:

- (a) is publicly available from a source other than the other Party; or
- (b) is or becomes known to a Party from a source other than the other Party, except any source that is known to be under an obligation to the other Party not to disclose the information; or
- (c) is developed by a Party without use of the information of the other Party.

- 13.01.05 Wherever possible, the Contractor must mark or identify any proprietary information delivered to Elections Canada under the Contract as “Property of (Contractor’s name), permitted Government uses defined under Elections Canada Contract No. (fill in Contract Number)”. Elections Canada will not be liable for any unauthorized use or disclosure of information that could have been so marked or identified and was not.
- 13.01.06 If the Contract, the Work, or any information referred to in Subsection 13.01.01 is identified as TOP SECRET, SECRET, CONFIDENTIAL, or PROTECTED by Elections Canada, the Contractor must at all times take all measures reasonably necessary for the safeguarding of the material so identified, including those set out in the PWGSC Industrial Security Manual and its supplements and any other instructions issued by Canada.
- 13.01.07 If the Contract, the Work, or any information referred to in Subsection 13.01.01 is identified as TOP SECRET, SECRET, CONFIDENTIAL, or PROTECTED, by Elections Canada, representatives of Elections Canada are entitled to inspect the Contractor’s premises and the premises of a subcontractor at any tier for security purposes at any time during the term of the Contract. The Contractor must comply with, and ensure that any subcontractor complies with, all written instructions issued by Elections Canada dealing with the material so identified, including any requirement that employees of the Contractor or of any subcontractor execute and deliver declarations relating to reliability screenings, security clearances and other procedures.

Section 13.02 An Oath of Secrecy

The Parties hereby agree to sign any document that is necessary for the execution of this Contract, including but not limited to, an oath of secrecy pertaining to information contained in the Register of Electors, lists of electors and/or any record placed under the responsibility and/or owned by Elections Canada.

Article 14 Copyright

Section 14.01 Copyright

- 14.01.01 In this Section, “Material” means anything that is created by the Contractor as part of the Work under the Contract, that is required by the Contract to be delivered to Elections Canada and in which copyright subsists. “Material” does not include anything created by the Contractor before the date of the Contract.

- 14.01.02 Copyright in the Material belongs to Elections Canada and the Contractor must include the copyright symbol and either of the following notice on the Material: © Her Majesty the Queen in right of Canada (year) or © Sa Majesté la Reine du chef du Canada (année).
- 14.01.03 The Contractor must not use, copy, divulge or publish any Material except as is necessary to perform the Contract. The Contractor must execute any conveyance and other documents relating to copyright in the Material as Elections Canada may require.
- 14.01.04 The Contractor must provide at the request of Elections Canada a written permanent waiver of moral rights, in a form acceptable to Elections Canada, from every author that contributed to the Material. If the Contractor is the author of the Material, the Contractor permanently waives its moral rights in the Material.

Section 14.02 Use and Translation of Documentation

The Contractor agrees that Elections Canada may translate in the other official language any documentation delivered to Elections Canada by the Contractor that does not belong to Elections Canada under Section 14.01. The Contractor acknowledges that Elections Canada owns the translation and that it is under no obligation to provide any translation to the Contractor. Elections Canada agrees that any translation must include any copyright notice and any proprietary right notice that was part of the original. Elections Canada acknowledges that the Contractor is not responsible for any technical errors or other problems that may arise as a result of the translation.

Article 15 Intellectual Property Infringement and Royalties

Section 15.01 Intellectual Property Infringement and Royalties

- 15.01.01 The Contractor represents and warrants that, to the best of its knowledge, neither it nor Elections Canada will infringe any third party's intellectual property rights in performing or using the Work, and that Elections Canada will have no obligation to pay royalties of any kind to anyone in connection with the Work.
- 15.01.02 If anyone makes a claim against Elections Canada or the Contractor concerning intellectual property infringement or royalties related to the Work, that Party agrees to notify the other Party in writing immediately. If anyone brings a claim against Elections Canada, Elections Canada may either defend the claim or may request that the Contractor defend Elections Canada against the claim. In either case, the Contractor agrees to participate fully in the defence and any settlement negotiations and to pay all costs, damages and legal costs incurred or payable as a result of the claim, including the amount of any settlement. Both Parties agree not to settle any claim unless the other Party first approves the settlement in writing.
- 15.01.03 The Contractor has no obligation regarding claims that were only made because:
- (a) Elections Canada modified the Work or part of the Work without the Contractor's

consent or used the Work or part of the Work without following a requirement of the Contract;

