REQUEST FOR PROPOSAL (RFP)

FOR

**VISTA CLEARING BETWEEN CANADA/US BOUNDARY
FRASER VALLEY**

FOR

NATURAL RESOURCES CANADA (NRCAN)

A "Request for Proposal" (RFP) is the solicitation document used to seek proposals or bids from suppliers. The term "Bidder", also called the "Offeror", refers to the potential supplier submitting a proposal or a bid. **The Bidder submitting a proposal may, however, consist of several firms putting one proposal together as a joint venture. In the case of a joint venture, the combined experience of the firms forming the joint venture will be considered for the purposes of determining the Bidders' compliance to the Mandatory and Rated Requirements.**

Wherever the words "Proposal" or 'Bid' appear in this document", each shall be taken to mean the same as the other.

The MANDATORY REQUIREMENTS of this RFP are identified specifically with the words "MANDATORY", "MUST", "ESSENTIAL", "SHALL", "WILL", "IT IS REQUIRED", AND "REQUIRED". IF a MANDATORY REQUIREMENT is not complied with, the proposal will be considered NON-RESPONSIVE and will not receive any further consideration. In the context of this RFP, Non-Responsive, Non-Compliant and Non-Valid shall each be taken to mean the same as the other.

NOTICE TO BIDDERS: The following documents are enclosed and form part of this bid package:

RFP #NRCan-5000014880, including all Parts, Appendices and Annexes as listed in the Table of Contents below.

The Bidder acknowledges that all of the aforementioned documents were received in its bid package. It is the responsibility of the Bidder to verify the inclusion of all documents, and to obtain copies of any missing items by contacting the Contracting Authority (CA) as identified on Page 1 of this RFP. Failure to obtain any missing document(s) shall not relieve the Bidder from compliance with any obligation imposed by the RFP, nor excuse the Bidder from the guidelines set out therein.

NOTE: Any questions that are received against this bid solicitation between August 5 and August 15, 2014 will be answered the week of August 18, 2014.

By means of this RFP, NRCan is seeking proposals from Bidders to provide vista clearing services relating to clearing 43.5 kilometres (27 miles) between the Canada and United States border for Fraser Valley, BC.

The period of the contract shall be from approximately **mid-September, 2014** and ending approximately **November 30, 2014**. The actual contract period will be provided at time of contract award.

There is a no security requirement associated with this requirement.

This requirement is subject to the provisions of the Agreement on Internal Trade (AIT).

This procurement is NAFTA exempt according to Annex 1001.1b-2 Services; Section B-Excluded Coverage, Schedule of Canada:

- F004 Land Treatment Practices Services (plowing/clearing, etc.)
- F059. Natural Resources and Conservation Services

This procurement is WTO exempt as it is not included in the inclusion list provided under Appendix 1: Annex 4 - Services.

PART 2: BIDDER INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](#) issued by Public Works and Government Services Canada (PWGSC).

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2014-06-26) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

2. Submission of Bids / Bid Receiving Unit Address

It is the Bidders responsibility to ensure that proposals are delivered to the following location, by the time and date indicated on page 1 of this RFP document:

Natural Resources Canada
Bid Receiving Unit - Mailroom

588 Booth Street, Room 108
Ottawa, Ontario K1A 0Y7
Attention: Valerie Holmes

It is requested that the Bidder's name, return address, Request for Proposal Number, and Bid Closing Date appear legibly on the outside of the envelope containing the Bidder's proposal. Failure to do so may result in bids being misdirected. **NRCan will not assume responsibility for proposals directed to any other location.**

The onus is on the Bidder to ensure that the proposal is delivered to the location above. Not complying with the above instructions may result in NRCan's inability to ascertain reception date and/or to consider the bid prior to contract award. Therefore, NRCan reserves the right to reject any proposal not complying with these instructions.

2.1 Due to the nature of the bid solicitation, bids transmitted by facsimile or electronic mail to NRCan will not be accepted.

3. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than **three (3)** calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a "proprietary" nature must be clearly marked "proprietary" at each relevant item. Items identified as proprietary will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

To comply with the [Code of Conduct for Procurement](#), bidders are obliged to alert the contracting authority to any factual errors that they discover in bid solicitations.

4. Security Requirement

There is no security requirement associated with this solicitation, however, the Contractor and all personnel must have a valid Passport issued by Passport Canada.

5. Bidder Financial Capacity

The Bidder may be required to provide, prior to contract award, specific information with respect to their legal and financial status, and their technical and financial capability to satisfy the requirements as stipulated in this RFP. If requested, financial information to be provided shall include, but not be limited to, the Bidder's most recent audited financial statements or financial statements certified by the Bidder's chief financial officer. Information requested by NRCan is to be provided by the Bidder as stipulated in the request by the Contracting Authority.

Should the Bidder provide the requested information to Canada in confidence, while indicating that the disclosed information is confidential, Canada will then treat the information in a confidential manner as provided in the Access to Information Act.

In the event that a proposal is found to be non-responsive on the basis that the Bidder is considered not to be financially capable of performing the subject requirements, official notification shall be provided to the Bidder by NRCan.

6. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

7. Disclosure of Information

Any information, data and/or Intellectual Property which is provided in a proposal and is demonstrably proprietary to a Bidder, shall be so identified specifically (by paragraph, table, figure) in the proposal, and Natural Resources Canada will endeavor to protect such proprietary information, data and/or Intellectual Property in accordance with the laws of Canada and its normal policies, regulations and procedures. Any financial data and information provided by Bidders for the purpose of this RFP will be treated as "Commercially Confidential" and kept in confidence by Natural Resources Canada unless expressly stated otherwise in this RFP. Such information will not be disclosed, in whole or in part, except on a need-to-know basis for the specific purpose of proposal evaluation and for the activities related to the process of contract award, as applicable. Unless it is required to do so by law, NRCan will not divulge such data and/or information to any third party.

8. Conflict of Interest

If NRCan determines the successful Bidder to be in a possible conflict of interest situation, the Bidder will be required, prior to entering into a contractual relationship with NRCan, to disclose any and all holdings and activities that could possibly be in a conflict, real or perceivable, with the mandate and objectives of NRCan. In the event that NRCan decides that action is necessary in order to remove such a conflict, the successful Bidder will be required to take such action (which may include divestiture of certain assets or ceasing to perform certain activities) prior to entering into a contractual relationship with NRCan.

9. Basis for Canada's Ownership of Intellectual Property

The contract will not result in the development of any intellectual property.

10. Bid Preparation Instructions

Natural Resources Canada encourages the use of recycled paper and two-sided printing. Reduction in the size of documents will contribute to Natural Resources Canada's sustainable development initiatives and reduce waste.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders are encouraged to:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and/or containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.
- 3) use a numbering system that corresponds to the bid solicitation.

In support of the Policy on Green Procurement, it is requested that bidders provide their bid in separately bound sections as follows:

HARD COPY:

Section I: Technical Bid - 4 copies (1 original, 3 copies)

Section II: Financial Bid - 1 copy, **under separate cover**. Prices related to the current solicitation must appear in the financial bid only and are not to be indicated in any other section of the bid; prices referenced in the financial bid should not to be repeated in any other section of the bid.

Section III: Certifications - 1 copy

ELECTRONIC MEDIA:

Since NRCan is working towards a greener environment by eliminating all hard copy file folders, we prefer to have all bids on a CD/DVD or USB. If you wish to submit in this format, please provide the following:

Section I: Technical Bid - 4 copies (1 original, 3 copies)

NOTE: 1 CD/DVD/USB will contain: 1 Technical, sole Financial Bid, Certifications and signed first page
3 CD/DVD/USB will contain: just the Technical Bid

Section II: Financial Bid - 1 copy (included with original Technical Bid).

Section III: Certifications - 1 copy (included with original Technical Bid and sole Financial Bid)

NOTE: **Bidders can submit either hard copies OR electronic media copies - either will be accepted**

No payment shall be made for costs incurred by the Bidder in the preparation and submission of a proposal in response to this RFP.

All fees, associated with the transfer of data or of all documents as may be required by NRCan as part of the solicitation process, are the responsibility of the Bidder. No costs incurred by the Bidder before receipt of a signed contract or specified written authorization from the Contracting Authority can be charged to any resulting contract.

1. Section I: Technical Bid

In their technical bid, bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders must demonstrate their and describe their approach in a thorough, concise and clear manner for successfully carrying out the work as described in the Annex "A" - Statement of Work".

Bidders must respond to government bid solicitations in an honest, fair and comprehensive manner, accurately reflect their capacity to satisfy the requirements stipulated in the bid or contract documents, and submit bids and enter into contracts only if they will fulfill all obligations of the contract.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient and may result in a loss of points. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

It is the responsibility of the Bidder to obtain clarification of the requirements contained in the RFP, if necessary, prior to submitting a proposal. The Bidder must provide sufficient details in its proposal to substantiate compliance with what is required; all professional experience must be fully documented and substantiated in the proposal(s).

In the event of a proposal submitted through contractual joint venture, the proposal shall either be signed by all members of the joint venture or a statement shall be provided to the effect that the signatory represents all parties of the joint venture. (All members of the joint venture shall be jointly and severally or solidarily liable for the performance of any resulting contract awarded as a result of a joint venture.)

2. Page 1 of the RFP Document

It is mandatory that all bidders sign their submitted proposal. It is requested that all bidders complete, sign and date Page 1 of this RFP (including the name of the submitting organization, the name of the authorized signing person, appropriate addresses, telephone and facsimile numbers and business contact) prior to submitting their proposal. As the signature indicates a clear acceptance of the terms and conditions set out in the RFP, it is the Bidder's responsibility to ensure that the signatory has the authority within its organization to commit the Bidder by making such a contractual offer.

As per article 1 of Part 2, the Bidder hereby agrees, by submitting his/her proposal in response to this RFP, to all the instructions, terms, conditions and clauses detailed herein.

3. Section II: Financial Bid

Bidders must submit their financial bid in accordance with Annex "C"- Financial Proposal. The total amount of Goods and Services Tax or Harmonized Sales Tax must be shown separately, if applicable.

