If some of the offers with a valid certification are declared non-responsive, or are withdrawn, and less than two responsive offers with a valid certification remain, the evaluation will continue among those offers with a valid certification. The RFSO will allow for the possibility of awarding one (1) Standing Offer.

The total aggregate evaluated amount for each offer is calculated by multiplying the unit price for each item by the associated estimated quantity listed and summing the values. **It is mandatory for bidders to provide pricing for all (100%) of the items to be considered compliant.** The evaluation will be based on like items.

Bidders are requested to provide pricing as per unit of issue requested. It is the responsibility of the bidder to provide conversion to the unit of issue requested. Failure to do so may render the bid non-responsive without further consideration.

PART 5 - CERTIFICATIONS

Offerors must provide the required certifications and associated information to be issued a standing offer.

The certifications provided by offerors to Canada are subject to verification by Canada at all times. Canada will declare an offer non-responsive, will have the right to set-aside a standing offer, or will declare a contractor in default in carrying out any of its obligations under any resulting contracts, if any certification made by the Offeror is found to be untrue whether made knowingly or unknowingly during the offer evaluation period, during the Standing Offer period, or during the contract period.

The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Standing Offer Authority may render the Offer non-responsive, may result in the setting aside of the Standing Offer or constitute a default under the Contract.