- (b) Elections Canada used the Work or part of the Work with a product that the Contractor did not supply under the Contract (unless that use is described in the Contract or the manufacturer's specifications);
- (c) the Contractor used equipment, drawings, specifications or other information supplied to the Contractor by Elections Canada (or by someone authorized by Elections Canada); or
- (d) the Contractor used a specific item of equipment or software that it obtained because of specific instructions from the Contracting Authority; however, this exception only applies if the Contractor has included the following language in its own contract with the supplier of that equipment or software:

“[Supplier name] acknowledges that the purchased items will be used by the Elections Canada. If a third party claims that equipment or software supplied under this contract infringes any intellectual property right, [supplier name], if requested to do so by either [Contractor name] or Elections Canada, will defend both [Contractor name] and Elections Canada against that claim at its own expense and will pay all costs, damages and legal fees payable as a result of that infringement.”

Obtaining this protection from the supplier is the Contractor's responsibility and, if the Contractor does not do so, it will be responsible to Elections Canada for the claim.

15.01.04 If anyone claims that, as a result of the Work, the Contractor or Elections Canada is infringing its intellectual property rights, the Contractor must immediately do one of the following:

- (a) take whatever steps are necessary to allow Elections Canada to continue to use the allegedly infringing part of the Work; or
- (b) modify or replace the Work to avoid intellectual property infringement, while ensuring that the Work continues to meet all the requirements of the Contract; or
- (c) take back the Work and refund any part of the Contract Price that Elections Canada has already paid.

If the Contractor determines that none of these alternatives can reasonably be achieved, or if the Contractor fails to take any of these steps within a reasonable amount of time, Elections Canada may choose either to require the Contractor to do (c), or to take whatever steps are necessary to acquire the rights to use the allegedly infringing part(s) of the Work itself, in which case the Contractor must reimburse Elections Canada for all the

costs it incurs to do so.

Article 16 Excusable Delay

Section 16.01 Excusable Delay

16.01.01 A delay in the performance by the Contractor of any obligation under the Contract that is caused by an event that

(a) is beyond the reasonable control of the Contractor,

(b) could not reasonably have been foreseen,

(c) could not reasonably have been prevented by means reasonably available to the Contractor, and

(d) occurred without the fault or neglect of the Contractor,

will be considered an “Excusable Delay” if the Contractor

- i. advises the Contracting Authority of the occurrence of the delay or of the likelihood of the delay as soon as the Contractor becomes aware of it,
- ii. provides for approval to the Contracting Authority within 15 working days of Subparagraph i. a clear work around plan explaining in detail the steps that the Contractor proposes to take in order to minimize the impact of the event causing the delay.

16.01.02 Any delivery date or other date that is directly affected by an Excusable Delay will be postponed for a reasonable time that will not exceed the duration of the Excusable Delay.

16.01.03 However, if an Excusable Delay has continued for 30 days or more, the Contracting Authority may, by giving notice in writing to the Contractor, terminate the Contract. In such a case, the Parties agree that neither will make any claim against the other for damages, costs, expected profits or any other loss arising out of the termination or the event that contributed to the Excusable Delay. The Contractor agrees to repay immediately to Elections Canada the portion of any advance payment that is unliquidated at the date of the termination.

16.01.04 Unless Elections Canada has caused the delay by failing to meet an obligation under the Contract, Elections Canada will not be responsible for any costs incurred by the Contractor or any of its subcontractors or agents as a result of an Excusable Delay.

16.01.05 If the Contract is terminated under this Article, the Contracting Authority may require the Contractor to deliver to Elections Canada, in the manner and to the extent directed by the Contracting Authority, any completed parts of the Work not delivered and accepted before

the termination and anything that the Contractor has acquired or produced specifically to perform the Contract. Elections Canada will pay the Contractor:

- (a) the value, of all completed parts of the Work delivered to and accepted by Elections Canada, based on the Contract Price, including the proportionate part of the Contractor's profit or fee included in the Contract Price; and
- (b) the Cost to the Contractor that Elections Canada considers reasonable in respect of anything else delivered to and accepted by Elections Canada.