All bids are evaluated in Canadian currency. Therefore, for evaluation purposes, the noon rate quoted by the Bank of Canada as being in effect on date of bid closing will be applied as the initial conversion factor for the specified currency.

Canada will pay the exchange rate adjustment amount in Canadian currency using the prevailing noon rate on the date of payment by Canada.

4. Section III: Certifications

Bidders must submit the certifications as per Annex "D".

PART 3: EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- (a) Bids will be evaluated in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria and in conjunction with Annex "A" - Statement of Work;
- (b) If the Bidder is deemed non-responsive as a result of evaluation, the bid will be set aside and not considered for contract award.
- (c) The proposed successful bidder will be determined in accordance with the contractor selection method stated in this Part.
- (d) All proposals shall be treated as CONFIDENTIAL and will be made available only to those individuals authorized to participate in the evaluation process. All bidders will be subject to the terms of the *Access to Information Act* and to other applicable law or orders of courts or other tribunals having jurisdiction.
- (e) An evaluation team will evaluate the proposals on behalf of NRCan. While the evaluation team will normally be comprised of representatives of NRCan, it *may* also include representatives from other Government Departments and Agencies or third party participants as selected by NRCan.

2. Rights of NRCan

NRCan reserves the right to:

- seek clarification or obtain verification of statements made in a proposal;
- reject any or all proposals received in response the bid solicitation;
- enter into negotiations with bidders on any or all aspects of their proposal;
- accept any proposal in whole or in part without prior negotiation;
- cancel the bid solicitation at any time;
- reissue the bid solicitation;
- verify any or all information provided by the Bidder with respect to the solicitation including references;
- retain all proposals submitted in response to the solicitation;
- declare a proposal non-responsive if NRCan determines during the evaluation phase that the Bidder does not have the legal status, the facilities or the technical, financial and/or managerial capabilities to fulfill the requirements stated herein;
- Discontinue the evaluation of any proposal which is determined, at any stage of the evaluation process, to be non-responsive.

3. Basis of Selection

Only those bids that are deemed to be responsive (compliant) will be evaluated under the basis of selection:

Lowest Firm Price

The successful bidder (to be recommended for contract award) will be selected on the basis of the responsive (compliant) proposal that offers the lowest firm price to perform the work.

4. Sole Bid - Price Support

In the event that the Bidder's proposal is the sole bid received and is deemed responsive, NRCan may request one or more of the following as acceptable price support:

- a) Current published price list indicating the percentage discount available to the federal government; and/or
- b) Paid invoices for like services sold to other customers; and/or
- c) A price certification statement; and/or
- d) Any other supporting documentation as requested.

5. Contract Award Notice/Bidder Proposal Evaluation Debriefing

A Contract Award Notice (CAN) will be prepared and published on the Government Electronic Tendering Service (GETS) hosted by Public Works and Government Services Canada's website <https://buyandsell.gc.ca/> within seventy-two (72) days after award of any contract. Bidders may request and receive a de-briefing provided that a written request is received by e-mail at valerie.holmes@NRCan-RNCan.gc.ca no later than thirty (30) calendar days from the published date of the CAN.

Bidders are requested to direct any additional questions they may have respecting this competitive bid process to the Contracting Authority detailed herein.

The Office of the Procurement Ombudsman (OPO) was established by the Government of Canada to provide an independent avenue for suppliers to raise complaints regarding the award of contracts under \$25,000 for goods and under \$100,000 for services. You have the option of raising issues or concerns regarding the solicitation, or the award resulting from it, with the OPO by contacting them by telephone at 1-866-734-5169 or by e-mail at boa.opo@boa.opo.gc.ca. You can also obtain more information on the OPO services available to you at their website at www.opo-boa.gc.ca.

PART 4: RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

1. Statement of Work

The Contractor must perform the Work in accordance with the Statement of Work at Annex "A" and the Contractor's technical bid dated _____. *(To be completed at contract award)*

2. Priority of Documents

If there is a discrepancy between the wording of any document that appears on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- a) The Articles of Agreement;
- b) The General Conditions - Higher Complexity - Services 2035 (2014-06-26);
- c) The supplemental general conditions identified herein;
- d) Annex "A", Statement of Work;
- e) Annex "B", Basis of Payment; *(to be included at contract award)*
- f) The Contractor's bid dated _____ *(insert date of bid)*

3. Term of Contract

3.1 Period of Contract

The Work is to be performed during the period of approximately **mid-September 2014** and ending approximately **November 30, 2014**.

4. Standard Clauses and Conditions

Notwithstanding that they have not been expressly articulated, all clauses and conditions identified in the Contract by number, date and title are applicable and are set out in the [Standard Acquisition Clauses and Conditions Manual](#) issued by Public Works and Government Services Canada.

4.1 General Conditions

General Conditions - Higher Complexity - Services 2035 (2014-06-26) apply to and form part of the Contract. As applicable, replace references to Public Works and Government Services Canada (PWGSC) with Natural Resources Canada (NRCan).

