AMENDMENT 003

You will find below questions that were asked by potential bidders and amendment to the Request for Proposal. You must take into account this information upon submitting a proposal.

- 1 - The *Part2 - Bidder Instructions*, of the french version of the Request for Proposal was amended. There is no change to the english version.

Question 1

Is there any team currently in place for this project?

Answer 1

No, this project begins and the establishment of the TVE is the first step.

Question 2

In the context of this Request for Proposal, we believe that it could be a better option for DRDC - for the quality of service - to split the labor category ELPA in two different labor categories, one specialized in system programming and the other specialized in tools Eclipse and Java.

Is it possible?

Answer 2

We will not split this category because for operational purposes, we need one single resource integrating this knowledge since tasks related to these domains are going to be excessively connected.

*****All other terms and conditions remain the same.**