The total amount paid by Elections Canada under the Contract to the date of termination and any amounts payable under this Subsection must not exceed the Contract Price.

Article 17 Suspension of the Work

Section 17.01 Suspension of the Work

- 17.01.01 The Contracting Authority may at any time, by written notice, order the Contractor to suspend or stop the Work or part of the Work under the Contract for a period of up to 180 days. The Contractor must immediately comply with any such order in a way that minimizes the cost of doing so. While such an order is in effect, the Contractor must not remove any part of the Work from any premises without first obtaining the written consent of the Contracting Authority. Within these 180 days, the Contracting Authority must either cancel the order or terminate the Contract, in whole or in part, under Article 18 or Article 19.
- 17.01.02 The Contracting Authority may, whether in the notice of the order or during the 180 days referred to in Subsection 17.01.01, request that the Contractor provide information regarding the status of the Work or outstanding invoices. The Contractor shall respond within the timeline provided in the request.
- 17.01.03 When an order is made under Subsection 17.01.01, unless the Contracting Authority terminates the Contract by reason of default by the Contractor or the Contractor abandons the Contract, the Contractor will be entitled to be paid its additional costs incurred as a result of the suspension plus a fair and reasonable profit.
- 17.01.04 When an order made under Subsection 17.01.01 is cancelled, the Contractor must resume work in accordance with the Contract as soon as practicable. If the suspension has affected the Contractor's ability to meet any delivery date under the Contract, the date for performing the part of the Work affected by the suspension will be extended for a period equal to the period of suspension plus a period, if any, that in the opinion of the Contracting Authority, following consultation with the Contractor, is necessary for the Contractor to resume the Work. Any equitable adjustments will be made as necessary to any affected conditions of the Contract.

Article 18 Default by the Contractor

Section 18.01 Default by the Contractor

- 18.01.01 If the Contractor is in default in carrying out any of its obligations under the Contract, the Contracting Authority may, by giving written notice to the Contractor, terminate for default the Contract or part of the Contract. The termination will take effect immediately or at the expiration of a cure period specified in the notice, if the Contractor has not cured the default to the satisfaction of the Contracting Authority within that cure period.
- 18.01.02 If the Contractor becomes bankrupt or insolvent, makes an assignment for the benefit of creditors, or takes the benefit of any statute relating to bankrupt or insolvent debtors, or if a receiver is appointed under a debt instrument or a receiving order is made against the Contractor, or an order is made or a resolution passed for the winding down of the Contractor, the Contracting Authority may, to the extent permitted by the laws of Canada, by giving written notice to the Contractor, immediately terminate for default the Contract or part of the Contract.
- 18.01.03 If Elections Canada gives notice under Subsection 18.01.01 or 18.01.02, the Contractor will have no claim for further payment except as provided in this Article. The Contractor will be liable to Elections Canada for all losses and damages suffered by Elections Canada because of the default or occurrence upon which the notice was based, including any increase in the cost incurred by Elections Canada in procuring the Work from another source. The Contractor agrees to repay immediately to Elections Canada the portion of any advance payment that is unliquidated at the date of the termination.
- 18.01.04 Upon termination of the Contract under this Article, the Contracting Authority may require the Contractor to deliver to Elections Canada, in the manner and to the extent directed by the Contracting Authority, any completed parts of the Work, not delivered and accepted before the termination and anything the Contractor has acquired or produced specifically to perform the Contract. In such a case, subject to the deduction of any claim that Elections Canada may have against the Contractor arising under the Contract or out of the termination, Elections Canada will pay or credit to the Contractor:
- (a) the value, of all completed parts of the Work delivered to and accepted by Elections Canada, based on the Contract Price, including the proportionate part of the Contractor's profit or fee included in the Contract Price; and
 - (b) the cost to the Contractor that Elections Canada considers reasonable in respect of anything else delivered to and accepted by Elections Canada.
- 18.01.05 The total amount paid by Elections Canada under the Contract to the date of the termination and any amount payable under this Subsection must not exceed the Contract Price.
- 18.01.06 Title to everything for which payment is made to the Contractor will, once payment is made, pass to Elections Canada unless it already belongs to Elections Canada under any

other provision of the Contract.