4.2 Insurance

The Contractor is responsible for deciding if insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any insurance acquired or maintained by the Contractor is at its own expense and for its own benefit and protection. It does not release the Contractor from or reduce its liability under the Contract.

4.3 Intellectual Property

The contract will not result in the development of any intellectual property.

4.4 Supplemental General Conditions

The following clauses apply to this contract:

4.4.1 Dispute Resolution

Mediation

If a dispute arising from this contract cannot be settled amicably through negotiation, then the parties agree in good faith to submit the dispute to mediation as administered by the Arbitration and Mediation Institute of Canada Inc. (AMIC). The parties acknowledge receipt of the rules of AMIC. The cost of mediation shall be borne equally by the parties.

Arbitration

If the parties cannot resolve the dispute through mediation within sixty (60) days, the parties agree to submit the dispute to arbitration pursuant to the Commercial Arbitration Act (Canada). The party requesting such arbitration shall do so by written notice to the other party/parties. The cost of the arbitration and fees of the arbitrator shall be borne equally by the parties. The arbitration shall take place in the city where the contractor carries on business before a single arbitrator to be chosen jointly by the parties. If the parties cannot agree on the choice of arbitrator within thirty (30) days of written notice to submit the dispute to arbitration, each party will choose a representative who will select the arbitrator.

The parties may determine the procedure to be followed by the arbitrator in conducting the proceedings, or may ask the arbitrator to do so. The arbitrator shall issue a written award within thirty (30) days of hearing the parties. The award may be entered in any court having jurisdiction and enforced as a judgment of that court.

Meaning of "Dispute"

The parties agree that the word "dispute" in this clause refers to a dispute of fact or of law, other than a dispute of public law.

Organizations are encouraged to select from one of the following two options:

Option 1:

The parties understand that the Procurement Ombudsman appointed pursuant to Subsection 22.1(1) of the Department of Public Works and Government Services Act will, on request or consent of the parties to participate in an alternative dispute resolution process to resolve any dispute between the parties respecting the interpretation or application of a term and condition of this contract and their consent to bear the cost of such process, provide to the parties a proposal for an alternative dispute resolution process to resolve their dispute. The Office of the Procurement Ombudsman may be contacted by telephone at 1-866-734-5169 or by e-mail at boa.opo@boa.opo.gc.ca.

Option 2:

Each party hereby:

- a) consents to fully participate in and bear the cost of any dispute resolution process proposed by the Procurement Ombudsman appointed pursuant to Subsection 22.1(1) of the Department of Public Works and Government Services Act to resolve a dispute between the parties respecting the interpretation or application of a term or condition this contract; and
- b) agrees that this provision shall, for purposes of section 23 of the Procurement Ombudsman Regulations, constitute such party's agreement to participate in and bear the cost of such process.

The Office of the Procurement Ombudsman may be contacted by telephone at 1-866-734-5169 or by e-mail at boa.opo@boa.opo.gc.ca.

4.4.2 Withholding Tax of 15 Percent

The Contractor agrees that, pursuant to the provisions of the Income Tax Act, Canada is empowered to withhold an amount of 15% of the price to be paid to the Contractor, if the Contractor is a non-resident Contractor as defined in said Act. This amount will be held on account with respect to any liability for taxes which may be owed to Canada.

4.4.3 Foreign Nationals (Canadian Contractor) *(To be completed at contract award)*

SACC Manual clause A2000C (2006-06-16) Foreign Nationals (Canadian Contractor)

OR

4.4.3 Foreign Nationals (Foreign Contractor) *(To be completed at contract award)*

SACC Manual clause A2001C (2006-06-16) Foreign Nationals (Foreign Contractor)

4.4.4 Values and Ethics Code

In carrying out the Work under the terms and conditions of this Contract, the Contractor shall adhere to the provisions and practices of the Values and Ethics Code for the Public service (2003), namely, but not restricted to, the provisions pertaining to Respect for Diversity, Human Dignity and People Values. The following link provides the policy reference. http://www.tbs-sct.gc.ca/pubs_pol/hrpubs/tb_851/vec-cve-eng.asp

4.4.5 Closure of Government Offices

Contractor employees are personnel of the Contractor and are paid by the Contractor on the basis of services rendered. Where Contractor's employees are providing services on government premises pursuant to this contract and the said premises become non-accessible due to evacuation or closure of government offices and consequently no work is being performed as a result of the closure, Canada will not be liable for payment to the Contractor for the period of the closure.

5. Security Requirement

There is no security requirement associated with this solicitation; however the Bidder and all proposed personnel must have a valid Passport issued by Passport Canada

Please do not submit invoices using more than one method as this will not expedite payment.

Invoices and all documents relating to a contract must be submitted on the Contractor's own form and shall bear the following reference numbers:

Contract number: **<provided at time of contract award>**

9. Certifications

Compliance with the certifications provided by the Contractor in its bid is a condition of the Contract and subject to verification by Canada during the term of the Contract. If the Contractor does not comply with any certification or it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for default.

10. Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

11. Contract Administration

The parties understand that the Procurement Ombudsman appointed pursuant to Subsection 22.1(1) of the Department of Public Works and Government Services Act will review a complaint filed by [the supplier or the contractor or the name of the entity awarded this contract] respecting administration of this contract if the requirements of Subsection 22.2(1) of the Department of Public Works and Government Services Act and Sections 15 and 16 of the Procurement Ombudsman Regulations have been met, and the interpretation and application of the terms and conditions and the scope of the work of this contract are not in dispute. The Office of the Procurement Ombudsman may be contacted by telephone at 1-866-734-5169 or by e-mail at boa.opo@boa.opo.gc.ca.

ANNEX "A" - STATEMENT OF WORK

SW1 Background

The International Boundary Commission is responsible for the maintenance of an effective boundary line between Canada and the United States. One part of the work is to keep a 6.1 metre (20-foot) wide "vista" clear of trees and brush between the two countries.

Since the purpose of the vista is to demarcate the boundary between the countries, it is essential that it be accurately followed between boundary monuments and that each segment has the appearance of a straight line of even skyline width.

SW2 Public Relations

The required work is carried out under the authority of the *International Boundary Commission Act*, which authorizes access to private property to carry out the work on the vista.

Where access to the boundary vista is over private roads or land, property owners shall be notified prior to crossing. If anyone (for example, Landowners, Parks persons, Land Managers, etc.) should object to any clearing operation, the Contractor is to consult with the Commission's Project Authority prior to proceeding. Any damages to public or private property, caused by the Contractor, shall be the responsibility of the Contractor.

Permission is to be sought before opening any fences. All fences that must be opened shall be closed immediately upon gaining access to the work. Any damages to fences, power-lines or other property shall be the responsibility of the Contractor. The Contractor shall attempt at all times to avoid felling trees across fences. Any fences damaged by the Contractor will be promptly repaired at his expense.

Where ornamental trees, fruit trees or shrubs are encountered within or along the boundary vista, the property owners are to be consulted on the procedure to follow for the removal of such material.

The Customs laws, game laws and environmental laws of both countries must be observed by all of the Contractor's personnel. However, the International Boundary Commission, its agents, employees, etc. do have the authority to cross and recross the boundary in the course of their duties.

SW3 Site Visit

SW3.1 Contractor Meeting

The winning bidder **must** attend a meeting with the Project Authority (or his authorized Representative) prior to commencement of any contract work, to discuss various aspects of the work; the Project Authority (or his authorized Representative) will contact the Contractor and arrange the time, date and location of the meeting. Upon completion of 1 km of cleared line, the Contractor will notify the Project Authority (or his authorized Representative).

SW4 Scope of Work

For estimating the amount of work in this undertaking it is emphasized that old growth at the sides of the vista characteristically have branches of greater than usual length reaching into the vista for light. Where branches extend into the vista from the sides they must be removed either by trimming or cutting the trees. In either case, this "side cutting" will be the subject of a majority of the work. It is also important that each area be closely examined to determine its location, the terrain and the actual amount of line to be cut.

Much of the vista in this area is along a road where most of the stumps and rocks are eliminated, so making use of mowing equipment to control woody growth within the vista will be followed as much as possible. It is estimated that the side cutting may require 60 and 90 foot boom trucks to reach around hydro lines to trim overhanging branches that has growth into the 20 foot vista.

SW4.1 Locations of the Areas to be Cleared

Part A) The section of the vista to be cleared along the International Boundary extends from monument 5, located near the Peace Arch at Boundary Bay, extending east along 0 Ave to Monument 26 at Townline Road.

Part B) The section of the vista to be cleared along the International Boundary extends from monument 26 at the Townline Road extending east to monument 39 at the base of Vedder Mountain.

SW4.2 Length of Vista to be Cleared

The sea level distance to be cleared for **Part A** is approximately 29 kilometres (18 miles) and for **Part B** is 14.5 kilometres (9 mile).

It is the responsibility of the Contractor to determine the actual distance to be clear.

SW4.3 Limits of the Boundary Vista

It is the Contractor's responsibility to find the boundary monuments marking the international boundary line and produce a straight line between boundary monuments. If a boundary monument cannot be found, the Contractor shall inform the Project Authority (or his authorized Representative) for assistance in determining the exact location of the international boundary line.

In order to be certain of the location and width of the 6.1-metres (20-foot) vista, the Contractor shall project the boundary line from boundary monument to adjacent boundary monument with a surveyor's transit or theodolite. All monuments may not be intervisible and the ability to establish a temporary intermediate point may be required.

The Contractor **shall** locate the boundary monuments and mark on the ground, the boundary line and vista limits, using brightly painted stakes or bright surveyors' tape tied to a stake, at intervals not exceeding 60 metres (200 feet) in order to provide a straight vista of uniform width. These stakes will be located on both sides of the boundary markers. **The Contractor must clear between the pickets to ensure that a 6.1-metres (20-foot) sky clearance is achieved.**

Stakes shall remain in place until the Project Authority (or his authorized Representative) has carried out the final inspection. Stakes are not required if the area along the boundary is already completely clear such as along fields and roads.

