**Subject: REQUEST FOR PROPOSAL: FP802-140036
SERVICING SECURITY SYSTEMS INSTALLED AT FISHERIES AND
OCEANS CANADA BUILDING IN OTTAWA**

ADDENDUM NO. 7

Further to the above mentioned Request for Proposal documentation previously posted on the Government Electronic Tendering Site (GETS) Addendum (#7) is hereby issued.

Question 1:

The majority of the Tender as above mentioned suggests that it is the responsibility of the contractor to supply replacement equipment when necessary and that this is to be included as part of the tender price provided.

However, on Addendum 3, under the Pricing Schedule 2, the bottom reports

Price to cover maintenance only. If replacement is needed, price to be negotiated separately.

I have gone over this tender with a fine tooth comb and am not able to clarify if the price we provide to you IS to include the replacement equipment or if indeed it is just for the maintenance and that any replacement equipment needed will be replaced at an additional cost above the tender prices quoted.

Can I please ask for some clarification on this? Direction on where I can get the answers? It just seems that certain parts of the tender contradict other parts leaving me without a truly clear answer.

Answer 1:

It is the responsibility of the contractor to supply replacement equipment when necessary and that this is to be included as part of the tender price provided.

All other Terms and Conditions for this requirement remain unchanged.

Yours truly,