- 18.01.07 If the Contract is terminated for default under Subsection 18.01.01, but it is later determined that grounds did not exist for a termination for default, the notice will be considered a notice of termination for convenience issued under Subsection 19.01.01

Article 19 Termination for Convenience

Section 19.01 Termination for Convenience

19.01.01 At any time before the completion of the Work, the Contracting Authority may, by giving notice in writing to the Contractor, terminate for convenience the Contract or part of the Contract. Once such a notice of termination for convenience is given, the Contractor must comply with the requirements of the termination notice. If the Contract is terminated in part only, the Contractor must proceed to complete any part of the Work that is not affected by the termination notice. The termination will take effect immediately or, as the case may be, at the time specified in the termination notice.

19.01.02 If a termination notice is given pursuant to Subsection 19.01.01, the Contractor will be entitled to be paid, for costs that have been reasonably and properly incurred to perform the Contract to the extent that the Contractor has not already been paid or reimbursed by Elections Canada. The Contractor will be paid:

- (a) on the basis of the Contract Price, for all completed Work that is inspected and accepted in accordance with the Contract, whether completed before, or after the termination in accordance with the instructions contained in the termination notice;
- (b) the Cost to the Contractor plus a fair and reasonable profit for all work terminated by the termination notice before completion; and
- (c) all costs incidental to the termination of the Work incurred by the Contractor but not including the cost of severance payments or damages to employees whose services are no longer required, except wages that the Contractor is obligated by statute to pay.

Elections Canada may reduce the payment in respect of any part of the Work, if upon inspection, it does not meet the requirements of the Contract.

19.01.03 The total of the amounts, to which the Contractor is entitled to be paid under this Article, together with any amounts paid, due or becoming due to the Contractor must not exceed the Contract Price. The Contractor will have no claim for damages, compensation, loss of profit, allowance arising out of any termination notice given by Elections Canada under this Article except to the extent that this Article expressly provides. The Contractor agrees to repay immediately to Elections Canada the portion of any advance payment that is unliquidated at the date of the termination.

Article 20 Assignment

Section 20.01 Assignment

- 20.01.01 The Contractor must not assign the Contract without first obtaining the written consent of the Contracting Authority. Any assignment made without that consent is void and will have no effect. The assignment will be effective upon execution of an assignment agreement signed by the Parties and the assignee.
- 20.01.02 Assignment of the Contract does not relieve the Contractor from any obligation under the Contract and it does not impose any liability upon Elections Canada.

Article 21 Right of Set-Off

Section 21.01 Right of Set-Off

Without restricting any right of set-off given by law, Elections Canada may set-off against any amount payable to the Contractor under the Contract, any amount payable to Elections Canada by the Contractor under the Contract or under any other current contract. Elections Canada may, when making a payment pursuant to the Contract, deduct from the amount payable to the Contractor any such amount payable to Elections Canada by the Contractor which, by virtue of the right of set-off, may be retained by Elections Canada.

Article 22 Amendments and Waivers

Section 22.01 Amendment

- 22.01.01 To be effective, any amendment to the Contract must be done in writing by the Contracting Authority and the authorized representative of the Contractor.
- 22.01.02 While the Contractor may discuss any proposed modifications to the Work with other representatives of Elections Canada, Elections Canada will not be responsible for the cost of any modification unless it has been incorporated into the Contract in accordance with Subsection 22.01.01.

Section 22.02 Waiver

- 22.02.01 A waiver will only be valid, binding or affect the rights of the Parties if it is made in writing by, in the case of a waiver by Elections Canada, the Contracting Authority and, in the case of a waiver by the Contractor, the authorized representative of the Contractor.
- 22.02.02 The waiver by a Party of a breach of any condition of the Contract will not be treated or interpreted as a waiver of any subsequent breach and therefore will not prevent it from enforcing that term or condition in the case of a subsequent breach.

Article 23 Codes

Section 23.01 Conflict of Interest and Values and Ethics Codes for the Public Sector

The Contractor acknowledges that individuals who are subject to the provisions of the *Conflict of Interest Act*, 2006, c. 9, s. 2, the Conflict of Interest Code for Members of the House of Commons, the Values and Ethics Code for the Public Sector or all other codes of values and ethics applicable within specific organizations cannot derive any direct benefit resulting from the Contract.