SW4.4 Mowing and Cutting Requirements

It is critical to the Contractor that it must make certain that all brush, trees, dead trees and berry canes will be cut with a mower, power saws or brush cutters to such a width that at all places the vista will have a clear skyline, for a total horizontal width of 6.1 metres (20 ft), lying 3.05 metres (10 ft) on each side of the boundary line.

In order that the sides of the vista will be completely free of overhanging branches and trees, it may be required that a number of large trees be removed or that a considerable number of branches be trimmed using 60 to 90 foot boom trucks or similar type machinery capable of reaching so that the required sky clearance width is obtained.

All larger trees are to be carefully cut, felling them along the boundary to minimize damage to standing trees on both sides of the vista. No cut trees shall be left leaning or hung up. Trees on the side of the vista that are damaged during the operation must be cut and then disposed of in accordance with Item 4.5 below.

No stumps shall be left as illustrated in Appendix A attached hereto. The cutting height will be 15 centimetres (6 inches) for brush and berry canes, and 30 centimetres (12 ins) for all growth over 20 centimetres (8 ins) in diameter.

SW4.5 Disposal of Cut Trees

While it is expected that the majority of the brush will be reduced to mulch in the mowing process, **any remaining cuttings are to be disposed of by chipping and/or removal to permissible dumping area.**

Special provincial or state requirements in the disposal of cut trees must be followed in the performance of the work. The Contractor shall attempt at all times to avoid having trees or branches falling into or across any streams or stream beds or other bodies of water or roads. Such debris is to be immediately removed by the Contractor.

The cut trees remain the property of the landowner. No cut tree shall be left leaning or hang up.

SW4.6 Crew and Equipment

The Contractor shall be responsible to provide the appropriate safety training and comply with provincial or state labour laws, as well as all the necessary personnel tools, equipment and supplies required to complete the clearing operations.

SW4.7 Litters and Operating Refuse

All Contractor gasoline and oil containers, as well as lunch wrappers and litter, shall be carried back from the boundary and disposed of at an approved dump site.

SW4.8 Protection of Boundary Monuments

While operating equipment and felling trees, all precautions shall be taken by the Contractor to protect boundary monuments from damage or disturbance. The Contractor will be held responsible for any such damage or disturbance that it may cause during the clearing operations.

SW4.9 Preventative Clauses for the Environmental Protection

While on site, the Contractor shall:

- a) Ensure that equipment and vehicles used on site are in good working order and are free from leaks, defects and excessive wear of certain components which could allow the release of contaminants to the environment;
- b) Avoid the handling of oil or fuel including the re-fuelling of equipment within 50 metres of a water course or a well, unless the quantities of the products are lower than 10 litres;
- c) Store petroleum products at a minimal distance of 100 metres from a water course;
- d) Ensure that all cut trees, branches and brush are kept clear of bodies of water up to the high water mark;
- e) Inform the Project Authority of any required exemptions from the environmental clauses or, if necessary, the inability to conform to one or more of the clauses;

SW5 Reporting to the Project Authority

SW5.2 Changes to the Preliminary Plan/Physical Location of Contractor

It is important that the Project Authority know the location of the Contractor at all times for purposes of inspection, possible border patrol checks, etc. Therefore, any significant change to the Contractor's initial Preliminary Plan estimates for commencement and completion which would take the Contractor into a location different from that stated in the initial Preliminary Plan must be reported to the Project Authority immediately upon Contractor knowledge of the change. In addition, the Contractor must report to the Project Authority to advise of any changes and to report on the progression of the clearing.

SW6 Contractor Responsibility Relating to the Work

It is the responsibility of the Contractor to ensure familiarity with the terrain and growth conditions along the segment of the boundary to be cleared, stated in Article 4.1, above "Locations of the Areas to be Cleared" and to complete the work within the time period (currently estimated as September xx, 2014 to November 30, 2014) and price, as will be stated in the Contract. Unless otherwise agreed in writing with the Project Authority or his authorized Representative, work shall commence at Monument 5 (at the Peace Arch on Highway 99) and continue eastward to Monument 26 along 0 Avenue. The work shall be carried out at a pace of about 7 km per week.

If the Contractor fails to perform any of the provisions of the contract, and does not correct such failure within a period of ten (10) days after receipt of notice in writing from the Project Authority specifying such failure, the Commission will request that Public Works and Government Services issue a "Stop Work Order".

SW7 Site Inspection and Qualification Test

It is the responsibility of the Contractor to undertake an inspection of the complete work location, at his own expense, prior to submitting a bid for the work, to ensure familiarity with the terrain and growth conditions and his ability to complete the work at the contract price by the required contract completion date.

The lowest bidder, who meets the requirements of appendix C will notify the Project Authority or his authorized Representative upon completion of 1.6 km (1 mile) of clearing of the boundary to gain a familiarity with the requirements of the job and to prove the ability to meet contract specifications.

SW8 Maps and Survey Data

Official boundary maps, giving details of the topography and boundary monuments along the area, will be supplied to the Contractor by the Project Authority (or his authorized Representative) prior to commencement of the Work. The Contractor is responsible for obtaining aerial photography, topographic and other maps that may be required to accomplish and/or estimate the amount of work.

