The purpose of this amendment is to answer a question and change the specifications from "replacement" to "repair", as follows:

**Question and Answer**

**Q1.** Do we require a bid bond or is a bid deposit of 20% sufficient?

**A1.** See SACC R2710T, Item G108 Bid Security Requirements for what is considered acceptable as security. The bid security required, if in an acceptable form as per this item, is 10%. The reference to 20% on Page 2 of the ITT is in regard to Contract Security.

**INVITATION TO TENDER**

Page 18 of 20

**Under "ANNEX A SPECIFICATIONS"**

**DELETE:** Entire first paragraph.

**INSERT:**

**Repair existing brick tile/castable refractory on target wall, and burner throat of three (3) boilers.**

Boilers are two (2) Volcano boilers, and one (1) Forster wheeler. All work will be completed under the direct supervision of the Chief Engineer of the Central Heating Plant, and will be completed during regular working hours (0700 -1630) unless agreed upon by the Chief Engineer and the contractor performing the work. Only one (1) boiler will be worked on at a time to allow for normal day to day operations of the CHP to continue. A schedule will be provided by the contractor with their bid, showing the expected time frame for the replacement, including curing time for each boiler. All work must be completed by November 1/2014.
