This Solicitation Amendment is raised to make changes to Annex “B”- Library and Archives Canada - Specifications - Medium Extended Cab Truck with Climate Controlled Box and Lift Gate, dated 21 May 2014, and to provide responses to Bidder’s questions as follows:

Ref: Annex “B” - Library and Archives Canada - Specifications - Medium Extended Cab Truck with Climate Controlled Box and Lift Gate, dated 21 May 2014.

Q 7.

The V8 diesel engine is available only from one manufacturer and is primarily used on light duty applications and cost considerably less giving a competitive advantage to a sole manufacturer. The 6 cylinder diesel engine is available from all manufacturers and is made for medium duty e.g. 31000 Lb use and puts all on an equal footing with the proper type of engine. Would it be possible to delete the v8?

A 7.

No.

As per Part 4 Evaluation Procedures and Basis of Selection of the Request For Proposal

## 2. Basis of Selection

2.1 A bid must comply with the requirements of the bid solicitation and meet all mandatory criteria to be declared responsive. The responsive bid with the lowest evaluated aggregate price will be recommended for award of a contract.

Q 8.

The standard axle ratings for all manufactures are 10000 frt. & 21000 rear when you put a min of 11000 on the frt. axle you are forcing us to use a 12000 frt. axle putting at the front where it not carrying the load if you are designating axle weight could you please consider a 10000 Lb minimum? otherwise you will have a 33000 Lb GVW.

A 8.

Change axle rating to 10,000 Lb front and 21,000 Lb rear.

At Annex “B” 1.6 Weight Capacity Front Axle