SW9 Subcontracts

Subcontracts are not permitted for any phases of the work with the exception of transportation of equipment and personnel.

SW10 Tenders

IMPORTANT: The Contractor must have an independent tender for each section (Part A and Part B) of the International Boundary.

The Commission reserves the right to undertake all or part of this contract.

The Contractors shall submit relevant documents including:

- a) A statement of facts as to previous experience in performing similar work: letters stating the locations or customers concerned or letter of reference from previous customer.
- b) A preliminary plan of working methods and a complete list of equipment and/or material that will be used for the work.
- c) The name, title and qualifications of the Supervisor who will be onsite in charge of work with full power to bind the Company.
- d) A preliminary estimate of labour force to be employed for the work broken down as to job classification.

SW11 Background Check for Field Crew

The successful Bidder shall also furnish a full list of personnel to be employed on the project (with birth dates), for a background check. Work shall not proceed on the project until a clearance has been obtained for the entire crew from authorities in both countries.

SW12 Certifications of Invoices

All invoices shall be certified by the Project Authority prior to submission to the International Boundary Commission for payment.

SW13 Method of Payment

Interim invoices can be submitted after completion of 30% of the Contract, completion of 60% of the Contract, and upon final approval of the work by the Field Surveyor.

ANNEX “B” - TECHNICAL EVALUATION CRITERIA

B1 Mandatory Technical Criteria

The Mandatory Criteria listed below will be evaluated on a simple pass/fail basis. Proposals which fail to meet the mandatory criteria will be deemed non-responsive.

Bidders are advised to address each criterion in sufficient depth to permit a complete requisite analysis and assessment by the evaluation team. Proposals failing to adequately respond to the mandatory criteria may be excluded from further considerations. The technical proposal should address each of the criteria in the order in which they appear.

Bidders are advised that only listing experience without providing any supporting data to describe responsibilities, duties and relevance to the criteria will not be considered demonstrated for the purpose of this evaluation.

The Bidder should provide complete details as to where, when (month and year) and how (through which activities/responsibilities) the stated qualifications/experience were obtained. Experience gained during formal education shall not be considered work experience. All criteria for work experience shall be obtained in a legitimate work environment as opposed to an educational setting. Co-op terms are considered work experience provided they are related to the required services.

Bidders are also advised that the month(s) of experience listed for a project whose time frame overlaps that of another referenced project will only be counted once. For example: project one time frame is July 2001 to December 2001; project two time frame is October 2001 to January 2002; the total months of experience for these two project references is seven (7) months.

ANNEX "C" - FINANCIAL PROPOSAL

C1 Taxes as Related to Bids Received

For Canadian-based bidders, prices/rates, as applicable, are requested to be firm (in Canadian funds) with Canadian customs duties and excise taxes as applicable **included**, and Goods and Services Tax (GST) or Harmonized Sales Tax (HST) as applicable, **excluded**;

For foreign-based bidders, prices/rates, as applicable, are requested to be firm (in Canadian funds) and **exclude** Canadian customs duties, excise taxes and GST or HST, as applicable. Canadian customs duties and excise taxes payable by the consignee will be added, for evaluation purposes only, to the prices submitted by foreign-based bidders. If the prices submitted in the financial proposal are not in Canadian Funds the exchange rate in effect on the date of bid closing will be applied for evaluation purposes only.

C2 Pricing Details to be Provided in Financial Proposal

The Bidder hereby offers to NRCan, as requested by the Minister, to furnish all necessary expertise, supervision, materials, equipment and other items necessary to performing the work as described in the statement of work of this Request for Proposal and in accordance with the terms and conditions of the Request for Proposal, to the satisfaction of the Minister, or his or her authorized representative, for the following price(s).

Bidders must provide financial details as requested in this Annex. Proposals which do not contain pricing details as requested below shall be considered incomplete and non-responsive.

C3.1 Professional Fees:

Total Amount of the Clearing Services for Fraser Valley, BC: \$ _____/lot

ANNEX “D” - CERTIFICATIONS

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

Certifications Precedent to Bid Closing

The certifications listed below should be completed and submitted with the bid but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

1. Federal Contractors Program - Certification

Federal Contractors Program for Employment Equity - over \$25,000 and below \$200,000

Suppliers who are subject to the Federal Contractors Program (FCP) and have been declared ineligible contractors by Human Resources and Skills Development Canada (HRSDC) are no longer eligible to receive federal government contracts over the threshold for solicitation of bids as set out in the *Government Contracts Regulations*. Suppliers may be declared ineligible contractors either as a result of a finding of non-compliance by HRSDC, or following their voluntary withdrawal from the FCP for a reason other than the reduction of their workforce to less than 100 employees. Any bids from ineligible contractors, including a bid from a joint venture that has a member who is an ineligible contractor, will be declared non-responsive.