Section 24.02 No Conflict of Interest

24.02.01 The Contractor must not influence, seek to influence or otherwise take part in a decision of Elections Canada knowing that the decision might further its private interest. The Contractor must have no financial interest in the business of a third party that causes or would appear to cause a conflict of interest in connection with the performance of its obligations under the Contract. If such a financial interest is acquired during the period of the Contract, the Contractor must immediately declare it to the Contracting Authority.

24.02.02 The Contractor warrants that, to the best of its knowledge after making diligent inquiry, no conflict exists. In the event the Contractor becomes aware of any matter that causes or is likely to cause a conflict in relation to the Contractor's performance under the Contract, the Contractor must immediately disclose such matter to the Contracting Authority in writing.

24.02.03 If the Contracting Authority is of the opinion that a conflict exists as a result of the Contractor's disclosure or as a result of any other information brought to the Contracting Authority's attention, the Contracting Authority may require the Contractor to take steps to resolve or otherwise deal with the conflict or, at its entire discretion, terminate the Contract for default. Conflict means any matter, circumstance, interest, or activity affecting the Contractor, its personnel or subcontractors, which may or may appear to impair the ability of the Contractor to perform the Work diligently and independently.

Article 25 Contingency Fees

Section 25.01 Contingency Fees

- 25.01.01 The Contractor certifies that it has not, directly or indirectly, paid or agreed to pay and agrees that it will not, directly or indirectly, pay a contingency fee for the solicitation, negotiation or obtaining of the Contract to any person, other than an employee of the Contractor acting in the normal course of the employee's duties.

- 26.01.02 The Contractor must not supply to Elections Canada any goods or services which are subject to economic sanctions.
- 26.01.03 The Contractor must comply with changes to the regulations imposed during the period of the Contract. The Contractor must immediately advise Elections Canada if it is unable to perform the Work as a result of the imposition of economic sanctions against a country or person or the addition of a good or service to the list of sanctioned goods or services. If the Parties cannot agree on a work around plan, the Contract will be terminated for the convenience of Elections Canada in accordance with Article 19.

Article 27 Notice

It must be sent to the Party for whom it is intended at the address stated in the Contract or to such other address, from time to time designated in writing. Article 2 - Ownership of Personal Information and Records

To perform the Work, the Contractor will be provided with and/or will be collecting Personal Information from third parties. Article 3 - Use of Personal Information

The Contractor agrees to create, collect, receive, manage, access, use, retain, and dispose of the Personal Information and the Records only to perform the Work in accordance with the Contract.

Article 4 - Collection of Personal Information

4.01.01 If the Contractor must collect Personal Information from a third party to perform the Work, the Contractor must only collect Personal Information that is required to perform

the Work. The Contractor must collect the Personal Information from the individual to whom it relates and the Contractor must inform that individual (at or before the time when it collects the Personal Information) of the following:

- 2.01.01 During and after the performance of the Contract, the Contractor must keep detailed records of the Foreground Information, including details of its creation. The Contractor must report and fully disclose to Elections Canada all Foreground Information as required by the Contract. If the Contract does not specifically state when and how the Contractor must do so, the Contractor must provide this information if requested by the Contracting Authority, whether before or after the completion of the Contract.
- 2.01.02 Before and after final payment to the Contractor, the Contractor must provide Elections Canada with access to all records and supporting data that Elections Canada considers pertinent to the identification of Foreground Information.

The license cannot be restricted in any way by the Contractor providing any form of notice to the contrary, including the wording on any shrink-wrapped license attached to any deliverable.
- 4.01.02 For greater certainty, Elections Canada's license in the Background Information includes, but is not limited to:
- (a) the right to disclose the Background Information to third parties bidding on or negotiating contracts with Elections Canada and to sublicense or otherwise authorize the use of that information by any contractor engaged by Elections Canada solely for the purpose of carrying out such contracts.  - (b) the right to disclose the Background Information to other governments for information purposes;
 - (c) the right reproduce, modify, improve, develop or translate the Foreground Information and Background Information or have it done by a person hired by Elections Canada. Article 5 Contractor's Right to Grant Licence

5.01.01 The Contractor represents and warrants that it has the right to grant to Elections Canada the license and any other rights to use the Background Information. If the Intellectual Property Rights in any Background Information are owned by a subcontractor or any other third party, the Contractor must have a license from that subcontractor or third party that permits compliance with Article 4 or arrange, without delay, for the subcontractor or third party to grant promptly the required license directly to Elections Canada.