The Bidder, or, if the Bidder is a joint venture the member of the joint venture, certifies its status with the FCP, as follows:

The Bidder or the member of the joint venture

- (a) () is not subject to the FCP, having a workforce of less than 100 full-time or part-time permanent employees, and/or temporary employees having worked 12 weeks or more in Canada;
- (b) () is not subject to the FCP, being a regulated employer under the [Employment Equity Act](#), S.C. 1995, c. 44;
- (c) () is subject to the requirements of the FCP, having a workforce of 100 or more full-time or part-time permanent employees, and/or temporary employees having worked 12 weeks or more in Canada, but has not previously obtained a certificate number from HRSDC, having not bid on requirements of \$200,000 or more;
- (d) () has not been declared an ineligible contractor by HRSDC, and has a valid certificate number as follows: _____.

Further information on the [FCP](#) is available on the HRSDC Web site.

2. Former Public Servant Certification

Contracts with former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny and reflect fairness in spending public funds. In order to comply with Treasury Board policies and directives on contracts with FPS, bidders must provide the information required below.

Definitions

For the purposes of this clause,

"Former public servant" means a former member of a department as defined in the *Financial Administration Act*, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police and includes:

- (a) An individual;
- (b) An individual who has incorporated;
- (c) A partnership made up of former public servants; or
- (d) Sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"Lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the Public Service.

"pension" means, in the context of the fee abatement formula, a pension or annual allowance paid under the *Public Service Superannuation Act* (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the *Supplementary Retirement Benefits Act*, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the *Canadian Forces Superannuation Act*, R.S., 1985, c. C-17, the *Defence Services Pension Continuation Act*, 1970, c. D-3, the *Royal Canadian Mounted Police Pension Continuation Act*, 1970, c. R-10, and the *Royal Canadian Mounted Police Superannuation Act*, R.S., 1985, c. R-11, the *Members of Parliament Retiring Allowances Act*, R.S., 1985, c. M-5, and that portion of pension payable to the *Canada Pension Plan Act*, R.S., 1985, c. C-8.

Former Public Servant (FPS) in Receipt of a Pension

Is the Bidder a FPS in receipt of a pension as defined above? **YES ()** **NO ()**

If so, the Bidder must provide the following information:

- (a) Name of former public servant;
- (b) Date of termination of employment or retirement from the Public Service.

Work Force Reduction Program

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of a work force reduction program?
YES () **NO ()**

If so, the Bidder must provide the following information:

- (a) Name of former public servant: _____

- (b) Conditions of the lump sum payment incentive: _____
- (c) Date of termination of employment: _____
- (d) Amount of lump sum payment: _____
- (e) Rate of pay on which lump sum payment is based: _____
- (f) Period of lump sum payment including:
 Start date: _____
 End date: _____
 Number of weeks: _____
- (g) Number and amount (professional fees) of other contracts subject to the restrictions of a work force reduction program.

Contract Number:

Contract Value:

Certification

By submitting a bid, the Bidder certifies that the information submitted by the Bidder in response to the above requirements is accurate and complete.

3. Status and Availability of Resources

The Bidder certifies that, should it be awarded a contract as a result of the bid solicitation, every individual proposed in its bid will be available to perform the Work as required by Canada's representatives and at the time specified in the bid solicitation or agreed to with Canada's representatives. If for reasons beyond its control, the Bidder is unable to provide the services of an individual named in its bid, the Bidder may propose a substitute with similar qualifications and experience. The Bidder must advise the Contracting Authority of the reason for the substitution and provide the name, qualifications and experience of the proposed replacement. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Bidder: death, sickness, maternity and parental leave, retirement, resignation, dismissal for cause or termination of an agreement for default.

If the Bidder has proposed any individual who is not an employee of the Bidder, the Bidder certifies that it has the permission from that individual to propose his/her services in relation to the Work to be performed and to submit his/her résumé to Canada. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability. Failure to comply with the request may result in the bid being declared non-responsive.

Signature of Authorized Company Official

Date

4. Education and Experience

The Bidder certifies that all the information provided in the résumés and supporting material submitted with its bid, particularly the information pertaining to education, achievements, experience and work history, has been verified by the Bidder to be true and accurate. Furthermore, the Bidder warrants that every individual proposed by the Bidder for the requirement is capable of performing the Work described in the resulting contract.

Signature of Authorized Company Official

Date

5. Contractual Capacity and Joint Venture Contractual Capacity

The Bidder shall have the legal capacity to contract. If the Bidder is a sole proprietorship, a partnership or a corporate body, the Bidder shall provide a statement indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business.

Joint Venture - a joint venture is an association of two or more parties who temporarily combine their money, property, knowledge, or other resources in a joint business enterprise. There are two types of joint ventures, the incorporated joint venture and the contractual joint venture, i.e., formed through a contractual agreement between the parties. The following information should be provided with the proposal: type of joint venture (incorporated or contractual), the names and addresses of the members of the joint venture.

If a Contract is awarded to a contractual joint venture all members of the joint venture shall be jointly and severally or solidarily liable for the performance of the contract.

Certification

By submitting a bid, the Bidder certifies that the information submitted by the Bidder in response to the above requirements is accurate and complete.
